CORBETT BACK IN GOTHAM.

Champion "Jim" Corbett, accompanied

by his manager, William A. Brady, and Trainer "Billy ' Delancy, has arrived in New York city. The Californian looked somewhat fatigued by his journey, but otherwise he appeared to be in excellent spirits and enjoying the best of health.

"The reports sent around the coun-

try," he said, "regarding my health have been greatly exaggerated. I admit that I was a very sick man in Minneapolis, but since then I have been feeling remarkably well. I am as strong, if not stronger, than I ever was, and feel pertectly able to whip anybody they may put up against me. I am taking a week's vacation and will visit Mr. Hummell tomorrow and confer with him in regard to the selection of a club for the fight with Mitchell. I will do my utmost to settle the entire matter before I leave here. Now that the time has expired for the Coney Island Athletic Club, Olympic Club and Crescent City Athletic Club to bid for the match any club has the privilege of making an offer for it. have no choice of battle ground and will consent to fight anywhere. The club offering the largest purse can have

the match so far as I am concerned."

"Do you think Mitchell will give you hard fight?" "Yes," replied the champion reflectively, "I think Mitchell will give me the hardest fight of my life. He believes he can defeat me and I suppose he has good reasons for thinking so. I admit that he is a much harder hitter than myself, and perhaps just as clever, but I think my superior beight, reach and quickness will offset Mitchell's advantages. I think that the fight will last at least thirty-five or forty rounds. Mitchell is a very tricky fighter, and perhaps, one of the best generals in the ring today, and I expect to have a good deal of

that the contest will be a long one." Touching on the report that he had queror of "Joe" Goddard, first call in case he defeated Mitchell. Corbett said: "I did not make any such promise to Smith. The Denver man has no claims on me whatever, and I told him so. did say, however, that if I was successful in my fight with Mitchell and Peter Jackson refused to meet me, I would probably consider his challenge. Jackson is the only man who has a bona fide right to demand a fight with me, and if down the English champion I will certainly make a match with him.'
