Michigan Democrats on the alert for rascally Republican tricks to carry the State for Harrison. — The Desperate Davenport will resort to revolutionary methods to carry New York State for Harrison. — Some egg-throwing publicans are in power they will in Kansas; the Lease woman (who knows neither sex nor color) gets on the war-path and demands to be heard in a Weaverite meeting. - Democrats of Arkansas know their rights and will maintain them; a circular from the Chairman of the Democratic State Committee. - A dispatch says Miss Booth and Mrs. Clifton, daughters of Gen. Cleveland may possibly be elected without the vote of New York, which he will get, but Harrison can't be. That's where Grover has the dead wood on Benjamin.

Marion Butler will not need a lock of Bob Glenn's hair to remember him by. Bob gave him so many woolings in their joint canvass that Marion can never forget him if he would.

Marion Butler says he began the struggle of life without a cent, but he has not continued without a scent. The odor of the record he has been making for the past twelve months is very rank and offensive.

The protected manufacturers fight like the mischief against increasing the wages of their workmen, but when it comes to shelling out for campaign expenses they don't mind throwing \$3,000,000 or \$4,000,000 into the Republican boodle pile.

The McKinley tariffites are queer p-ople. They asserted that one of the objects in making the tariff nigher than it was was to reduce imports and thus reduce the surplus in the freasury, and now because the custom dues for last month show an increase, they are bragging about it.

By doing their level best the Republicans of New York can't come to Harlem river with a majority large G. Smith, Southport, were among the enough to overcome the majority a arrivals in the city yesterday. united Democracy can give in New York city and Brooklyn, and they are going to give a bigger majority this year than they have given in any year since Cleveland was elected Governor.

Mr. Depew says he met with no beggars in Chicago. Mr. Depew don't meet beggars anywhere. He holds his head so high that he seldom even sees them. If he walked into Republican headquarters anywhere he could see lots of them-not the ordinary beggar, however, but the well dressed, well fed beggar who is engaged in soliciting contributions to the G. O. P., which is about this

time in much distress. One of the catch points that the Republican papers of the North make against Cleveland is that he is a friend to ex-Confederates, and appointed Southern men to respectable and honorable offices at home and abroad when he was President. He is the only President since the war who did this and they are bitter against him for it. But then he is the only President since the war who was President of the whole country.

- Bradstreet says of the cotton yield: The consensus of late estimates seems to favor a total near 7,000,000 bales, If the crop proves to be 1,000,000 bales smaller than that declared by trade estimates at this date last year the present price looks small in spite of the 11/8 cent advance so far this season. Here the uncertainty regarding the crop yield comes in. To produce a crop of only 7 000,000 bales against the 9,000.000 bales of last year's commercial crop, a falling off of 2,000,000 bales, or 28 per cent. will be necessary. This percentage of decrease is considerably larger than the estimated decrease in acreage planted this year, and would seem to involve a poor growing season.

HUNTING VOTERS.

Methods Pursued by the Republican State Committee of New York.

The following is a copy of a letter received a day or two ago by Mr. Charles H. King, of the well known firm of Robinson & King, naval stores dealers of this city. The letter was addressed to "C. H. King, Rochester, N. Y.," where Mr. King has recently been on a visit, and was from that place forwarded to his address at Wilmington. It is a good joke on the Republican Committee of New York. Mr. King has lived in Wilmington since his boyhoodthirty-two years-was a gallant Confederate soldiet and has been a Democrat all his life:

The letter is as follows: REPUBLICAN STATE COMMITTEE, FIFTH AVENUE HOTEL,

NEW YORK, Oct. 27, 1892. DEAR SIR :- This committee has been given to understand that your name is not yet on the registry list. This is of course purely an oversight on your part, but we beg to call your attention to the importance of this matter, and to the great gravity of the issues at stake. We cannot afford to lose a Republican vote this year. Therefore we entreat you to see that your name is on the list before noon on Saturday next, and that your ballot is deposited for the Republican candidates on the 8th of November. It is the greatest service you can render to your country and to your party. Do not allow this appeal to be in vain.

Truly yours, S. W. HACKETT, Chairman Ex. Committee.

Col. E. D. Hall in Pender. A correspondent of the STAR writes from Willard, N. C.: "That gallant sollier, grand statesman and true patrio -Col. E. D. Hall-spoke here to-day, and made a fine impression. His old friends were glad to see him, especially the old soldiers."

Another correspondent of the STAR. writing from Wallace, says:

The venerable Col. E. D. Hall, of your city, filled his appointment at Willard, Pender county, to-day, and in his usual happy style discussed the issues of the the campaign, amid scores of his old friends of ante-bellum days and an enthusiastic crowd of Democrats, with a few Thirdites and Republicans present. The Democratic county candidates were also there, made their very polite bows, and each announced himself for his re-

A CONSERVATIVE ESTIMATE.

The Arithmetic Man of the Star Makes a Calculation-And He Thinks the Outlook Bright for Cleveland. The chances seem to be largely in

favor of Cleveland's election. Here is a calculation that does not seem extravagant : The Solid South...... 159 Indiana..... 15 New Jersey..... 10 Michigan...... 6

Total..... 226 This is three more than a maiority of the Electoral College. This estimate includes West Virginia, about which some doubt exists, but if we omit that State and add Connecticut the figures will be the same, and it is almost a certainty that the Democrats will carry one of those States if not both.

But New Hampshire, with four votes, s another State in which Cleveland and Harrison have an equal chance, while several other States may be called fairly doubtful. This is specially true of Illinois. Concerning that State, Chairman Debos P. Phelps, of the Democratic State Committee, says: "We will carry Illinois for both the State and National Democratic tickets. I am satisfied of that from what I know of the political conditions in this State."

Senator John M. Palmer says: "Cleveand and Stevenson will sweep the State. and the Democratic landslide of 1890 will be repeated." The landslide to which Senator Palmer refers was 22,000 Democratic majority.

Congressman Wm. M. Springer says: Cleveland will carry Illinois and several other Western States."

John P. Hopkins, Chairman of the Cook County Campaign Committee, claims a very large majority in Cook for Judge Altgeld and the Democratic national and county tickets. The German Lutherans in all parts of the State are enthusiastic in their support of Altgeld. Chicago is in Cook county.

If Cleveland should carry Illinois there will be a Democratic tidal wave all

But if the People's party accomplish anything in the West there is not even a remote possibility for Harrison to receive a majority in the Electoral College, which would throw the election into the House and thus insure the election of Cleveland. But it will not be necessary for Cleveland to go to the House for his

New York, New Jersey and Indians. Mr. Wm. Cooper, of New York City, Mr. Fred L. Hurley, of Indianapolis, Ind., and Mr. W. H. Hutchinson, of New Jersey, business men passing through Wilmington on their way North, were met last night by one of the STAR'S reporters at a hotel in the city and gave him their views on the political situation. Mr. Cooper gave it as his opinion that

New York State will give a large majority for the Cleveland ticket.

Mr. Hurley said that the State of Indiana will go for Cleveland with a whoop, and that the "Rads" had given up all hope.

Mr. Hutchinson said that New Jersey was as solid as a rock for Cleveland, and that "boodle" being placed in the State by Republicans would not change the result, as he considered New Jersey as solidly Democratic as any Southern State, showing its true Democratic principles by giving Horace Greely its entire electoral vote in 1872.

*** WINTER**

1892.

One of the reasons of my great uccess as a Dry Goods Merchant, is that I carry in my Mammoth Estabishment such a

Variety of Goods, that no lady coming into my store need go elsewhere to fill any part of

her memorandum for anything in the Dry Goods Line.

In my recent visit to New York and other Northern cities I have carefully kept this in my mind, and I have selected a stock of goods that cannot fail to please the taste or suit the purse of any customer who will do me the kindness to call on me.

I have always enjoyed the enviable reputation of selecting goods with care and with exceeding good taste. My stock of goods this season will, I am sure, sustain my former reputa-tion. I mention a few lines of

Dress Goods, which I have in stock and which are

daily arriving. Black Goods. In this line I show all the latest novelties as well as staple, such as Silk Warp Henriettas, Cashmere, long

Valour Stripe, Yeddo Bouche Cloth Serge, Plaid Serge Figured Leokosia. In Colored Dress Fabrics and Dress Trimmings my line is exceedingly choice, and is so varied that I will not attempt to mention the different styles. I can only say that any lady

who fails to see them will regret it. SILKS.

I show a line of Black and Colored Silks, in all the latest styles and newest colors. I pay especial attention to this department, and I claim that my sales in this line will far exceed those of any other merchant in the State. Young ladies don't send North for your trousseaus-I can supply you and save you money.

I show an immense line of Cotton Dress Fabrics. suitable for children's school wear. Come and look at them.

For the past two seasons I have seen the necessity for keeping a better line of

Fine Cassimeres for men and boy's wear, and I am prepared this season to show such a

the admiration of any one. It is rather warm to mention them

line of these goods as will call forth

just vet, but It is generally conceded that I am headquarters for -Blankets, Carpets, Rugs My lines of these goods are exten-

sive and as varied as shown by many houses in New York, and my prices are just as low.

SHOES. It is needless for me to say anything about shoes, for everybody knows that I carry a bigger line and sell them cheaper than any other

house in the State. If you want anything usually kept in a first-class dry goods store, call and see our stock, and I am satisfied that you will not go away without buying.

CLOTHING.

My Clothing Store is on the corner next below the Hotel LaFayette. where you will find displayed a magnificent stock of Clothing and Gent's Furnishing Goods. This stock comprises everything in the way of men's and boy's wear, and will be sold at prices that will astonish you.
