

# Castoria

**For Infants and Children.**

Castoria promotes Digestion, and overcomes Flatulency, Constipation, Sour Stomach, Diarrhoea, and Feverishness. Thus the child is rendered healthy and its sleep natural. Castoria contains no Morphine or other narcotic property.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ARCADE, M. D., 111 South Oxford St., Brooklyn, N. Y.

"I use Castoria in my practice, and find it especially adapted to affections of children." ALAN ROBERTSON, M. D., 107 3d Ave., New York.

"From personal knowledge and observation I can say that Castoria is an excellent medicine for children, acting as a laxative and relieving the rest up bowels and general system very much. Many mothers have told me of its excellent effect upon their children." DA. G. C. OSOON, Lowell, Mass.

### SPIRITS TURPENTINE.

Greensboro Workman: The latest from the bedside of Auditor San ght is that his condition shows but slight improvement from day to day. He is not yet out of danger.

Rockingham Spirit of the South: Died, in this vicinity, on the 7th inst., after a protracted illness, which she bore with true christian resignation Mrs. Bettie J. Ellerbe, wife of John C. Eller, Esq., and daughter of the late Wil liam B. Cole, Esq., aged about 50 years.

De Leak and Louis Steele, two colored men of this place, became in volved in a quarrel one day this week which resulted in Louis hitting Dave on the head with the handle of a grubbing hoe, breaking the skull in two places. The doctors say that it may prove fatal. Louis is in jail.

Lumberton Robesonian: A gen tleman remarked in our hearing a few days ago that if he were to be tried for Robeson, he "would rather be tried in the State. Was this a compliment to the intelligence of our people, or to the ability of the local bar, or was it attrib utable to fancied vanity of the jurors? Whatever may be said in regard to the cotton crop of this county this year, there is one report in regard to the corn crop, namely, that it is immense. One farmer declares that he has made more corn on eight acres this year, than he made on twenty acres last year.

Raleigh News and Observer: Conductor Seitzer, of the Hillsboro street car line, received a very severe shock from an electric wire Sunday night. The trolley pole jumped the wire, and Mr. Seitzer went up on the car to readjust it. He caught hold of the pole, and his hand came in contact with the copper wire, which runs down to the car. This would not have burnt him, however, if he had not ac cidentally touched a telephone wire about the same time. This "grounded" him in the parlance of electricians, and he received a severe shock knocking him almost senseless. It was at first feared that the shock was fatal, but he soon revived and the only injury sustained was the severe burning of his hands.

Maxton Union: Some of the cotton planters of South Carolina are taking off cotton pickers by the score from this section. We are informed that three wagon loads of colored peo ple were taken from the negro church last Sunday night to the cotton fields of South Carolina. If this thing continues what are our farmers to do for pickers? It should be stopped. A gentleman brought into our office on Monday a stalk of crab-grass which measured six feet and ten inches in height. It was pulled out of a cotton patch near town—whose, we will not say; he was not an Alliance farmer, however. And yet some people say that grass cannot be profitably raised in this section. An acre of that grass would yield a long shot better profit than an acre of cotton at 7 cents per pound.

Goldsboro Headlight: Yester day afternoon at 12:20 o'clock Mr. Will E. Humphrey expired very suddenly in the postoffice building caused by a hem orrhage of the lungs. He was at the time in the postoffice getting his mail when all at once a flow of blood began to gush from his mouth and nose, and before they could make him comfortable on a bed in the rear of the postoffice he was dead. Mr. Humphrey was in the 38th year of his age and well known throughout this and the adjoining States as a polite and attentive hotel clerk in which capacity he served faith fully the McAdoo and Benbow Hotels, at Greensboro, the Atlantic Hotel, at Morehead, and more recently the Gregory Hotel here. The horribly mu tilated body of an unknown colored man who, presumably, was run over by a passing train of the W. & W. R. R. on Sunday night, was found on the railroad track, nine miles south from this city, early Monday morning.

Lenoir Topic: A couple of old maiden ladies, the Misses Bowman, residents on Mulberry, having died within the last year, left among their effects some pieces of dress goods bought at the old Fairing store that were car ried all during the war without being made up and a set of cups and saucers; bought at the same place, that had never been used nor even washed. Mr. L. P. Henkel has a "model farm" near Lenoir, upon forty acres of which he has raised, this year, 1,000 bushels of oats, raising on some of the land as much as seventy-five bushels to the acre. Mr. Henkel is now mowing from the same land a crop of crab grass hay that he considers worth as much to him as the oat crop. Mr. Sidney Thompson, aged about 73 years, died at his residence on upper Lower Creek Sunday afternoon about sunset, and was buried at the Henry Steele graveyard Monday evening. Mr. Thompson was stricken with paralysis on Thursday morning.

Political Points. — America's pensions amount to \$185,045,085. German pensions amount to \$10,000,000; difference \$125,000,000 annually.—Cleveland Plaindealer, Dem.

— Sherman and Foraker are hav ing a hot Senatorial fight in Ohio, but Foster will be the next Senator from Ohio if the next Buckeye Legislature is Republican. Foraker is a Foster automaton.—Chicago Mail, Dem.

It is now thought that \$12,000,000 will be required to pay the sugar bounty of the present year. We are supposed to have made sugar free, and the American people will pay \$12,000,000 in 1891 for having done it. The government doesn't furnish the money. It is the people.—Boston Transcript, Rep.

Mr. T. Thomas Fortune, the colored diplomat who fought so bold ly for the Haytian Mission and lost it so ignominiously, should keep his eye upon that rising colored statesman, Henry F. Downing, who has just or ganized a Roswell P. Flower Colored Club in this city. While Mr. Fortune is yearning for distant diplomatic honors and Henry F. Downing is busy with the business of a local character. Downing has selected, and he is the busy bee to ex tract it.—N. Y. Advertiser, Ind.

A BIG CONTRACT.  
New Orleans Picayune.

It is reported that the Pearlring Mills have taken a contract to fur nish the German Government with 50,000,000 feet of yellow pine lum ber. This is said to be the largest transaction of the kind on record. The contract requires the companies to deliver the lumber at German ports and a bond is demanded for its fulfillment. The magnitude of the operations can be imagined from the fact that it will require 100 ves sels to carry the lumber contracted for. They will sail mainly from New Orleans, but some few cargoes will be shipped from Ship Island and Pascagoula, Miss. It is under stood that the lumber is to be used in railroad construction.

A Little Girl's Experience in a Light house.  
Mrs. and Mrs. Loren Trescott are keepers of the Gov. Lighthouse at Sand Beach, Mich., and are blessed with a daughter four years old. Last April she was taken down with Measles, followed with a dreadful Cough and turning into a Fever. Doctors at home and at Detroit treated her, but in vain, she grew weaker rapidly, until she was a mere "handful of bones."—Then she tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you may get a trial bottle free at R. R. BELLAMY'S Drugstore.

## SADLER'S COLLEGE.

BRYANT & STRATTON

FOUNDED IN 1864 by the present executive management, increased annual attendance—Now occupying four buildings—Stands unrivaled in facilities for education. ONLY MEN AND WOMEN for success in life. In deciding upon a school for their children, PARENTS should send them to FLETCHER'S, because it pays. It may require the expenditure of a few dollars more at first but it will prove the cheapest in the end. CHEAP tuition is very dear, because it means cheap teachers, cheap surroundings, inferior facilities, and often no opportunities for securing POSITIONS for its pupils and graduates. This institution, owing to its HIGH standard of excellence, has placed in desirable positions more young men and women from Maryland, Virginia, North Carolina, South Carolina and Georgia, than all similar institutions combined. Catalogues and particulars mailed on application. Address,
