ville, Va., charged with attempting a at the University of Virginia. -- The Gilliard brothers, charged with murder, were taken from jail at Somerset, Ky., and hanged by a mob. -- A verdict of not guilty was rendered by the jury in the case of young Hains, charged with the murder of Hannegan, at Hampton. Va. -- New York markets: Money easy at 31/2@5per cent., closing offered at 4: cotton quiet; middling uplands 8 9-16 cents; middling Orleans 9 cents; Southern flour steadier, with more de-Wheat unsettled and closed easier; No. 2 red, \$1.0234@1.02% in store and at elevator; corn quiet and lower; No. 2, 71/2c at elevator; rosin quiet and steady; spirits turpentine quiet at at 3814@38%c.

Give Russia an inch and she'll take an ell, but England is not disposed to let her have the Dardanelles.

A very considerable portion of the American family runs on wheels. Not counting the bicyclists the railroads carry an average of 1,500,000 people every day.

Secretary Foster boasts that the "Republican party does things." From the present dilapidated condition of the U.S. Treasury it is evident that it does.

During 1890, there were built in the United States 8,500 churches. In this connection it may be remarked that the Democratic majorities were very largely increased in 1890.

Some of the Western papers have discovered that Jay Gould is a physical "wreck." We don't know that Jay is a blooming example of a wreck, but he knows a good deal about it.

England seems bent on putting herself into a position to command the Hellespont. If Russia and Turkey don't crawfish the first part of this pont is suggestive of the kind of a time they may have over

The New York Tribune remarks that "President Harrison in appointing Senator Fassett Collector of the port of New York, started a new child of destiny on his way." With such a start, alas! who can tell where this poor child may wind up?

Some of the Virginia papers speak of Mahone "the madman." This madness does not take that violent form, however, that it can't be relieved with some blue streaks of language with which Billy is familiar and in the use of which he is an adept on those special occasions when he becomes riled.

Members of Republican clubs in Ohio go around wearing little tin tags. That's the way McKinley marks 'em. These tags, made in the shape of buttons, are stamped with the fanciful legend "American tin." This is a tin-plated fraud. The tin out of which they are made came from Wales.

Baron Fava don't show up in a very favorable light from the accusations that are made against him in of handsome, rosy-cheeked, finely-form-Rome. He was allowed \$5,000 for ed girls. Mr. Williams did not see them, rent of quarters in Washington, but instead of living in an alleged "palace" he occupied cheap apartments, that cost less than \$1,500 and pocketed the balance.

For a long time the people of Philadelphia have been trying to get the Secretary of the United States Treasury to institute an investigation of the collapsed Keystone bank, but there was always some excuse for not doing it. Fifty of the citizens have now brought Mr. Foster to the rack, by agreeing to defray all the expenses of the investigation, and are patiently waiting to hear what 78°; prevailing wind, south. Total he will say to that.

On the Question of Removal of the County

Seat of Brunswick. Quite an interesting meeting was held merchant of Tolarsville, N. C., spent Monday night at the court house in Southport pursuant to a call of the Board of County Commissioners, to consider the question of the removal of the county seat from Southport to some more central location. Before allowing the people to vote upon the question of removal, the Act of 1891 requires the place to be voted for to be agreed upon and designated at a joint meeting of the Board of Magistrates and County Commissioners. At this meeting, city yesterday, on his return from atthree of the five County Commissioners, retused to attend and participate, after a committee of the Board of Magistrates had waited upon and requested their attendance. The Magistrates and the two Commissioners met and proceeded to vote on the location, notwithstanding the absence of a majority of - Mr. J. B. Taylor, formerly the Commissioners, and designated the place to be voted for as a point near with Mr. E. Kuhblank of this city, but Lockwood's Folly bridge. The County Commissioners claim that the action of this meeting was illegal, as a majority of their- body did not concur. Much feeling is manifested and litigation is threatened, lawyers having been employed already to carry the matter into the courts.

> BRUNSWICK SUPERIOR COURT. The Business of the Term Concluded Yes

Brunswick Superior Court concluded its business yesterday, and will adjourn sine die to-day. A good many criminal cases were disposed of but altogether several cases of retailing liquor without license-selling "botanic bitters"-in which all the defendants were ac-

Daniel Lee, colored, charged with larceny, was also acquitted.

The only civil case tried, was that of Priscilla Paris vs. George Paris, colored, for divorce, A decree was granted.

in attendance were Messrs. John D. Bellamy, Jr., Sol Weill, Iredell Meares and P. B. Manning, with J. B. Schulken Esq., of Whiteville.

Judge McIver will discharge the grand tar. jury to-day. Solicitor Frank McNeill came up to the city yesterday, on his way home.

Weather Forecasts.

The following are the weather forecasts for to-day:

winds, warmer, except in southeast por rosin, 176 bbls. tar. tion, stationary temperature.

cept in extreme southern portion, stationary temperature, westerly winds. For South Carolina, fair, variable winds, no change in temperature.

We Think Not. The Charlotte News learns that it is very probable the office of the Train Master of the Carolina Central Railroad will be removed to Charlotte. There has been some talk of this sort, and also in regard to the removal of the Superintendent's office; but we do not look for any such change. It is not likely that the Carolina Central people will take everything away from Wilmington.

CITIZEN B. & L. ASSOCIATION.

Fourth Annual Meeting-Election of Officers, Etc.

The fourth annual meeting of the stockholders of the Citizens' Building and Loan Association was held last night in the City Court room. President Wm. H. Chadbourn presided. Messrs. A. J. Marshall and Walter Smallbones were appointed a committee to verify proxies. They reported 1,291 shares-being more than a majority of the stock-whereupon the meeting was declared open for business.

The minutes of the last meeting were read and approved, as were also the financial report prepared by the secretary, which showed the affairs of the Association to be in a prosperous condi-

An important amendment to the constitution was carried unanimously. An election of directors was then held which resulted in the selection of the following: Messrs. W. H. Chadbourn, W. A. Riach, W. F. Williams, H. G. Smallbones, J. H. Sharp, J. W. Jackson, Jas. T. Riley, G. M. Altaffer, John McEntee, M. Bellamy, A. G. Hankins, W. W. Hodges, T. J. Platt.

These were re-elections except Mr. Hodges, who was elected to fill a va-

cancy. The stockholders' meeting then adjourned and the Board of Directors were called together. Mr. G. M. Altaffer was called to the chair and on motion the old officers were re-elected unanimously as follows:

President-W. H. Chadbourn. Vice President-H. G. Smallbones. Secretary and Treasurer-J. S. Mitch-

Attorneys-M. Bellamy and A. G. It was decided to open a fourth series

at once. Those wishing to secure stock should call upon the Secretary and

COTTON FACTS AND FIGURES. - Spot cotton advanced a sixteenth

in this market yesterday; middling quoted at 7 13-16c. per pound. -The Weather Bureau predicts continuance for a day or two at least of the ccol and dry weather prevailing over the

-Yesterday was another big day for the cotton planter. The warm sunshine will open the bolls and make the fields

white with the snowy staple. - Charlotte News-Farmers who were in the city to-day report that open bolls of cotton are to be seen here and there in the fields. It is very probable that Mecklenburg's first new bale will come to the market before the present

- New York Bulletin-Print Cloths. -The market for printing cloths is strong, and business in 64x4s has been reported to-day at 3c per yard; no change being made in 56x60s. Whatever may be the prevailing opinion here on the question of possible labor troubles, advices from Fall River say that "strike talk" is predominant there.

- Augusta Chronicle: "Cotton is a fool, and the more you know about it the more you don't know," was the unique and paradoxical declaration of a dealer on 'Change yesterday. There is a great difference of opinion about the size of the growing crop, and a prominent factor offered to bet another yesterday that he could not guess within 300,000 bales of what the next crop would be.

- ATLANTA, Sept. 12,-Rain fell all day yesterday. Its effect was very damaging. While the pickers' strike is doubtful, the talk of it has demoralized labor. The negroes are excited and holding meetings to such an extent that in Lee and Burke counties the pickers put in only about half time. Many complaints of damage by rust and cater-pillars are received, but cotton is coming into market thus far much superior to the average last year crop. George W. Truitt, one of the largest planters in the State, estimates the shortage at 331/4

OLC COLORED FOLKS.

The Free Excursion Given Them by the

New Hanover Transit Co. The Old Colored People's excursion, given yesterday to Carolina Beach by the New Hanover Transit Company was enjoyed by over four hundred old folks -many of them teeble and decrepitbesides a number of young people who accompanied them. Ex-Coroner David Jacobs was manager for the occasion, and did everything in his power for the comfort and enjoyment of the excursionists. During the day a meeting was held, Rev. Jas. W. Telfair presiding, with Jas. H. Jones secretary, and at which the following resolutions were

adopted: WHEREAS, We feel that an expression of our appreciation of the kindness of Captain John W. Harper of the magnificent steamer Wilmington and the officers of the New HanoverTransitCo., are due them for an excursion for the benefit of the old people of our race from Wilmington to the boundless and ever agitated waters of the beautiful Carolina Beach; therefore be it

Resolved, That we extend to Captain Harper and the Transit Company for and in behalf of the aged colored people, our thanks and congratulations for this annual pleasurable and beneficial ride on the bosom of the old Cape Fear River and to old Ocean, and for the thoroughfulness of its transit service and uniform kindness of its officers. Resolved, further, That we return a

a vote of thanks to Mr. David Jacobs, manager, for the interest manifested in behalf of the aged for their comfort, Resolved, further, That a copy of these resolutions be presented to Capt. Harper and a like copy to Mr. David Jacobs.

Respectfully submitted: R. H. Simmons, Ed. Robinson, J. C. Dancy, F. P. Wiliston, B. W. Morris, L. T. Christmas, W. H. Thomas, Committee. The resolutions were unanimously

adopted and the meeting adjourned. The old folks enjoyed the trip immensely and the pleasant day spent on the beach. They returned to the city late in the afternoon with the warmest feelings of gratitude to the company and its officers and all who had contributed to their enjoyment.

IS THIS ONE OF THE TRPMPS.

For Whom \$10,000 Reward is Offered by the Richmond and Danville Company. The Petersburg, (Va.,) correspondent

of the Richmond Dispatch of yesterday There was an arrest here to-day of

white tramp who claims to be from Baltimore, about which some interest attaches. He gives his name as Thomas Jones, and the charge against him is the acknowledged one of larceny. He went into the pump-house in the yard of the Norfolk and Western Railroad and stole a bottle of whiskey and some clothing belonging to a negro named Roland, and subsequently had the impudence to invite the man whom he had robbed to take a drink of his own whiskey.

When taken to the station house and searched there were found upon the prisoner's person several visiting cards bearing the name of Colonel Benehan Cameron, who narrowly escaped death by the recent terrible accident near Statesville, N. C.; also, several of the metal window fastenings which were taken from one of the broken cars of the wrecked train. When asked how he came into possession of these articles lones said he was in the vicinity of Statesville when the wreck occurred, and that the cards of Colonel Cameron and the window fastenings were given to him as "mementoes" of the terrible accident. After he was put in jail the man refused to talk any more the matter. He also had other articles about him which caused suspicion.

RAILROAD NOTES.

- An order has been entered authorizing the receiver of the South Carolina Railroad to pay the coupons of October, 1890, on the first consolidated mortgage bonds, together with interest on the coupons to date of payment.

- A railroad doing business in South Carolina will in a few days apply to the controller for a rebate of its taxes as fixed by the State Board of Equilization. This is the first move that any of the railroads have made, and it may be the keynote to the action of a good many of the others. The petition is now being prepared, and as soon as it is completed it will be presented to the controller. This privilege is given by jaw, and the controller may comply or not, as he sees fit.

- The reported troubles of the Richmond Terminal have very naturally caused some uneasiness among those interested in the welfare of the company in Georgia and South Carolina. In an interview published in the Savannah Times, General Manager Green says:

"The fact of the Richmond Terminal Company going into the hands of a rereceiver would not in any manner affect the Richmond and Danville Railroad Company nor any of its leases or controlled lines. The Central Railroad is leased to the Georgia Pacific and that road in turn is leased by the Richmond and Danville, which company practically guarantees both the other lines. "So you see," he continued, "unless the Richmond and Danville Company should become insolvent, the Central is

"In what condition is the Richmond and Danville now?" The Times man asked. "First-class, first-class," Mr. Green replied, "Why, you can't buy its stock

now for 150." DIED, **WHOLE NO. 7.736**

The town of Moberly Mo., is threatened with a scarcity of small change. The girls of one of the churches there have struck on a plan to pay off the church debt, and have pledged themselves to put ten cents into the church treasury 'every time they are kissed. Of course no well regulated Missouri young man under these circumstances would let the girls foot the bills and the consequence is that all the small change in town is going into the church box.

It is said that rain-compeller Dyrenforth will ask for more money from the next Congress to continue his rain-fetching experiments. If there are any Senators who have criminal assault on a young lady visitor | land down in Texas which they want wet, he will get it, as Senator Farwell got the \$10,000 which Dyrenforth has got away with, as a personal favor to him.

Various Crops. Mr. W. F. Williams, who returned Monday night from Rutherfordton and Chimney Rock, says the corn crop in the fertile valleys of that section is magnificent in appearance and immense in quantity. East of Charlotte the crop is good, though not equal to that further West. The cotton crop is short, but the fine weather of the past few days has made the outlook much more favorable. Mr. Williams says that when he went up the road last Saturday the cotton fields were almost a solid green; but when he returned Monday they were white with open bolls, and hundreds of men, women and children could be seen picking out the staple. Among other curiosities seen by some of Mr. Williams' companions were scores
