BOARD OF ALDERMEN.

Proceedings of the Regular Meeting Held Last Night-A Resolution Adopt-

The Board of Aldermen met last night in regular monthly session, with Mavor Alderman Latimer spoke of the false Fishblate and Aldermen Moore, Latimer, Harriss, Northrop, VonGlahn, Gore, Yates, Nixon and Walker present.

The Mayor stated that Mr. T. W. Strange's bill, which had been first sent to the Board of Audit and Finance, had been investigated, and it was found in his report that the tax due by the First National bank was \$1008, and so far

was nearly half of the amount. A motion was made to restrain col-

Eighth street had been improved since. The Mayor stated that this was done under the regular appropriation, and the other street would be worked upon as soon as possible.

Alderman Moore said he saw a city cart hauling lumber to repair the Seacoast railroad platform, and entered his protest. It was explained that the streets being in bad condition this was the best way to repair them or let them go to rack.

Alderman Latimer said that he wished to call attention of Chief of Police and Mayor to the fact that a policeman was needed on Front and Orange streets on Saturday nights, as there was a disorderly crowd assembled there who impeded the progress of pedestrians. Chief of Police Clowe was requested to look after the

Mayor to sign them.

The Mayor stated that Aldeman E. A. Northrop's death had caused a vacancy that had not been filled. Alderman Gore nominated Mr. Dan'l D. Mr. P. B. Manning, City Attorney, stated that at the last meeting of the Board, the Board passed a resolution to empower him to give bond for the levy by the Sheriff on city property, but as the Board of Audit and Finance had not concurred, and the Sheriff had no power to levy on municipal property, that Mr. Strange had withdrawn his injunction, and asked him to present his bill through its proper course before this Board: stating that he meant no discourtesy by sending it to the Board of

Audit and Finance first. Alderman Harriss said he presented his bill after he slipped up in his injunc-

After argument by Aldermen Moore, VonGlhan, and Nixon, it was referred to the Finance Committee. City Attorney Manning read the fol-

lowing resolution which had been drawn at the instigation of the Mayor and the chairman of the Board of Audit and Finance: Be it resolved, By the Mayor and

Board of Aldermen and the city of Wilmington, and it is hereby resolved by authority of the same, that the City Attorney be and he is hereby instructed to prepare a bill to be presented to the next session of the General Assembly. or enactment into law, which bill shall ive to the city of Wilmington the power o issue coupon bonds of said city for the purpose of bonding its floating to an amount not exceeding fifty thousand dollars; ten dollars of which shall mature at the expiration of five years from their issue, and ten thousand at the expiration of each period of five years from the date of maturity of the preceding five thousand, until the entire amount of fifty thousand dollars shall be matured, the city to have the power to call in and pay the entire amount after the expiration of ten years from their issue, said bonds to draw interest at a rate not exceeding six per cent: per annum, payable semi-annually, and to contain a provision that they shall not be disposed of at less than par. And the City Attorney is instructed that, when the said bill shall be prepared and shall have been submitted to the Mayor and the Chairman of the Board of Audit and Finance, he shall forward the same to our representatives in the General Assembly, with the request that they press the same to favor-

able action by that body. The Mayor said that from bonds which had never been entered on bond books during previous administrations and a deficit of \$50,000 from the last administration, that something would have to be done to meet expenses, as the city two years ago was over \$100,000 behind, counting bills which had lately come to

ight of several years back. The resolution was referred to the Ordinance Committee.

Alderman Latimer said he would like to have the \$14,400 which did not appear in the bond book and had been paid investigated, as every bond should have been kept in this book a few years back. Alderman Nixon offered a motion to fix

clause No. 9 of enactment in city ordinance. After discussion it was referred to the city attorney and Mr. E. S Martin. Alderman Northrop offered a resolution to approve the city attorney's bill of

\$100, which was carried.

Alderman Latimer said he understood there were three vacancies on the police force and heard there were some subs filling vacancies.

Mayor Fishblate stated that vacancies would be filled at a caucus to-day at 12

Ino. D. Bellamy, Ir., sureties. The bonds were approved and accepted. M. Dowling was granted permission o peddle without license. Communication from E. T. Wade, of

ering to purchase some county land was, on motion, laid on the table. Several abatements and corrections on the tax list for 1894 were ordered. Stephen Keys, of Federal Point township, presented a petition from himself

and others for a public road, and the following resolution was submitted and adopted. Resolved. That we declare a road to be open to the public running from the nine-mile post to Greenfield bridge, west of the present road, known as the Federal Point road, as indicated on a map presented to this Board with petition for said road, dated December 20th,

1894, and signed by Henry Taylor, John W. Canady and others. A committee of colored citizens representing the "United Charities," appeared before the Board and presented communication, signed by officers of the association, asking an appropriation to be used by the United Charities for

the suffering poor of the colored race. After consideration, the Board, on motion, appropriated the sum of \$150 per month for the United Charities, beginning February 1st, 1895, with the understanding that none of the money so appropriated shall be used in running the business of the association, but all the money shall be used for the relief of the colored poor of the county.

On motion the Board adjourned.

BUREAU OF LABOR.

Work the Best Help for the Poor. The Associated Charities beg to call the attention of the public to the fact that they have added to their work a Bureau of Information for workmen and for those who have work to be done. The secretary has opened a book in which is recorded the names of those who want work, together with a statement of the work they can do. We hope those who have work to be done outside of that usually performed by the regular orders here.

It is needless for us to say that to give work to the poor is the best way to nelp them. We think there is a good deal of work in houses, stores, yards and fields waiting for the workman, if there be some well-known meeting place. We wish to make our central office this meeting place for this community and for this section of the State. Our many charitable people will please think of this whenever they have or know of any work to be done. These Bureaus of Labor have approved hemselves to be experts in work for the elevation of the poor. When taken hold of by the rich and poor in any comnunity and well managed, they have reduced pauperism one-third, establishing a fine labor test to detect laziness, and giving the self-respecting the opportunity to gain an honest support.

We beg our citizens to bear this mind the coming year; and we also call to us the attention of all those living in the county or along the railroads running into Wilmington. Please address Miss Carrie L. Price, Secretary of Associated Charities.

BOARD OF AUDIT AND FINANCE. Reply to Criticisms by the Board of Aldermen Upon Their Action

Various Matters. The Board of Audit and Finance met vesterday afternoon in regular session. Present: Messrs. R. J. Jones (chairman), Wm. Calder, J. W. Hewett, H. C. McQueen.

A communication was read from the Board of Aldermen calling attention to the action of that Board on the bill of Herbert McClammy of \$25 for legal services, and bill of M. Bellamy & Son (\$50) for legal services. Also, the resolution adopted by the Board of Aldermen at a special meeting that the city give the necessary bond to stay execution on the judgment given in a magistrate's court in the case of T. W. Strange vs. City of Wilmington.

The bill of Herbert McClammy was The following, in reply to the communication from the Board of Aldermen, submitted by the chairman, was adopted, viz:

To the Mayor and Board of Aldermen City of Wilmington: GENTLEMEN-The Board of Audit and Finance respectfully informs your property next to the reel house on Fourth Board that we are in receipt of your communication calling our attention to street from the city for five years was

sections 3 and 4 of article 2 of the City Ordinances, and in reply would beg leave to say: That the rule laid down in said sections has generally been followed by our Board, both as a matter of information before passing upon the validity of claims against the city, as well as to prevent friction in the city government. We would, however, call attention the fact, that this Board derives its authority to pass upon the validity of all claims against the city and to approve the same, not from the Board of Aldermen but from an act of the General Assembly of the State which prescribes rules for their action, and therefore when a claim is presented it is our duty before passing upon it to satisfy ourselves by the rules set forth in said act, that it is a just and proper claim against the city before issuing a warrant

for its payment; a duty that we have never failed to follow and always in ac cordance with our own convictions. And we would further state that the claim of Col. Strange was treated in this manner. When his claim presented, it was laid over until the next meeting when Strange made his statement regarding the matter. It was then referred to the of the case; the City Attorney, in our opinion, being the proper person to know of the services rendered. His report was full and explicit and after due consideration the bill was approved by our Board and a warrant issued to Col. Strange for its payment. It should be borne in mind that this case was regularly put in Col. Strange's hands by a former administration and nevertaken from him, and being a case outside of the duties of the City Attorney it was the Colonel's case until taken from him by the Board of Aldermen, which they

failed to do, and therefore it was his duty to follow it to its close. The bill of Mr. McClammy for appearing in a case against a policeman which was ordered paid by the Board of Aldermen, came first before our Board and was referred to the Board of Aldermen for information.

Messrs. Bellamy & Son's bill, also

ordered paid by your Board, was before our Board and disallowed, for the reason that the service rendered was for appearing in a case where the Aldermen were indicted for neglecting to keep Fourth street in good condition. Their bill was against the city for defending two of the Aldermen, namely Messrs. Northrop & Harriss, whereas Mr. Mc-Clammy had been paid a fee of \$50 (upon the personal recommendation of the Mayor) for defending the Board of Aldermen in the same suit. We thought that this case also came within the scope of the city attorney's duties; but as Mr. McClammy claimed to have won the case for the city, and, as his claim was urgently recommended by the Mayor in person, our Board supposing that this was the end of the matter, approved the bill of Mr. McClammy and ordered it paid. These are our reasons "for approving one and not the others." With regard to the bonds complained of-which fell due in 1887 and by law would not have been out of date until 1897, they were regular in every respect, except the fact that the coupons had not been "cut" since 1870. They were signed by John Dawson, Mayor, and T. W. Anderson, Treasurer, and were as familiar to some members of the Board as any bonds ever issued by the city. Bonds and coupons were paid. No interest was paid after maturity and none asked for, That they were not reported among the llabilities of the city had nothing to do with their validity, The fact remains that they did appear on the bond book as out-standing and unpaid and it was the duty of the city to pay them when presented. While our Board fully recognizes the fact that harmony of action is the best policy for both Boards, as well as for the

best interests of the city, we are not willing to admit that it is within the power of the Board of Aldermen to pass ordinances for the government of this Board, while in the discharge of their official duties, and would call attention to section 5 of the Act establishing the Board of Audit and Finance. "Sec. 5. It shall be the duty of said Board to audit and pass upon the validity of all claims and demands against the city of Wilmington, and no claim

or demand against said city shall be paid by the Treasurer of said city, or by any other person, out of any funds belonging to said city, until the same has has been duly audited and approved by said Board, and a warrant, signed by the chairman and clerk, given for the payment of the same. All claims, demands and accounts presented to said board to be audited shall be treated and proceeded with in all respects as is provided in section 19, chap. 27, of Battle's Revisal, in reference to claims or accounts against counties. Any member of said Board who shall knowingly vote to allow any false, fraudulent or untrue claim or demand against said city, shall be deemed guilty of a misdemeanor, and, upon conviction, shall be punished by fine not less than \$500 and by imprisonment for not less than one year.' And also the concluding paragraph of section 6, as follows:

"All warrants which may be drawn on account of any duly audited claim or demand shall specify the particular fund from which the same is to be paid, and no such warrant shall be paid from any other fund than the one designated therein; and if any such warrant shall be paid, in violation of this provision, or i any claim against said city shall be paid or be recorded on any account of any indebtedness to said city before a proper warrant for the same has been issued. the treasurer of said city or any other person paying the same out of any funds belonging to said city shall be liable for the amount so paid and shall be deemed
