OUTLINES.

Both Houses of Congress in session yesterday—many important bills under discussion in both branches.

R. H. Park, who built Miss Ada Rehan in silver for the Montana exhibit at the World's Fair, is going on a bust, Mr. Harrison's bust.

Minister Stevens, of Hawaii, hasn't sent in his resignation yet. When he does it will doubtless be promptly accepted.

It is said that the natives of Central Africa have ivory enough piled away to last the world for a century.

U. S. Ministers abroad are sending in their resignations to relieve Mr. Cleveland from embarrassment in appointing their successors.

Millionaire Bookwalter, of Ohio, is stuck on flying machines. He has stuck a good deal of money into some which wouldn't fly.

John Lourie who died recently in a New York hospital was worth at one time \$2,000,000, but he didn't know when to quit fooling with the bulls and bears.

According to Uncle Jerry Rusk's statistics there are 2,331,128 mules in this country. The New York Sun doesn't believe there are so many.

Mr. Patton, an Ohio man, who held office under President Jackson is still up and about, and proposes to see in Washington next Saturday to see Grover Cleveland properly inaugurated.

The Chicago Inter-Ocean says one of the most interesting exhibits at the World's Fair will be that of articles made out of aluminum.

The papers are commending Gov. McKinley, of Ohio, for refusing to let his friends get up a popular subscription to help him for the loss he sustained in going on his friend Walker's paper.

The Louisville Times, which has been under its present management for sixteen years, has entered on its twenty-third volume.

A leather trust, with \$45,000,000 behind it, is the latest. They want to put up sole leather and want to have it sold higher.

The bill to provide for the improvement of public roads in New Hanover county—to work convicts, etc.—passed its third reading in the Senate yesterday.

Quite a number of candidates for positions to be filled by the Board of Aldermen are already "hatched out," and the number of eggs "pipped" is appalling.

It is a trifle embarrassing for a candidate for an office "of profit" under the city to approach the numerous candidates for Aldermen and ask for ante-nomination pledges.

His thousands of friends in North Carolina sympathize deeply with Congressman Alexander in the great sorrow that has befallen him in the death of his young and beautiful daughter.

THE QUARANTINE BILL. An Appropriation of \$30,000 Recommended by the Finance Committee.

RALEIGH, N. C., March 1.—The Finance Committee to whom was referred the bill providing for the building and equipment of a quarantine station near the mouth of the Cape Fear river.

The report of the committee was unanimous in favor of the bill and it is said among those who are informed on the subject that there is scarcely a doubt of its passage.

The friends of Rev. Dr. Moses D. Hoge, as well as those of his nephew Rev. Dr. Peyton H. Hoge, will read with pleasure the following from the Richmond State of February 28.

The forty-fifth anniversary of the Rev. Dr. Moses D. Hoge's pastorate at the Second Presbyterian church was celebrated with great eclat at Mozart Academy.

Dr. Hoge is one of the most notable men of the time. As a citizen, he has always set an example of public spirit and patriotism.

CAROLINA CENTRAL "GANNON BALL." The Improved Service Postponed—But It Is Coming, All the Same.

It transpired yesterday that the management of the Seaboard Air Line find it necessary to postpone the proposed change of schedules and trains on the Carolina Central Railroad.

The Seaboard Air Line will have to furnish the motive power necessary to carry out the improvements in the service on the Carolina Central.

But the day train is coming. It is only a question of a few weeks. The schedule will be very much like the old one.

So "all's well that ends well," and we will all wait patiently for the "reform movement." From present indications, the "cannon ball" may be expected on or before April 1st.
