A report comes from Kansas that a prominent populist has become insane. It would be still more remarkable if it were discovered that one of them had become sane.

The people who propose celebrating in 1900, the beginning of the 20th century of Christianity, are grabbing time by the forelock as it were, and getting in a year ahead.

The New York Press, Rep., says what this country wants is one hour of John Sherman. This country has had about thirty years of John Sherman, and that's what's the matter

A single woman in Kansas has written an article for a Kansas paper, on "How to be Happy, Though Married." There is not a "single" woman in Kansas that knows anything about it.

The trans-Atlantic steamship companies charge \$10 for carrying dogs, cats and monkeys across. This is giving dudes an advantage over other people, as they may come in under the latter head.

It is said that the eating houses in Chicago are going for the visitors to the fair in regular pirate style. As : sample they charge 30 cents for a ham sandwich. That's hoggish to say the least of it.

A physician in Lansing, Michigan, is arraigned by his brother docs for duplicity, disloyalty, misrepresenta tion, conspiracy and libel. And while he was practising all these things he was also practising medicine.

It seems that Rev. Sam Small shot his mouth off too recklessly in that Griffin, Ga., sermon, when he charged that the young ladies of that burg were lacking in virtue. He found it necessary to apologize and say that he had been wrongly informed.

The increase of Hebrews in Palestine seems to have aroused the fears of the Sultan of Turkey, lest they might sometimes get up and smite him and snatch the land from him. He has issued a decree forbidding Hebrews from becoming owners of real state in the fatherland.

The Cincinnati Gazette thinks that when the tapping of an "old cracked bell" could evoke so much enthusiasm, there is not much fear of liberty playing out in this country. There are people, however, who might take it as evidence that the enthusiasts as well as the bell were cracked.

Ex-President Harrison, it is said, will not attend the meeting of Republican Leagues at Louisville, today. He is afraid people may think he is manipulating for the nomination in 1896. Perhaps the fact that the meeting is Gen. Clarkson's job, has something to do with it.

INCENDIARY FIRES.

Nine Small Buildings Burned-The Losses and Insurance.

Notwithstanding the steady downpour of rain which began yesterday morning at 2 o'clock and continued throughout the day with brief intermission, the "fire-fiend" was rampant in the outskirts of the city and kept the firemen busy.

About 8 o'clock a. m., an alarm from box No. 52 called out the Fire Department. The fire was in a group of small frame buildings on the square bounded by Sixth and Seventh and Wooster and Dawson streets, in the southeastern limits of the city. Nine houses were burned. All belonged to Col. Thos. W. Strange and were insured with Mr. J. H. Boatwright-seven of them for \$125 each and two for \$200; the aggregate amount of insurance being \$1,275 which will about cover the loss. Four of the houses were occupied by colored families who saved most of their effects. The other buildings were unoccupied.

The firemen labored under great difficulties. The nearest hydrant was at the corner of Eighth and Castle streets and a line of 1800 teet of hose had to be laid before water could be had and then the supply was found to be inadequate to the emergency. The fire broke out in one of the unoccupied houses and was, undoubtedly, started by an incendiary.

About half-pas 11 o'clock, a. m., the department was again called out by an alarm from box No. 54. The blaze broke out under the house of Dan Lee, colored, occupied by Stephen Lovitt, on Eleventh between Market and Dock streets. This is the same building that Bryant, a former native of this county, was on fire Friday night and Monday - Members of the Third N. C. but now residing in Florida. [Special Star Correspondence.] RALEIGH, N. C., May 9, 1893.

The session of the Grand Lodge of Odd Fellows last night was merely an informal one, no special business being transacted. The regular session com-menced this morning, Grand Master John D. Bellamy, Jr., presiding. The body convened at 9 o'clock, with all the grand officers present. There are about 250 Past Grands in attendance, with 95 lodges represented. The reports of the Grand officers were read, showing sixteen new lodges instituted during the year, making 108 lodges to date, with an increase of 1,015 members. Raleigh paid during the year \$6,452.75. The reports show a healthy growth in membership and finances. The Treasurer's report shows the receipts to the Grand Lodge fund during the year to be \$9,441.69. The Orphans' Home at Goldsboro, in charge of Dr. W. C. Whitfield, Superintendent, has twentythree children being cared for, with thirty applicants for admission on file. After the reading of the reports they

Busbee, of this city. The response was made by Dr. G. W. Long. of Graham. President J. W. Mc-Neill then called the Society to order for business, and after the call of the roll President McNeill read his address, which was referred to a committee of five to consider the recommendations therin made and report back. The matter of new membership was referred to Doctors Hines, Hodges and Boothe. Drs. K. P. Battle, T. D. Haigh and A. W. Knox were appointed the Committee on Credentials. Dr. Harden, of South Caroina, was introduced and invited to participate in the deliberations of the Society. On motion of Dr. James Mc-Kee, a fraternal greeting was sent to the Indiana State Medical Society, now in session. The Association then adjourned until this evening.
