Kaiser William has ascended Cape North, at the northern extreme of Europe. This young royal hustler seems disposed to go to extremes.

Eggs are used as currency in some portions of Africa. In this country, too, they are sometimes on special occasions used as a circulating medium.

Mrs. Langtry's face is said not to have been disfigured, as reported, by the brutal assault of her friend Baird, but her reputation is pretty badly battered.

As. R. B. Hayes is not an ex-President but an ex-fraud, Grover Cleveland is the only ex-President, surviving. He is not only the ex-President but will be the next Presi-

There is something the matter with Kaiser William's legs. This is the second time he has met with accidents that temporarily interfered with his walking. Perhaps he didn't have his "sea legs" on when he went to cruise in the Hohenzollern.

Col. Shepard, of the New York Mail and Express, objects to an income tax because it would lead to much perjury. As the Republican party in the North claims all the "wealth and respectability," Brayer Shepard seems to be somewhat severe on his friends.

Mr. Sherman, of Ohio, says he has no disposition to corner on the Senate or monopolize the business, ,but declares it an open race to all comers. Bro. Foraker will doubtless duly appreciate this exhibition of magnanimity, as coming from refrigerator John, whom he expects to warm up later on.

Less than ten years ago the citizens of Alabama were paying \$14 as State tax on the one thousand dollars worth of property. Now they pay only \$8. So much for Democratic honesty and economy. And still there may be some addle-headed people in that State who want a new party.

There is a movement on foot in Savannah to secure an appropriation of \$3,000,000 from Congress to give the Savannah river a depth of twenty-six feet. Atlanta, Augusta, and other Georgia towns are also interesting themselves in it. The commerce of the river has increased from \$68,000,000 in 1877 to \$159, 000,000 in 1890, the increase for 1890 over 1889 being \$35,000,000.

The infernal machine that some one who properly belongs to the infernal regions sent to Mrs. Carnot, wife of the President of France, wasn't the right kind. The infernal machine which refuses to explode because suspicion is aroused don't fill the bill. They should all be infernal enough to explode whether suspected or not although an excepion might be made in favor of those ent to women.

For Rent,

A LARGE FRONT ROOM, UP STAIRS, NEAR

'cloce, from the First Presbyterian Church.

Senator Plumb says many of the kicking Republican farmers of Kansas will go back into the Republican party because of the jam up wheat wheat crop this year. Can it be that there are farmers in Kansas so idiotic as not to know that this big wheat crop didn't come until after the Reed gang was cleaned out and the Republican party so badly mauled at the last election that its oldest acquaintance didn't recognize it? If they go back into the Republican camp on that account they ought to go into the lunatic asylum next, or beforehand, which would be more in accordance with the fit-

ness of things. New Jersey men have been very much misrepresented. A burglar recently went through a N. J. bank, and although there was \$100,000 within his reach he was content with appropriating the modest sum of \$4,000, in which he set a commendable example to fugacious bank officers. But then, he might have been a New York, and not a New Jersey burglar. It is evident, however, that he was not a Republican. If he had been he would never have gone off with \$4,000 and left \$96,-000 behind.

S. Murray, Anderson; O. W. Deere, Tarboro; A. Coleman, Goldsboro; Lewis Jordan, W. W. Simms, Wilson; W. H. Alderman, Winston.

Too much credit cannot be given to Col. F. W. Kerchner and Mr. Geo. R. French for their voluntary efforts in securing the necessary assistance to enable the Wilmington Light Infantry to entertain the First Virginia regiment and the Petersburg Grays at the Orton on Saturday last, and the members of the company take this occasion to testify their sense of deep obligation to all who aided in this act of hospitality.

The Governor Did Reply. The Richmond Dispatch says: "The statement has been made that Governor McKinney failed to acknowledge the receipt of Governor Holt's invitation to visit the encampment at Wrightsville. This is a mistake. The invitation reached Richmond when the Governor was absent from the city, but was forwarded to him by his secretary, and he telegraphed immediately his regrets that he could not accept."

Sunday and preached two very interesting and instructive sermons. - The Weather Bureau reports heavy rain yesterday throughout the cotton region; heaviest in the Charleston and Little Rock districts. The rainfall in the Wilmington district was comparatively light, the average for the ten stations being 10-100ths of an inch.

CONFEDERATE PENSIONERS.

They Will Ride Free on All Railroads to the Encampment-Veterans Will Pay One Fare far the Round Trip.

Pensioners will ride free on all railroads to the encampment to be held this week at Wrightsville. Veterans who are not pensioners will have to pay one fare for the round trip. This is the arrangement that has been made by Col. E. D. Hall, with the management of all the railroads, and instructions to this effect have been given to all conductors.

Pensioners need no tickets. All that is necessary for them to do is to show to the conductors on trains the certificate of the Superior Court Clerk of their county, that they are pensioners.

The above statement is made by authority of Col. E. D. Hall, whose attention was called to the matter by an article in the Charlotte News of Saturday, which states that pensioners there had applied for passage to Wrightsville and had been informed that they would have to pay.

Enormous Ocean Depths.

The deepest measurements ever taken in the Atlantic were made by the Challenger expedition eighty miles north of the Virginia Islands, the depth at that point being 23,250 feet, 3,875 fathoms, or about four and a half miles.

The deepest soundings ever taken in the Pacific, or, in fact, any place on the globe, prior to 1890, were made in 1885, in the vicinity of the Ladrone Islands, in north latitude 12 degrees and 4 minutes, east longitude 143 degrees and 16 minutes, where the depth was found to be 26,850 feet. 4,475 fathoms, or about

In June, 1890, the United States Survey vessel, Tuscarora, while trying to determine the practicability of a cable route to Japan from the western coast of the United States, discovered a remarkable depression on the west coast of the country first-named, the basin being known to the geographers of the expedition simply as the "Tuscarora Deep." The first sounding made was on June 12, when 2,427 fathoms of wire ran out. A few days later they found what is now considered the maximum depth of the Pacific-4,655 fathoms, or 27,930 feet.

Arrived at Home Safely.

The Petersburg Grays arrived at home about half past 12 o'clock Saturday night. The Pittersburg Index Appeal says: The boys were charmed with their splendld reception at Wilmington, and before leaving exacted of the Light Infantry the promise of a visit that they may return their unstinted

hospitality. The First Virginia Regiment arrived at Richmond about 1.30 a. m., Sunday, and were met by three companies of the Regiment that did not attend the Wrightsville encampment, the Howitzers and the Blue's band, and escorted to the Armory of the First amid red

light and torches. d Concert at Carolina Beach.

The Sacred Concert, as announced in Sunday's STAR, was given by the Germania Cornet Band on the piazza of the Oceanic Hotel. The band rendered some of their finest selections to the delight of 500 people or more. Each member of this popular and deserving band was at ambition's height to please. Everybody was more than delighted and eorry when the warning whistle was sounded for the return trip home. Next Sunday another sacred concert will be given by Miller's celebrated orchestra band consisting of eight pieces, and fine music may be expected. I the First Presbyterian Church.

AT CAMP FOWLE.

Preparations for the Reception of Confederate Pensioners-Prominent Personages Expected-Senator Ransom to Deliver an Address.

Col. E. D. Hall was down to Camp Fowle last evening and put everything in readiness for the coming Veterans Encampment. The tents have not been taken down, and will be used for the Veterans as used by the State Guard.

Much interest is being manifested all over the State in the Encampment and it promised fair to be one of the most pleasant and interesting meetings of its kind ever held in the State.

DISTINGUISHED VEFERANS from all over the State are expected. All the Confederate Generals have been invited and many are expected. Among them of this State are the following: Generals Hoke, Cox, Barringer and Ransom. Governor Holt will be down there for two days, and will no doubt enjoy it equally as much as he did the encampment of the State Guard. Senator Matt Ransom will deliver the address on Friday. The

out, but will be announced to-morrow. Gen. Robt. Ransom, who will be in command of the camp, will arrive to-day and see that everything lacking in any way will be arranged at once. Col. Hall has been at the camp with Col. Olds, and both have been quite busy. So it is very likely that Gen. Ransom will find everything in readiness.

THE ARRIVALS. Most all the "vets" will report by Wednesday morning, or hardly later than Wednesday night. A large crowd is expected to-day. Four came in last night from Pitt county. They all bear the marks of honorable service. One carried a wooden leg to tell its tale and an empty sleeve of another bears testimony of valiant service, They all speak with much interest of their Encampment, and appreclate the effort being made to provide for them. The following are those who came in last night, Billey Dunn, "James Turnage, Lawrence Briley, and J. A.

Col. Hall says the citizens of Wilmington are acting very generously by them, and some are making very appropriate donations. Nothing should be spared to make this a week of full pleasure for those who rallied to the protection of our State and her honor. They freely gave their means; they made every sacrifice necessary, and now is the time to show our appreciation.

The Norfolk, Wilmington & Charleston

A dispatch from Norfolk, Va., says: The engineer corps engaged in running the route of the Norfolk, Wilmington & Charleston railroad from Gilmerton Locks, near Portsmouth, through the Dismal swamp, reached Cornland yesterday and will be at Wallaceton tomorrow, ten miles from South Mills. The engineers seem to be working slowly, but it is said they are doing it carefully. From South Mills they will probably go over two routes-one to Elizabeth City and one some distance north of that

The people of Elizabeth City are already moving to have the road touch there. There is some talk of the Norfolk, Wilmington & Charleston utilizing the road-bed of the Dismal Swamp canal from Gilmerton to South Mills, which is the entire length of the waterway. While the proposed road will run through a flat country requiring little grading there will be a vast amount of bridging and trestling to be done."

On this end of the line good progress is being made, there being about 300 hands employed in the work. The way is cleared about 18 miles beyond Jacksonville or within about three miles of Maysville, and grading is going on all along the cleared portion.

OBITUARY.

Mrs. Nancy Forney Johnston, of Lincoln County, N. C.

Yesterday at Birmingham, Ala., at the green old age of 86, there passed from this life to the realms above, there to dwell in glory forever, one of the brightest old ladies ever reared in this Commonwealth. She was the daughter of General Peter Forney, a Revolutionary soldier from Lincoln county, and the widow of Dr. W. H. Johnston, of the same county.

Since the war, until a few years back, when she accompanined her sons, Gen. Robert D., and Capt. Jas. F. Johnston, to Birmingham, she had made her home in Charlotte, N. C. There her name was a household word and she was universally beloved and esteemed for the possession of those rare characteristics which adorn the Christian. Her modest worth, quiet charity, abid-

ng faith, motherly affection united with womanly graces, made up a consecrated character whose influence will continue to be felt by all who ever came in contact with her. She died as she had lived in the faith of the Presbyterian
