He has been travelling over the State n the interest of his paper, and has taken occasion during his goings to look into the political situation.

Sharpe is intelligent, observant, conservative, and a straighout Republican, opposed in toto to fusion. "I suppose," said he yesterday, "that

out of seventy-five counties that I have visited, that not more than twelve county chairman are in fayor of fusion "The tusion chairmen you will find in Monroe, Fayetteville, Wilson, Goldsboro, Statesville, Lumberton, Jackson ville, and in Rockingham county, and in a few other places, but in the rest of the seventy-five counties that I visited the Republicans are opposed to fusion and will have none of it. "Are those chairmen white or col-

ored? "Most of them are colored." "Why do the colored people dislike

the Populists more than they do the "You know we call the Populists, the Populist-fused, negro-hating ticket. It is headed now by the same crowd that started the White Man's Republican League in 1888 at Asheville, namely, Pritchard, Skinner and Mott. They ought the negro then and they will do it now. Marion Butler fought the building of a negro school a few years ago, and Skinner said if the negroes went to Heaven he didn't want to go, They were the leaders of the Kuklux, which was the tail of the Democratic

party.
"What will be the result of the defec tion of the colored people?' "It means the defeat of the Populist ticket by 75,000 majority.' "Will that benefit you Republican col-

ored people any?" "Yes, if we have got to have Demo crats we want Democrats, but we don't want men who profess but don't possess. We prefer picking our own men or letting things go on as they are. neeting last night in the City Court room. The meeting was called to order by Mr. R. B. Clowe, and Mr. Samuel J. Springer was secretary. Mr. Lodor asked that the Finance Committee be allowed more time to report. It was moved by Mr. I. B. Rhodes

that they report at the next meeting. which was carried. The chairman asked that more time be given the Committee on Subscription, which was allowed. They have now sub-

scribed about five hundred dollars. The Club will proceed to secure grounds and build a first-class track. It is proposed to be in readiness to offer races for Gala Week to the W. W. W. Committee.

Mess's. H. McClammy, Samuel Skinner and H. A. Whiting were added to the Firance Committee. It was proposed that the name of the

Club be changed to some kind of a fair association Mr. P. Heinsberger, Jr., was asked to confer with the Carolina Cycle Club, to ascertain how many shares they would take, provided they were allowed to

build a cycle track on the grounds. The meeting adjourned to meet again Monday night at 8 o'clock. Everybody interested is invited.

Charleston has reconsidered the matter and will have a gala week. In this connection, the annexed paragraph will

prove of interest here : "There are many plans and projects advanced as to how the visitors should be entertained, but it seems likely that the programme will be made a good deal similar to that carried out on the first one or two occasions, Of course a great many would like to have this Festival extel all the others, but the time is so short now that it is doubtful if any very elaborate events could be arranged for. One excellent suggestion is that a rebate coupon be attached to every visitor's ticket, good for 20 per cent. of its original cost at any store, hotel or business place in the city. For instance, the purchaser of a ticket costing five dollars would be alike entitled to a dollar's worth of anything he chose to buy, and after the close of the Festival the treasurer of the Association would redeem these coupons at face value."

A Good Illustration.
