Mantell's Presentation of "Monbars" Las PASSED BOTH HOUSES.

Theatre-going peop'e who could not attend Robert Mentell's presentation of "Monbars" last evening missed an opportunity of seeing one of the strongest plays ever presented in Wilmington. Mr. Mantell's interpretation of the title role was excellent, and he undoubtedly ranks among the first in his profession as an actor of real merit. He is handsome, of commanding figure, and

his expression is perfect. Miss Charlotte Behrens as Diane was superb, as was also Mr. William Supart's delineation of Louis De Moran. In fact Mr. Mantell's support, with very few exceptions, was excellent.

The p'ot is intricate, but well developed, and the play abounds in thrilling situations.

Mr. Mantell is a stranger to the people of Wilmington, but should he ever come this way again he will no doubt be given the house he so richly deserves. APODALE WONDERS NEXT WEEK.

The "Apodale Wonders," who perform at the Opera House next Monday night with the Wilmington Minstrel Troupe, while not famous in song or story, will surprise many of those who have the pleasure of witnessing them. Mr. D. W. Travis, the well known contortionist, has associated with him the "infant acrobatic prodigies" Mr. B. W. Marshall and Mr. Wm. P. Croom, and their feats of tumbling are something

that must be seen to be appreciated. The soloists, Messrs, H. K. Holden, Wm, Rehder, N. G. Smith and Fred Heins, are well and favorably known, and If you haven't seen Mr. Geo. T. Jones, chairman, presiding. Mayor Fishblate appeared before the Board and stated that the bill authoriz ing the city of Wilmington to issue \$50,000 in five per cent, coupon bonds to fund its floating debt had passed the House of Representatives at Raleigh, but for some reason had not been called up in the Senate. Under the resolution adopted January 28rd, by the Board of Aldermen, and concurred in by the Board of Audit and Finance on the 4th of February, with reference to the action to be taken about issuing these bonds, the Mayor was authorized to present the bill to the proper committee of the General Assembly and urge its immediate passage. He found it impossible for him to go up to

Raleigh and asked the Board to provide some way for the matter to be attended to. On motion, the Board appropriated a sum not exceeding \$75 for the expense of some one to go to Raleigh to look

after the bill in the Senate. Bills were audited and approved as follows: Current expenses, \$378.82; note,

A communication was received from Owen Fennell, Clerk of the Board of Aldermen, transmitting to this Board the action of the former Board in appropriating \$200 to reimburse Mayor Fishblate and Chairman R. J. Jones, for fees of \$100 each paid by them to their lawyers for defending them when they were inducted in the Criminal Court on the charge of misapplying funds of the city, in that they made use of the special bond fund for the current expenses of the city. It will be remembered that they were acquitted of the charge.

On motion, the action of the Board of Aldermen was concurred in.

When the communication was presented Chairman Jones retired, and, on motion, Mr. Calder took the Chair. On motion, the Board ordered that Chairman Jones and Mayor Fishblate be reimbursed \$100 each for the fees they paid out in their defence. The Board then adjourned,

Latham, Alexander & Co. in their February circular say "it is improbable that we shall witness any further important declines in values. It is just possible that an advance may be seen sooner than is just now expected. It should be borne in mind that the bulk of the cotton crop is marketed and supply have so need to become pressing sellers; and that the balance of the crop will not be forced on the market. It should also be noted that the present prices of cotton are undoubtedly below the cost of production, and that the rate of consumption is far and away the largest on record."

The event of the day was the passage of the interest bill in the House, it being the special order for to-day. The bill to make 6 per cent. the legal rate of interest was discussed three hours, nineteen amendments being offered. These were to put the same penalty on national banks as on individuals; to make 7 per cent, the legal rate: to except call loans; to except Henderson county; to except any counties which wish to refund their bonds; to except building and loan associations to leave to the vote of the people the interest question; to except Wayne county in transactions between its citizers; to require the bill to take effect next January; to provide that the act does not apply to commercial paper; to except New Hanover and Craven counties. Every one of these amend ments was voted down and the bill passed just as it came from the Senate. It passed third reading under suspension of the rules by a vote of 74 to 16. Messrs. French, Ewart and Williams of Craven voted generally with the Democrats on the amendments.
