OUTLINES.

The Secretary of the Treasury issued a call on Government bond depositors for nearly \$4,000,000. Farnell's costs in the O'Shea divorce suit amount to \$5,000.

The Ohio Democrats don't want any prohibitory tariff nor prohibitory liquid laws in their.

A New Orleans paper remarks that "the war is over." But the lottery war still waxeth hot.

Valentine's statue of the great Stonewall Jackson will be unveiled at Lexington, Va., on the 21st inst.

It is said that the cannibals of Australia eat their victims without salt. And there is no tariff on salt in that country, either.

The Emperor of China may be short in stature but he is not short on wives as he has a couple dozen and gets a brand new one every birth day.

Prof. Totten figures out that the millennium will put in an appearance in 1898. He evidently believes that the Republican party will be dead and pretty well buried by that time.

The force in the American navy is not sufficiently numerous to justify U. S. deputy marshals going in and knocking sailors on the head as they did in San Diego Tuesday last.

As Minister Douglass has resigned it is suggested that Blair, whom China wouldn't have, be sent to Hayti. This is not a bad suggestion, for it would bury Blair, and he might talk Hippolyte to death.

The Emperor of China is less than four feet tall, which makes him rather short. That's what the matter with some of the State's treasurers and city treasurers who have been going to the penitentiary lately.

Ex-Congressman Perkins of Kansas, rises to remark that "not a nail has been driven nor a shingle put on in that State because of the calamity of the Alliance victory last fall." He forgot that the Alliance was still driving nails in the Republican coffin.

Mr. Blaine emphatically denies the reports that he is a very sick man. Perhaps he is like the boy who was just too sick to go to school and just well enough to go fishing.

Rev. Sam Small was among the speakers at the Alliance meeting in Atlanta Wednesday. Sam is a preacher now but still has a hankering for politics and has sampled about all the new parties that have bobbed up since he reformed and got religion.

NEWS OF THE RAILROADS.

A Mysterious Gathering of Freight and Passenger Agents Yesterday. [Charleston News and Courier, 16th]

It is rarely that so many railway officials are seen in the city together, especially so many heads of the same departments on different railroads, as were here yesterday. Nothing was known of the intention of the visiting officials until during the day, when a meeting was held at the Charleston Hotel, at which the following freight and passenger agents were present:

H. M. Emerson, of the Atlantic Coast Line. S. B. Pickens, of the South Carolina Railway. E. P. McSwiney, of the Charleston and Savannah Railway.

D. Cardwell, of the Richmond and Danville Road. W. J. Craig, of the Port Royal and Western Carolina Road.

General Manager J. H. Averill, of the Charleston, Sumter and Northern Railroad.

Several of the members present at the meeting were seen and said that a number of important matters were taken up for consideration, and that nothing of public importance had been agreed upon. Considerable business of interest to the railroads only was transacted.

Annual Encampment.

THE NORTH CAROLINA STATE GUARD.

Washington Light Infantry First to Arrive—Other Troops on the Way—The Virginia Regiment—Military Ball Tuesday—Camp Inspection—Everything in First Class Order—Arrangements for Battery Drill.

To-day the fourth annual encampment of the North Carolina State Guard will begin. The first to arrive was Company G, the Washington Light Infantry, under command of Capt. W. B. Rodman, Jr., with thirty-seven men. This company was the first to arrive last year.

The greater part of the Guards will come in to-night and in the morning. Things will then begin to assume a lively air.

ADJUTANT-GENERAL GLENN has been in camp for the last two days. He reports that about 1,100 officers and men of the State Guard will be there.

The First Regiment of Virginia will bring 243 officers and men. They will arrive Sunday morning at 5.30. This will make things lively for the home boys.

MILITARY BALL. On Tuesday of next week will be given a grand old-time Military ball, in honor of Governors McKinney and Holt and the Virginia Regiment. The ball will be in the new ball-room at the Island Beach Hotel. This is one of the handsomest and most elegant ball-rooms in the State. Inspector General A. L. Smith will be chief ball manager. He will make a good one, too. Over six feet in height, he is very graceful and carries himself with ease and dignity.

A general reception will be held the same evening.

On the next day Gov. Holt will review the troops.

THE Y. M. C. A. TENT is very conveniently situated and is nicely fitted up. It will be a very popular resort for those who wish to read and write. It is furnished with nice tables, chairs and an abundance of stationery.

THE CAMP INSPECTION by Adjutant-General Smith was made yesterday, and he is very well pleased with everything. The tents are placed in regimental pairs—those of the First and Fourth being on one side and the Second and Third on the other. The tables are also arranged for regiments, instead of for companies, as last year.

Several companies have sent in special detachments to see that everything will be ready for them, especially those coming at night. A great number of trunks, boxes and bundles have been carried into camp.

Everybody on the grounds yesterday seemed very happy and anxious. The whole theme of thought and talk seemed to be about to-day and next week. Even Col. Olds, hard-worked as he was, had time to speak of next week's gala time. Col. Olds is one who has worked faithful enough for it to be a big time. The people are especially looking forward with great pride and pleasure for Virginia's fine regiment.

THE BATTERY DRILL will begin next week. A special detachment from Fortress Monroe came in last night. There are nine soldiers under the command of Corporal J. J. Dancy.

Inspection and practice will be had each day. This will be a special feature, and also a very important one.

The Blackfish Excursion. A party of forty or more went out yesterday morning bright and early, on the tug Alexander Jones, to try their luck at fishing at the Rocks and the Blackfish grounds. They had good sport, returning in the evening with a catch of eight hundred to a thousand blackfish and sheepshead. The sea was rough and several of the party paid the usual tribute to Neptune.

Weather Forecasts. The following are the weather forecasts for to-day: For Virginia and North Carolina, showers, slightly warmer, except stationary temperature on the coast, south winds.

For South Carolina, showers, cooler, except slightly warmer in extreme north, south winds.

IN AND AROUND CAMP.

— It looked "military" at the stations yesterday evening.

— Capt. S. R. Hilliard, of the Second Regiment, has been here two days.

— Lots of pigfish will turn to "croakers" before the Encampment is over.

— First Sergeant J. S. McRae, of the Maxton Guards, was in town yesterday.

— All the soldiers look well we don't believe there is a real ugly man among them.

— Buy the MORNING STAR and a dollar's worth of reading matter for five cents.

— Every section of North Carolina will be represented at Camp Fowle to-day.

— Sergeant N. D. Hart, of the Scotland Neck Cavalry, came down on the "Shoo Fly" yesterday evening.

— Quartermaster General G. M. Newall, of the Third Regiment, came down last evening to see that everything was ready.

— We are very sorry to know that Private J. W. Mitchell, of the special detachment sent of the Washington Light Infantry, is sick.

— The knowing ones predict that the beauty of North Carolina will be more largely represented on "the tented field" this year than ever before.

— The Governor's Guard, of Raleigh, under command of Capt. Batchelor, will reach camp about seven o'clock this evening. They will bring a full drum corps.

— Corporals J. J. Dancy and Chas. Barry, and Privates Eastner, Crowder, Ball, Conwell, Dunkel, Flager, and Martin, of the Battery Corps, stayed in town last night.

PROFESSOR WALTER. The "Mocking Bird Whistler" in Trouble at Atlantic City, N. J.

A dispatch in the New York World of the 15th, inst., from Atlantic City, N. J., gives an account of a lively affray in that place in which G. H. Walter, alias the "Whistling Professor," well known in Wilmington, was a prominent actor.

The Professor was selling "Mocking bird whistles" of his own make and giving aquatic exhibitions on the life-raft with which he used to disport in the waves of the Cape Fear at the foot of Market street. A sketch artist named Harry Ermine had been making caricatures of the Professor, for which he found ready sale. The Professor got very angry with the artist for the liberties he took, and last Tuesday night armed with a big horse-whip "went for" the artist with all the vigor he could muster. He made a flank movement and attacked the artist in the rear, slashing him over the head and back with the whip. The artist made great outcry, and the five hundred people present in the pavilion where the whipping took place were very much excited.

The Professor was arrested after a desperate struggle and locked up at the police station.

In the account of the affair it is stated Walter will in all probability be sent to jail on a charge of assault and battery with attempt to kill.

FARMERS' ALLIANCE Picnic at Cypress Lake, on the Onslow Railroad, July 25th.

The county Alliances of New Hanover, Pender and Onslow will hold their annual basket picnic at Cypress Lake, Onslow county, on the 25th inst. Speakers from the three counties will be present.

A special train will leave Wilmington at 8:30 a. m. on the W. O. & E. C. R. R. stopping at all intermediate stations to accommodate those who wish to attend. The fare from Wilmington will be 75 cents for the round trip.

Cypress Lake is one of the prettiest sheets of water in this section of the State; and, as there are but very few Wilmington people who have seen it, this will afford a good opportunity for those who wish a day's outing to take advantage of the reduced rates.

The farmers expect to have a fish-ry on the ground.

Get to Work. The Columbia State gives prominence to the first prosecution and conviction, under the statutory laws of South Carolina, by the Society for the Prevention of Cruelty to Animals in that city. Wilmington has a similar Society, composed of excellent material, and it is hoped that the members may follow the example of their South Carolina neighbors. It will be as "easy as dirt" to find violators of the law here.

A Big Blow at Goldsboro. A young cyclone struck the southern edge of Goldsboro about 4 o'clock yesterday afternoon, and levelled some thirty telegraph poles. No other damage was reported. The telegraph service over the Western Union wires was interrupted for a time, only one wire being in working order, but later another wire was available, and the line-men were expected to have everything in order by this morning.

A MUSICAL TREAT. Concert to be Given at the Opera House next week.

One of the great features of the Encampment will be the concert to be given in the Opera House in this city by Capt. Cunningham, of Richmond, Va., and other celebrities. Messrs. W. A. Galpin (baritone), O. E. Lohman (basso) and Mr. Matthews (tenor) will lend their talent for the occasion. Each is said to have a superb voice, and each will sing two solos—besides Capt. Cunningham.

A lady correspondent of the STAR, writing from Greensboro, says that the concert will probably be given on Tuesday, the 21st. The proceeds, as heretofore stated, will be divided equally—one-half for the soldiers' monument at Richmond, Va., and one-half to aid in building an Episcopal chapel in Greensboro.

Southport Items. The Leader says: An important sale of city property recently made is the house and lot corner Bay and Rhett streets, with water skirt. The property was owned by Mr. W. T. Daggett, of Wilmington, and was purchased by Mrs. Maria A. Meigs, of Painesville, Ohio. Consideration said to be \$5,500.

It is expected that one week from tomorrow an excursion will be given to Wilmington by the Cape Fear Cornet Band and the Southport Base Ball Club. The proceeds, if any, will be for the benefit of the band. The Southport Base Ball Club have challenged the Wilmington team and a good game of ball is promised.

New Hanover Day at the Exposition. Mr. Jno. T. Patrick, Secretary of the Southern Inter-State Immigration Bureau, Raleigh, N. C., writes the STAR that it is desired to name November 20th as New Hanover county day at the Exposition. Some prominent gentleman will be named who will deliver an address of welcome, and it is hoped that the county may be fully represented and shown to the very best advantage.

Can't Do Without It. One of the most distinguished physicians of the State who, after being a subscriber to the DAILY STAR continuously for twelve years discontinued it in June, now writes as follows:

GOLDSBORO, N. C., July 15, '91. "Please send me the DAILY STAR until further notice. I will remit in a few days. I cannot longer do without the best paper in North Carolina.

"Very truly yours,"

Carolina Beach To-Day. Gay times may be expected at Carolina Beach to-day. There will be an excursion from Southport in the afternoon, accompanied by the Southport Cornet Band, while Germania Cornet Band will go down from Wilmington, as usual, and give their regular Friday evening concert. With music, dancing and bathing, there ought to be any amount of enjoyment.

Master Henry T. Sharp, the amateur pomologist of Vance county, is here on a visit to his father and friends. It is refreshing to observe the dark shadow that is overspreading Henry's upper lip, and which gives promise of something decidedly tangible in the near future.
