Assistant Surgeons Wm. G. Stimpson and George B. Young to be passed Assisted Surgeons, and Hugh S. Cumming, Arthur R. Thomas and Henry W. Wickes, to be Assistant Surgeons in the Marine Hospital Service,

DISQUIETING NEWS

From Central America and South America -United States Naval Vessels Ordered to the Scene of Prospective Hostilities. By Telegraph to the Morning Star.

WASHINGTON, May 7 .- Disquieting news from Central America and South America, has caused the Navy Department to assign several ships to localities where American interests may be endangered through prospective hostilities. On account of the revolution in Salvador, the assignment of the gunboat Bennington to Behring sea has been changed and to-day she was ordered to proceed from San Francisco to the perturbed Central American republic. Orders were also issued for the cruiser New York to proceed from Kingston, Jamaica, to Colon and the cruiser Charleston from Montevideo to Calleo The emergency which calls for the presence of the New York at Colon, is the Bluefields affair and the big cruiser will be kept there pending any serious recital of the Mosquito coast trouble. The Charleston was originally assigned to the Pacific Naval Station, and left New York for that service soon after the Columbian Naval Review, but was detained at Rio Janeiro until recently on account of the Brazilian revolution. Her presence at Callao is not urgent, but reports of dissatisfaction among the people on the west coast hove decided the department to send her there as a safeguard.

GRAIN AND PROVISIONS.

Fluctuations in Prices on the Chicago Board of Trade. By Telegraph to the Morning Star

CHICAGO, May 7.-It was not until within the last fitteen minutes of the session that the full extent of to-day's weakness in wheat was felt. Things, however, were gloomy for the bulls from the start, and as the closing hour approached, with no hope in sight they were forced to throw their holdings overboard. Cash wheat was in moderate demand, with offerings and prices about 3c lower, excepting for hard spring varieties, which held firm. July wheat sold between 59% @59%c, and 58%c. closing at 58%@59c, a net loss of 1%@

11/c for the day. Corn—The news bearing on this market was all more or less calculated to produce a firm feeling, but it had apparently been discounted long before received. The weakness showed by wheat acted more pointedly in the case of corn than anything else in sight. The range on July was between 89% and 38%c, the close being at 89c, a net loss of %@1/c from Saturday. Offerings of

cash corn were lost. Oats opened with a steady but neryous feeling, especially for May. During the latter portion of the session there was less demand from shorts and May declined to and closed 1/2c under Saturday. July closed 1/2 under that day.

Provisions opened easy on the weal hog market, reported from the stock yards. There was a little firmness shortly after the start on a little scattered buying but the final tone was weak in sympathy with grain. There was however, only a narrow market and a small business. July pork closed 21/20 lower than Saturday; July lard a shade lower and July ribs 5c lower.

TAMMANY HALL.

Dick Croker Wants a Rest, But Will Not Resign the Leadership. By Telegraph to the Morning Star.

NEW YORK, May 7.-Richard Croker, the Tammany Hall leader, made the following statement this morning: "I do not intend to attend to the active work of the organization any longer. I cannot give that attention to details in the future that I have given in the past. The details of the organization must hereafter be attended to by some one else. The Executive Committee must appoint one or more sub-committees to do the work I have been doing. I have given the organization my time and attention for the last thirty years and I need rest. My physcians say that I cannot afford, for the sake of my health, to confine myself in doors. Remember, I do not wish to shirk the duties and responsibilities of leadership. I-will give the organization whatever assitance I can render, but I cannot continue doing the work which can be done as well by some one else. I will put the matter before the Executive Committee at its next meeting. Croker was emphatic in his statement that he would not resign the leadership.

WARM WIRELETS.

The Abbott-Bowen fight, at New Orleans, was declared a draw. The Griffo-Murphy fight at Boston

was won by Griffo in the eighth round.

The Evolution Of medicinal agents is gradually relegating the old-time herbs, pills, draughts and vegetable extracts to the rear and bringing into general use the pleasant and effective liquid laxative, Syrup of Figs. To get the true remedy see that it is manufactured by the California Fig Syrup Co. only. For sale by all leading

CONGRESS YESTERDAY.

A RESOLUTION CONCERNING COXEY PRESENTED IN THE SENATE.

The Chinese Treaty Taken Up-Bill for Building a Government Printing Office Under Cansideration in the House. By Telegraph to the Morning Star.

SENATE.

WASHINGTON, May 7 .- Mr. Allen (Pop., Neb.) offered a premable and resolution reciting that Coxey, Browne and Jones, citizens of the United States, were, on May 1, 1894, ou the grounds of the National Capitol, in the city of Wash-ington, assaulted by a police force in the service of the United States, and arrested and imprisoned while peaceably entering such grounds in a quiet and or-

The resolution was laid over till tonorrow, on objection of Mr. Cockrell. Mr. Mitchell (Rep., Oregon) reminder the presiding efficer of the resolution offered by him some weeks ago, and laid over till the third of May, requesting the Chinese treaty to be considered in open session. He asked that it be now laid before the Senate.

The resolution was thereupon laid before the Senate by the Vice-President, and instantly Mr. Perkins (Rep., Cal.) was on the floor addressing the Chair and stating that the Chinese treaty had already been published by authority of the Senate. He was interrupted with a question of order from Mr. Chandler. and with the privileged motion that the resolution be considered in secret ses-

Mr. Perkins requested Mr. Chandler to withdraw his motion so as to afford an opportunity of discussing the reso-lution in open Senate. He repeated that the resolution had already been published by authority of the Senate. Mr. Chandler's motion was not with

drawn, but was seconded by Mr. Manderson, thereupon the Vice-President directed that the galleries be cleared and the doors locked. And so, at 11.80 o'clock a. m., the Senate proceeded to the consideration of executive business-the Chinese treaty being

the matter immediately before it, The Senate remained behind closed doors until 5.40 p. m., when the doors were reopened and a conference report was presented on the bill to regulate the sale of intoxicating liquors in the Dis-trict of Columbia. As soon as the report was read and agreed to, the Senate again, on motion of Mr. Morgan (Dem. of Alabama) proceeded to executive business, but twenty minutes alterward the "four bells" indicating adjournment were sounded, and the Senate adjourned until to-morrow.

HOUSE OF REPRESENTATIVES The House resolved itself into Committee of the Whole, with Mr. Bynum (Indiana) in the chair, and took up the bill for the building of a Government printing office.

The bill appropriates \$300,000 to buy the square north of the Capitol and adjoining the Baltimore & Ohio Railroad station, and authorizes the construction of a substantial and fire-proof building at a cost not exceeding \$1,500,000.

Mr. Bankhead then endeavored to obtain unanimous consent to limit general debate, but was unsuccessful. To overcome this, he moved that the committee rise, which was agreed to.

The Republicans desired that genera debate on the Printing Office bill should run to-day, at least, without limit, but Mr. Bankhead declined, and moved that the House resolve itself into Committee of the Whole for further consideration of the bill, pending which he moved that general debate be restricted to two hours. Thereupon the Republicans manifested a disposition to filibuster, and Mr. Bankhead yielded to the solicitations of his Democratic associates, and modified his motion so as to permit two and a half hours' debate to the opponents of the bill, the friends of the bill to take an hour with the option of two and a half hours if desired. This was agreed to and the discussion proceeded in Committee of the Whole.

The discussion took in a good many subjects besides a site for a public build ing in Washington-the Tariff bill, the silver question, the issue of bonds, etc. and continued until 5.15, when the com-mittee arose and the House adjourned until to-morrow noon.

SPOTS AND FUTURES.

The New York Sun's Report of the Situs tion in Cotton. By Telegraph to the Morning Star.

NEW YORK, May 7 .- The Sun's cotton review says: Cotton declined six to seven points and closed quiet and steady with part of the loss regained. Sales 98,700 bales. Crop accounts from India of late have been less favorable. Texas crop accounts continue favorable. In some sections of Mississippi there will be a decrease in the acreage. Rain is needed in parts of Alabama. Liverpool declined three and a half to four points, closing quiet and steady. Spot sales, 7,000 bales, at easier but unchanged prices. Manchester was dull for yarns and dull and irregular for cloths. Bombay receipts for the half week were 26,000 bales, against 37,000 for the same time last year. The receipts at the ports were 8,609 bales, against 7,805 this day last week, and 4,289 last year. Thus far this week, 8,465 bales. Spot cotton here was steady and unchanged. Sales 301 bales for spinning. Deliveries on contract, 1,100 bales. The Southern spot markets were generally quiet and unchanged. New Orleans receipts to-morrow are estimated at 1,000 o 1,200 bales, against 1,425 the same day last week, and 8,766 last year.

All the news was bearish, and it cannot excite surprise that prices are declined. Liverpool was lower. Manchester was depressed, there was a failure reported there on Saturday, the South was dull, speculation was sluggish, cotton goods were hard to sell and supplies are plentiful here and abroad. In the meantime the Hatch and Wilson bills still hang over the market. It was a short market. August liquidation was in progress and it broke 7c.

The State National Bank of Wichita Kansas, has suspended. Liabilities not yet made public. The suspension caused much excitement, as the bank was thought to be one of the soundest in the State.

When Baby was sick, we gave her Castoria When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria

THE TARIFF BILL.

PROPOSED AMENDMENTS TO THE MEASURE

agreed to by the Compromise Committee of the Senate-Practically a New Bill. By Telegraph to the Morning Star,

WASHINGTON, May 7,-During the executive session to-day Senator Jones presented amendments to the Tariff bill which have been considered and agreed to by the Democratic Senators known as the Compromise Committee. There are about four hundred of them and it makes a new bill, or a measure greatly differing from the Wilson bill and from the Senate bill in any form in which it has been presented. The amendments heretofore presented by Senator Vest and reported from the Finance Committee are endorsed by the Compromise

Committee. There is a general increase in the bill and in some schedules the increases are very marked. Many of the changes are unimportant, and consist of a restora-Senate had decreased. A number of articles have been taken from the free list, chief among these being agricul-

tural products. Probably, as the result of the criticism that the bill has been drawn on sectional lines, the committee has reduced the

Another very important amendment is that relative to leaf tobacco, in which there is a very material increase in the rates of duty. The chemical schedule, against which the Republicans have levelled some of their arguments, has been reconstructed in many particulars. and here, as in the other sohedules, the change is noted from ad valorem to specific duties, to say nothing of the increase in the rates. The iron and glass schedules have been overhauled and changes demanded by manufacturers have been made, some of them not so much in the nature of increases as they are in the way of reclassification and the equalization of duties. The rumors that have been floating about for some days of the mysterious influences at work in regard to the woollen and cotton schedules appear to have had some ground for the changes on these lines have been numerous, and in some cases very material. Coal, iron ore, lead yre and lumber were not touched. The lead trust was not the gainer by these amendments for there was not an increase on the duty in lead products. Nothing was done with whiskey, but if all the rumors in connection with the article be true, it is very likely that a vigorous fight will be made to put the tax on whiskey back to one dollar a gallon which the bill carried when it came from the House.

The tobacco schedule is changed to read as follows. "Wrapper tobacco, unstemmed, imported in any bale, package or in bulk, one dollar and fifty cents per pound; if stemmed two dollars and twenty-five cents per pound. House and Senate bills \$1.00 and \$1.25 respectively, on and \$1.25 respectively, on above articles. Filler tobacco, unstemmed, imported in any bale, box, package or in bulk, thirty-five cents per pound; if stemmed fifty cents per pound; no change in rates, but following proviso "Provided, that the wrapper tobacco, wherever used in this act, shall be taken to mean that quality of leaf tobacco known commercially as wrapper tobacco: provided further, that if any leaf tobacco imported in any bale, box, package, or in bulk shall be the growth of different countries, or shall differ in quality and value, save as provided in the succeeding provision, then the entire contents of such bale, box, package or in bulks, shall be subject to

the same duty as wrapper tobacco.
Snuff and snuff flour, manufactured of tobacco, ground, dry or damp, and pickled, scented, or otherwise, of all descriptions, 50 cents per pound. Senate and House bills 40 cents.

The cigar paragraph is amended to read as follows: "Cigars, cigarettes, cheroots of all kind, \$4 per pound and 25 cent. ad valorem, and paper cigars and cigarettes, including wrappers, shall be subject to the same duties as are

herein imposed upon cigars." Rice, free of outer hull, & of a cent per pound; House and Senate 1 cent; paddy or rice having outer hull, 1/2 cent per pound; House and Senate bills 1/2

cent per pound. The sugar schedule: "On and after January 1st, 1895, there shall be levied collected and paid on all sugars not above No. sixteen Dutch standard in color, and on all tank bottoms syrups of cane juice or of beet juice, melada, concentrated melada, concrete and concentrated molasses, a duty of forty per centum ad valorem and upon all sugars above No. 16 Dutch standard in color there shall be levied, collected, and paid a duty of one-eighth of one per cent, per pound in addition to the said duty of forty per centum ad valorem, and all sugars, tank bottoms, syrups of cane juice or of beet juice, melada, concentrated melada, concrete or concentrated molasses, which are imported from and are the product of any country which at the time the same are exported therefrom, pays, directly or indirectly, a bounty on the export thereof, shall pay a duty of onetenth of one-cent per pound in addition to the foregoing rates. Provided, that nothing herein contained shall be so construed as to abrogate or in any manner impair or effect the provisions of the treaty of commercial reciprocity concluded between the United States and the King of the Hawaiian islands on the 30th day of January, 1875, or the provisions of any act of Congress heretofore passed for the execution of the same.

S. C. LIQUOR LAW.

The Supreme Court to Render Its Decision To-day on the Question of Prohibition of Free Liquor.

By Telegraph to the Morning Star COLUMBIA, S. C., May 7 .- The Supreme Court to-day heard the Florence injunction and habeas corpus cases, which are designed to kill the dispensary law of 1893, and to settle the question of prohibition or free liquor. The Court announced that it would render its decision to-morrow morning. In the habeas corbus case J. Ellis Brunson seeks to be re-leased from custody. He was arrested for selling liquor. The injunction case is to restrain the City Council of Florence from issuing licenses for the sale of liquors. The latter case was given the most prominence, but both involved the same questions. Attorney Wilcox appeared for the injunction and S. A. peared for the injunction and o, a. Nettles, Darlington, represented the city.

ICE AND BEER WAR.

The Beer Men and Ice Companies of Sa vannah in Competition.

peculiar phase of business competition in Savannah :

ice manufacturers and beer dealers. As the result of the war ice is already down to 25 cents a hundred, and beer is to be sold at \$1 a keg next week. The beer dealers put the price of ice down, and the ice manufacturers propose to put the price of beer down in retaliation. The result is likely to be a very pretty fight, of which the people will get the benefit. Cheap ice and cheap beer will add a great deal to the comfort of the great majority of the people during the long hot summer.

The contestants are the Savannah Ice Delivery Company on one side and the Savannah Brewing Company, and Mr. George Meyer on the other. The news has been circulated among all the retail beer dealers that the ice company will have several carloads of beer on hand next week, which it will dispose of at \$1 a keg, just half the present price. It is understood the beer will be brought from Mobile, where the Central Ice Company, which controls the Gorrie Ice Company, also controls a brewery.
