It is now positively said that Raum is going to stay in the Pension office. He will stay for two reasons. There are good "pickins" in that pasture and Harrison is afraid to bounce him.

A couple of Chicago men are fighting in the courts over one cent. That's strange in a city where they could go out and pick up a thousand different scents in almost any direction they took.

A murder was committed in Chicago a few nights ago in full view of two policemen. Murders have got to be such a common occurrence in that town that policemen don't take a bit of interest in them.

Governor Campbell's friends have done some tip top advertising for the Cincinnati Enquirer. They have scattered 3,000,000 handbills throughout the State, denouncing it. The Enquirer was never so well known before, and it didn't pay a cent for the handbills.

Colorado has a crop of young grasshoppers that are covering the prairies all over. The hope of the Colorado man is that by the time their teeth are grown enough to do much damage they will have struck Kansas where they can feed on that nice, fresh, green Third Party.

Congressman Enochs, Rep., thinks McKinley stands a good chance in Ohio because the crops are good, and the farmers are satisfied. Enochs is a galoot. Don't the farmers know that they have a Democratic government in that State, and that McKinley didn't have any hand in the good crops?

fatigue or from any other cause. Avoid bathing when the body is cooling after perspiration.

Avoid chilling the body by sitting or standing undressed on the banks or in boats after having been in the water.

Don't remain too long in the water; leave the water immediately if there is the slightest feeling of chilliness. The vigorous and strong may bathe early in the morning on an empty

stomach. The young and those who are weak would better bathe two or three hours after a meal—the best time for such is from two to three hours after Those who are subject to attacks of

giddiness or faintness, and those who suffer from palpitation of and other sense of discomfort at the heat should not bathe.

chair appointed Messrs. H. C. McQueen, Roger Moore and Thos. Evans ns the committee: -The committee submitted the follow-

ing resolutions which were unanimously adopted, vtz:

WHEREAS, It is impossible to estimate the loss to the community in which he lived of such a man as Mr. Chadbourn. The influence of his life was so wide and far-reaching, touching all classes and conditions of people as well as the material affairs of this city and section, that his death calls for unusual expressions of grief. But leaving to others to commemorate his private virtues, we desire to place on record some expressions of the public loss. Therefore,

Resolved, That in the death of George hadbourn, this Chamber has lost one of its most valuable and influential members; the business interests of Wilming ton and this section one whose great abil ties, unflagging industry, unswerving honor and integrity and manly Christian character-all these and more, place his name high on the roll of honored names

of men who have served this generation Resolved That we extend to his bereaved family and relatives our tender sympathy. Resolved further, That these resolutions be spread upon the minutes of the

Chamber of Commerce, that a copy be furnished the papers of the citystor put lication and a page in the record book be inserted with his name and date of birth and death. Y. M. C. ASSOCIATION.

At a meeting of the Young Men's Christian Association held Friday afternoon, the following resolutions were

Resolved. That while it may not become us to speak our feelings where there are those who have suffered in the death of Mr. George Chadbourn a loss so much greater than ours and few the severing of a closer tie, yet we must testify of his work for the young men in the city. He has served as one of our Board of Directors for three and a half years, and has manifested a deep interest in the efforts made to secure a home for our Association. In the financial negotiations consequent upon the erection of our new building, he has given an ever ready and cheerful co-operation and help. We shall miss him. Whatever of comfort there may be to his family in knowing that others have suffered with them and are sorrowing with them, we humbly offer to their afflicted

Resolved, That we dedicate a page of our minute books to the memory of the man who has lived so long among us without spot or blemish, and ask our young men as they look upon that page, that they contemplate that character and ponder that life and work.

GOLDSBORO SELECTED As the Place for the Odd Fellows' Orphanage.

The Committee of Odd Fellows, appointed by the Grand Lodge of the State of North Carolina to select a site for the location of the Orphange to be established under the auspices of the Order, decided yesterday that the inducements offered by the citizens of Goldsboro were greater than those from other competitive points, and, therefore, that place was chosen for the location of this great chairity. The land offered by the citizens of Goldsboro comprises twenty acres, and is valued at \$4,000. The gift is supplemented by a large donation of money, but the exact amount was not stated.

The McKinnon Horse.

The Maxton Union has this in reference to the races at that place Saturday: "There were but two entries for the second race, Mr. Campbell's horse, Dick," and Mr. McKinnon's "Dark pretty trotting, and, had "Dark Cloud" been as well trained as "Dick," it is our candid opinion that he would have come out an easy winner. But he got "rattled" in the first heat and did not recover himself in the next two heats. Dick won in 2:89. The race is to be trotted again at some time in the future."

"Dark Cloud" is the horse that Mr. McKinnoh proposed to match against some of the Wilmington horses a short time ago.

Yesterday's Westner. The records of the Weather Bureau give the following report of the range of temperature, etc., yesterday At 8 a. m., 68°; 8 p. m., 71°; maximum temperature, 77°; minimum, 68°; average 70; prevailing wind, notheast. Total rainfall .0.

A Wild Time on the Seashore,

The wind and the waves were on a "high old tare" all along the beach yesterday. Persons who went down to the seashore say that the tides were very high and the ocean was white with toam as far as the eye could reach. No one attempted surf bathing, at either Carolina Beach or Ocean View.

AT THE HAMMOCKS.

A Theatrical Performance and a German. The new Theatre at the Hammocks was opened last night with the "Loan of a Lover" and "A Fair Rebel," to a fair house considering the unpropitious weather. The management, however, are not discouraged, and promise other attractions this evening and all through the season.

After the performance was over the magnificent ball-room, brilliantly lighted, was thrown open for a german in which thirty-five couples participated. the leader being Mr. H. H. RIVER AND MARINE.

- The immense and costly caisson built for the Diamond Shoal light was smashed to pieces at Hatteras Wednesday night during a terrible storm, which swept over the coast. The caisson was built by Anderson, Ban & Co., of New York, contractors for the erection of the light. It was fifty feet in diameter, and cost many thousands of dollars. It was to be used for the Diamond Shoal Light, for the erection of which Anderson, Ban & Co. had the contract. The caisson was launched sometime ago, and towed to Hatteras by three of the Merritts' tugs. The caisson was being sunk, when the storm came up and utterly demolished the entire structure, leaving three cylinders about six feet out of the water. This will throw the work on the Diamond Shoal Light-house back considerably, as another caisson will have to be built.
