ance, has issued a call for a conference of Alliance men, to meet him in Raleigh, on the 17th of May, which is one day before the meeting of the State Democratic Convention. The purpose of this conference is at least partially explained in the following circular, issued from his office at Clinton:

"(Official Circular No. 5.) President's Office, N. C. F. S. A., Clinton, N. C., March 15, 1892. To the Lecturer, County F. A :

DEAR BRETHREN :-- We are nearing the time when important action in the battle for reform must be taken. We are nearing the time when we and our principles will be put to the highest test. At such a time and in matters of such grave import to the cause and to each of us personally, I desire the benefit of your counsel. I desire a conference with one true Allianceman or more from each county in the State. Therefore I ask you at your April county meeting to elect one man to be in Raleigh on Tuesday, May 17th, to meet with me in conference. Elect your best and truest member and empower him to act for you in a representative capacity in any emergency that may arise. Instruct him to use his best judgment for the good of the organization and the cause of reform, and put on him one restriction and one only-that he must not, under any circumstances, compromise or back down from the St. Louis demands.

"The conference will convene at 10 o'clock on the morning of the 17th. See that your representative is furnished with a certificate of his election under seal of your county lodge and is on hand on the day named. If he is not able to bear his own expenses, assist him so that he will be sure to go. Have your county secretary to furnish me at once with his name and address.

"Fraternally, MARION BUTLER, "President N. C. F. S. A.

"Have the above communication read and acted on at your county meeting." The meaning of this circular is so

plain that no one can mistake it. It is that these representatives who meet Mr. Butler in conference must be instructed to insist on the endorsement by the Democratic State Convention of the platform of the third party as a condition of the affiliation of the men whom they represent. With all due respect to Mr. Butler

This is an important matter, and I beg that you give me an early answer.

> Very truly, J. C. ELLINGTON.

ROOMS STATE DEMOCRATIC EXECUTIVE COMMITTEE,

RALEIGH, N. C., March 20. MR. J. C. ELLINGTON, Raleigh, N. C. My Dear Sir-I am in receipt of your letter of the 18th inst., stating that you "have good reason to believe that many persons who do not intend to support the nominees of the National and State Democratic conventions will attempt to participate in the approaching township and county conventions held to select delegates to the State Convention of May 18, 1892," and asking my opinion as to their right to do so, &c., &c.

I am loath to believe that any considerable number of our people will undertake to violate a rule of political conduct, based upon honor and good faith, so universally respected as the one that "whoever participates in a political convention is bound in honor to abide by its action."

This rule is the foundation of political parties and of government by parties-such as ours-and if it were not obeyed, we might be confronted with the woeful spectacle of a few disaffected members of one party combination with the opposing party, capturing the popular conventions and nominating candidates and arranging platforms for the purpose of defeat! When you consider that each voter who participates in a township (or primary) meeting and votes for delegates to the county convention who vote for delegates to the State convention and they in turn for delegates to the National Convention, indirectly votes for the nomination of al Democratic candidates from President down, you can readily see that it would be eminently improper for him to take part in the "primaries"
