The New York Sun declares that "we must have Hawaii." Well, if we must and nothing else will do let

A strike took place recently in the Nanticoke, Pa., mines to secure an increase of 10 cents a day on the wages of eight boys who worked in the mines. Twenty-eight hundred miners struck, lost \$5,500 a. day for several days, and then failed to accomplish the object of the strike.

We congratulate the editor of the Goldsboro Headlight on the enlargement of his paper, an evidence that one of the newsiest and most enterprising weeklies in the State is appreciated as it should be by the people for whose interests and progress it speaks. Mr. Roscower is an industrious and energetic worker, and has won the success he has achieved.

Even the best established theories sometimes miss. A case occurred in this State not long ago where a man lived for some time after being shot in the heart, and there is in one of the English hospitals the heart of a soldier who lived for sixteen days after a ball had passed through his heart. There are some men, also, who apparently never had any heart when they were born.

The New York Advertiser says people shouldn't complain at the large pension expenditures, for the money is not lost, but goes into circulation and is paid to the butcher, baker, &c. On the same principle the man whose pocket is picked, should not complain because the pickpocket puts the loot into circulation and buys something to eat, drink and work with it. It isn't lost. It simply goes into circulation.

## THE MORNING STAR.

VOL. LI.-NO, 5829

WILMINGTON, N. C., SATURDAY, MARCH 4, 1893.

An enterprising individual in Paris is supplying people with hot water by an ingenius device and at small cost. They drop a cent in the slot, press a button, holds a bucket and get it filled with hot water. The tower which hold the water is twenty feet high, but it is heated as it is drawn by gas burners which are brought into play upon the spiral tubes through which the water passes

when the button is pressed. The leather trust which is being formed proposes to buy up all the tanneries in the country and run them. It is said that it will take \$75,000,000 or \$100,000,000 to do this but they say they can raise the cash. They will then proceed to raise the price of leather. Nothing hidebound about that.

Gen. Lew Wallace is one of those sanguine temperaments that sees hope for the Republican party and thinks the Democrats will get to squabbling among themselves and make the way easy for its return to power. Lew is a pretty respectable writer of romances.

Commissioner of Agriculture of Texas, issued a circular calling a convention to meet at Austin on March 10, for the purpose of bringing about a decrease in the cotton area in the State this season. The following extracts are of interest: "That you may better appreciate the necessity and importance of this call, I will say that some days ago I sent to each county assessor to ascertain through the best sources of information possible whether there would be an increase in cotton acreage, and report by March 1. and in nearly every instance an increase has been reported, and in some counties as high as 20 per cent. increase, and if the other cotton-growing States make a like increase it needs no wise prophet to foretell that 5 cents or less will be the prevailing price for cotton the coming season, which will be nothing more nor less than a calamity. Again let me urge upon you to take this matter actively in hand and avail yourselves of this opportunity to fix the price of cotton for the next year's crop. It is unquestionably in the power of the agricultural element to control the price of their leading product, a fact they are loth to understand or appreciate. It is also suggested that an inter-State convention be called, with the view of getting all the States to co-operate for the purpose of arousing a more general interest and to influence the entire

South, attention to which will be given by the convention when assembled."

THAT SHOOTING CASE.

John Tunsell Proves an Alibi and is Discharged-Thompson, the Owner of the Gun, Still in Custody.

The city court room was packed yesterday morning with spectators who were anxious to hear the examination finished in the John Tounsell case. The Mayor asked Mr. A. J. Marshall, attorney for the defendant, if he had any evidence ready to present to the Court. Mr. Marshall replied that all of his witnesses were present except two, Mr. T. T. Willis and Mr. T. J. Stevenson, but nevertheless he could prove an alibi for Tounsell, and that three of his witnesses would swear that Tounsell was not the man put off the car Saturday night, and other witnesses would prove that he was not the man who shot the gun.

The Mayor stated that the Court was ready to hear the testimony, and after swearing the witnesses the case was proceeded with.

Wm. Loftin (colored) was in Mr. Martin Rathjen's store that night from seven o'clock until nine; didn't hear the report of the gun. Tounsell was with him the whole time witness was there. Works at Parsley's mill; am a friend of Toun-

Daniel Bryant (colored) heard the gun when it was fired; was in Rathjen's store from about dusk until nine o'clock Tounsell was there all the time. Works on Hanby and Russell's pile driver and live four blocks from Rathjen's store; knew defendant eight or nine years.

Wm. Martin (col) said that when the gun fired I was in my kitchen, about half a square from Rathjen's store. Went to the store about five minutes afterwards. and found Tounsell there.

Chris McCullough (col.) was about two blocks from Rathjen's when he heard the report of the gun; when he reached the store defendant was there: never saw him with a gun in his life.

Henry Herring, colored, left Mr. Rathjen's store five or six minutes before he heard the report of the gun; left Tounsell there.

Mr. Martin Rathjen testified: "Tounsell was in my store loafing around all during the night; but can't say he was there all the time; know he was there a little after eight o'clock, and he bought his groceries about fifteen minutes after I heard the report."

Evalina Brown (colored) said: "I was with my little sister talking to defendant in Rathjen's store when the gun fired." Police officer Woebse saw defendant

n Rathjen's store ten minutes after the gun fired. He was laughing and talking. Ella Martin, Mary McKoy and Mary Morris (colored) said they saw the man who was put off the car and he was not Tounsell. Mary McKoy said she would know the man if she saw him.

Jas. Dennis, a white boy, saw the man who shot Conductor Smith about three minutes before the gun fired standing under a tree in front of his house. The man spoke to him; had a gun in his hand at the time. It was not Tounsell.

The Mayor adjourned the case then

until Mr. Stevenson and Mr. Willis could be summoned. They were examined in the afternoon. Both said Tounsell was not the man who fired the gun, as they were both close to the man when he shot Mr. Smith, and could have caught him easily if Mr. Smith had not returned the fire with his pistol. The Mayor then released the prisoner. Thompson, who is the owner of the

gun, is still held. REV. MR. MOODY The Famous Evangelist to Hold a Series

of Meetings in Wilmington Shortly.

Rev. Mr. Moody, the world-famous evangelist, is expected here in a few days to hold a series of meetings that will probably continue a week. Rev. Mr. McClure, pastor of St. Andrew's Presbyterian church, has received a letter from Mr. Moody, in which the latter states that he will come to Wilmington from Charlotte. Mr. McClure opened the correspondence with Mr. Moody. He will be here about the 15th of March and will remain a week or ten days. Arrangements will be perfected next week and the dates of meetings will be then announced. The meetings will be held in the large

warehouse of the Champion Compress, on Nutt street, where the Pearson meetings were held several years ago, which awakened such deep interest and were attended by thousands of people.

A CHANCE FOR TRUCKERS.

Cincinnati Market Almost Bare of Vegetables-Prices Very High. Truckers in the South will be interested in the following from the Cincin-

nati Commercial-Gazette:

"There is a famine in the vegetable market in Cincinnati. Potatoes are a dollar per bushel and over. Cabbages are in the same line. Apples are not of the vegetable kingdow, but as regards prices they are out of sight. Turnips are of the vegetable kingdom, and these, too, are very dear. The cause of all this is carried to crop failures. While cereals were liberally produced, and wheat, corn, oats, barley and rye are at comparatively low figures, the vegetable markets are about out of the reach of the people. It is a curious fact that these are now luxuries which cannot b

indulged in except by rich people. "This condition offers an opportuni to the South. Their seasons are different from ours. The extreme South this respect is three months in advance of Cincinnati. It can, therefore, supply our city and this section with vegetable of all kinds about planting time here Our markets are bare; the people are kungry, and this is the opportune period for Southern producers to gather. golden harvest. Plant broadly, cultivate zealously and ship promptly and con tinuously. The money is here to give in return for all that the railroads may be capable of carrying. Our advice to the Southern people is to take full advantage of this golden opportunity."

PUGILISTIC CHAT IN NEW ORLEANS Gossip in Regard to the Coming Contes

-Opinions Divided. Even at this early date, says the Picayune, the Hall-Fitzsimmons event is beginning to overshadow all others. The constant influx of Northern sports has driven the Fitzsimmons odds down to vorite. But Masterson says that be cannot see how Hall can lose and has backed up his belief with a big roll of currency. He further says that he believes the winner of the fight will be amply able to hold his end up in a fight for the championship of the world. Tom Allen, the old-school pugilist, thinks Fitzsimmons has no chance to win because he is red headed. This is a curious superstition which prevails in England. Charley Mitchell himself said in New York recently that he never heard of a thoroughly game red-headed man. Dave Gideon and Phil. Dwyer, who are here, are also thorough Hall men. "It will be one of the most scientific battles in the annals of the prize-ring," said the former today. "Individually I like both men, but somehow I think that Hall will win. Speaking of the Corbett-Mitchell match Mr. Gideon said that in his opinion Mitchell was a 40 to 1 shot and that Corbett would whip him easily. Mitchell, however, has many admirers who are

equally warm in his delence. THE WEATHER.

Ten Cents Per Line.

In order to still further popularize the cheap advertising department of the STAR, headed "Business Locals," the charge is reduced to 10 cents per line, but no advertisement will be taken for less than 25 cents. There are many advertisements that can be condensed into three lines, for which the charge will be only 30 cents for each insertion, while five lines (above forty words) will cover a large majority of the announcements that should properly go in the cheap The "Business Locals" are all leaded,

and occupy a prominent position in the STAR; and the reduction of one-third department within the reach of all classes. "Col. Copeland" Again,

The Charlotte News makes this reference to "Col. L. F. Copeland:"

The publication in the News yesterday of the charges preferred against Col. Copeland created a great deal of talk about town. It transpires that, about six months ago, rumors of the same kind had been heard here concerning the Colonel, but they were discredited. Col. Copeland's friends here have sent the News to the lecture bureau. with which he is connected, so as to have the mat-ter investigated. The Wilmington Roview is of the opinion that our colonel is not the one referred to. If so, he can

prove an alibi. But the "Colonel" is a "powerful" slick man, and it is possible he may have humbugged the "lecture bureau."

THE CUTTING AFFRAY.

Edward Bird Captured by Police Officers -He Confessed to Stabbing Horse

Police officers Turlington and W. C. Moore last night captured the negro who stabbed Horace Adams, colored, Thursday night, on the corner of Front and Dock streets (as told in yesterday s STAR.) The man's name is Edward Bird. He was found concealed under a bed in the house of a colored man named Dixon, on Seventh between Castle and Queen streets. After he was captured he confessed to the officers that he stabbed Adams, and that his friends were making arrangements for him to leave the city. Bird is about eighteen years old. He is employed in the fish market and lives at a house corner of Tenth and Oueen streets. He told the officers that he left the knite with which he stabbed

Adams at the fish market. Owen Quince, colored, who was with Bird and participated in the assault on Horace Adams, was arrested Thursday night. He was brought before Mayor Ricaud yesterday, but Adams being unable to appear at the investigation, the case was continued until Monday next at 12 o'clock.
