There is lots of brains in .that Ecumenical Council now in session in the city of Washington.

Ex-Senator Ingalls drinks soda pop. Perhaps this is the reason why he effervesces so spontaneously.

Gov. Campbell, of Ohio, expresses the hope that the "voters of Ohio will do some thinking for them-This would be asking too much of the simpletons who go around wearing that McKinley tin

George Francis Train has become disgusted with New York. He couldn't run as he wanted to in that town, and announces that henceforth Chicago, the broad windy metropolis of the breezy West, shall enjoy his presence.

West Virginia is bragging of a new baby so small that it can be put into a quart cup. There are men in this world, full grown, who, if taken at the world's estimate of them, are small enough to be put into a smaller measure than a quart cup.

It is said that Edison has devised a system of electric traction for street cars by which the difficulty of using the current from underground wires and the objection to overhead wires are obviated. He puts the motor under the bottom of the car.

It is said that Senator Cullom has abandoned his intention of entering the ring for the Republican nomination for the Presidency. He says he wants to "see a man nominated who can lick the Democratic candidate." This shelves him, for as that kind of a lickist Cullom would be a bad

The Countess of Munster is of the opinion that "our girls know too much," by which she meant that the girls these days get along in the ways of the world at a much more rapid rate than their mammas did. It very often happens, however, that when the "girls know too much" their mammas know too little.

Col. Jolly has been nominated for Congress by the Republicans of South Dakota. There are not as many jolly Republicans as there used to be, but if he should be elected he will feel very much out of place on that solemn, lonesome side only jolly fellow in the lot.

Last Sunday an article by ex-Senator Ingalls on "The Cabinet of the United States" appeared in a New York paper, and comparison shows that it was taken almost bodily from The Congressional Directory, without credit. Mr. Ingalls don't seem to believe in the credit system. Some time ago he purloined the greater part of one of his funeral orations in the Senate from a sermon of the French pulpit orator Massillon, but it wasn't thought he had fallen so low as to pilfer from a Congressional Directory and palm it off as original stuff,

No one ever suspected Mrs. Frank Leslie of being erratic, but she married a Wilde Irishman Sunday last, William C. Kingsbury Wilde, a brother of Oscar Wilde, the æsthetic. They were married by Rev. Dr. Deems, in his church, in New York. Wm. C. gets a very handsome wife with lots of cash, don't you see.

The Goldsboro Argus was six and a half years old last Wednesday. Whether Mr. Robinson, the editor, has reaped much profit or not, he deserves much, for the Argus has always been a live, progressive and well edited paper. Always Democratic, and with the courage of its convictions it never fails to speak candidly and plainly.

The Wilmington STAR has entered upon its 25th year. Bright, newsy, progressive, able and reliable, it goes without contradiction that it is the best daily in North Carolina. It deserves to live to celebrate its centennial, and on through the ages as long as the Democratic party exists.

THE STATE EXPOSITION.

RAIN THROWS A DAMPER ON THE SCENE.

Daily Increase Noted, However, in Attendance and Exhibits-Alliance Men Arriving to Attend the Meeting To-day -Disappointment at the Absence of Col. Polk.

[Special Star Correspondence.]

RALEIGH, N. C., October 8 .- A cold, steady rain set in yesterday afternoon, continuing during the night, and this morning presents anything but a cheerful outlook for the Exposition. Aside from those interested in exhibits, there is a slim attendance, and these in some instances have allowed articles to remain at the depot rather than risk them to the inclement weather. There is now a growing opinion that a mistake has been made in opening the show until the commencement of the State Fair. This is not from any belief that the Exposition will ultimately fail to prove a complete success; but from what would appear a reasonable supposition, that more eclat would have been added to the occasion, and, at least, have disarmed chronic croakers, of whom there is a bountiful supply. As it is, candor compels the admission that there are not a few somewhat disheartened, although precedent would seem to furnish a contrary feeling. It is cited, that the Atlanta Exposition, a few years since, almost, as it were, languished for a week or so, but had in the long run a most successful career. There is surely nothing to disappoint all who may come. The exhibits are now fully up to the standard, and by the opening of the State Fair next Tuesday, they will be as numerous and rare as upon any ochasion, not excepting the Exposition of 1884. There is, therefore, no real cause for despondency, and that this grand occasion will redound to the credit of North Carolina and her sister Southern States may be consistently pre-

THE COLORED DEPARTMENT. Activity and energy, to a remarkable degree, continue to be displayed by the managers of the Co.ored Industrial Association, and, by the time their department opens, their will be no better division of the show. In fact, there is much enthusiasm among the masses of the colored people, and they seem specially jubilant over the announcement that Fred Douglas, B. K. Bruce, and perhaps others of their race will be present and deliver addresses.

MILITARY ENCAMPMENT. The feature of an encampment of as many companies as can be secured, to take place at the Exposition grounds, early in November, meets with much approval, and hopes are entertained that that the idea may be carried out, even if to a limited extent. Quarter-Master-General Harrell was engaged yesterday and to-day in preparing for the encampment of the Charlotte Light Intantry (colored). They propose to bring fortythree men, and are expected on November 2nd.

OUR NAVY.

At a late hour yesterday afternoon Adjutant General Glenn was closeted with Governor Holt, discussing matters relative to the proper equipment of the Charlotte Naval Battalion. It is understood that a Gatling gun has been ordered and that several howitzers and magazine rifles will be added.

FINE CATTLE. The first installment of cattle for the Exposition arrived this morning. The beeves are specially fine and are understood to be from South-western Vir-Mr. Patrick said yesterday that he anticipated large additions to this department in the course of the next

OXFORD ORPHAN ASYLUM. The exhibit of the Oxford Orphan Asylum is under the immediate care of Rev. Dr. Black, who is untiring in his efforts to have a most creditable show. The specimens of handiwork so far arranged are beautiful, and additions will

be made for several days. ODD FELLOWS' DAY. Manteo and Seaton Gales Lodges of Odd Fellows, of this city, are making arrangements for setting apart "Odd Fellows' Day" at the Exposition. It is probable that the latter part of October or early in November will be selected. In the meantime invitations will be sent to distinguished members of the Order throughout the country. If his health will permit, Grand Secretary Busbee

will deliver an address. BAPTIST FEMALE UNIVERSITY. There is a good deal of uneasiness manifested here over the present status of the Baptist Female University. A meeting of the trustees was held Tuesday night, and it seems to be the settled purpose to leave the entire matter to the Baptist State Convention, which meets in Goldsboro, November 11th. It is thought by many that this means a change of base, and that the University will be located elsewhere. It is evident that there is much tardin ss among those who subscribed for its ocation in Raleigh and, it is said, that some have "squarely backed down." As the Baptist denomination here is very large and wealthy, it would be unfortunate, if from inertness, there should be a change, especially as the site has been

OTHER MATTERS. Your correspondent was shown this morning by Mr. Ed. Teasly, one of our citizens, a clock that has been in the family for about 140 years. It is in splendid preservation, notwithsta nding

the works are of wood. It will form a part of Wake county's exhibit. The North Carolina car works are now running night and day to fill or-ders on hand. Their contracts with the Georgia Road, of which Gen. Hoke is president, are very heavy. Col. Thos. B. Keogh, of the World's Fair Commission, is expected here next

week, in the interest of working up a subscription to have North Carolina properly represented. Senator Norwood, of Georgia, arrived in the city this evening and will address the Alliance meeting to-morrow.

A large number of Alliance members are arriving to-night. Indications are that the meeting to-morrow will be well

attended. There is much comment and some disappointment at the absence of Col. Polk. The programme to-night announces Senator Peffer, President Butler and Bell as speakers.

Attendance at the Exposition ground this afternoon shows a considerable in-

E EASTERN BAPTIST ASSOCIATION. [Special Star Correspondence.]

Held its 48th annual session at Dobson's chapel, which is eight miles from Magnolia, and six from Keenansville, Duplin county. The opening sermon was preached

by Rev. O. P. Meeks, of Clinton. The old moderator, Rev. J. L. Steward, was elected, and so was the old treasurer, S. M. Carlton, but the former clerk, I. T. Bland, Esq., at his own request, was not chosen, but J. T. Blackburn was elected in his place.

The association is composed of the churches lying in Duplin, Sampson, Pender, New Hanover and Onslow, and aggregating about 7,000 members.

The past year has been one of great prosperity, there having been baptized nearly 700, and a considerable increase in the contributions to almost all objects. The aggregate amount reported to the body given to all objects was \$14,933.81. The First Baptist Church of Wilmington reported 436 members, and contributions to all objects to the amount of \$7,579.02.

The Brooklyn Baptist Church reported 295 members. Dr. Pritchard preached the missionary sermon Wednesday at 11 a.m. and at Kenansville that night other sermons, were preached by Revs. M. T. Kessler

and R. C. Landing. The visiting ministers present were Dr. C. Durham, of the State Mission Board; Rev. M. T. Kessler, of the Sunday School Board, and Rev. J. D. Newton, of the Thomasville Orphanage, who added much interest to the session

of the body. This part of the country seems to be prospering, and the neighborhood extended to the Association a generous and elegant hospitality. The next session of the body will be held with the church at Richlands, Onslow county, and Rev. R. E. Peele was chosen to preach the missionary sermon.

THE SAM JONES' MEETINGS.

A Cordial Invitation to all Denominations

and the Public to Attena. In behalf of the committee, and for the good people who have arranged for the meeting commencing at the tabernacle Saturday evening, 10th inst., to be conducted by Revs. Sam P. Jones and Geo. R. Stuart, I would cordially invite all pastors, ministers, laymen and the public who feel so disposed, to attend and join us in our efforts to do good and to advance the cause of our common Master in this, our "City by the

I would be glad to say in this public way that I was very much gratified, and rejoiced to witness in Cartersville, Ga., the home of Brother Jones, the union of spirit and effort which existed

between the different churches. The Pastors of the Baptist and Presbyterian Churches, Revs. Dr. Dobbs and Hillhouse, with a large per cent. of their members, were in constant attendance on the tabernacle meetings, and when the services closed at the tabernacle the meeting was continued at the Methodist Church for a week, the Baptist, Presbyterian and Methodist Pastors preaching by turn, and on the following Sabbath each occupying his own pulpit and opening the doors of his Church for the reception of members, the fruits of the

meeting. Brother Jones is much beloved at Cartersville, his own home, where a man is best known, and the co-operation of his fellow Christians and citizens is cordial and hearty.

As an eye witness and participant in a good meeting at his home, I am glad to record these tacts. May God bless him and his co-laborers and the whole city during the meeting here, is the humble, earnest prayer of this writer. W. S. CREASY.
