A Cowgill, Mo., man, tried for larceny, was acquitted although he pleaded guilty. He had been stealing coal from the man some of the jurymen had been buying it from.

Some of the papers are discussing how to make lynchings less frequent. The best way, according to our notion, is to make legal hangings more frequent, and somewhat more prompt.

There were 55 absentees from the House of Representatives when the vote on Bland's Seigniorage bill was taken, 27 Democrats and 28 Republicans, but they drew their salary right along, all the same.

A New York syndicate proposes to take 75,000,000 ounces of silver off the hands of Secretary Carlisle at 65 cents an ounce, provided a tariff of 124 cents an ounce be put on foreign silver, to hold good for five years.

The revenues of some of the churches in England have fallen off so much that the salaries of some of the canons have been reduced from \$3,600 to \$2,000 a year. And there isn't any Wilson tariff over there, either.

Frank H. Wright, a full-blooded Indian, is doing missionary work in New Jersey, and is making a good many converts. He makes them sign a pledge to give up card playing, dancing and theatre going for the rest of their lives.

One Texas man recently shot another because he failed to shut the door. The shooter will doubtless plead justifiable homicide, and as the shooting took part in a civilized section of the State his chances for acquittal are pretty good.

There are a good many unemployed men in the city of Iudianapolis, but they don't seem to take kindly to breaking rock. To give them work the city decided to have a large lot of rock broken for the streets, but up to last report only nine men had applied for jobs.

The Kolbites of Alabama are playing for the votes of the miners in the Northern part of the State. In the event of success in the election supporters of Kolb have pledged themselves to remove convicts from the mines. At a recent caucus held a few nights ago representatives of the miners organizations endorsed the Kolb ticket, which they say means bbls.; tar, 473 bbls.; crude turpentine, 4 about ten thousand votes.
