WATKINS ALIAS WILLIAMS.

Taken to Salem, Va., to be Tried for the

Murder of his Wife.

Sheriff G. W. Zirke, of Salem, Va.,

arrived here Thursday night, and yes-

oner left for that place last night.

The crime is alleged to have been

committed April 6. 1891. Watkins,

who is a mulatto, brutally murdered his

black wife in a secluded hollow of the

mountains near Salem, and then es-

caped. Watkins had a white paramour

who followed him from the West. She

was lodged in jail for awhile and then

discharged; and returned home. On

the 20th of April the Governor of Vir-

ginia offered a reward of \$100 for the

capture of Watkins, and Detective Hen-

ry A. Webber has been working quietly,

and only recently ascertained that Wat-

kins had tramped over two hundred

miles to get to Wilmington, where he ex-

pected to take a vessel for Europe, but

in the meantime had been writing to his

friends for money which was to be sent

to him under the alias of S. G. Wil-

Watkins' identity has been fully es-

BREAKING CAMP.

An early breakfast was prepared and eaten, and then equipments were adjusted, the lines formed, and before 8 a. m. the soldiers of the State Guard had all left Camp Fowle, with nothing but the tents and kitchens left to show where they had passed a week of military life.

Gen. Cotton and staff and the staff of the Commander-in-Chief, with the exception of Col. Olds, left at about the same time. The latter officer has orders to remain until after the Encampment of the Veterns, when he, too, will leave. He is an indefatigable worker and was as busy as he well could be yes terday in making every arrangemen possible for the comfort and convenience of the veterans when they shall arrive. In the haste and confusion of leaving camp some debris was necessarily left, and this will all be removed so that the veterans will march in and find a clean, healthy and pleasant camping ground. There is considerable lumber in camp, such as tent floors, tables and kitchens, which will be kept for the use of the veterans, after which Col. Olds will offer it for sale. For anybody needing such lumber this will afford good opportunity to purchase at a reasonable price.

THE POSTAL FACILITIES

for the soldiers during the encampment have been much better than ever before in the entire history of Wrightsville encampments. There have been two mails regularly each day. The mail matter has been promptly delivered to each company as it has arrived, so that there has been no word of complaint from any one on that score. The facilities for writing afforded by the Y. M. C. A. have been excellent and they have been utilized to their utmost capacity. THE U. S. ARTILERY.

Too much cannot be said in praise of the soldierly bearing and gentlemanlyconduct of the detachment of U.S. artillery from Fortress Monroe. They are a fine body of men, well posted in their duties as artillerists and their connian. duct has been entirely unexceptionable

throughout the whole of the encampment. We hear, indirectly, that there was quite a scramble among the soldiers at the Fort to get in the detail for Wrightsville, and that if every wish had been gratified "Uncle Sam," would have been without a military force at that important point.

The Y. M. C. A. tent was also removed, giving that part of the camp. which had been the scene of so much bustle and activity, and where hundreds of men congregated daily to read the papers and magazines, write letters home to the loved ones or to play inno-

latter shall return to their homes, they shall not carry the sad thought that

they and their dead are forgotten. THE FIRST VIRGINIA REGIMENT

remained in camp after the State Guard left yesterday morning, and carried out the duties of the day with military regularity and precision. Then was rhe usual guard mounting in the morning and the orders regarding leaving camp were even more strict than when all the regiments were there. The regiment is composed entirely of Richmond companies, with the exception of the Petersburg Grays, which now belongs to the Fourth Regiment, but expects soon to become a part of the First Regiment. As we have before stated, they are a fine body of men, under excellent drill and discipline, well officered, and constitute a splendid specimen of our citizen soldiery. They will leave camp at about 10 o'clock this morning and come to the city, where they will remain awhile before taking a northern bound special train for Richmond, where they expect to arrive about 12 o'clock to-night. While in the city they will be the

guests of Col. F. W. Kerchner, whose open-handed hospitality is proverbial and is known of all men. The regiment will stop at the Front street station and then take up their line of march, in light marching order, down Front stree, to the residence of Col. Kerchner, so that some of our citizens who have not had the pleasure of seeing them may have an opportunity of witnessing their perfection in marching. Undoubtedly many of our prominent citizens will call and pay their respects to the gallant Virginians while they are temporary sojourners in our midst. It would would be but proper and right, for they have, one and all, spoken in the very highest terms of the universally kind and courteous treatment they received at the hands of the State Guard, and of the great pleasures of Camp Fowle. and they should see that those in civil life are not a whit behind the military in point of cordiality, frank hospitallty, and all the noble instincts which constitute a true North Caroli-

## THE CURTAIN FALLS.

With the departure of the Virginians the curtain falls on the lest scene of the military drama enacted at Camp Fowle N. C., July. 1891. It will be long remembered as the very best military encampment ever held at Wrightsville. This is emphatically the fact in every particular so far as our observation has extended. The camp has been kept in a better sanitary condition than ever before. The attention to duty and to detail has better; better order when the soldiers were off duty has been preserved, a more friendly and cordial feeling has existed among the

- A drummer boy of the First Virginia lost his cap on the Seacoast train on Wednesday evening, and would be glad if the finder would return it to the regiment. It may be known by the number 146, on the rim.

- A very elegant banquet was given Thursday night at the Island Beach Hotel by Col. Benehan Cameron in honor of Gov. Holt and the officers of the Virginia and North Carolina troops. There were sixty-four spreads.

- There was an informal religious meeting at the Y. M. C. A. tent last night, in which there was great interest manifested. Two better and more pleasant men could not have had charge of the tent than Secy's Coulter and Busey. The boys will retain very kind feelings for them.
