ton crop in sight, is 8,526,215 bales.

Gounad, the composer, is broke up from over work. He should compose himself. It isn't good to be keeping up a constant racket with

The Queen of Portugal has recently bought a \$7,000 dress, and now she wants to sell a part of her outlying territory to get money enough to pay for it.

The New York Sun records the fact that a policeman in that town shot a mad dog. This is proof positive that a New York policeman can sometimes hit what he shoots at.

"Damn Watterson" is what Gov. Hill calls him when he refers to the editor of the Louisville Courier-Journal. But Gov. Hill should know that is not his name. It is

Jay Gould is quoted as saying that "a man cannot always get every thing he wants." That is true. Jay has not gobbied the earth but he has succeeded in getting a pretty big slice of it.

Rudyard Kipling says he will not write American fiction until he can "turn it out by the yard." If Rudyard wants to do business on the yard schedule he had better hire out to some dry goods shop.

Pickle is the name of the Attorney General of Tennessee. That's not the name of the Governor, but he felt before he got through with the business in the mining ragion like a man who had gotten himself into a very big pickle by his precipitancy, and was very glad to get out of it.

A French inventor, after spending \$100,000 in contriving a flying machine, flew 100 yards with it. A thousand dollars a yard is pretty steep air navigation. Until they get it down lower than that the editorial fraternity will not aspire to soar, but will stick to terra firma, even if they have to walk.

Some of Mr. Quay's friends say that if he resigns the chairmanship of the National Republican Committee, it will be because he don't like the outlook, and apprehending a Republican smash-up will get out before the wreck comes, so as not to be held responsible for it.

The Customs collecter at New York has seized two dresses which Mrs. Astor had imported from Paris, but the duty upon which she refused to pay. The Custom House has decided to confiscate and sell them at auction, which will give some New Yorkeress ambitious to strut in swell attire a chance to do so

They say that Mr. Cleveland has not proved a gigantic success at the bar, as he has had but one case in the U.S. Supreme Court, and lost that. Whether this be so or not, as an advertisement he has proved a brilliant success, as the firm which took him in as a member is reported to have cleared \$300,000 the past year.

# THE MORNING STAR.

VOL. XLVIII.-NO. 107.

We have heard no complaint by

the visiting soldiery, within the past

week, of Wilmington being a dry

town. In fact, it was quite damp,

sea. But we trust this will not prove

a damper on their spirits or make

them reluctant to return. They are

gone now, and Wilmington says au

revoir to our own boys and to the

gallant, manly Virginians who tented

and fraternized with them at Camp

welcome back again.

THE VIRGINIANS.

The First Regiment and the Petersburg Grays Visit the City-Reception at the Cape Fear Club and a Banquet at the Orton-Departure of the Troops for

The First Virginia Regiment and the Petersburg Greys came to the city yesterday, arriving at eleven o'clock. The Wilmington Light Infantry were in waiting for them at Princess street depot and escorted them to the Cape Fear club, where refreshments were served. During their stay at the Club Captain Frank W. Cunningham assisted by Captain W. K. Matthews, W. A. Galpen and O, E. Lohman-"Cunningham's quartette"-sang some of their beautiful

A WILMINGTONIAN HONORED. The Virginians elected Col. F. W. Kerchner an honorary member of their Regiment. Capt. Cunningham nominated him in a very elegant speech. Much enthusiasm was manifested in electing Col. Kerchner. 1t was a very nice compliment, and one well deserved THE BANQUET.

After the reception, at 3 o'clock, the companies marched to The Orton, where a magnificent repast was served. It was a credit to the people of Wilmington. There were three hundred spreads, and everything to regale the inner man was served in high royal style. Too much credit cannot be given to the manager of The Orton for the manner in which this was gotten up.

The W. L. I. then gave three rousing cheers for the visitors.

Then Capt. Lassiter rose and asked for three cheers for North Carolina. This was responded to in such a way that made all feel the bond between these two sister States was closer than ever.

Capt. E. Leslie Spencer was called for and made a very touching response.

After dining, Col. Jones of the First Virginia, made a very happy speech, thanking the people of Wilmington for. the many and repeated kindnesses shown them, and that they must be assnred they were fully appeciated.

Col. W. C. Jones, of the Second N. C. Regiment replied that this treatment was from our hearts; that we loved all Virginians; we were brothers in war, we must be brothers in peace.

After repeated calls, Capt. Frank Lassiter of the Petersburg Grays rose and responded in a very eloquent speech. He said the big heart of Virginia was wide open for all North Carolinians and we must walk right in and stay there.

Capt. Lassiter was followed by Capt. George Wayne Auderson. He was not surprised at this reception. From the dawn of our country to the present day Virginia and North Carolina were closer to gether than any other two States in the Union, and North Carolina had alwags been so generous that he expected kind treatment from them,

Lieut. Chas. de L. Hine, U.S.A. who has so endeared himself to all, was called on and expressed his gratification at the treatment he had received.

An elegant speech was also made by Col. John W. Atkinson, of Wilmington. After this Capt. Cunningham asked for three cheers for that old Confederate veteran; and three cheers for Capt. W

R. Kenan, which were all heartily given Capt. Kenan expressed his thanks for the compliment and extended all a pressing invitation to be present at the next Encampment.

Capt. Frank Cunningham, the spokesman of the Virginians, wished to thank all for the grand reception given them, and made a strong appeal to the W. L I. to visit them. Capt. Kenan said they would accept the invitation, and would give the date later. This was received

with much delight by the visitors. About half past four o'clock the Vir ginians escorted by the W. L. I. and the Second Regiment Band, took up the line of march for the railroad depot, the battalion halting in front of the Cape Fear Club-house to give three rousing

cheers for the club. At five o'clock the train, with the Virginia troops on board, pulled out for Richmond, speeded by parting cheers from the members of the Light Infantry and a crowd of spectators.

St. Mark's Rectory.

pleasantly all visitors.

To-day, the 9th Sunday after Trinity, there will be an early Celebration at this church at 7:30 o'clock; Morning Prayer and Sermon at 11 o'clock. The Rev. F. A. DeRosset, D. D., Rectory of Trinity Church, Natchez, Miss., will be present at both of these services and preach the day, but the bells will not be rung on Sermon after Morning Prayer. Sunday School at 4 and Evening Prayer at o'clock. The offertory will be taken for the arrears in the current expenses of the parish. A cordial invitation is extended to everyone, and attentive

> Sacred Instrumental Music. The Germania Cornet Band will give sacred concert at Carolina Beach this afternoon. It is expected that the band will have its full strength for the occasion. The selections for the concert are of the highest order of merit and will be given with all the pathos and expression for which this very fine band of musicians are justly noted.

ushers will be in attendance to seat

CONDITION OF CROPS.

In North Carolina-Based on Reports to the State Weather Service for the Week Ending Friday, July 24th, 1891 RALEIGH, July 24th, 18891.

The rainfall has been much above the average during the week, especially in the Central District, The normal rainfall for July is about 1.50 inches per week; the average this week is 2.75 inches, which is 1.25 inches above the normal. The temperature and amount of sunshine were deficient during the ea.ly part of the week, but the last few days have been warmer with more sunshine. These conditions have proven generally favorable to all crops except cotton. Cotton is best in the eastern district. It is generally fruiting well but the crop is bound to be very short. corn and tobacco have improved material ly. Wet weather has interrupted threshing of wheat and oats, and stopped cutting hay. Corn is being put by., A severe hail storm occurred in War-

ren county, destroying crops over a considerable area. The present condition of the staple crops in the State is as follows: Cotton, 75; corn, 84; tobacco, 86. These numbers show a steady improvement, and the prospects are much brighter. One hundred and fifty-six re-

ports were received, representing sixtytwo counties. EASTERN DISTRICT-Copious rains nearly every day, which are generally reported as having a very favorable effect on crops, especially in southern portions of the district. The rainy, cloudy and rather cool weather during the week

was not very beneficial to cotton in the Northern counties, still corn and tobacco, as well as cotton, are in better condition than last week. Cotton improved 3 per cent., corn 3 and tobacco 2. The present condition of crops in this district is as follows: Cotton 79, corn

82, tobacco 85. CENTRAL DISTRICT.—The rainfall was above the normal in this district, sunshine and temperature deficient, having a bad effect on cotton. Generally, however, the rains have been just what is needed. Corn is booming. Upland crops all improved, while lowland crops are somewhat injured by damp weather. Cotton is very late, small talks, but apparently fruiting well Its condition in this district is 1 per cent. less than last week, while corn has improved and tobacco is about the same. A very severe hail storm occurred on the 18th along the western bor-

der of Warren county, six or eight miles in length and a mile and a half wide, which completely destroyed crops over the area covered. (See remarks under Warrenton). On the same day a whirlwind, almost a tornado, occurred in the city itself. Present condition of crops in this district are: Cotton, 73; corn, 83; tobacco, 84;

wheat, 75; oats, 65; grass, 86. Fifty

reports received, representing twenty counties, WESTERN DISTRICT—Rains excessive in some places, as at Asheville, where 1.88 fell in one hour and a half, washing crops; but the weather has been generally favorable to crops, except too damp and cool for cotton and too wet for saving hay and threshing wheat. Cotton will unquestionably be a poor Corn is in best condition in this

The present condition of crops in this district is as follows; Cotton, 72; corn, 87; tobacco, 87. Fifty reports were re-

ceived, representing 20 counties. Explanation.—Condition of stated on a basis of 100; best condition is 100; excellent condition is 90 to 100; good condition is 80 to 90; fair condition 70 to 80; poor condition is under 70.

New Superintendent of the Atlantic Coast

Mr. E. Borden has been appointed Superintendent of Transportation of the Atlantic Coast Line, the appointment

taking effect August first. Mr. Borden commenced his railroad ife as telegraph operator on the Wilmington and Weldon railroad in 1872, and in 1885 was made train dispatcher. In 1887 he was made chief train dispatcher of the Atlantic Coast Line, and in 1889 was promoted to the position of assistant superintendent of transportation, which place he

held until his recent appointment. Mr. Borden is a first class railroad man in every particular, and has won the high distinction which he now enjoys by strict attention to business and thorough knowledge of his department. He has the entire confidence of the Atlantic Coast Line, which is shown by

the exalted position he now occupies. The high compliment paid Mr. Borden is a deserved one, and he will no doubt fill his new office most acceptably.

Killed by Lightning.

Abbie Howard, a middle-aged colored woman, was struck by lightning and instently killed yesterday about 1 o'clock in the afternoon, at her home on Nixon between Fourth and Fifth streets. A colored girl named Mary Smith, standing near Abbie Howard, was also struck and rendered unconscious for a time, but was not seriously injured. The woman was on the piazza of the house at the time. She was the wife of Jack | () Howard, a worthy and industrious col-

A report was in circulation during the afternoon that a white woman in the same neighborhood had been killed by lightning; but there was no truth in the rumor.

GEO. A. PECK'S, 29 South Front St. THE RICE CROP.

Promises of Good Harvests in Three

WHOLE NO. 7,712

The midmonthly bulletin of Dan Talmage's Sons, New York, respecting the growing rice crop, states:

NORTH CAROLINA. The river crops are in very fine condition, free from grass, with unusually fine stand. Upland only fair average; recent rains have improved them materially. General outlook more favorable

than last year. SOUTH CAROLINA.

In the Georgetown section, watered by the Waccamaw, Pee Dee and Santee rivers, crops in excellent condition, but less forward than usual. Cooper river reported "salt," which will result in considerable damage if no heavy rains come within the next thirty days. On the Ashepoo and Pon-Pon scarcity of labor has allowed crops to become "grassy." Reports from the Combahee note a good average crop. well grown and everything in the main favorable. Upland crops in good condition, with plenty of back water stored for harvest flow when needed. First receipts will likely be from uplands.

GEORGIA. The acreage not as large as last year. Present outlook promises larger yield per acre and equal crop. As before Come and see if you can get a fit and noted, on the Savannah river over three-quarters of the crop was planted late and stunted by cold. The present favorable growing weather, however, has pushed the plant forward rapidly; harvest will be delayed but a few weeks. LOUISIANA.

During the past two weeks a decided change for the better is reported from this State, and the most encourageing advices are received from all sections. The frequent rains have revived crops which were on the point of being abandoned, and the rise in the Mississippi and bayous tributary has reduced the labor of pumping. Late rice is growing rapidly, and under influence of present favorable conditions the harvest will be

only a few weeks late. In Calcasieu region, where a large acreage in excess of last year was ed, considerable loss has occurred by the long-continued drought, otherwise the crop is doing finely and production well up to the average. Looking over the whole field, prospects are encouraging for a crop equal to last year in quantity, but averaging somewhat late in arriving at maturity.

The Virginia Troops.

A noticeable feature of the banquet at The Orton yesterday was the total absence of any intoxicating drinks. Col. H. C. Jones' request in this regard was strictly complied with, because, as he said, so many of his regiment were young men, and should not have such temptations placed before them, Their measured tread and splendid alignment as they marched by platoon to the depot proved conclusively how well they had obeyed their commander's injunction.

Distinguished among the visiting troops from Virginia were two soldiers equally as well known to fame as their faces were familiar to our own N. C. veterans of the late war. Capt. Lester Spence, of Company E, was a member of the famous Richmond Greys and poured out his blood on the field of Virginia within full view of at least one of Wilmington's citizens. He still has a martial bearing and would be singled out as a soldier even among such a fine body as composed the First Virginia. At the banquet given at the Orton, he spoke from actual observation of the heroic part taken by N. C. troops wherever duty called them. His testimony given in burning words told how that old veteran felt honored by the attentions of our people.

Mr. Pohl, the drum major, was a well known figure to many who had seen him in that capacity on the battle-field, and he has lost none of that martial spirit and proud erect bearing which characterized his every movement at the head of his corps under the galling fire of the Federals—at First Manassas. Long life to such heroes-their names will live forever in fame and story.
