OUTLINES.

Refiners say there is no war against the Sugar Trust; the market was broken purposely to realize on large accumulations. Chattanooga millers have formed a league to protect themselves from alliance farmers of Middle Tennessee who are holding their wheat for higher prices.

fitable business besides, thought he was making a gorgeous display of royal munificence when he allowed his wife one dollar a day to support herself and two children, because his mother lived on fifteen cents a day.

The Louisville Courier-Journal asks if a man "shall submit to be lied about and leave the lies uncontradicted." On general principles we should say no if the lies are respectable enough to be worth noticing.

A Western contemporary wants to know if the farmers are having such an up-hill time in Iowa, as Gov. Boies says they are, why he don't sell his farms and quit farming.

PERSONAL PARAGRAPHS

Pertinent Paragraphs Pertaining Principally to People and Pointedly Printed.

—Mr. Jas. D. Shaw, Jr., of Laurinburg, is in town on a business trip.

—Mr. E. S. Lathrop, of Maxton, was among the visitors in the city yesterday.

—Misses Katie and Mary Sweeny have gone to Newton Grove to spend a couple of weeks.

—Mr. P. Linehan, of Raleigh, one of the STAR's oldest subscribers, is in the city on a short visit.

—Mr. T. D. Parker, of the United States Naval Academy, of Annapolis, Md., is visiting the city.

—Miss Clyde Benton, of Newton Grove, who has been at Carolina Beach for several weeks, has returned home.

—Mr. O. A. Wiggins, lumber commission merchant, has opened an office at the corner of Walnut and Nutt streets.

—Mr. Will Pennington, of this city, who has been working as operator at the Hammocks, is very sick and confined to his room.

—Mr. M. O'Brien showed us yesterday a four-leaf shamrock sent him from Ireland and which he will place on exhibition at his store on Nutt street.

—Col. L. L. Polk, of Washington, D. C., President of the National Farmers' Alliance, was in the city yesterday. He left on the Carolina Central last evening.

—Miss Lilly McIntyre, of Rocky Mount, and Miss Daisy Parker, of Warsaw, who have been spending a few days in the city, left last night for home, much pleased with their trip.

—Mr. Trabue Barksdale, Manager, of the Industrial Manufacturing Co., has signed a contract to furnish several Florida orange growers with boxes for the balance of the year.

—Mr. Jno. A. Turrentine has returned from a visit to Nebraska and other States in the great Northwest. He reports crops in fine condition everywhere. At Omaha he met Mr. W. H. Beatty, who formerly resided in Wilmington, and is now engaged in business at Omaha.

—Representatives of the Northern press at Greenbrier White Sulphur Springs in Virginia are very profuse in their complimentary allusions to Miss Sadie Tucker, of Raleigh, N. C. She is styled by them as perfect of feature, a beautiful blonde with bewitching eyes, a fearless rider, graceful dancer and most natural and fascinating in manner.

—The following were among the arrivals in the city yesterday: T. Royals, Charleston; F. A. Grove, J. W. Roach, A. Shaw, F. F. Jones, B. McGinnis, P. P. Zimmerman, Charlotte; E. W. Dixon, Belwood; J. T. Elmore, Maxton; Jas. McGinnis, Laurinburg; W. B. Summersett, Charlotte; H. Peters, Egypt; T. C. Howard, New Bern; J. B. McFadyen, Westbrook; W. B. Brice, Wallace; T. T. Rook, Odessa.

—Greensboro Record: We learn that there has been discovered on the "Kathleen Place," on Asheboro street, three very valuable mineral springs, which have been named as above. The virtue of these springs has been tested for years.

LOCAL DOTS.

Items of Interest Gathered Here and There and Briefly Noted.

—Newbern has a naval militia.

—A colored brass band accompanied the excursionists from Charlotte to Chicago to do missionary work among the wicked hustlers of the Windy city.

The Louisville Courier-Journal asks if a man "shall submit to be lied about and leave the lies uncontradicted." On general principles we should say no if the lies are respectable enough to be worth noticing.

But sometimes it is better for a man to be lied about than to have the truth told on him. In that case the sooner he contradicts it, swears it ain't so and calls in his neighbors to prove it, the better.

A Western contemporary wants to know if the farmers are having such an up-hill time in Iowa, as Gov. Boies says they are, why he don't sell his farms and quit farming.

Maybe he can't. There is so little to enthuse people over farming in the West that they are not rushing to buy farms in Iowa. He might give them away, but selling is another.

A Pio-Nio on Black River.

There was a Farmer's picnic yesterday at Messrs. T. and F. Sessoms place on Black river, known as Long View. It was a very enjoyable occasion; everybody in the neighborhood and many from a distance were present.

From fifteen hundred to two thousand people were on the ground. The day was passed in feasting, dancing and merry-making. A party went up from Wilmington, on the steamers Lisbon and Della with a band of music. A feature of the occasion was that there was no speaking. The ladies, of course, were in great force.

Weather Forecasts.

The following are the weather forecasts for to-day:

For East Florida, continued warm, generally southerly winds and occasional showers.

For Georgia and South Carolina, fair weather except scattered showers along the coast; no change in temperature except slightly warmer in northwest portions and southwesterly winds.

For North Carolina and Virginia, generally fair except local showers in mountain districts of Virginia; no decided change in temperature and variable winds.

Rice in Fine Condition.

The rice crop is reported by planters to be very fine. The early March and April rice is in splendid condition, and the late April and May planting is well advanced for the season, much more so than was expected. It is almost impossible to make a correct estimate of the yield of rice before threshing has begun, but from the appearance it is believed the yield will be equal to, if not greater than last year with a favorable harvesting season. The grain appears to be well developed.

Confederate Reunion.

Company B, First North Carolina Battalion, will have a reunion on Thursday, September 24th. Everybody is invited to meet with them and carry refreshments, as it will be a basket picnic. There will be good speakers on hand and a fine time generally may be anticipated.

Cotton Region Bulletin.

The rain area having moved eastward, off the coast, only light local rains occurred yesterday in the cotton region. The temperature increased, the average maximum ranging from 84 to 93 degrees. The average for the Wilmington district was 90 degrees.

Yesterday's Weather.

The records of the Weather Bureau give the following report of the range of temperature, etc., yesterday: At 8 a. m., 90°; 8 p. m., 80°; maximum temperature, 90°; minimum, 76°; average 82°; prevailing wind, southwest. Total rainfall .0.

Has Been Accepted.

The organ of the Fifth Street M. E. Church has finally been accepted and turned over to the proper authorities. It is a superb instrument in all its parts and in every particular, and the church is to be congratulated on the acquisition of so fine a help to its musical possibilities.

THE MURDERER JOHNSON.

An Attempt at Lynching Foiled—The Prisoner Sent to Jail at Elizabethtown.

From persons who arrived on the C. F. & Y. V. train last evening it was learned that the colored people at Ivanhoe made an

ATTEMPT TO LYNCH THE NEGRO John Johnson, the murderer of the colored girl, Florence Sutton, but were prevented by the determined stand taken by W. I. Shaw, Esq., the magistrate of the township.

When Johnson was brought to the station, shackled and tied with a rope, he was removed from the cars to a cart that was in waiting and was driven at once to Mr. Shaw's house. About fifty

EXCITED COLORED MEN surrounded the horse and cart as it was driven off; but Mr. Shaw, seated with the driver, drew a pistol and told them that he would shoot the first man that attempted to stop the horse or make any other hostile demonstration.

This overawed the crowd of negroes, who seemed to be without a leader, but they followed the cart closely, and that night camped around Mr. Shaw's dwelling where the negro was confined, guarded by ten armed white men.

PRELIMINARY EXAMINATION.

Yesterday forenoon the preliminary examination of the case against Johnson took place before Justice Shaw and after a patent hearing lasting about an hour, Johnson was ordered to be committed to the jail of Bladen county to await his trial for murder.

In furtherance of this order, it is said that Johnson was taken at noon, in the custody of the township constable, across the country to Elizabethtown, the county-seat. It was not known whether any further demonstration against the prisoner was contemplated by the negroes.

RIVER AND MARINE.

The Hatteras Light-House—Suggestion by an Amateur Engineer.

Speaking of the recent failure in locating the caisson for the new light-house on the shoals off Cape Hatteras, an amateur engineer proposes a plan. Briefly described, it consists of four long screw-piles, firmly placed deeply in the shoal, enclosing a rectangle, say, one hundred feet square. These piles should be of iron, and long enough to project several feet above high tide, and each protected by a heap of rip-rap rock work thrown around them. From the tops of the four piles spring arches of lattice iron work meeting in the center and firmly braced by the rods.

The top of this arch may be fifty feet above the water and forms the last of a light iron tower of open lattice work reaching to a height of about 150 feet above the water and leaving the lantern at the top. It is not intended for an ordinary lantern with men to look after it, but is to be an incandescent electric lamp of great power, kept burning by a sub-marine cable connecting it with the dynamo house on the shore. Spare lamps for renewal or repairs may be kept in a safe receptacle on the tower, and such renewal or repair may be quickly done by one or two men in a boat. Such a structure would resemble the Eiffel Tower, on a small scale, and the open arch form of the base would allow of a free sweep of waves through it, with no danger of overturning it.

THE VETERANS ENCAMPMENT

An Ex-Confedate Tells of His Enjoyment and Expresses His Thanks to the Ladies and Others.

LEXINGTON, N. C., August 5. EDITOR WILMINGTON STAR.—I wish to express my thanks through your paper to the kind people of Wilmington, for their kind treatment to us old veterans, while in camp at Wrightsville. In saying this, it is not only my own sentiments, but those of every one I have seen; that was there. All speak the same; and in truth and justice, must say I don't see how we could be treated kinder by any people.

And those kind ladies will never be forgotten by us. They will have our thanks and prayers till the day of our final departure from this life. May they live long in pleasure and happiness, and may the great God reward them here and hereafter for their noble kindness toward us.

And now I must speak a few words in behalf of the railroad authorities. I travelled on different roads, and must say was treated kind by the officers of all. They all seemed to be glad we had the opportunity of going free of charge, and treated us with all the kindness they could.

It was a great treat to us, such as many of us will never have again. Yours, respectfully,

E. D. TURNER, Co. G, 4th Regiment N. C. troops.

Excursionists.

A party of colored excursionists from Charlotte and points along the C. F. railroad arrived yesterday evening about 7 o'clock; there were nine or ten coaches well filled.

Another party from Greensboro came in on the C. F. & Y. V. road, and went through to the Hammocks and Ocean View.
