The eminent success with which this administration has met in carrying out the civil service business, is shown by the announcement that one out of every eight delegates to the Minneapolis Convention is a Federal office-holder. They are not instructed as a rule, but the presumption is they know what they are there for.

Ex-Governor Campbell, of Ohio, is quoted as saying that he is not a candidate for the Presidency in any sense, which shows that Gov. Campbell is quite sensible. He adds that he will stand by Cleveland as long as there is any possibility of his being nominated as he regards him without exception as the strongest candidate the Democratic party could

Gov. McKinley, of Ohio, made a speech on the tariff at Ann Arbor, Mich., a short while ago, and he showed up its workings so successfully that Prof. Tenbroeck, professor of political economy in the University, who has voted the Republican ticket most of his life, has written a letter declaring that he has voted the last time for a party which sustains a tariff policy as interpreted by Gov. McKinley.

As Blaine's eyes, according to Blame, are not so seriously damaged that they absolutely required scientific manipulation, it does not appear why he should go all the way from Washington, where they have pretty good eye-doctors, through Baltimore and Philadelphia, where they have more of them, to New York, to have that job done. It may be remarked in this connection, that while he was having this done and paying his respects to his new grand-daughter, he casually had a long private confab with Boss Platt. The presumption is, however, that this confab was on purely "private" business.

A JOLLY PIC-NIC.

Excursion to the New Hiver Oyster Com-

pany's Possessions on Stone's Bay. One of the jolliest pic-nic parties that ever left the city boarded the W., O. & E. C. R. R. yesterday morning, the occasion being the annual pic-nic of the stockholders of the New River Oyster Company, with their families and a few invited guests; the party numbering forty-six. A special engine and car conveyed them to Cedarhurst, where conveyances were in waiting to carry them to Stone's Bay, about four miles distant. A jolly ride it was, too, for the resources of that country are limited in the line of conveyances, and the welkin rang with shouts of laughter as the two-wheeled mule carts jolted and shook up their occupants.

The genial manager, Mr. Berry Gleaves, and Mr. R. N. Sweet, had gone down a day ahead to have everything in readiness, and the pic-nicers found awaiting them a delicious roast of the succulent bivalves fresh from the company's grounds, which were pronunced unusually fine in size and flavor. The stockholders took advantake of this to note the improvements made in the plant and the development of the oysters planted. They found the growth of the latter remarkable-many of those planted four months ago being from three to five inches in length when taken from the shell, while those planted one year ago are simply immense and of delicious quality. One hundred and ten thousand bushels have been planted and the Company expects to market twenty thousand bushels of the oldest nent winter. They own and lain, will preach the annual sermon to employ regularly in their work there five scows and a steam tug. One - A telegram from Lumberton of these scows had been rigged up with an awning, seats, a table, etc., and a trip to Jacksonville, twenty miles up New River. The tug Emily Gleaves, in a nice new coat of paint, took them in tow and steamed up the river, while busy hands made ready the dinner. From the mysterious depths of mammoth baskets was brought forth everything that could tempt the appetite of the average hungry pic-nic mortal, which disappeared rapidly enough to convince any one of the hearty appreciation of the participants.

the pleasure home of Mr. Thomas A. | \$6.60; Sanford, \$4.15. McIntire. the party disembarked, and strolled over the grounds of the elegant lodge erected by him; proceeding thence to Jacksonville, where they had an hour to view the town.

At 6.80 they boarded the train for nome and it was unanimously agreed that the company—at least once a year -declare a dividend in favor of the ladies in the shape of an annual pic-nic The stockholders returned enthusi-

astic over their prospects in Stone's Bay. DECLINES THE HONOR,

MAXTON, N. C., May 28th.

Editor Star, Wilmington, N. C .: DEAR SIR:- I notice in the Messenger of the 23rd inst., that I have been appointed chairman of the People's party Congressional convention of the Sixth District.

I wish through your columns to decline the appointment.

The Democratic State Convention has met and nominated a ticket which is satisfactory to all good Democrats, and while I am a member of the Farmer's Alliance and heartily endorse the principles of the order, yet I think it wise and proper for all Democrats, both Alliance and non-Alliance men, to rally to Alliance Carr and elect the whole State Yours, respectfully, MCKAY MCKINNON.

Stolen Goods Recovered.

Mr. H. W. Capell, clerk at the Purcell, has been missing jewelry, clothing and other things for some time and suspected a negro woman who was a servant at his house. Yesterday at about 2 o'clock he put police officer Turlington on the case and last night about 11 o'clock the officer brought in M. F. Ellison and wife, colored, having found some of the missing property in the woman's house. They were locked up to be brought before the Mayor to-morrow morning at 10 o'clock.

Jumped From a Train.

A colored lad, named Theodore King, met with a serious accident last night. He was on the train that left Front street depot about 10 p.m., with a party of excursionists for Charleston, S. C., and jumped off near Fourth street bridge, landing on a pile of car wheels alongside the track, and smashing his right knee. Under direction of Sergt. Bender of the police force, the boy was sent to his home in the southern part of the city, and a doctor was called to attend him.
