

WASHINGTON NEWS.

U. S. S. Pensacola Ordered to Mare Island for Repairs.

By Telegram to the Morning Star. WASHINGTON, June 30.—Orders have been called to the Pensacola, now at Callao, to return to the United States and repair at Mare Island, Cal., navy yard.

Admiral McCann, who is Commander-in-chief of the South Atlantic station, will also come to the United States by steamer. The cause for the order is said to be the necessity for repairing the Pensacola, one of the old wooden war ships, and the need for the services of one of the two admirals, now in the South Pacific, elsewhere.

THE SIGNAL SERVICE.

Transfer of the Weather Bureau from the Army to the Department of Agriculture.

By Telegram to the Morning Star. WASHINGTON, June 30.—Acting Secretary Grant to-day signed an order discharging 162 employees of the Signal Service now engaged in the Weather Bureau. The list is headed by Prof. Abst and ends with first class sergeants. Under the law, the Secretary of Agriculture is bound to give preference to these men in making appointments to the new Weather Bureau, and with the exception of a few men who elected to remain in what will hereafter be purely the military branch of the Bureau and Secretary Gen. will assume them on behalf of the Department of Agriculture.

Formal transfer of the Weather Bureau from the War Department to the Department of Agriculture under an act of the last Congress will take place tomorrow. Gen. Greely will relinquish the duties of Chief of the Bureau and Secretary Gen. will assume them on behalf of the Department of Agriculture.

THE MISSOURI FLOOD.

Iriver Still Rising at Kansas City—The Entire Town of Harlem Under Water.

By Telegram to the Morning Star. KANSAS CITY, MO., June 30.—The Missouri river at this point is still rising, but very slowly. During the past twenty-four hours the water rose twelve inches. No additional damage is reported this morning.

Almost the entire town of Harlem is under water up to the first floors of houses. In West Kansas City the water has overflowed the lowlands to such an extent that many families have been compelled to seek safer quarters, but the damage to property has been slight. The street-car line running to Midway has suspended operations, as the tracks are under water nearly the whole distance.

Reports from various points up the river indicate that the rise is about over, and the river will be falling here some time this afternoon. At Manhattan and St. Joe the river is already falling slowly.

DISASTROUS STORMS.

Kansas and Missouri Swept by a Hurricane—Great Injury to Crops Reported.

By Telegram to the Morning Star. ST. LOUIS, June 30.—Brief dispatches from several points in Kansas and Missouri are to the effect that another hurricane swept through a wide section of these States yesterday. Emporia, Kan., reports a heavy rain and wind storm which nearly completed the damage done to grain and fruit crops by last Tuesday's cyclone. From Ossawatimie, Kan., report is that it is feared wheat and oats will be almost a total failure.

A dispatch from Sedalia, Mo., says a terrible wind, rain and hail storm swept over Sedalia and Pettys counties yesterday. Standing wheat was laid low, while that which had been shocked was scattered in all directions. In the city, hail broke a large amount of window glass, and the streets were running streams.

DISASTROUS EXPLOSION.

Four Men Killed on the Central Railroad of New Jersey.

By Telegram to the Morning Star. WHITE HAVEN, PA., June 30.—A disastrous explosion occurred on the Central Railroad of New Jersey last night, near Nesquehoning Junction, by which four men were instantly killed. Yard engine No. 335 was shifting freight and had just passed out of the yard in which there were several other engines and crews. When it reached Nesquehoning, the fire underneath the engine boiler was noticed to be dying out and giving off a quantity of vapor. Fireman Pope got down from the cab with the intention of examining the boiler. He had barely reached the door when a violent explosion occurred. The four men who were on the engine were blown in every direction. The fireman has not been found yet.

A LOVE FEAST.

The Fife-Schenck Affair in Court a Greensboro.

Special Star Telegram. GREENSBORO, N. C., June 30.—After statements by Mr. Fife and Judge Schenck reconciliation followed, and upon solicitation of Judge Dillard, Mr. Gilmer and W. D. Bull, prosecutors, concurred in by every lawyer present, a nol. pros. was entered. A general levee followed, Mr. Fife and Judge Schenck shaking hands, and the court adjourned by singing the Doxology and prayer by Mr. Fife.

This action was taken at the solicitation of Mr. Fife.

By Associated Press. RALEIGH, June 30.—At Greensboro this morning the trial of ex-Judge David Schenck and his three sons, charged with assault upon Evangelist W. P. Fife, on Friday night, was called before Mayor Forbes. Upon the opening of the trial Fife apologized for the offensive language alleged to have been used by Fife concerning the wife of Judge Schenck. The latter thereupon took Fife's hand and a reconciliation was effected. It was a sensational scene. Judge Schenck is very prominent in Greensboro and great interest centered in the affair all over the State.

MINING TROUBLES.

Fight Between Whites and Negroes—More Troops and Ammunition Called For.

By Cable to the Morning Star. SEATTLE, WASH., June 30.—The outlook at the Franklin coal mines is still threatening, and Col. Haynes has telegraphed here for another company of militia, with more ammunition. There was no serious trouble yesterday, however. Porter Robinson, one of the mine bosses was brought here, charged with killing Tom Morris and Ed. Williams, two of the leaders in Sunday's riot. The fight lasted fully half an hour, resulting in the death of the two men named and the wounding of four strikers, two women and one colored guard. The trouble commenced on the arrival of the evening train from Newcastle, with a number of guards who had escorted a load of negroes to the latter's camp. The guards say when the train was pulling into Franklin it was fired upon by some white miners from ambush. The guards returned the fire from the windows, and when the train stopped at the depot the white miners commenced firing upon the negroes in camp. The negroes went wild and could not be restrained by the guards. Seizing their arms they poured volley after volley at their assailants and only ceased when the latter dispersed. Over a thousand shots were fired.

EARTHQUAKES.

Severe Shocks in Italy—Many Buildings Destroyed, but No Loss of Life Reported.

By Telegram to the Morning Star. ROME, June 30.—The inhabitants of a large portion of the province of Verona were thrown last night into a state of wild excitement and fear, caused by a series of severe earthquake shocks. The people were so startled and alarmed that they rushed out of their houses in the middle of the night and ran into open fields, expecting that their dwellings were upon the point of falling upon them. Houses were so shaken that in several cases the walls collapsed, and in others chimneys fell through the roofs, or large cracks appeared in the walls. In spite of the damage done there was no loss of life, but some time elapsed before the terror-stricken inhabitants would return to their homes.

A FATAL FESTIVAL.

Forty-three Persons Poisoned with Ice Cream.

By Telegram to the Morning Star. BOSTON, June 30.—A special from Rutland, Vt., says: The ladies of the Christian Church, of Brunsford, N. Y., gave the first ice cream social of the season Saturday night last, and forty-three people who ate the ice cream were poisoned. The pastor of the church and two ladies have died and all the others are in a critical condition.

\$43,000 DAMAGES.

Awarded Sufferers by a Steamboat Collision.

By Telegram to the Morning Star. BALTIMORE, MD., June 30.—Awards were announced to-day in the cases of people who brought suits to recover damages for the loss of wife, sister, brother, or for personal injuries in the collision of the steamers Virginia and Louise in Baltimore harbor. The total award was \$43,000.

COTTON.

The New York Futures Market Yesterday.

By Telegram to the Morning Star. NEW YORK, June 30.—The Sun's cotton circular says: Futures opened at a smart decline, partially recovered, again weakened, then turned steadier, the market closing quiet and steady at a decline of 3 to 5 points on near and 6 to 8 points on late months from yesterday's closing prices. A further decline in futures at Liverpool was supplemented by a quieter and easier spot market there, and this was a great disappointment and discouragement to our bulls. The opening at the first call, therefore, was 7 to 8 points off under free selling, but the bulls rallied and prices made a recovery of about one-half of the decline. It was said that the weakness at Liverpool was due to an expectation of free tenders on July contracts, and it was argued that the anticipation is pretty uniformly worse than the reality. At any rate there was destructive buying for a rise, September being the favorite month with leading interest. Crop accounts continue very favorable, and at one time January was weaker than August.

A dispatch from Yuma, Col., says the Colorado desert basin is rapidly filling up with fresh water from a subterranean passage, believed to be connected with Colorado river. A lake five miles wide has been formed. If the waters continue to rise the Southern Pacific railway will be submerged for nearly 100 miles, and the great desert converted into a vast lake.

BRUTAL WHIPPING.

Savage Treatment of a Young Woman and an Old Man by White Caps in Indiana.

By Telegram to the Morning Star. CHICAGO, June 30.—A dispatch from New Albany, Ind., says: There was another brutal whipping by White Caps in Crawford county, Sunday morning. A young woman of 18 years was one of the victims. Wm. McGuire and his 18 year old step-daughter, living near Leavenworth, the county seat of Crawford county. They were reported to have been living in adultery, but there was no proof of this charge. About 10 o'clock Sunday morning twenty masked White Caps all armed with revolvers went to McGuire's residence broke down the door and seizing McGuire who is about fifty years old, and the step-daughter, they dragged them to the woods and tied them face foremost to trees. Then the clothing of both victims were lowered to the hips and the White Caps commenced their cruel work of switching them on their bare backs, faying them from the shoulders to the hips. The young woman shrieked for mercy at every blow, but her appeals were vain until she sunk fainting from pain. She received over fifty lashes and her shoulders, back and hips were frightfully lacerated.

Old man McGuire was given about seventy-five lashes. He also fainted under the savage punishment. After this whipping the White Caps notified them if they were found in the county twenty days later they would be hung up by the necks and left for the buzzards to pick. This infamous whipping of a helpless girl has created intense excitement in Leavenworth and throughout the whole of that town and is denounced with great bitterness.

CHICAGO MARKET REVIEW.

Fluctuations in Prices of Grain and Provisions.

By Telegram to the Morning Star.

CHICAGO, June 30.—Wheat was strong and higher at the opening this morning, recording figures full 1c above last prices of yesterday, but the advance did not hold and after both being up and down a couple of times closed weak and 5/8 to 3/4 lower than yesterday at the bottom figures of the day. The news of the day was mixed in its tenor though most of it was bearish. Shorts were very nervous and covered a good deal of July around the opening. After the shorts had covered most of their urgent contracts they began to put out new lines, and to hammer the market. Late cables were decidedly lower, and new wheat was being offered for July delivery. July sold anywhere between 90 3/4 to 91 3/4 around the opening, went off to 90 3/4, rallied to 90 1/2, and after noon by free selling broke to and closed weak at 89 3/4, against 90 1/4 yesterday.

Corn was decidedly stronger, active and higher, and held a good share of the advance. July opened at 83 3/4, against 83c at the close yesterday, advanced gradually to 83 1/2 before noon. Their shorts, having covered and wheat having weakened, corn also grew weak and with immaterial reactions declined to and closed steady at 83 1/2. Oats followed corn, closing with a gain of 1/2 over yesterday. Provisions were fairly active and firm in sympathy with the advance in corn and an advance of 5c in live hogs at the yards, but weakened later with that except. Pork closed with a gain over yesterday of 1 1/2 c. Lard was unchanged and ribs were 1/4 c. higher.

ARGENTINE REPUBLIC.

The Revolution in Santiago—Troops Dispatched to the Disturbed Province.

By Cable to the Morning Star. BUENOS AYRES, June 30.—All influential people of the province support the bloodless revolution which, as announced in these dispatches of June 28th, has broken out in the province of Santiago, where Senor Delestro, president, has been arrested and forced to sign his resignation. Troops have been dispatched to the disturbed province and in addition a Government commission has started for the scene of the troubles in order to arrange differences which have caused the forced resignation of President Delestro.

ELECTRIC SPARKS.

Labor organizations in New York City have instituted a boycott against the Third Avenue and Ninth Avenue surface railroads in that city.

The Florence (Ala.) Tripoli Works commenced operations yesterday. It is the only works of the kind in the United States and the proprietors are certain that they have a bonanza. Archbishop Tache, who for two decades has been the head of the Roman Catholic Church in the Canadian Northwest, and the foremost Canadian priest, is lying at the point of death. His recovery is believed to be impossible.

Gen. Jubal A. Early has accepted the invitation of the Monument Committee as orator on the occasion of the unveiling of the Jackson monument at Lexington, Va., July 21st. His subject will be the military achievements and character of General Jackson. E. L. Mann, manager of Shelley plantation, near Shelley Station, Bolivar county, Miss., was murdered Saturday night. He was being supper and the assassin shot him through a window. A negro tenant with whom he had a quarrel is suspected. The negro has run away.
