What Will They Do? There are many rumors and guesses as to what the Rep.-Poplican Legislature will do with Wilmington. A recent rumor is that there will be no change in the boundaries of the Wards; that the Mayor will be elected by the vote of the city at large, and that a Commission will be created with power to appoint policemen and all minor employes. That some important changes will be made is as certain as is the love of the new combination for the spoils of office; but it is not likely that any plan has yet been

definitely agreed upon.

FREIGHTING ON THE CAPE FEAR. The Navassa with Flatboat in Tow Left

For Fayetteville Yesterday. The tug boat Anna left Wilmington last Thursday evening for Fayetteville to bring down a flatboat for the steamboat company. About twenty-five miles below Favetteville she met the flat, took it in tow and brought it to Wilmington, arriving at 930 a. m. yesterday. The freight on the flat was 2 bales cotton, 269 barrels rosin, 9 casks spirits turpentine, 55 barrels tar, 24 bags corn and a quantity of country produce.

The steam yacht Navassa, chartered by the Transportation Company, left here yesterday at 5 p. m. for Fayetteville, with the flat brought down by the Anna, carrying the mails and wayfreight only. The Navassa with tow is expected to return about the middle of the week, and will continue her trips between the two places until other arrangements are made. Capt. Jeff. Bradshaw was in command

of the Navassa.

Bill to Reduce the Official Bond of the Sheriff of Pitt County Rushed Through the House in Violation of an Understanding That No Legislative Business Was to be Transacted.

[Special Star Correspondence.] * RALEIGH, N. C., Jan. 19, 1895.

SENATE,

The Senate was called to order at 10 clock a. m. by President R. A. Doughton, and prayer was offered by Rev. Dr. Branson, of Raleigh. The journal was read and approved. Mr. Lindsay introduced a bill to reduce expenditures of public institutions

laid upon the table, it already being a Bill to amend the charter of the Norlolk, Wilmington & Charleston Railway Company passed third reading. Bill to make the call of the Governor of the State for Thanksgiving day "orthodox" was discussed by Senator Lind-

say, of Rockingham, who warmly advocated it. He said that the day which was now supposed to be a day of thanksgiving was made a day of sport, of horse racing, of dancing and of baseball playing throughout the country. Mr. Starbuck thought it would be folly to pass this bill, and moved that it be laid upon the table, but withdrew it for Senator McClosky to make some remarks. He thought that the people of the United States had many things to be thankful for, but took his seat without stating whether he fa-

vored the bill or not. Mr. Parsons, of Hyde, discoursed on the bill and advanced the idea that a man could not be made to pray and give thanks unless he wanted to. He opposed

Mr. Abell offered an amendment to the bill so as to make it read that thanks shall be given to the Almighty that the political conditions of the country are no Mr. Moody said he would not like to be subjected to the dictation of any Governor as to the time when he should

Mr. Black, of Mitchell, took the floor and expressed righteous surprise that there was any opposition to the bill. He though the time had arrived when thanks ought to be given that the Democratic party had been defeated in North Caro lina and that the people had come into Mr. Ammons, of Madison, went back

to the days of the Colonial settlement and reviewed the things that we have to be thankful for. Mr. Adams challenged the statement of Mr. Moody that the present Governor of North Carolina had been tinged with Populism. He contradicted the statement and said that the Governor had been a Democrat from his youth. He paid a high tribute to Governor Carr. He then moved that the bill lie upon the table and the motion prevailed after

nearly an hour had been consumed in a

rambling and unprofitable discussion.

Bill to authorize the Commissioners of Haywood county to levy a special tax passed its second reading. Bill to correct an error in the law creating cotton weighers at Tarboro passed third reading. Bill defining lard and to regulate the sale thereof was re-referred to the Com-

mittee on Judiciary. Bill to repeal an act of 1893 allowing the commissioners of Madison county to elect a tax collector passed third read-Bill to amend the charter of the Pied-

mont Bank of Greensboro, N. C., passed third reading. Bill to amend chapter 198, Laws of 1889, regarding the pension of soldiers in the late war was laid upon the table. Mr. Starbuck offered a resolution providing for a committee of nine on municipal government-three on the part of the Senate and six on the part of the House-to have charge of matters relating to the repeal of the county government system, municipal bills, etc. The resolution was referred to the

Committee on Counties, Cities and Mr. Abell offered a resolution that the clerks and doorkeepers furnish a list of the employes of the Senate and House and the per diem paid them. Mr. White offered an amendment to

She Must Have Many Manufacturing I dustries-This Is Her Main Chance, When Wilmington gives such an exhation of enterprise as is outlined in the annexed dispatch, the STAR will begin to believe that the hour of her commercial redemption is at hand :

COLUMBIA, S. C., Jan. 15. -At a special meeting of the City Council tonight, a committee consisting of Mayor Sloan and three aldermen were appointed to visit the North for the purpose of putting before manufacturers and capitalists the advantage of Columbia as a site for manufacturing enterprises and to induce investments in this section. The committee is authorized to guarantee an exemption for 10 years of manufacturing enterprises from all city taxes. An ordinance to this effect was passed some time ago. It is understood that the board of trade will send a committee supplementary to this one."

tution of North Carolina to grant exemptions from taxation, but Wilmington might do what is proposed in Augusta. There is now a proposition before the Council of that city to establish a system of assessments for five years which would be equivalent to an exemption from taxation from all improvements made beteen the assessments. Lawyers of ability say that this plan would not violate the provision of the Constitution that "all taxation shall be uniform."

It is not competent under the Consti-

The people of Wilmington may as well realize at once that without many and varied manufacturing industries the growth of their city, both in wealth and population, will be painfully slow.

A SUGGESTION.

As to Industries That Would Pay in Wilmington Editor Morning Star:

that could be made to pay in Wilming- properly paved as a beginning. ton. If you will allow me a little of your valuable space I would like to suggest an industry that with proper management I know would succeed The industry I have reference to is

the manufacture of baskets, crates and brooms. Wilmington has a growing need for such an industry. We have cheap transportation, excellent railroad connections and last but not least, cheap labor. A stock company, organized on co-operative plan, would senot only the city trade, a fair proportion of patronage of the surrounding country. This scheme should certainly merit the attention of merchants who have the welfare of our city at heart. A committee will wait on them in a few days to

get their views on this subject. A crate and berry basket factory which has only been in operation about one year at Rockingham, is now paying arge dividends, and a similar industry at Warsaw is paying handsomely. Considering the large shipments of berries North during their season there is no reason why a dozen such factories in this section shouldn't pay. Some of our armers use crates shipped here from Alabama, the demand being greater WILMINGTON. han the supply.

The Kitchen Market,

There were abundant supplies of fresh meats, poultry, fish and vegetables in the markets yesterday, and at prices reasonable enough to meet the views of buyers, The markets have been almost overstocked with dressed poultry during the week, but the low prices stimulated purchases that have about cleaned up stocks in dealers' hands. Dressed turkeys sold at 10 to 121/c per pound; fowls, 25 to 80c; eggs, 15 to 16% cents per dozen.

The butchers' stalls were filled with fine beef at 10 to 121/c per pound; pork, 10c; sausage, 191/c; venison, 15 to 20c. In the vegetable market there were cabbage at 5 to 10c per head; collards, 5c; turnips, 5c per bunch; lettuce, 5c; potatoes, white, 35c per peck, sweets, 20c; celery 50c per bunch, onions 5c per

quart, spinach, 25c per peck. Oysters, from New River, 25c per quart; Myrtle Grove, 15c, and sounders, 10 to 191/c; mullets, 10c per string; trout, 25c.

The Baltimore Sun expresses the feeling of every true Southern man in the ollowing paragraph:

"The Populists of the North Carolina Senate emphasized their littleness yesterday by voting down a joint resolution which had passed the House to adjourn over until Monday in order to observe to-day, the birthday of Gen. Robert E. Lee. These legislators might well stop one day in their dangerous and extremely partisan legislation which they are rushing through at breakneck speed to pay a tribute to the memory of Lee, in whose splendid career and exalted character every Southern man especially should take pride. It seems almost inexplicable that in North Carolina, which furnished thousands of gallant soldiers to the Army of Northern Virginia, a single man should be found unwilling to honor the memory of the distinguished

The Jonesboro Progrees of Friday says: "The South bound local freight train on the C. F. & Y. V. railroad was delayed here about five minutes this evening on account of the tender of the engine leaving the track. The knowledge of the trainmen in such accidents accounts for the short time in which the damage was repaired."
