SPIRITS TURPENTINE.

- Durham Sun: Mrs. Tamar Manning Battle, wife of Mr. Gaston Battle, of Rocky Mount, died this morning at the home of her parents at Chapel Hill. She was a sister of Dr. J. M. Manning and Mr. J. S. Manning, of this

-- Raleigh News and Observer : On Sunday afternoon a white lad named Britt received a terrible kick from a mule in the lot adjoining Mr. Ed. Lee's stable, on Wilmington street. His jaw was broken, and eight of his teeth were

- Lumberton Robesonian: It is our deliberate opinion that the crops on the Lumberton & Carthage road, in Robeson county, are the best we have noticed in the last twenty years. This applies to cotton which is well fruited as to corn. It is the general opinion that the crops in Robeson are better than in any of the surrounding counties.

- Ashville Citizen: Buncombe county criminal court convened this morning at 10 o'clock. After Judge H. Bascom Carter had charged the grand jury, the court took up the case against Robert Dougherty, for killing Wm. Torrence. A verdict of manslaughter was agreed on between Solicitor Carter and the counsel for the defense. Judge Carter then went into the examination ot the case, to determine the sentence to be put on Dougherty. Just before 4 o'clock Judge Carter sentenced the prisoner to twenty years in the peni-

- Greensboro Record: Newell & Tucker's store was burglarized Saturday night by experts. An attempt was made to reach the lock on the lower front door by boring. Nine holes were bored without success; but when the upper front door was bored, the auger struck the "bull's eye" the first time, and the lock yielded to the pressure. The money drawers were prized off, but only a few cents were obtained. -Thomas H. Henley, a man far advanced in years, died on the sleeper this morning just this side of Charlotte. He was traveling alone and had a ticket to High Point, at which point his uncoffined remains were delivered at 11 a. m. to-day. All we could learn was that he was a

native of Randolph county and had a

ticket from some point in Texas. - Charlotte News: Mr. Robert C. McGinnis died at his home in this city, at 9 o'clock yesterday morning. He had been sick for a long time with Bright's disease. Mr. McGinnis was a brother to Mr. E. D. McGinnis, and was about 58 years of age. - About four months ago Mr. Robert Mcrton, an engineer on the C. C. & A. Railroad, was bitten by a mad dog. He went to New York and submitted to the Pasteur treatment. The treatment was.complete, and paying \$250 for it, Mr. Morton left the Institute with the guarantee that he was cured, and indeed he felt that the treatment had been a perfect success. On returning to his home in Columbia he enjoyed good health until within a few days past, when symptoms of hydrophobia manifested them-selves. He grew rapidly worse, and died yesterday morning at 9 o'clock. The physicians who treated him say that there could be no mistaking his malady. It was a genuine form of hy-

- Lenoir Topic: A direct telegraph line has been erected between Lenoir and Lancaster, S. C. A telegraph office has been established at Granite Falls. - A correspondent tells of two boys, 16 and 18 years of age, who attended Robinson's show at Morganton, and who never before had been "half a mile from home, had never been to preaching, had never seen a minister, had never been to a free school, had never been to Sunday School, and had never gone a-courting!" — The pos-sibilities of this country as a beef-furnisher, and its ability to teed the whole Southern country with beef, are not half known. Mr. W. W. Sherrill passed through Monday with 25 or 30 of what Mr. S. M. Clarke called the finest drove of beef cattle he ever saw. --- We learn that at Hickory, just after the circus performance was closed last Wednesday, a negro woman who had wit-nessed it, fainted and died. She had been quite sick for several weeks, and was too weak to go out, but insisted on going to the circus.

A Wonder Worker. Mr. Frank Huffman, a young man of Burlington Ohio, states that he had been under the care of two prominent physicians, and used their treatment until he was not able to get around. They pronounced his case to be Consumption and incurable. He was persuaded to try Dr. King's New Discovery for Consumption, Coughs and Colds and at that time was not able to walk across the street without resting. He found, before he had used half of a dollar bottle, that he was much better; he continued to use it and is to-day enjoying good health. If you have any Throat, Lung or Chest Trouble try it. COUNDED IN 1864 by the present executive—

27 YEARS of continuous and successful management—Increased annual attendance—Now occupying four buildings—Stands unrivaled in facilities for educating YOUNG MEN AND WOMEN for success in life. In deciding upon a school for their children, PARENTS should send them to THE BEST, because it pays. It may require the expenditure of a few dollars more at first, but it will prove the cheapest in the end. CHEAP tuition is very dear, because it means cheap teachers, cheap surroundings, inferior facilities, and offers NO opportunities for securing POSITIONS for its pupils and graduates. This institution, owing to its HICH standard of excellence, has placed in desirable positions more young men and women from positions more young men and women from Maryland, Virginia, North Carolina, South Caro-lina and Georgia, than all similar institutions combined.
