"The recent blizzard which swept over the Northwest has inaugurated a season of severe winter weather that has largely aggravated the already great destitution and sufferings of the people of the State of Nebraska.

Throughout a large section of that State the drought last Summer caused almost a total loss of the corn crop. As consequence, where the animals had not starved, the people have been forced to sell off their hogs and other live stock which they could not feed, and forced sales always impose a sacrifice to sellers. SEABOARD AIR LINE.

The New Vice-President Took Charge January 1st-He Issues a Circular. Vice-President St. John took charge of the Seaboard Air Line January 1st, and issued the following circular: SEABOARD AIR LINE,

OFFICE OF THE VICE PRESIDENT, PORTSMOUTH, VA., Jan. 1, 1895 In assuming the duties of Vice-President of the railroads comprising the Seaboard Air Line, the undersigned desires to express to one and all connected therewith feelings of entire cordiality, with the added hope that the New Year

upon which we are just entering may be a most prosperous one.

The property entrusted to our care is a very valuable one, requiring at our hands the greatest consideration. Our efforts must be to increase in every legitimate manner possible its business; while care in the protection of its revenues by the practice of economies, not injurious to its necessities, is enjoined upon all. Let the question be, how much (not how little) can we personally do, to aid in the accomplishment of de-sired results. Efficiency will be required and loyalty to superiors expected. These two go hand in hand, and when

united in a common cause, will always prove invincible. To a greater degree, if possible, than ever before, let us strive to possess both.
All officers, department chiefs and representatives of this line will continue in the performance of present

The undersigned will gladly receive suggestions from every source, when i is believed that such suggestions are in any way likely to improve the business or the service of the Seaboard Air Line. and his doors will be open at all times to officers, department chie's, employes or the public at large, who may have business to transact with him, and such persons may be assured of a most cor-Very sincerely, E. TWO BANKS SWINDLED. A Sharp Rescal Gets \$38,00 Each from Two Charlotte Banks,

The Charlotte Observer thus chronicles the exploits of a slick swindler in The First National Bank and the Savings Bank start the year \$88 short each. It happened in this way:

stepped up to the cashier's window in the Savings Bank and handed Mr. A. Brady, cashier, a check for \$38. The check was drawn on the Holston National Bank of Knoxville, Tenn., was signed by J. R. Cohen, and made paya ble to C. W. Bryan. The man being a perfect stranger to him, Mr. Brady handed the check back and told him be must have a city endorser. He left, re-turning in about an hour with the check endorsed with the name of Capt. Geo F. Bason, Mr. Brady is familar with Capt. Bason's signature, and believing that on the check to be Capt. Bason's,

cashed the check.

The First National Bank went through the same performance. Monday the checks came back from Knoxville, protested. Capt. Bason was seen, and pronounced the signature a forgery. The writing was so nearly like his that anyone would have sworn it to be his. The only difference was that Capt. Bason runs the B and a somewhat together, while the forger separated them. Mr. Brady describes the man as weighing about 180 pounds; he had dark hair and moustache, was decently dressed and withal rather prepossessing.

A VERDICT OF \$25,000 Awarded to a Man Who Was Broiled on

s Live Electric Wire. NEWARE, N. J., January 2 .- Robert McMullen has been awarded \$25,000 damages against the Western Union Telegraph Company for injuries received while working for the company as a line-man. In making some repairs McMullen grasped a live wire and was horribly burned. He fell face downward among the wires. He hung suspended there. He lost an eye, his back was burned to the bone, his hands badly burned and his brain was partly paralyzed. The current came from electric-light wires which were strung on the same poles as the telegraph company's wires.

Newspaper Thieves. It is a fact beyond dispute that newspaper thieves follow the carriers of the STAR (on Sunday especially) and steal many of the papers soon after they are left for city subscribers. It will be easy to capture and punish some of these thieves if those to whom they offer to sell papers will assist in the work. When they attempt to sell a paper without the words "For Transient Sale" stamped on the margin, it may be taken as almost conclusive evidence that the paper has been stolen.
Of course, if people will continue to buy the unstamped papers the thieves will continue their work.

Bay No Others. All persons are hereby cautioned against buying copies of the STAR offered for sale on the streets unless, in every case, the words "For Transient Sale" are stamped on the margin of the paper. Should any newsboy or carrier offer for sale a copy of the STAR not so stamped, he should be promptly reported

### HAIL THE NEW YEAR

WITH GLAD NEWS.

We have had a happy and prosperous year of 1894, and now our hands are clean and we are ready for '95. We intend to break all past records in the coming year. Our stock of goods have been largely increased in every line, and

been largely increased in every line, and our many customers has appreciated the vast in provements and have patronized us accordingly.

We have ome few Toys left we would be glad to sell at New York cost; but all other lines have been thoroughly replenished since the holiday trade, and we are not out of anything your hearts may wish. We want to in press the people of the fact that we sell for cash. We sell cheap. We sell more good honest goods for the money than can be bought elsewhere. After jewing all you please we have one honest price, and that price we have one honest price, and that price is charged to all. No profit marked to pay for hard debts. We carry all kinds of goods.
