C., to New York, N. Y., via Philadelphia, Pa., and Washington, D. C., except Saturdays—11:30 p.m. W. O. & E. C. R. R., except Saturdays—8:00 p.m. On Saturdays—8:30 p.m.

GEORGE Z. FRENCH, Postmaster.

HALL AND FITZSIMMONS.

Measurements of the Men—Thought to Be Very Evenly Matched—Training of Fitzsimmons. As the great fight to take place between Hall and Fitzsimmons for a purse of \$40,000 is near at hand, and the excitement is increasing, here is something that will find many readers.

So much interest is taken in the coming fight between the two great middle weights, Hall and Fitzsimmons, that an accurate description of the two gladiators' muscular proportions may be interesting. The measurements are as follows: Hall—Neck, 15 inches; chest, 37 1/2; waist, 30 1/2; thigh, 19 1/2; calf, 18 1/2; biceps, 13 1/2; wrist 6 1/2; forearm, 10 1/2; height, 6 feet 1 1/2 inches; reach, 31 1/2; length of leg, 36.

Fitzsimmons—Neck, 15 1/2 inches; chest, 41 1/2; waist, 31; thigh, 20; calf, 14; biceps, 14; wrist, 8; forearm, 11 1/2; height, 6 feet 1 1/2 inches; reach, 29 1/2; length of leg, 36. It will be seen that the two men are about evenly matched. The best fight of the age is consequently expected.

President Noel says it would be impossible to find two men who would put up a stiffer fight. That the public appreciates the merits of the two men is demonstrated by the wonderful sale of tickets during the past two weeks. Secretary Cooper said yesterday that he had only six boxes and about twenty reserved seats left. Letters of inquiry are pouring in from all sides and one man is kept constantly busy mailing circulars.

A Bay St. Louis special to the Times-Democrat says: Fitzsimmons made twenty miles today with Roebor and Julien, and Roebor says he will go every day if he can keep up with Fitzsimmons, whom he regards as a great runner and walker. In fact, he says he can beat any boxer he ever saw on the road. When asked as to what he thought of Hall and Fitzsimmons, he replied: "I travelled with Hall Roebor takes Fitzsimmons' hand, and Fitzsimmons makes a spring and turns a somersault over them both, landing on his stomach. He has arranged for the purpose a padded stump to catch the champion. This is the best of him doing the muscles of his stomach. Fitzsimmons also stands on his head quite cleverly without using either hand. This exercise he does for his neck, making it flexible and strong. Fitzsimmons says he hears that Hall is doing great exploits in the ring. He has a good back somersault and head springs back to practice twisting movements, so as to be sure he will, when he battles, always land on his feet. The champion's feet are well and he is getting bigger and stronger every day. For a couple of days he has been practicing a good deal of the same kind of work. Dr. Turner lanced it last evening, and Fitzsimmons feels better to-day. Yesterday, while running, his throat was in such a condition as to shut off his wind. Julian says there is not a man in the profession who works harder than Fitzsimmons, and that he will continue to perfect himself until the morning of his contest.

A Telegraph Operator in Trouble. A press dispatch published in the STAR yesterday gave an account of a collision on the Pennsylvania railroad at Washington, D. C., in which a fireman of one of the trains was killed, and the engineer and fireman of the other train were badly injured. The telegraph operator at Long Bridge was arrested charged with having caused the death of the fireman by failing to close a switch. This operator is Mr. Benj. J. Beal, a one-armed man, who for years worked for the Atlantic Coast Line at Duplin Roads and was afterwards an operator in the railroad office in this city. He has many friends here and yesterday some of them were busy making up a purse to help him out of his trouble. They are hopeful from information received that with the necessary help he will come out all right.

Snobs and Snobbery. THE STAR has not said that the Charlotte "Col. L. F. Copeland" is the same man who was first known in this city as "Rev. C. W. Warren"; but it does say that the fellow who bore the latter title here was caught taking letters from the Wilmington post-office addressed to "Col. L. F. Copeland," and his favorite lecture here was "Snobs and Snobbery." Stange coincidence, isn't it?

The Stranded Barque. A telegram received at the Weather station here yesterday from the observer at Southport, reported that the life-saving crew took the crew—except the captain—off the stranded Swedish barque Alhid yesterday. She is said to be bigging and will probably prove a total loss. The captain decided not to leave the vessel at present.

Mr. N. A. Currie and Mr. Oscar L. Clark and child, of Clarkton, were visitors in the city yesterday.

THE SHOOTING OF MR. LEE SMITH.

John Tounsell Charged with the Attempted Assassination and Identified as the Man Fought of the Car—The Hearing Adjourned Until To-Day. Jno. Tounsell, colored, who was arrested Monday evening by police officers C. E. Wood, and W. B. Savage and deputy sheriff Wm. Sheehan, on suspicion of being the man who shot Conductor Lee Smith last Saturday night, was given a preliminary hearing yesterday morning before Mayor Ricard. The following was the testimony of witnesses examined, viz:

R. Grant (white) testified that he saw the defendant on the car Saturday evening about ten minutes or a quarter to seven o'clock. John Thompson (colored) testified that he had known the defendant for two or three years; he passed his store every day but had only known him well enough to speak to him for about a year. Had seen him almost daily passing his place, going to his work at Parsley's mill, but did not see him at all last Saturday. That they were not intimate and did not visit each other.

Geo. Smith (white) motorman, and Tilton, (white) conductor, said they thought the defendant was the man put off the car Saturday evening about seven o'clock. On being questioned by defendant's counsel, Mr. A. J. Marshall, Mr. Smith said he was almost positive Tounsell was the man. At this point the investigation was suspended, to be resumed to-day at twelve o'clock, when further evidence will be offered.

Tounsell was held in the sum of five hundred dollars for his appearance at that time.

RAILROAD NOTES.

The City Council of Chicago, has passed an ordinance ordering all railroads to elevate their tracks above grade, so that pedestrians and vehicles can pass underneath. The expenses of such an elevation would reach millions of dollars. Several railroads have declared that they would remove their terminals outside the city if the ordinance was enforced.

Columbia Register: Attorney General Townsend will leave for Charleston to-night to begin preparations for the big battle in Washington. He goes to get some amounts and data out of the record for use in preparing the papers for the case. He says that the papers in the case will be very voluminous, but that it will be as thorough as possible. The contest came on March 6th, just two days after the inauguration, but the Attorney General does not expect to reach that city before the morning of the day upon which the court will consider the matter. It is not known whether Speaker Jones and Mr. Lodge will participate in the case as the Attorney General is not informed about the matter. All he knows is that he and Randolph Tucker will be on deck.

Savannah News: A Jacksonville dispatch says there is a rumor current there to the effect that Mr. H. B. Plant has offered to buy the Florida Central and Peninsular outright, and that the only thing in the way of the deal is the consent of the South Bond. Officials of the South Bond who were seen yesterday did not corroborate this rumor. They state that no proposition has been made to them, and so far as they know there is no truth in the rumor. It is said that the South Bond has little to say in the matter, and that as the Florida Central and Peninsular has an option on it, it would go with that road as a part of the system under the terms of its contract with the Florida Central and Peninsular. According to the agreement the Florida Central and Peninsular has, or will have, a ninety-years' lease on the South Bond, and the contract further requires the completion of the Florida Central and Peninsular by Oct. 1, and the indorsement and security of the bonds of the South Bond. Should Mr. Plant undertake to buy the Florida Central and Peninsular, it is said, he would have to comply with the terms of the contract between that road and the South Bond, which requires the forfeiture of \$300,000 provided the Florida Central and Peninsular is not completed by a certain time. He would further have to secure the bonds of the South Bond road and pay all damages awarded by annulment of contracts, besides purchasing the part of the road which has already been completed.

REV. F. W. E. PESCHAU, D. D.

Resolutions of Appreciation Adopted by Various Church Bodies. FROM ST. PAUL'S CHURCH, SUNDAY SCHOOL. WHEREAS, Our beloved pastor and excellent Superintendent of our Sunday School, the Rev. F. W. E. Peschau, D. D., will, in a very brief period leave his connection with us, whereas we are desirous of placing on record our great respect and affection for him and our high appreciation of his labors in our Sunday school during his pastorate of eleven years; therefore, Resolved, That this Sunday School greatly deplore the departure from our midst of our earnest, active and energetic Superintendent. We know from his actions that our Sunday School has always been very near his heart, and he has given it at all times the benefit of his wisdom, and the wealth of his affections. Under his careful supervision our children have been made to understand and to cling more closely to the faith of their fathers. They have been taught to love virtue, to honor truth, to respect age and above all to strive to obey the teachings and follow the example of their blessed Saviour. No more delicate and responsible work can be thrown on any man, than forming the character of the young and how well fitted our pastor was for that special work, and how long he has performed it, the present condition of our Sunday School is the best evidence that can be given, and we as officers and teachers, who have known him long and well, may certainly claim to be the best, truest, and the most impartial judges of his qualifications for that position which he is soon to surrender.

Resolved, That in the new field of labor to which he is going, we trust his life will be as fruitful as it has been in this city, and that God will bless the life and health and prosperity in this world and that to come everlastingly. Resolved, That these resolutions be spread upon our minutes and a copy, duly attested be furnished the Rev. Dr. Peschau, as a slight testimonial of the respect and affection from the officers and teachers of St. Paul's Evangelical Lutheran Sunday School of Wilmington, N. C. Committee—J. D. H. Kramer, Elsie Blasinger, William Harsh, Annie C. Stoennerman and J. E. Haar.

FROM ST. MATTHEW'S LUTHERAN CHURCH. Resolutions of appreciation to Rev. F. W. E. Peschau, D. D., Pastor of St. Paul's Evangelical Lutheran Church, adopted Feb. 19th, 1893, at Wilmington, N. C. Whereas, The Rev. F. W. E. Peschau, D. D., having received and accepted of his resignation, he will shortly remove from this city, we feel it our duty to express our appreciation of his labors in the founding and nurturing of this church, and especially for what he has done for our own St. Matthew's English Evangelical Lutheran Church, in this city. Resolved, That we sincerely wish him God's speed and much prosperity in his new field of labor, and that his life may be spared many years to continue the service of his Master, and to the honor and glory of His name. Resolved, That we commend Dr. Peschau to the Church of Western Pennsylvania, as well as to his own congregation, as a successful laborer in the vineyard of the Lord, and as one who possessed the true missionary spirit. Resolved, That a copy of these resolutions be handed Rev. F. W. E. Peschau, D. D., by our secretary, and that our church be closed next Sunday, in order to enable our congregation to attend the funeral services in his own church. G. D. Bernheim, Pastor; W. G. A. Olesen, elder; William H. Straus, trustee; C. W. Polvogt, trustee; H. R. Woelke, trustee; C. F. W. Heine, deacon; G. F. Seitzer, deacon.

NEW ADVERTISEMENTS. Notice. THE UNDERSIGNED HAVING BEEN APPOINTED Registrars of Election for the City of Wilmington, hereby give notice to all concerned that there will be held a Municipal election, for the election of two Aldermen in each Ward of the City of Wilmington, on the Fourth Thursday in March (March 23d) 1893; that the polls for said election will be kept open on said March 23d, 1893, from 7 o'clock a. m. until sunset at the places designated below, and that Registration books will be kept open from 9 o'clock a. m. to 6 o'clock p. m. on every day, Sundays excepted commencing with Monday, March the 6th, 1893, and ending Wednesday, March the 23d, 1893, at 6 o'clock p. m. at the places designated below:
