L., who has been very sick at his parent's home at Wallace, was reported as no better yesterday. His friends here hope there will be a change for the better soon.

Baseball at Hilton Park.

The Blackstockings and the Darlington, S. C., colored team, played their second game of ball at Hilton Park yesterday afternoon. There was a good attendance of spectators at both games. The game played Wednesday was won by the Darlington team—score 15 to 14—and the game yesterday afternoon went to their credit with a score of 13 to 11.

BY RIVER AND RIAL.

Receipts of Naval Stores and Cotton Yesterday. Wilmington, Columbia & Augusta R. R.—64 bales cotton, 36 casks spirits turpentine, 213 bbls. rosin, 85 bbls. tar, 10 bbls. crude turpentine. Carolina Central R.R.—25 bales cotton, 23 casks spirits turpentine, 113 bbls. rosin, 4 bbls. tar. C. F. & Y. V. R. R.—2 bales cotton, 32 casks spirits turpentine, 89 bbls. rosin, 22 bbls. tar. Wilmington & Weldon R. R.—7 bales cotton, 16 casks spirits turpentine, 10 bbls. rosin. Steamer Daggett—23 bbls. tar, 16 bbls. crude turpentine. Total receipts—Cotton, 98 bales; spirits turpentine, 107 casks; rosin, 424 bbls.; tar, 134 bbls.; crude turpentine, 25 bbls.

The Democratic National Congressional Committee is confident that the Democrats will control the next House of Representatives, although, perhaps, by a somewhat reduced majority. Republicans and Democrats are both fusing with the Populists in some close districts in the West, but when the Democrats do, it is with the understanding that the Populists will vote with the Democrats on every question but that of silver.

German law is not to be sneezed at.

It is against the law in German cities to make any unseemly noise on the streets at night. Recently a burger of Berlin was arrested for sneezing and fined three marks, although he protested that he did his level best to suppress the sneeze. It is said that Kaiser William would like to buy that big diamond which was recently dug up in South Africa, and is held at \$1,000,000. But there are several hotel clerks who also want it.

LOCAL DOTS.

Items of Interest Gathered Here and There and Briefly Noted. WILMINGTON WELCOME WEEK. — Rowing on the river in the afternoon is quite the "fad" now. — Receipts of cotton here yesterday were 94 bales. There were no sales. — The Weather Bureau reports a storm of very limited energy on the Gulf coast yesterday, and a decided fall of temperature in Western New York. — The maximum temperature yesterday was only 88 degrees—as registered at the Signal office—but to many it was the most oppressive day of the season. — A party of colored excursionists from Morehead City and Newbern were in the city yesterday and left for home last evening by train on the W., N. & N. R. R. — Hon. Chas. M. Stedman and Mr. M. L. Reed have been nominated in the Democratic primaries of Nancombe county for the House of Representatives. They had practically no opposition. — There will be a game of base ball at Hilton Park this afternoon, beginning at 8 o'clock between the Blackstockings and Darlings. It will be followed by a watermelon tournament embracing many amusing features. — An improbable rumor reached here yesterday that the Southern Railway people were negotiating for the control of the Carolina Central. The Georgia Central is no doubt the road that should have been named. There is another rumor, however (which the STAR trusts has some foundation), that there will be an improved mail and passenger service on the Wilmington "cead" of the K. S.

BUSINESS REVIVING.

Better Indications as Reported From Chicago. An inquiry among the best representatives of the mercantile community, says a Chicago telegram, has established the fact very clearly that business has recovered its old-time health and vigor. There is no general boom, but trade has revived from its lethargy. One firm was found which claims to have encountered a genuine boom. It has not been favored with so large a business in years. Business is generally compared with that of two years ago, at least by jobbers, since last year was a disappointing one with them—almost disastrous in some cases. The figures are reported as showing an increase of from 25 to 30 per cent. in volume for the present month over that of 1893. Those who have been the first to feel the effects of the new tariff are the dealers in dry goods. Banks reported an increased demand for money, with a tendency to stiffening in rates. In one instance a higher rate had already been demanded and received.

A Farewell Party.

Capt. and Mrs. John W. Harper, at their home on Moore street, Southport, the Leader says, gave a very pleasant "At Home" in honor of Miss Lillie Harper and Mr. Fred Harper. Songs and music by a number of the young ladies present, and an amusing impromptu instrumental duet a la Alvin Joslin, by Capt. Tom Harper and Dr. Watson, added very much to the enjoyment of all. Fruit, ice cream, ices and cakes followed the social features of the occasion. Among those present were the Messrs. Linda and Eva Doshier, Hattie Legge, of Wilmington; Dr. E. A. Gasque, of Florence, S. C.; Mr. N. F. Parker, Wilmington; Capt. and Mrs. J. T. Harper, Mrs. H. W. Hood, Mrs. Bessant, Miss May Webb, Misses Mary and Annie Harper, and Dr. D. L. Watson, Messrs. E. H. Cranmer, J. B. Cranmer and Robt. Newton.

Work For All.

The Southern Leader says: It has been decided upon by those having charge of the river and harbor improvements of the lower Cape Fear to make some changes in the system hitherto followed, and instead of letting out most of the work by contract and thus sending the money away from home, the greater portion of our river and harbor appropriation will now be used under the direct supervision of the Wilmington office, and local labor will be given the first call. The work which will soon be started in this vicinity, is the building of a casement at Fort Casswell. At Snow's Marsh a jetty six thousand feet long is expected to be ready by January 1st, 1895, and in choice of men for this boat the preference will be given to the old crew of the Woodbury.

AGRICULTURAL FAIRS.

Fifth Annual Fair of the Border Exposition of the Carolinas at Maxton, October 31st and November 1st and 2d. State Fair of the North Carolina Agricultural Society, at Raleigh, October 23rd to 28th inclusive. Dance at the Hammocks To-night. The last dance of the season at Island Beach hotel will be given this evening. It is expected that many ladies and gentlemen from the city will participate in it. The last train from the Hammocks will leave there at 11 o'clock. — Mr. Frank D. Jones, of Glendon, N. C., was in the city yesterday.

MAXTON GUN CLUB.

A Pigeon Shoot in Which There Was More Fun Than Skill. A practice shoot of the Maxton gun club took place at the Fair Grounds, near the town, Tuesday afternoon. There being ten entries, two teams were formed with M. F. Peace Captain of No. 1, and Murphy McNair Captain of No. 2. The club has been very recently organized, and in the match of Tuesday several of the contestants had never shot at a clay pigeon before. The conditions were twenty "blue rocks" to each competitor, eighteen yards rise. The score was as follows: Team No. 1: M. F. Peace, 11; A. C. McKinnon, 8; W. H. Bernard, 7; L. S. McNair, 5; Fitzhugh, 5. Total, 36. Term No. 2: Murphy McNair, 18; A. A. Chapman, 12; W. H. Harker, 5; A. J. McKinnon, 3; J. M. Burke, 3. Total, 35. It will be seen that the team shooting was very close; but the power of a gray-rabbit foot gave the victory to No. 1 by one bird. At the Maxton Fair, which opens October 31, there will be a pigeon tournament open to clubs from the two Carolinas, at which prizes will be offered both for individual and team scores.

WILMINGTON WELCOME WEEK.

More Names to be Added to the List Published Yesterday. The Wilmington Welcome Week project still gains favor, and before the time for collecting subscriptions arrives it is thought every merchant in the city will be ready to donate liberally. It seems that the general opinion is that this year, with all its bright prospects ahead, is the year of all others that Wilmington should take on gala attire, and invite new trade. Letters to merchants in the city from country merchants and farmers roll in daily, saying by all means have it. In addition to the long list of business men whose names were published in the STAR yesterday as having expressed themselves in favor of a celebration this Fall, the following names have been added: R. R. Love. A. H. Holmes. Chas. M. Harris. Frank L. Covington. S. & W. H. Northrop. Warren's Vienna Bakery. THE WILMINGTON STAR. U. M. Robinson, oil broker. Williams & Murchison, bankers. Others will come in to-day. Spiritine Chemical Company, by L. Hansen.

OPERA HOUSE.

"As Like as Two Peas in One Pod." "The only twin stars in the world," Willard and William Newell, will produce for the first time in this city, at the Opera House, their big success, "The Operator," next Monday night. They will give the performance in exactly the same way as in the larger cities, using all the special scenery and mechanical effects. Speaking of the play and players, the St. Louis Chronicle says: "The twin stars, Willard and William Newell, had two splendid houses at Pope's Sunday to witness 'The Operator.' Before the curtain rang up for either performance there was not a seat left to be sold in that mammoth playhouse. The play hinges on the remarkable resemblance of two people, and the talented Newells, with their natural similarity and make-up, it was impossible to tell which was which. It kept every one guessing and was a most novel and interesting feature. The play itself has the most thrilling of stage pictures, which set the audience wild. Among the best was a remarkable storm scene, the crashing of an engine through a trestle and the total destruction of a ship in full view of the audience."

SOUTH CAROLINA COTTON.

Reports That the Bolls Are Rotting in Many Places. COLUMBIA, S. C., September 4.—Cotton bolls are maturing and opening rapidly, and picking has by this time become general. As nearly all fields have been gone over, the actual condition of the fields can be judged, for instance, the fruitage and the damage by shedding and rust, and the rotting of bolls. Shedding and rust are not as general as heretofore, although the reports of damage from those sources continue, particularly from localities having a sandy soil, where, also, there is no top crop making, growth having stopped. On stiffer or heavier soil the plant has attained a very rank growth of weed, but the fruitage is deficient, owing, it is thought, to the very rapid growth of the plant after the July rains began. This luxuriant growth of weed has given the crop a deceptive appearance heretofore, and its aggregate condition must be placed at considerably less than an average crop. There is considerable and particular general complaint of rotting of bolls near the ground. [The STAR has advices from several counties in North Carolina which agree, substantially, with the above. There is too much weed and too little fruit. Many of the planters insist that the yield will be 25 per cent. less than that promised a few weeks since.—EDITOR STAR.]

Good Times Ahead.

If smiling countenances are prophetic of good times, says the Observer, Charlotte merchants must be satisfied with the Fall prospects. They all seem to think business will revive with a rush this Fall. "Our trade," said Mr. W. R. Jones of Baruch's wholesale establishment yesterday, "was never better. We are busy getting in and sending out." Hardware men also pronounce trade excellent.

Exports Foreign.

The British barquentine Edith Sheraton, cleared yesterday for Macoris, San Domingo, with 260,434 feet lumber and sundry packages of merchandise. Cargo, valued at \$3,275.69, shipped by Messrs. Fore & Foster. The Norwegian barquentine Flora cleared for Bristol, Eng., with 1,000 casks spirits turpentine and 3,575 barrels rosin. Cargo, valued at \$17,970.89, shipped by Messrs. Paterson, Downing & Co.

THE WEATHER.

U. S. DEPT. OF AGRICULTURE. WEATHER BUREAU, WILMINGTON, N. C., Sept. 7. Meteorological data for twenty-four hours ending at 8 p. m. last night: Maximum temperature 88°; minimum temperature 71°. Rainfall for the month up to date 2.05 inches. FORECAST FOR TO-DAY. For North Carolina and South Carolina, generally fair, variable winds.
