PERSONAL PARAGRAPHS

Rev. Dr. Harrison, of Ellicott City, Md., said in a sermon last Sunday that the world was getting better. We were inclined to think that way until the 6th of last November when we concluded there had been a good deal of backsliding. The Lumberton Robinson closed its 25th year last week. There is no better weekly paper in the State, and none which has better deserved the support which it has received. The World's Fair Commissioners, after settling all bills, have \$100,000 left. This is unique. Generally speaking it is the Fair Commissioners who are left. Judging from the number of homicides, frauds, &c., reported by telegraph, old John Barleycorn was about during Christmas time.

NEW ADVERTISEMENTS

I. A. SPRINGER—Coal. NOTICE—To city bondholders. NEW BUSINESS LOCALS. WANTED TO BORROW—\$600. LOCAL DOTS.

LOCAL DOTS

Items of Interest Gathered Here and There and Briefly Noted. — The Newbern Journal failed to reach the STAR office last night. — Local forecast: Fair till Sunday night; colder; high northwesterly winds. — That Northwest wind yesterday morning was very much like the Colfax—it was a cutter. — Some sneak thief entered the residence of Presiding Elder Rev. W. S. Rose a day or two ago and carried off two crockets. — Coupons of city bonds of Wilmington maturing January 1st, 1895, will be paid on presentation at the office of Blair & Co., in New York. — The police found yesterday that the glass front of the fire-alarm box corner of Seventh and Mulberry streets had been knocked off by some malicious person. — British schooner Bertha II, cleared yesterday for Petite Gonzalez, Hayti, with 70,469 feet lumber, value \$844,91, shipped by Messrs. J. H. Chadbourne & Co. — The usual excuse of hunting some one's house was given by the colored woman who was detected on the premises of one of our citizens a day or two ago near the back door. — The Augusta Chronicle says "carrying concealed weapons is getting too common." Why, bless your soul, it is doing the bloody work in Georgia. — If you wish to make some good friend a Christmas present that he or she will appreciate, read the announcement of the Encyclopedia Britannica in this paper, and see how cheaply you can get it. — In explanation of the late delivery of the STAR to city subscribers yesterday, it should be stated that our complement of printers was reduced about one half by sickness. We did the very best we could under the circumstances. — Read the announcement of the Encyclopedia Britannica in another column. The entire 35 volumes of this great work may be had on payment of \$5.00 cash and \$5.00 per month for seven months. This is \$40.00 for the complete work, payable in instalments. — Rev. Dr. Nash left for his appointment for the present conference year at Newbern, N. C., on Monday, and to-day his family leave for that city much to the regret of the numerous friends of all denominations which they have formed here in their sojourn among us for the past three years. — It might have been considered fun by the guilty party who put the fire-cracker in the key hole of a lock on Market street, but it was not considered funny by those who had to obtain the services of an expert to get it out in order to open the premises where laborers were waiting to go to work yesterday morning.

APPOINTIVE OFFICERS

Of Wilmington and St. John's Lodges. The Masonic fraternity of the city celebrated St. John's Day last evening by installation of officers for the ensuing year by P. G. M., C. H. Robinson, assisted by P. M., Walter R. Shaw as Grand Marshal.

NOT IN JACKSONVILLE

It is the opinion that the Prudential cannot fight in Jacksonville. The New York Sun says: "The outlook for the proposed fight between Corbett and Fitzsimmons being held in Jacksonville, Fla., is not bright. The ordinance which was passed recently prohibiting boxing in Jacksonville has ruined the calculations of the projectors of the contest. A well-known New York sporting authority returned from Jacksonville yesterday to Jacksonville to make it his business to study the chances of the battle coming off there. He failed to see how it could be held there. The new ordinance which has been passed in Jacksonville among the people who have watched Corbett and Fitzsimmons' movements very closely, said he, 'is that the mill will not occur there. The ordinance which has been passed is a serious obstacle to the fight, and that it must be enforced. The deaths which have occurred recently in Jacksonville have impaired the chances of the battle. There will be no fight in Jacksonville again for some time to come, unless I am very much mistaken.'"

THE WEATHER

The storm reported by the Weather Bureau Wednesday, passed Wilmington that night, the wind blowing with hurricane force in the early hours of the morning. It was central yesterday off the New Jersey coast, and had increased very decidedly in energy. The Bureau report issued yesterday morning, said: "This storm is being followed very closely by the most decided high area that has been observed in the United States in several weeks, which is bringing with it the lowest temperature that we have had this winter. The temperature has fallen decidedly throughout the country, except in the Northeast, where it has risen slightly. The temperature in the East and central sections will fall still lower during the next day or two."

FOR NEBRASKA SUFFERERS.

In reading the Christian Herald and other papers giving an account of the horrid state of destitution and threatened starvation in Kansas and Nebraska, and the great want of clothing to keep them from freezing this winter, and knowing full well that many families in our city have a good deal of second-hand clothing for young and old that is doing them but little good, and as I am making up a box to send, I am willing to add as many boxes as can be filled and ship them for the Christmas service. They left a colored boy in the church to start a fire in the stove, to which a new pipe had been attached, and to report how it burned. The boy started building the fire set an arm-full of fat lightwood by the stove and left the church. It is supposed that the stove got very hot and ignited the lightwood. The fire was discovered by two colored men, who barely had time to remove the organ and a few chairs. The building was insured for \$500. We understand that work on a handsome electric building will commence immediately.
