BUTLER-TILLMAN.

The Campaign Meeting at Sumter, S. C., Without Special Interest Except That an Excused Farmer Wanted to Lack Tillman my Telegraph to the Morning Star.

CHARLESTON, June 23 .- The campaign meeting at Sumter to-day was without special incident. Gen. Butler made a gentle and mild-toned speech, while Gov Tillman was again on the delensive and undertook to reply to the charge made by Gen. , Butler. Gov. Tillman has, during his previous cam-paigns, resorted to hand primaries to test the strength of the crowds; to-day he made a new use of that custom. He had the crowd to endorse, in that way, the attack he had made upon Gen. Butler, the language he had used about there being a corruption fund, the re-opening of the Dispensary and almost everything on which he wanted support. At one time during the meeting it looked squally. A farmer in the crowd asked Governor Tillman a question, and the Governor said that the fellow must be drunk. This excited the farmer, and he said that he would lick Governor Tillman if he would come outside. To the invitation the Governor replied that it was peculiar on the part and fight with him and that he must be crazy or drunk. Then the farmer made for the stand. He caught hold of the ralling and in attempting to climb over, broke the strip of board. By this time a number of men caught the excited man around the arms and carried him out of the crowd amidst the most en-

Gov. Tiliman charged Gen. Butler with being followed around by two paid detectives of the Richmond & Danville road. He said that he had no fear of being killed, for whoever entertained such a thought realized that if he fired a shot it was only a question of a few seconds before he would be a target for others. He made a vigorous defence of the Dispensary law, and said that if the people wanted it again that they could have it, as they were mightier than the Courts or Constitutions.

The crowd was for Governor Tillman but was not over eight hundred, two

Brutal Treatment of Gen. Tarsney of th State Guard of Colorado. By Telegraph to the Morning Star.

COLORADO SPRINGS, COL., June 23,-Shortly after midnight Adjutant-General Tarsney, of the Colorado State National suard, was called from his room at the Alamo Hotel and informed that somebody at Cripple Creek wished to speak to him over the telephone. When he appeared to answer he was confronted by a masked man armed with revolvers, who requested him to accompany him Tarsney called for help, but was quickly clubbed into submission. Several more k dnappers appeared and carried him to a sidewalk, where two carriages under guard were in waiting. He was fired into one carriage and both carriages were ben driven at a rapid ra e to Austin Bluffs. Tarsney was removed from the carriage and stripped, and a coat of tar and feathers was quickly administered. After this treatment Tarsney was warned against returning to Colorado

GRAIN AND PROVISIONS. Wheat a Trifle Higher-Corn Lower-Pork Products Steady.

By Telegraph to the Morning Star. CHICAGO, June 23 .- The opening was Hatch Anti-Option bill by the House of Representatives yesterday, on the failure of the committee having in charge the elevator controversy to settle that vexed question, and on cables which showed that Liverpool was again follow-ing American markets on the down grade. At the close there was a gain for July of Mc. over yesterday's close. July wheat opened from 58% to 59%c, sold between 58% and 59%c, closing at 58%c. Cash wheat was strong. Prices

were without essential change. Corn was traded in principally by the holders of provisions. The range was narrow and the inclination was to follow wheat. July opened 40%@40%c., sold between 41@41%c. and 40%c., closing a shade under yesterday at the outside figures. There was a fair inquiry for cash corn. Offerings were larger and

Oats were lifeless. Owing to the strength of June, caused by some de-mand from belated shorts, the deferred deliveries held steadier than they otherwise might have. The trade was devoid of feature, and with a very light trade. June closed 1c higher than yesterday.

Provisions dull and stagnant. The range of prices were confined within 5c limits, except for lard, which got 2½c beyond these boundaries. The feeling beyond these boundaries. The feeling might be called steady, although prices were a little easy at times, and at others a trifle firmer. The hog market opened strong, but closed weaker. It had but little effect, however, on product. September pork closed 2½c higher than yesterday. There was no trading in July pork. July lard and ribs closed unchanged from yesterday. Very little business was done in cash product.

THE INCOME TAX

AGAIN DEBATED IN THE SENATE. Amendments Offered by Senators Hill; Vest and Platt-The General Deficiency Bill Under Consideration in the

By Telegraph to the Morning Star.

SENATE. WASHINGTON, June 23 .- At 10.30 the Tariff bill was taken up, the question being on the various amendments to the Income Tax provision and Mr. Hill became again the central figure of the proceedings. He started in at once and talked for an hour and three-quarters, worrying alike the Senators of his own party and those of the Populist party. He spoke of the latter as "coming to the front like the rubbish and dirt in a boil-

obtained by its coalition with the Democrats-was its fit emblem. Alter some remarks by Mr. Allen the committee amendments to section fiftyfour-in the first of the income tax sections, were agreed to without a division. An inquiry was made by Mr. Allison as to the amendment offered yesterday by Mr. Vest to reduce the exemption from

Mr. Vest said he withdrew it. He had offered it under a misapprehension, supposing that his colleegues on the Fi nance Committee favored it. He had learned this morning, however, that they did not favor it. His action had not been influenced by any argument made in the Senate. He took the full responsibility of withdrawing the amendment, Mr. Hill then offered an amendment reducing the exemption to \$1,000, Re--yeas, 18, nays, 42.

Mr. Hill then moved to amend by making the exemption \$2,000. Rejected—yeas 26, nays 33. He then moved to make it \$2,500. The amendment was rejected-yeas 25, nays 33. Then Mr. Hill moved the amendment offered yesterday by Mr. Vest-to make the exemption \$3,000, and said that it seemed yesterday to be universally approved. He suggested that the amendment should be determined by its merits, and not by the fact of its being offered by one Senator or by another. This amendment was rejected—yeas 30, nays 38.

fixed at \$4,000, Mr. Hill then moved to postpone for

one year the time for the income tax to begin and to end—1896 and 1901, Reiected-yeas 26, nays 41. On motion of Mr. Hoar, and without opposition, an exemption from the in-come tax was made in favor of Judges

of United States Courts. Mr. Platt moved to strike out the proviso that only one deduction of \$4,000 shall be made from the aggregate income of all the members of a family. The vote on this amendment was, yeas

An inquiry was made by Mr. Sherman as to the estimated annual yield of the income tax. It was stated, in answer by Mr. Vest, that it had been estimated at \$30,000,000, but that he could find no reiable data for such an estimate. Mr. Hill inquired as to the principle

on which the salaries of United States Judges were to be exempted. Mr. Vest confessed that that amendment. There was much plausibility, tice Taney, that as the Constitution vided that the compensation of United States Judges should not be diminished

during their term of office, the exaction of an income tax from that compensation would be an infringement of the Mr. Hill then moved an amendment to apply the same principle to the President of the United States. The President, he said, did not ask it. He (Hill) was not authorized to speak for him in this or in any other matter. [Laughter]. But he thought that if the salaries of Judges were exempt at the personal re-

citizen of New York who now occupied the place of President of the United "Mr. President," said Mr. Vest, with good-humored satire, "as this is proba-bly the last President we shall have from the State of New York, the appeal is almost irresistible." [General laughter, in which Mr. Hill himself took part.] "I am afraid, Mr. President," Mr. Hill promptly retorted, "that if we keep on with this kind of taxation, this will be the last Democratic President from any State in the Union. [Applause in the

galleries. Mr. Hill's amendment was agreed to without opposition, and so the salary of the President is also exempted from the ncome tax.

Mr. Hill's next amendment was to strike out the exemption of such United States boads as are, by the law of their issuance, exempt from all Federal taxation. This amendment was not disposed of.

In consequence of the stifling heat in the Chamber and of the assurance held out by Mr. Hale that the remaining provisions of the income tax could be disposed of on Monday, Mr. Harris, at 4.80, consented to an adjournment,

HOUSE OF REPRESENTATIVES. Speaker Crisp resumed his duties today and as he rapped the House to order a ripple of applause swept over the floor at his re-appearance. He showed traces weak and lower on the passage of the of the effects of his recent illness in both his appearance and manner.

The remainder of the day's session was levoted, in Committee of the Whole to the consideration of the General Deficiency bill for the current year. The entire bill, with the exception of the paragraph relating to Indian depredation claims, was read, and that subject will come up Monday or Tuesday, when the bill will again be the pending business. No amendments of importance

Senate amendments to the House bill incorporating the Grand Lodge Knights of Pythias were agreed to and the measure now goes to the President for his signature. Adjourned.

It was only slight, because Liverpool made practically no response to the Washington news. AN EXCITING RACE.

THE AMERICAN DERBY AT CHICAGO. Won by Lucky Baldwin's Bay Colt Rey El Santa Anita.

By Telegraph to the Morning Star. CHICAGO, June 28 .- To-day for the fourth time since the American Derby was inaugurated the black jacket, red maltese cross, red sash and cap, of Lucky Baldwin were first under the wire. His bay colt, Rey El Santa Anita, 40 to 1 in the betting, won the race easily by six lengths in 2.36 flat, equalling the best time ever made in the race. Senator Grady finished second and Domino, favorite in the betting, was absolutely ost. The track and weather were perfeci for the race. Neither could have been improved upon. During the early part of the afternoon a gentle breeze blew from the south, not enough to interfere in the slightest degree with the running, but when the derby horses were called to the post there was not enough air moving to carry away cigar smoke. The sun was hidden by heavy lead-colored clouds, and the air was warm and sultry. It was warm enough to enable a horse to do his best, and yet there was no sun. Before the first race was called dark clouds began piling up in the west, and heavy peals of thunder betokened an approaching storm. Between 2.30 and 8.30 several smart dashes of rain came down, but they were short-lived and in no way affected the track or had any result on the race, saye to make a few bet-

ters rush to put money on Rev El Santa

Anita, who is a mud horse. Had there

been no promise of mud these bets would

never have gone on, as there were very

few who believed that Rey El Santa Anita had any chance on a good track against such cracks as Senator Grady, Domino and Dorian. The saddling bell for the derby rang at .45 and the bugle calling the horses to the post sounded five minutes later. Alienor was first to appear on the track and was followed by Respledent, both horses being cheered as they moved past the grand stand. Despot, carrying the green and white colors of Edward Corrigan, was third, and Prince Carl Orinda and Rey El Santa Anita left the paddock in a bunch. The horses paraded past the grand stand in the order named, Domino, Dorian' and Senator Grady coming down the stretch from the stables and swinging into the parade from the rear. The three Eastern horses were cheered to the echo, the majority of the public being on one of the three to win. The horses cantered slowly to the starting post, where Starter Pettingill was awaiting them with grim recollection of the troble caused him last year by Taral and Garrison, who were mainly responsible for a delay of nearly two hours at the post. He warned them and the other jockeys that there must be no trifling, and after a few attempts: the flag fell to a good start, all the horses being well bunched. Domino was away first, with Despot at his neck, Rey El Santa Anita 3rd. The others in a lump with the exception of Senator Grady, who was off last and in a bad position. Alienor went out to make the running and at the quarter was feading by a length, Domino second, half a length in front of Prince Carl, Resplendent fourth, Orinda Fifth, Rey El Santa Anita sixth, Dorian seventh. Despot eighth, and Grady last. As the horses turned to come ment did not commend itself to his judg- towards the grand stand they were all bunched close up against the however, in the contention of Chief Jus- rail, Domino, Dorian and Grady being getting through. As they flew past the stand Resplendent collared Alienor and led by a length, Prince Carl being third by a head. Garrison here got out of the pocket in which he had been held, and pulling Grady to the outside sent him to the fourth place. Just before the three-quarters was reached Garrison made a play, which, in the opinion of many, lost him the race. He saw a chance to get the lead and looming up on Senator Grady he sent the brown son of Iroquis to the front like a flash. He passe every thing in front of him as though they were standing still, and then pulling

quest of the Senator from Missouri, the over next to the rail, he kept the Senator same exemption should be given to the going as though he meant to make a run away race of it. Taral on Domino, and Vanturen on Rey El Anita, evidently held this opinion for they at once cut loose and went after the Senator at a smashing pace, At the mile Grady was a length and a half in the lead and going like a scared dog. Rey El Santa Anita had come up with a rush from seventh position at the three-quarters and was second ahead in front of Alienor who was hanging on gamely. Domino was fourth, a half length in front of Resplendent, Prince Carl, Dorian Despot in order named. After leaving the mile post Vankuren gave Santa Anita his head and the colt began rapidly to close on Senator Grady. He was at his flank, then at his head and then began to draw away in a manner that left no doubt whatever that unless some horse in the bunch could run past Senator Grady and catch the leader, the derby was over at the mile and a quarter.

Prince Carl came up to third place and was a half length in front of Domino on whom Taral was now making every effort. Because of the great similarity in the colors worn by Vankuren and Bergen, it was thought the latter had the race at his mercy, and loud and long cheers went up for Dorian. But Dorian was in the eighth place, and getting ready to make his run. As they turned into the stretch, Santa Anita kept his pace and opened up daylight between himself and Senator Grady in a way that was heart-breaking to those who had money on Grady and Domino. He was full four lengths in the lead and drawing away at every jump. Taral called on Domino for a final effort and the colt responded gamely, but his time had come, and the horse which had never yet been beaten could do but little towards improving his position. Despot came up with a rush and passed Domino. Dorian closed on him and gained at every stride. It

was all up with Domino, and Taral, recognizing the fact, pulled him up and gallopped slowly in. As the horses neared the wire Rey El Santa Anita opened up six lengths and had speed to spare. Grady was coming hard two lengths ahead of Despot, who had gone very fast through the stretch. Vankuren sat leisurely on Rey El Santa Anita with his hands down and now and then turning his head to watch Garrison

and Senator Grady. The Baldwin horse won by six lengths, pulled up, and with speed to throw away, Senator Grady, who might have stood a better show of winning had Garrison sayed him for the stretch instead of calling upon him before the race was half over, was second by two lengths, Garrison riding for his life to stave off Despot, who was closing rapidly. Prince Carl came fourth, four lengths behind Despot, and the rest were

Even after the race was over, many people supposed that Dorian was the victor, and several attempts were made to cash Dorian tickets. One man fainted when he was told that his Dorian ticket

Crescent W., third. Time 12,26.

By Telegraph to the Morning Star. JACKSONVILLE, FLA., June 28 .- A Florida Central and Peninsular freight train was held up to-night about 10 o'clock by two negroes. The hold-up occurred at a wood rack about eight miles from this city. The train had stopped for wood, and while the fuel was being thrown on the tender the negroes approached a brakeman who was standing near the rear of the train, presented pistols and demanded that he open a car. A brakeman obeyed and one of the negroes then drove a wagon up to the car and loaded it with bacon and flour, the other negro covering the brakeman with a pistol. The sheriff is now pursuing the thieves.
