The clerks in Washington are running the Government now, Attorney General Miller being the only member of the cabinet in town.

There is a singular coincidence as to time between the alleged plot to loot the treasury, revealed by the "King of the Tramps," and the return to this country of Tom Reed, the "King of the billion dollar looters."

Commissioner Raum has about as little idea of time as he has of pension figures. He asked and got a leave of absence "for a day or two," and turned up in Washington thirty days after. In March and April he was absent only forty days. But that refrigerator must be looked

Rev. Dr. Adams who preached last Sunday at Ocean Grove, N. Bismarck recently excused himself from a party with which he was chatting, saying: "Well, I must go in, as my wife will scold me if I am late to supper." There is nothing like beginning right with husbands. When a woman once gets'em down she can keep 'em down, and she can always do it if she begins in time, before they get set in their ways. Commissioner Raum don't see what business it is of the newspapers, or what right they have to be jumping on him for being away from his post for thirty days when Mr. Harrison and all the other big bosses at Washington are lolling around at the summer resorts and taking life easy. Come to think of it the newspapers should not complain. The longer Raum stays away from Washington the better.

The Rocky Mount Argonaut is getting up a twelve or sixteen page industrial issue to appear on the 27th, inst. It will treat extensively of the resources and advantages of Eastern Carolina. Eyery issue of the Argonant, by the way, is an industrial issue, for there is no paper in the State that gives more attention to industrial matters than it does, in which it is level.

The Schenck-Fife Affair,

The Greensboro correspondent of the Richmond Times says: It has been reported that a "meeting'

has been arranged between ex-Drummer Fife and one of the Schencks, and that a duel is likely to come off.

It is also rumored, and probably cor-rectly, that the matter will be brought before the next term of court at this place, and that Fife will sue the Schencks civilly, also, for damages. These reports have started the matter afresh, and any news connected with the affair is keenly relished by the public.

NORTH CAROLINA REPUBLICANS.

A Raleigh letter makes the following disclosures: Judge Albion W. Tourgee, the noted political writer and novelist, now of Maysville, N. J., but formerly a resident of this State, is said to be working in Seymour's interest for the position of judge of the Circuit Court, and the sentiment here seems to be that he will receive the appointment. Judge Dick, the district judge of the Western North Carolina district, is also a candidate for promotion, however, and is an able jurist. The Greensboro Repub-

A Cumberland County Veteran Hopes for Many More Reunions. FAYETTEVILLE, N. C., Aug. 4.

EDITOR STAR-I, in common with all the old "vets" enjoyed my visit to Wilmington and Wrightville. That was the first "gala" time we have had since the war, and the people of Wilmington -all of them-and the ladies especially-deserve the lasting gratitude of every old soldier in the State, for their open-handed and generous-hearted hospltality and liberality.

I hope, we shall have many such reunions, and no better place could be found, than on the spot where we held our first.

A. D. GILL. A Big Smoke But no Fire.

Between one and two o'clock yesterday afternoon smoke was seen issuing from the basement of Messrs. Brown and Roddick's dry goods store, on Front street. The store had been closed at one o'clock as is the usual custom, for the Friday-half holiday, and no one was on the premises. An alarm sent in from box No. 41 speedily brought out the Fire Department, but fortunately its services were not required. Some of the firemen forced an entrance to the basement in rear of the building and Chief Newman entering to look for the supposed fire found that the dense smoke with which the place was filled came from the furnace, in which a fire had been made by some of the employes before the store was closed, for the purpose of drying the basement.

FLORENCE SUTTON'S MURDERER. Particulars of the Capture of Jas. Johnson

-His Confession-Attempt to Implicate the Girl's Father in the Murder. A correspondent of the STAR gives full particulars of the murder of the colored girl Florence Sutton by James Johnson, colored, near Ivanhoe, as here-

tofore published in this paper. Of Johnson's subsequent arrest, his confession and the attempt made to lynch him the correspondent says: Johnson was arrested by Mr. Frank

D. Parker, at Newsom, some distance above Parkersburg. Mr. Parker saw Johnson pass his place that morning, and thinking that he looked very much like the man wanted, he pursued and caught him. Johnson at first denied that he was the man wanted, but afterward saidlhe was, and made confession of the crime in all its horrible details. He made it fully and voluntarily, and after being written out signed it in the presence of F. D. Parker, J. P., and others. He also implicated the father of the child in the crime. Threats of lynching were freely indulged in at Parkersburg but were not carried out; and again at Kerr, when he (Johnson) was delivered to Mr. Shaw and officers, it came very near being another case of "Judge Lynch." The negroes were very much incensed, and especially the wo-

The prisoner was taken to Bladen and placed under a strong guard and held until the 5th (Wednesday). He made another confession to Justice Shaw, implicating not only the father of his victim, but another negro, as having known of the crime-one Lawson Bry-

ant by name. Johnson was arraigned before Justices W. I. Shaw and Jas. N. Corbett and after hearing the charge against him read, the defendant's plea was "guilty." Before entering judgment the court made a thorough investigation of the implied charges against Albert Sutton and Lawson Bryant, but found nothing against them and they were discharged. Johnson was placed in the custody of an officer, and under strong guard was
