COUNTY COMMISSIONERS.

The Board in Executive Session on the

County Funds Question. The Board of County Commissioners met in adjourned session yesterday afternoon at 2.30 o'clock, in the county court house. All the members of the Board were present and Chairman H. A.

Bagg presided. After the transaction of some routine business it was announced that the Board would go into executive session, and the room was then cleared of all but members of the Board, County Treasurer Hewlett and Mr. Jas. H. Chadbourn, one of the County Treasurer's bondsmen.

The secret session continued until about five o'clock, when Treasurer Hewlett and Mr. Chadbourn left the room, Mr. Chadbourn came down the stairway to the sidewalk in a merry humor, and in answer to a question by a STAR reporter, said, as he got into his buggy laughing and drove off, "They-the Commissioners-are satisfied that the money is safe.

Shortly afterwards one of the Commissioners made his appearance on the street, and in answer to a request for information said to the reporter, "you can say that the Treasurer appeared before the Board and convinced them that all demands for money would be complied with."

Fully 2,000 People Throng the Seaside B. B. Grounds to Witness the Races and Return Replete With Enjoyment.

The attractive programme of amusements drew at least 2,000 people, with small boys not counted, to witness the races, bicycle, sprinting, &c., to the Seaside Base Ball Ground's yesterday afternoon. And it was an enthusiastic good natured crowd, without a frown or discordant syllable to mar the sweet serenity of the sports and only punctuated by frequent yells or cheers for a favorite. Indeed, the yells seemed to hang on a hair-trigger, so easily did they fire off.

Mr. Keen was about to fall out at the finish of the second mile, but was persuaded to continue, and pushed close for second place. The winner was received with wild huzzahs. The track was heavy, ploughing all the way for the gallant ciclysts, and for this reason the distance was decreased.

The Second Regiment Band assembled in the centre of the grounds and rendered harmonies so dulcet and seductive that a flock of killdees were drawn right up to the sweet music.

The races were interspersed with music and the crowd rated it the finest day's fun they ever enjoyed. The blind-fold wheelbarrow race was especially full of laughable incidents, such as one barrow pusher running into another and all tumbling over, and another rushing at right angles to the goal and scattering the crowd.

WILMINGTON'S WELCOME WEEK.

The Programme for To-day-Boat Races Grand Marine Parade-Fireworks, Etc. At a meeting of the Amusement Committee held last night, Mr. Berry

Gleaves, the chairman of the committee, reported that the first day's programme was carried through without a hitch and that he was exceedingly glad to know that more than one-half of the people who were present at the races yesterday were visitors from the country, which was very gratifying, not only to the committee, but to the public generally.

It was then suggested that Col. Alred M. Waddell be invited to present the prizes won at the races from The Orton piazza to-day at 11 o'clock; After being put into a motion by the chairman, t was carried unanimously.

J. M. Benson, Bladen's Treasurer, Missing With \$6,000 of the County's Money. It was learned here yesterday that J. M. Benson, Treasurer of Bladen county, had absconded with six thousand dollars of the county's money. Benson was a prominent and highly respected citizen of the county and kept a large Alliance store at Elizabethtown. It was learned that he was short in his accounts some time ago, and he was to appear before the County Commissioners to-day and have his accounts investigated; but he did not appear when looked for and could not be found. A telegram was at once sent to Mr. G. Smith, of Elizabethtown, who was visiting this city yesterday, that Benson had skipped with six thousand dollars. Mr. Smith left yesterday at 2 o'clock for home. Two of Benson's bondsmen who were in town-Mr. J. H. Clarkton, and Mr. D. S. Tatum. of White Oak-left on the same boat for Elizabethtown.

A FINE PARADE.

The Wilmington Light Infantry, the Police and the Fire Department-Admired of Thousands.

Doubting Thomases who croaked ou melancholy prophecies of failure to draw crowds should have gazed gladly upon the thousands of spectators, a large proportion of whom were visitors, who followed the procession last night and jammed and packed the sidewalks along its entire length.

At 8 p. m. the Wilmington Light Infantry, a platoon of police and the Fire Department formed at Fourth and Nixon streets, in "Brooklyn," and, led by the Second Regiment band, that made the tramp light and pleasant to the boys, with glorious refrains of music paraded down Fourth street to Red Cross, to Front, down Front to Nun and up Nun to Third, up Third to Market and down Market to the concert

The engine and hose reels were gaily decorated with Chinese lanterns and torches, while red lights were carried by the laddies. The military followed the city's "finest," who were stalwart and handsome. Then came the engines and the trucks and the hose reels. A large square illuminated transpar-

ency was carried by two men in the firemen's part of the parade with this egend on one side: When fire is cried and danger is nigh,

God and the firemen is the people's cry. When it is quenched and all is righted, God is forgotten and the firemen slighted."

On another was "Wilmington's Volinteer Fire Department"; on another. 'Always Willing; Always Ready."

This was regarded by the managers of the Welcome Week as the least attractive of all the parades on account of the necessarily limited numbers in it, but the result showed that, as an enjoyable feature, it was a monumental success. Many were heard to observe, that, if this parade was so attractive, how much more would the grand trades procession be!

Many of the houses along the route were illuminated, and "our country cousins" formed a very favorable impression of this "City by the Sea."

Only one accident occurred. Mr. Mason of one of the book and ladder companies, had his leg pretty badly hurt by a ladder slipping off the truck and catching it between the rounds. He was game, however, and stuck to

THE FIRST DAY.

Roundeth Up With Success Scored All Over and Through It.

At 9 o'clock, sharp, yesterday morning, had a stranger, ignorant of the cause, dropped suddenly into this city. he would have thought something had "broke loose in Georgia," or pandemonium had got away from its custodians and was rioting rampant in the land.

All the bells, steam whistles, hugags, tom-toms and wild and ear piercing bazoos just broke forth all at once in one continuous, screeching, blasting forty horse power tom-cat melody-a sort of linked agony, long drawn out. But it ushered in the natal hour of Wilmington's Welcome Week,

Many visitors had come in the night before and the morning trains poured their floods of people into the city awaiting with welcome arms to receive them. Strangers were met at every turn and were kindly greeted by the citizens. The city wore the appearance of a Fourth of July on a tull grown stalwart scale.

They dispersed in various directions taking in the sights from the shipping in the harbor and the giant cotton compresses to the showy store windows, and many were trading. In the afternoon the races called a goodly crowd to the suburbs, while others remained and heard Prof. Miller's band give a delightful concert from the balcony over Miller & Haar's music store, on Market street. The fire engines and hook and ladder companies made a display that proved a great attraction.

The crowd for the first day exceeded all expectation.
