Anarchist Mowbray, of England, has become disgusted with this country and struck out for England. His venity was wounded because the papers of this country didn't think him as an important a personage as he thought himself, and spoke of him contemptuously.

The Republican party has made two conquests this year. J. Hampton Hoge, of Virginia, who serpentined it too much across the continent and failed to reach Amoy, and H. L. Sewell, of Maine, who, as Consul at Samoa, was too free in his criticisms of Government policy and was bounced.

The Secretary of the Navy has been having a torpedo boat tested which seems to lead anything invented in that line. It can run for six hours totally submerged, making eight knors an hour, and on the surface can run eighteen hours, making sixteen knots an hour. It is perfeetly manageable.

The women of Munich may be daistes. The editor who referred to one of them as a "Staatsschuldentilgungskassabureauslehrerswittwe doubtless thought they were, but if he should pay such a compliment as this to one of our women she wouldn't know how to take it or what to do with it.

The demand by Secretary Gresham that the decree of expulsion issued by the Nicarguans against the American residents of Bluefields must be annulled and suspected Americans given a fair and speedy trial will bring the Nicaraguans to their senses, especially since the demand is backed up with the intimation that if necessary it will be supported by some warships.

Last Tuesday the Durham Sun which always shines brightly, entered upon its last half of the six years it has been published under the management of Editor Robinson, who is always interesting and by his talent and industry has given Durham a paper of which it has every reason to be proud. We congratulate Mr. Robinson on his success and wish him continued prosperity.

We sometimes hear of darkeys bleaching and becoming white, but we do not often hear of a white man becoming black. In Timble county, Tenn., two white men took refuge during a thunder-storm under a poplar tree. The tree was struck by lightning, and the men were so badly stunned that it was some time before they recovered consciousness. Neither was seriously hurt but one of them had turned as black as the ace of spades, all over, and at last accounts continued so.

H. C. Ridenhour, of Cedar county, Iowa, was a thrifty sort of a fellow. The State pays a bounty of \$5 on wolf scalps, and he saw in that an rosin. opening for an industrious, enterprising man. The auditors of Lynn, Muscatine and Cedar counties were amazed at the number of wolf scalps he dumped upon them, and investigation showed that he was buying them in Omaha and other towns for sixty cents and turning them over to the State at \$5 a scalp. In addition to this, he was doing a considerable importing business from Canada. He has retired from the scalp business

and gone to jail.

Yesterday Morning's Fire.

A small frame dwelling on North Sixth street, between Mulberry and Walnut, owned and occupied by Ben Roan, colored, was discovered to be on fire yesterday morning about 2 o'clock. After some delay an alarm was sent in that brought the Fire Department, and the flames that had by this time extended to a house and store adjoining, were extinguished. Roan's house was entirely destroyed and he saved only a part of his furniture. Otherwise the damage was slight. The fire broke out on the roof of the burned building and is supposed to have been caused by some defect in the chimney.

Roan had insurance for \$200 on his house and \$50 on furniture, with Mr. Walker Taylor's agency. The damage to other property was about \$75.

BLADEN COUNTY. Democ atic Convention-Platform Adopted-Candidates Nominated-A Primary

Election for U. S. Senstor to be Held. The largest, most determined and harmonious Democratic Convention that has been held in Bladen county for several years, assembled in Elizabethtown, Saturday, September 1st. The Committee on Platform and Resolutions made the following report, which was unanimously adopted:

1. We, the Democrats of Bladen county, in Convention assembled, do hereby renew our allegiance to the Chicago Platform of 1892, as construed by Southern Democracy, and also to the State Platform of 1894, fully believing that their policy, when administered in our Government, will relieve the depression of the country, bring the greatest good to the greatest number and insure to the American people the greatest benefits to be derived from any gov-

ernmental policy.

2. We endorse the action of the National House of Representatives in their gallant fight to lift from the shoulders of our toiling masses the burdens of excessive taxation.

The candidates nominated were: For the House of Representatives, C. O. West; for Clerk of the Court, G. F. Melvin; for Sheriff, J. P. Council; for Register of Deeds, J. B. Gilliam; for Treasurer, Dr. W. H. G. Lucas; for Coroner, Mr. Bullard; for Surveyor, Mr. Downing.

The following resolution was passed by the Convention: Resolved, That the County Executive Committee provide for a primary election to be held in Bladen county on the first Saturday in December, 1894, at which election the Democratic voters may express their choice for U.S. Senators, and the candidates receiving the

highest number of votes shall be voted for by our Representative in the House. The occasion was enlivened by the presence of Hon. John G. Shaw, the Democratic candidate for Congress, who was called on by the convention and responded with a ringing speech for De-mocracy and in denunciation of the Republicans and of Butler and other Populist leaders who have led astray some of our good people. Mr. Shaw will make a rousing campaign. He is in good trim and will out-class and knock out whoever may be his opponent in the
