Committee reccommended the purchase of a new truck for the Fifth Ward Hook and Ladder Company. It was also strongly recommended that a lot be purchased in the Fifth Ward and a suitable building be erected for the Cape Fear Fire Engine. Mr. Post stated that the present building occupied by the Cape Fear Fire Engine Co. was very unsuitable as well as unsafe, and that it was not in the right place, as the Fifth Ward is growing rapidly, a great many new houses are going up and most of the members live in that part of town. Therefore, it was recommended that a sum not exceeding \$1,000 be appropriated to purchase the

Cape Fear Engine. Alderman Fowler, of the Park Committee, stated that the party who had been negotiating with the committee had instructed him to inform the Board of Aldermen that unless speedy action was taken he would withdraw his proposition. The proposition in question was to the effect that the grounds would be given to the city, provided the city would spend two thousand dollars annually.
