OUTLINES.

The Fall River weavers have decided to remain out by a vote of 531 to 477. Capt. Henry W. Howgate withdraws his plea of not guilty in the Criminal Court of the District of Columbia. Foreign news—the Japanese continue to win victories over the Chinese; Chinese forces reported to be poorly supplied with provisions and arms; the condition of the czar of Russia. The Secretary of War and the Secretary of the Navy refuse to allow a football game between the Naval and Military Academy teams on Thanksgiving day. A railroad warehouse destroyed by fire at Asheville, N. C.; loss \$50,000. Sixteen persons lose their lives in a hotel fire at Seattle, Washington. A fire at Phoenix, Ariz., causes a loss of \$10,000. A crank in Charlotte, N. C., claims to be one of the Aquia Creek train robbers. At Pensacola, Fla., property to the amount of \$100,000 was destroyed by fire and one man killed and five seriously injured. New York Democrats—Senator Hill's campaign; Vic-President Stevenson at Troy. Cotton spots and futures. Chicago grain and provisions market. N. Y. markets: Money on call easy at 1 per cent; cotton dull; middling gulf 16-16 cts; middling uplands 15 1/2-16 cts; Southern flour dull and weak; common to fair extra \$2.10-\$2.00; good to choice do. \$3.10-\$3.00; wheat dull and lower; No. 2 red in store and at elevator 5 1/2 cts; 55 cts; afloat 55 1/2 cts; corn dull and strong; No. 2 at elevator 38 1/2 cts; afloat 38 cts; spirits turpentine quiet but steady at 39@39 1/2 cts; rosin dull and firm; common to good strained \$1 40@1 45.

The last Congress abolished 449 offices and saved the people \$581,179 a year.

The process by which matches will be made in the Gould plant in New Jersey is a new one, wood pulp being used instead of wood.

Zimmerman, the bicyclist, is running a wheel of fortune. He has made twenty-five thousand dollars this year by his riding in Europe.

Japan is making a good deal of history these days; and so is Tokoto Shokai, a Japanese historian, who has already written three volumes on the war in Korea.

An earthquake knocked a town in Japan down last Monday, and the next day houses were rocked in California. Probably the same quake swinging around.

San Francisco papers say that the power of the new lens in the Lick telescope is so great that a building the size of their city hall would be visible on the moon's surface.

The Grand Rapids, Mich., furniture makers are not howling calamity as a result of the new tariff. They have just closed contracts for large bills of furniture to be shipped to England.

The French propose to keep President Carnot's memory green. Steps have been taken in 300 towns and cities to erect monuments to him, while others are calling squares and avenues after him.

Great crowds of pickpockets are said to follow Gov. McKinley in his swing round. This is proper. Gov. McKinley is the champion of the biggest pocket-picking system ever seen in this country.

It is somewhat remarkable but it is true that there is not a Republican with Presidential aspirations on the stump now, save Wm. McKinley, who does not directly or indirectly apologize for the McKinley bill, and he probably would if it didn't bear his name.

Generals Yeh and Web, commanding Chinese troops in Korea, are under charges, the former of cowardice, the latter of extortion, and have been summoned to China to see if their heads shall be chopped off. That's the way the Chinese do.

There was a fall of snow the other day in a Maine town, and two citizens wagered as to which could eat the most snow balls. The wager was for one dollar. Silas Grew won, but it took about five dollars' worth of pain killer and other stuff to straighten him out and get him on his feet again. He didn't know there was so much cramp in the beautiful snow.

Hon. M. D. Harter, Democratic Congressman from Ohio, refuses to take part in the campaign because the Democratic State Convention declared for the free coinage of silver. The Richmond Times suggests that perhaps the fact that Mr. Harter and Governor McKinley are brothers-in-law, having married sisters, may have something to do with his playing mum.

“Have You Thought?” That the Overgaters made by the Columbian Over-Gaiter Company are not only the most elegant and stylish finished for a Lady or Gentleman's dress, but an actual necessity when you think how they protect the extremities and keep the blood warm at the lowest point of its circulation, thus obviating the dangers caused by wearing high-tight-fitting shoes.

For sale by your Shoe Dealer.

LOCAL DOTS.

Items of Interest Gathered Here and There and Briefly Noted.

WILMINGTON NOVEMBER WELCOME

—For other local see fourth page.

—For other new advertisements, see fourth page.

—Since Martin, the komikal candidate for Congress, turned Pop, he has become a peanut politician.

—Register of Deeds Haar issued two marriage licenses the past week; both to white couples.

—Watch for the returns from Robeson county on the 8th. The result will be a veritable Waterloo to the Republicans.

—Mr. David M. Vance, son of the late Senator Z. B. Vance, died Thursday night at the State Hospital, Morganton.

—At 8 o'clock a. m. Friday there was 5 feet 3 inches water in the river at Fayetteville; a fall of one inch in the previous 24 hours.

—The mounted division in the Welcome Week parade will be something worth seeing. It will be in charge of Mr. E. Payson Willard.

—The rectors of St. James', St. John's and St. Paul's Episcopal churches have returned to the city and will conduct services in their churches to-day.

—One of the most brilliant attractions of Welcome Week will be the great Cyclorama of Gettysburg. This, of itself, will be worth a trip to Wilmington.

—In the Mayor's Court yesterday, a fine of \$50 was imposed upon the master of the steambot *Daggett* for running the boat without a spark-arrester.

—Florence Times' daily cotton report: “The total receipts of cotton at this place for Friday amounted to 136 bales, all of which were shipped to Wilmington.”

—If you wish the Welcome Week advertisement printed on the backs of your envelopes send them to the STAR office to-morrow, and we'll print 'em free.

—There are but seven more days before election (Sundays excepted) to work for the success of the Democratic party. Let every Democrat do his duty and the Rep-Poplin abortion will be burned forever.

—The Cape Fear & Yadkin Valley Railway Company authorizes the sale of tickets to Wilmington at one first-class fare for the round trip, on account of Welcome Week. Tickets will be on sale November 25th to 30th, and will be good for the return until December 3d.

—The annual meeting of the Christian Association of St. Paul's Evangelical Lutheran Church will be held in the Luther Memorial building this afternoon at 4 o'clock. The various annual reports are to be submitted and officers are to be elected to serve for the ensuing year.

PERSONAL PARAGRAPHS

Portrait Paragraphs Portraying Principally to People and Potentially Printed.

—Mr. P. Heinsberger, Jr., is in Warsaw on a visit to friends.

—Mr. Harry N. Latham left last night for Oak Ridge Institute.

—Miss Allie Guthrie, of Southport, is in the city visiting friends.

—Lieutenant O'Brien, of Charleston, was a visitor in the city yesterday.

COTTON CROP ESTIMATE.

The Picture of Mr. Landauer—He Argues to Show that the Crop is Over-Estimates.

The first paragraph of the following was given in the telegraphic department of the STAR of Friday last, but it is reproduced in order to give the circular of Mr. Landauer complete.

New Orleans, October 25.—The local press will publish to-morrow a circular of Mr. A. J. R. Landauer, one of the largest exporters of the South, of American cotton, in which he estimates the commercial crop of the current season at 8,885,000 bales. Mr. Landauer estimates for Texas 2,700,000 bales, or an increase of 641,000 over last year; for the group of other Gulf States embracing Louisiana, Mississippi, Arkansas and Tennessee, 2,700,000 bales, an increase of 484,000, and for the Atlantic States embracing Florida and South Carolina, Georgia, Alabama and Mississippi, an increase of 210,000. Calculated by percentages he makes Texas gain 31 per cent, other Gulf States 22 per cent, and the Atlantic States 6 1/2 per cent. His views are predicated on personal observations made while travelling through sections of North and South Carolina, Georgia, Alabama, Mississippi, Arkansas and Texas, and in addition to the reports of a large number of experienced correspondents throughout the South.

Referring to reports promulgated relative to this season's growth Mr. Landauer says: “From my own personal observation and from what I learn from reports received I feel satisfied that the yield of the present crop is exaggerated. He says the fact that 5,600,000 bales were marketed from States other than Texas last year, and that the yield of the very poor yield of the Mississippi Valley bottoms, indicates that some very fine crops must have been raised in many sections of those States. Reading to the inference that while good results may be obtained this season they must be considered in many cases in comparison with the conditions last season. He finds Texas, Louisiana and North Carolina ahead of all other States, while the hill lands of Arkansas promise indifferent and in many cases poorer crops than last year. The cotton crop in Carolina crops are very much spotted—some good, others not better than last year, while the gain in Mississippi is principally in the cotton, which promise better than for years, while the uplands will give an increase. Mr. Landauer says the Egyptian and Indian crops will equal last season, while the Asiatic crop promises to be disappointing.”

He claims that the spinning trade in England and Germany is improving. France reports good trade, with prospects of mills continuing to work full time, and that in Prussia many of the most important spinners and manufacturers have contracts ahead for their entire output for 1895, some having contracts up to March, 1896. In America he looks for a considerable improvement over last season. He estimates the takings for the year by foreign and domestic spinners at 8,000,000 bales of American cotton, on the basis that should the current crop reach 8,800,000 the visible supply October 1st, 1895, will not have increased more than 350,000 bales over that of October 1st, 1894.

He claims that with continued low prices India will not ship anything like quantity she has shipped in the last two years, and that the demand for cotton from other centres will naturally increase; added to which he points to the probable greater demand for cotton in the United States, and a considerably reduced acreage. He claims that the present heavy movement to market is not an indication of the crop, as it might be even greater with a considerably reduced acreage. He expresses the opinion that it is suicidal to sell an article which has gone far below the price of production, concluding as follows: “American cotton has no competition, and hence America is in a far better position to dictate the price of this article than any other she exports. As matter of course, if planters continue to rush their entire product to market at once, if they are so frightened by current prices as to demoralize others, then it is possible we may witness even lower prices yet. On the other hand, if they market their cotton in a portion their risk is certainly nominal, if any, and if no great advance be established we might for a time, at least, experience steady markets followed by a healthy advance.”

PREPARATIONS FOR WELCOME WEEK.

The Wilmington Welcome Week, which begins on the 26th of November, promises to be the grandest ever held. It can already be seen that the merchants have begun advertising it more extensively than ever heretofore.

The military and civic parade programs has been arranged, and with the marine band and bombardment, will be the best one night show ever seen in any city in this State.

The fireworks committee has made arrangements for a grand pyrotechnic display.

The football team is practicing nightly.

A bag-race, three-legged race, and other features have been added to the programme.

The Cyclorama of Gettysburg will show here each day during the week.

THE MAXTON FAIR.

Mr. W. B. Barker, secretary, announces that the Cyclorama of Gettysburg has been secured as one of the attractions of the Maxton Fair, and negotiations are pending for purchase.

The European menagerie of trained wild animals. Members of the Wilmington Gun Club are specially invited to participate in the trap shoot November 1st.

PUSH THE WORK.

The committees having in charge the preparation of the various attractions for Welcome Week should lose no time in getting to work. In some cases a correspondence with Northern houses will be necessary, and in addition to this there are always unexpected delays, for which due allowance must be made. Always ahead should be the motto.

FEDERAL COURT.

The U. S. Circuit and District Court for the Eastern District of North Carolina, Judge A. S. Seymour presiding, will convene in Wilmington to-morrow afternoon. The civil docket will be called at 9 o'clock p. m.

THE REPUBLICAN BOSSES

They Will Soon Dictate Nominations, and the Colored Brother Will Say “Fully” for the Bosses!

It seems that the County Republican Convention which assembled here some weeks since, and which adjourned subject to the call of the chairman, was called together again last Wednesday (it must have been a very quiet meeting), and the STAR is informed, passed the following resolution:

Resolved, That D. L. Russell, W. H. Chadbourn, Thomas C. Miller, George Z. French, Daniel Howard, F. W. Foster and J. O. Nixon be and they are hereby appointed a commission on nominations and they are authorized, on behalf of this convention, to place before the people as candidates to be voted for by the Republicans of New Hanover county, such names as candidates for the several offices and positions to be voted for as they may deem advisable, the convention hereby conferring upon them full power so to do, and pledging the support of the Republicans of New Hanover county to such nominations as the said commission may make.

This resolution, of course, referred to the nomination of candidates to be voted for at the coming election, and the “commission” will doubtless hold a large and enthusiastic meeting in a day or two and “do something.”

It will be seen that the “commission” is composed of seven—all “wise” men, of course—and three of them are colored. They are Miller, Howard and Nixon. Doubtless, they feel honored by their association with Russell, Chadbourn, French and Foster; but will they insist that one or two colored Republicans be placed on the ticket? It is the colored men who do the voting in New Hanover—they outnumber the white Republicans twenty to one—but they will allow the white bosses to dictate the nominations, and the “whole kit and bin” of 'em will walk up to the polls and obey the order of their white bosses—perhaps.

Bully for Judge Russell's “savages.”

HOUSEHOLD HINTS.

Some Carefully Selected Recipes That May Be Found Useful.

To Remove Fruit Stains From Linen. —Well moisten the stains with kerosene oil, rub thoroughly, cover the moist spots with carbonate of soda, and leave in the sun to bleach. If the first application is unsuccessful try a second.

To Remove Rust From Flat-Irons. —Pour some kerosene oil on a plate or dish, and stand the flat-irons in it for twenty-four hours, rub them with rag and polish with very finely powdered bath-brick.

To Clean Sewing Machines.—Cover all the bearings with kerosene oil, work the machine quickly for a few minutes, then thoroughly rub all the oil off with rags, and apply machine oil to the parts which need oiling.

To Clean Windows and Looking Glasses.—To a quart of lukewarm water add a dessert-spoonful of kerosene oil, dip a feather in the mixture and rub the glass; it will be clean in half the time it will take to clean with water only; polish with a dry leather.

To Clean Satin Shoes.—Take a piece of fine leather and dip it in spirits of turpentine, rub the satin lengthwise of the grain, change the soiled part of the flannel so as not to rub the dirt upon the parts already cleaned. White satin shoes should be kept in blue paper, if laid by for any length of time cover the paper with wadding to exclude the air and prevent them from turning yellow.

To Preserve Shoes and Boots.—To soften and keep leather from cracking, rub castor oil into it and let it remain on for about twelve hours; this applied about once a month will greatly prolong the wear of boots. They will polish perfectly with ordinary blacking after using it.

The Trap Shoot.

Including the sweepstakes, always the most popular feature of competitive trap shoots, the money value of the prizes, purses and entrance fees of the contest are to be open during Welcome Week at the grounds of the Eastern Dog and Game Protective Association, will amount to at least six hundred dollars. In fact, if the attendance is large from other points, the amount may reach a much larger sum.

The regular shoot for prizes has been fixed for Friday, November 30th, but there will probably be sweepstakes events nearly every day during the week; and it will be found that they will prove one of the most popular features of the occasion.

The committee of the gun club in charge of the matter hope to secure a large attendance of sportsmen from several States. These are gentlemen who come to enjoy themselves, and they always bring their purses—not their lunches—in their pockets. It is safe to say that in proportion to numbers, they will spend more money here than any of the thousands of visitors, who will be our guests.

FALL OPENING.

Mr. Chas. E. Gordon, the live dry goods and notions merchant, corner of Front and Market streets, had his “opening” yesterday. His store was crowded throughout the day, and every one that called found everything arranged tastefully, and goods of all varieties in profusion. A special effort was made to please and his stock was well shown.

Supposed to be insane.

A white man thought to be insane was taken to police headquarters last night. He was arrested at Third and Princess streets, where he was creating a disturbance. He gave his name as G. T. B. Nelson and said he had worked at one time in Col. Roger Moore's brick-yard near the city.

AGRICULTURAL FAIRS.

Fifth Annual Fair of the Border Exposition of the Carolinas at Maxton, October 31st and November 1st and 2d. Fair of Cumberland County Agricultural Society, at Fayetteville, November 14th, 15th and 16th.

The first annual Fair of the Robeson County Agricultural and Live Stock Association will be held at Lumberton November 20th, 21st, 22d and 23d.

Annual Fair of the Rocky Mount Fair Association, at Rocky Mount, November 7th, 8th and 9th.

ABOUT NEW YORK.

Hill May Surprise the Republicans and Bosses—Notes of Interest.

Wm. F. Harity, Chairman of the Democratic National Committee, says: “The entire Democratic ticket will be elected in the Empire State this time. The Democratic party has begun the work of tariff reform and when the enemy is fighting hardest it is no time to recede. Mr. Hill will be elected Governor.”

Chairman Faulkner, of the Democratic Congressional Campaign Committee, was interviewed in New York Friday. He said Senator Hill was making the most magnificent canvass of the State that he ever knew of, and he had no doubt of his election. He said the information he had was that the Democrats throughout the State were more enthusiastic than they had been for years, and the Republican majority above Harlem would be reduced to a considerable extent.

A telegram from Corning, N. Y., says: “Election betting, though light, is slightly in favor of Morton, but John Burke has put up \$50 on Hill against \$50 put up by John Gregorius. One of Hill's admirers says he will bet \$50 that Hill wins by 30,000 plurality.”

At Lockport, N. Y., Dan Rodenbach offered to bet \$750 on Hill in ten bets of \$75 against \$100 each, but has had no takers. Charles W. Hatch called a bluff of \$100 even on Hill.

The World of Friday says: Among the visitors at Democratic headquarters yesterday were ex-Comptroller Wemple, who brought cheering news of the Democratic situation in Montgomery county; Secretary Gardner, of the Congressional Committee, who said that Senator Faulkner had gone to Washington impressed with the conviction that in spite of the unsatisfactory condition of affairs in this county and in Kings the next House of Representatives would have a Democratic majority of at least sixteen, and ex-Senator J. Hampden Robb, who declared that Senator Hill was daily growing stronger.

Among the other visitors were Charles J. Canda, E. L. Ridgway, Commissioner Beardsley, ex-Senator McCarren and Thomas E. Pearsall. Ex-Senator McCarty, of Kings, dropped in long enough to say:

“Kings county will go Democratic by 10,000 to 15,000. I think this is absolutely certain.”

The Hail Storm.

The hail storm Friday night (referred to in the STAR of yesterday) caused considerable injury to skylights, conservatories, greenhouses and even tin roofs of buildings, to say nothing of choice flowering plants destroyed or injured and trees and shrubbery stripped of foliage.

Every pane of glass in the skylight at Dr. W. W. Harriss' office on North Water street was broken.

Mr. R. W. Hicks found upon investigation that the tin roof of his building on Water street was perforated in a number of places by hail-stones.

The roof of Messrs. F. Reinstein & Co.'s building on North Front street was riddled in many places. The skylight at the Y. M. C. A. building was badly damaged. Mr. D. L. Gore had eighty panes of glass broken in the greenhouse at his residence on Dock street.

City Markets.

The markets yesterday were well supplied with fresh meats—beef, pork, veal and mutton—at current rates. Poultry was not abundant, yet sufficient to meet the demand; grown fowls selling at 30 to 35 cents apiece and chickens 15 to 25 cents apiece; turkeys, \$1.00 apiece and ducks 70 cents a pair.

In the fish market there were abundant supplies from the sounds at 10 to 15 cents per string. New River oysters sold at 80 cents to \$1.00 per gallon and Sound oysters 12 1/2 to 15 cents per quart.

There is no game yet in sight excepting coots at 30 to 40 cents per dozen, and squirrels at 5 cents apiece.

Vegetables in season are abundant and cheap. Sweet potatoes sold at 50 cents per bushel; cabbage 5 to 10 cents apiece, turnips 5 cents per quart.

THE WEATHER.

U. S. DEPT. OF AGRICULTURE, WEATHER BUREAU, WILMINGTON, N. C., Oct. 28.

Meteorological data for twenty-four hours ending at 8 p. m. last night: Maximum temperature 66°; minimum temperature 51°.

Rainfall for the day, .61 inches. Rainfall for the month up to date 4.80 inches.

FORECASTS FOR TO-DAY.

For North Carolina, fair in western; rain followed by fair in eastern portion; North winds; warmer in the interior.

For South Carolina, fair; north winds, slightly warmer.

Let Him Come.

It was reported yesterday that Marion Butler had been invited here in the interest of Pop-Republican confusion. Let him come. The Democrats can well afford to pay his expenses and give him a chromo besides. If anything can thoroughly unite the Democrats of New Hanover it will be the presence here of Butler, the political freebooter.

OPERA HOUSE.

“Ten Nights in a Bar-Room” Presented by the Baldwin-Melville Company.

The Baldwin-Melville Company completed their week's engagement last night by presenting at the Opera House the great temperance drama, “Ten Nights in a Bar-Room.”

For a Saturday night, the audience was unusually large, and their appreciation of the satisfactory interpretation of the play was manifest in the incessant applause and frequent encores that were lavished upon the players during the performance.

The company is composed of talented and accomplished artists, with Miss Pearl Melville in the lead, and they have given the theatre-goers of this city a week of solid enjoyment at extremely moderate and popular prices.

At the close of the fourth act Mr. Baldwin appeared before the curtain and thanked the audience and the people of Wilmington for their patronage and courteous treatment during their stay here, and said that if satisfactory arrangements could be made the company would again appear at the Opera House, during Welcome Week, when they would present some new plays as well as some of the most appreciated ones that had been played by them during the past week.

NEW ADVERTISEMENTS.

Popular Styles,
Popular Prices.
