The young Jap who shot Li Hung Chang is said to be a lunatic and also an ex-convict, having recently served a term in prison.

The Chinese are not so proud as they used to be of the fact (as they claim) that they invented gunpowder a couple thousand years ago.

What poor shots the Chinese soldiers are is shown by the official reports that Japan has lost in killed only 1,654 men since the campaign in China began. Men who can't shoot better than that have little use for guns.

In reply to an inquiry whether there was any truth in the report that she was engaged to be married, Mrs. Sheridan, widow of Gen. Sheridan, answered "I would rather be the widow of Phil Sheridan than the wife of any man living."

A professed Anarchist, of San Francisco, considerably saved the public cost of prosecuting and supporting him in prison, by shooting a hole through his head when arrested on a charge of decoying girls to ruin under pretence of getting situations for them.

Notwithstanding the denial of the late Fred Douglass's sons that there was no contest over the old man's will, a daughter living in Washington City has filed notice of contest on the ground that she is being chiselled out of her share by her stepmother and her brother.

The Japanese (who do not speak English) never swear. It isn't because they don't feel like it sometimes, but because their language is not copious enough in cuss words, the hottest in their lexicon being "fellow," which they spit at one when they get mad at him. The only reply to this, when they are disposed to talk it out without mixing, is "you'r another."

Several of the towns in Minnesota have ordinances which prohibit children under sixteen years of age from being on the streets after 9 o'clock p. m. The ordinances are rigidly enforced, for the youngsters found out unaccompanied by parents or older persons who would be likely to keep them out of mischief, are arrested, if they can't give good account of themselves, and taken home, or to jail and the parents notified.

It is said that Li Hung Chang will not permit the Japanese doctors to extract the ball lodged in his cheekbone. A German physician who is a Professor in the Tokio University, who at the request of the Mikado visited Li Hung is reported as saying the ball could not be reached and that Li Hung would die. While he is a powerful man he is seventy years of age, and this is against him. The danger is in blood-poisoning.

OPERA HOUSE.

The United States Marine Band appears at the Opera House, to-day and to-night for the first time since its organization, by special permission.

This is the only opportunity that will be offered perhaps, for many years for the music-loving patriotic citizens of Wilmington to see this celebrated Band of the Republic.

Professor Fanculli, the able leader of the Marine Band, is determined to spare no labor to give Wilmington theatre-goers such a treat of music as will make the event memorable and will enroll it in the history of marvelous musical achievements.

Shooting Affair in Halifax County. A correspondent of the STAR writing from Weldon says: At Tillery, Halifax county Thursday a white man whose name your correspondent did not learn who was an employee of the North Carolina Lumber Company had some harsh words with a negro when another white man shot him, the load taking effect in his face. I learn that he is doing well. The white man left for the woods. He is not a native of North Carolina, and has not been there long.

Prayer and experience meeting of working and business men as usual at 8 o'clock to-night at the rooms of the Young Men's Christian Association. All men are invited to attend.

It is stated on pretty good authority that there will be some changes in the police force appointed by the Police Board yesterday within the next few days.

Two fine dogs belonging to Mr. C. C. Covington—a setter and a pointer—died yesterday, it is thought from the effects of poison. One of the dogs died in the morning at Mr. Covington's residence, and the other in the afternoon on Front street near the postoffice.

The political complexion of the police force, reorganized yesterday, is about as follows: Chief is a Populist; four of the five Sergeants, including the acting Captain, are Democrats; twelve or thirteen of the twenty-six privates are Democrats; the remainder being Populists and Republicans, including four colored men.

Mr. W. H. Chadbourne says that the new rules governing the police force will be very rigid. One rule is that they can't drink liquor either off or on duty, and must under no circumstances go into a bar-room unless called on account of trouble, and must pay their debts. If one of these rules is violated the officer shall be discharged on the spot.

It is but a matter of simple justice to say of those members of the police force who lost their positions yesterday, that it was not because they had failed to discharge their duties; but was one of the results of Democratic defeat in the last State election. It is hoped they may all soon find employment, especially those who have families dependent on their labor.

RECEIVER APPOINTED. For the Late Firm of Davis & Zoeller of Wilmington.

Upon application of Jno. D. Bellamy, Jr., attorney for C. B. Rouse and others, for the appointment of a receiver for the late firm of Davis & Zoeller, of Wilmington, Judge Hoke of the Superior Court, in Chambers, last Thursday, issued the following order:

STATE OF NORTH CAROLINA, NEW HANOVER COUNTY. C. B. Rouse et al. vs. S. J. Davis, A. H. Zoeller et al.

This cause, coming on for hearing at Chambers upon complaint filed in this case.

It is hereby ordered, adjudged and decreed that Frank H. Stedman be and he is hereby appointed Receiver of all the effects and property of the late firm of Davis & Zoeller.

And the said F. H. Stedman is authorized to enter into and upon the said property and take possession of the same and to sell and dispose of the same by retail or as a whole to him may seem best, but before selling the same at (retail) or as a whole he shall first receive the sanction and approval of the Court before accepting a bid therefor.

Before entering upon the discharge of his duties as said Receiver, the said Stedman is required to enter into a bond in the penal sum of ten thousand dollars for the faithful discharge of his duties, with surety to be approved by the Clerk of the Superior Court of New Hanover county.

And it is further ordered and adjudged that all parties and creditors of the said firm are hereby restrained from any interference with the premises until the further order of this Court.

This order is made without prejudice to the liens of attaching creditors and the Clerk will issue notice to such creditors and other plaintiffs and defendants to appear before at Jacksonville, N. C. on Tuesday, April 2d, 1895, and show cause, if any they have, why this order should not be continued to the hearing.

W. A. HOKK, Judge Presiding.

BOARD OF ALDERMEN.

Special Meeting—Aldermen Lattimer, Yates and Moore's Resignations Tended and Accepted—The Hold-Over Members and the Mayor Sworn in for a New Term—Mayor Fishblate's Speech—A Committee of Citizens Appointed to Investigate Financial Affairs of the City.

The meeting was called to order at 19 o'clock by Mayor Fishblate. Present: Aldermen Moore, Harris, Northrop, VonGlahn, Gore, Cameron, Yates, Walker and Nixon. The court room was crowded with spectators waiting to see what some thought would be fun, but to the utter surprise of everybody present, a quiet meeting was held.

The Mayor stated the object of the meeting was to have the members sworn in for the ensuing term.

Alderman Moore asked that any unfinished business of the old Board be finished first, and there being no objection it was so ordered.

Alderman Harris then moved that the Clerk and Treasurer be instructed to enforce the terms of the lease of the Opera House, which was carried.

Under old business the Mayor wished to state that the criticism made by the Messenger on the ordinance for the issue of \$50,000 floating bonds, that the Board of Aldermen and the Board of Audit and Finance have at all times looked after what they considered the best interest of the city, and they knew what they were doing when the ordinance was passed.

The capitalists are not hunting up city of Wilmington bonds or any other city in any other State where they had a fusion Legislature. That any person could figure the difference in twenty-five per cent. bonds, which was the shortest length of time a five per cent. bond could be placed and a six per cent. bond, payable one to ten years, making an average of five years. We not alone prevent making a permanent debt, but save the tax-payers \$95,000 in interest. I will also state that in regard to the printing of the bonds in New York it is done and paid for by Blair & Co. They will be worded as all former bonds and then sent to us for inspection and signatures.

Alderman Lattimer not being present sent in his resignation which was accepted.

Aldermen Yates and Moore tendered their resignations.

Mayor Fishblate stated to Alderman Moore that the Democratic members as well as himself, regretted to see him retire from the Board, although he differed with the Mayor on different matters he had made a good and faithful alderman, and he had the same kind personal feelings towards him that he ever had and was sorry to part with him.

Col. Moore replied in a kind and feeling speech expressing his thanks for the kind feeling and respect held towards him.

On motion of Alderman Northrop the resignations were received and they vacated their seats.

A letter from Blair & Co. was read, saying that on notes due the 1st of April they would cheerfully wait payment of same until the new issue of bonds.

Mayor Fishblate stated that the old Board expired by limitation, and that the members of the Board would now take the oath of office for the next two ensuing years.

Mr. R. B. Clowe, a magistrate, who was present, then proceeded to swear the Board as follows: Aldermen Harris, Northrop, VonGlahn, Gore, Cameron, Walker and Nixon.

Mayor Fishblate was then sworn in for the next two years. In his speech of acceptance he said: "In commencing this term of office for the next two years I would say that I sincerely hope that this Board will work for the welfare of the citizens of Wilmington and its tax payers for the next two years as harmoniously and economically as it has for the past two years. The expenses for the city government for the past two years have been from ten to twenty thousand dollars per year more than for some years back. We have made several miles of street improvements, which you have seen, at a very little cost to the city. Having utilized the labor of the city, the only cost being for the shells, about \$700 or \$800 a year and using prisoners who could not pay their fines. I expect to continue this work of permanent improvement if we can get the necessary appropriations for shells. We don't intend to haul and up hill and down again as has been done by previous administrations.

"At the beginning of this administration we started in under very unfavorable auspices, there being a floating debt of \$50,000, and as Mr. Fennell states to you, no money in the city treasury, and that money had to be borrowed the first day he was in office to pay current expenses, and that on the first of July following \$30,000 coupon interest was due, together with the expenses of running the city government during the summer months, which amounts to about \$8,000 per month, had to be provided for. This was in the height of the panic. We succeeded in safely carrying the city through its financial difficulties, and the city's credit was saved, while other cities throughout the country had to default, and where they would find difficulties to-day in placing bonds at anything near par. The public cannot help but compliment this administration for its successful financial work, except those who are prejudiced. I have always favored everybody paying their taxes, and I have enforced the tax ordinances for the past two years, and if the unprejudiced of Wilmington's population would look into the kick made by some against the past administration they would find that a majority of the chronic kickers and grumblers were among those who owed the city \$50,000 in back taxes which I was uncollected by previous administrations. If one man pays all should pay, and therefore I expect to have a continuance of this chronic kicking for the next two years.

The Mayor recommended, as there had been some talk of corruption or extravagance in the city government, that the Board of Aldermen appoint a committee of business men to examine the books (which are open to everybody) and at the same time have a list made out of persons who have not paid their taxes in back years, and I hope when that list is completed they will publish the same to open the eyes of this community.

Alderman Harris moved that the Mayor appoint a committee of five for this purpose, and if necessary the Board would empower them to appoint an expert.

The motion was carried and the Mayor appointed the following committee: Messrs. D. G. Worth; B. F. Hall, R. W. Hicks, H. G. Smith and D. L. Gore. He said, I hope that this committee will be satisfactory to the public.

Upon motion, the Board took a recess until next Monday evening at 8 o'clock.

THE ASSIGNMENT LAW.

The Conservative View of the "Star" Sustained—Opinions From Various Sources, Showing That of Attorney-General Osborn.

The STAR is gratified to see that its conservative position in the new law regulating assignments is being very generally sustained since the "sober second thought" has asserted its power.

The annexed extracts from the editorial and local departments of the Charlotte News are almost strictly in line with the position of the STAR:

"Following in the lead of some of its morning contemporaries the News was inclined to adopt the idea that the act of the late Legislature, just brought to light, which has been creating such a stir for several days, would have the effect to prevent lending money on mortgages by banks, building and loan associations, or as a crop lien or otherwise, and also prevent farmers from obtaining supplies upon crop liens and cattle mortgages."

"We feel greatly relieved. The burden has been rolled away and the impending disaster averted. The act nullifying preferences in assignments appears to be harmless except as to preferred creditors, hence the necessity for an extra session of the State legislature does not exist."

It will be observed that the mortgages, etc., referred to, and prohibited by this act, are those which give preference, and these are void as to existing creditors. In other words, only such conveyances are prohibited as give preference among existing creditors. If that be so, then of course a mortgage for a new debt or a crop lien or other conveyance to secure a present purchase or loan would not be affected.

THE POLICE BOARD.

A CREATION OF THE FRED DOUGLASS LEGISLATURE.

Under Power Given Them to Appoint Officers for the City They Take Themself the Best-paying Positions—Morseman Chose in the Pay of Other Employees—The Police Force is Reorganized.

The Police Board met yesterday at twelve o'clock in the Mayor's office. The room was crowded to the doors with spectators. The members of the Board, Wm. H. Chadbourne, Silas F. Wright, Jno. R. Melton, Fred B. Rice, Jno. E. Taylor, were sworn in.

Upon motion of F. B. Rice, W. H. Chadbourne was elected chairman of the Board, and Jno. E. Taylor was appointed secretary.

F. B. Rice tendered his resignation which was accepted and Flavie W. Foster elected to fill the vacancy. Jno. R. Melton tendered his resignation and Jas. L. Croom was elected in his stead.

NEW ADVERTISEMENTS.

table of salaries and hope your body will concur. In reducing salaries and wages we have taken into consideration the financial condition of the city, the excessive taxation in these times when property is so un-reunerator and also the reduced cost of living on the part of the employe enabling him to bear the reduction in pay.

The total reduction recommended will amount to nearly eight thousand dollars per annum, and we hope at some future time to make further reductions and still give the city a good government. Mayor \$1,000 per year; City Clerk and Treasurer \$3,500 (no allowance for clerk hire); Chief of fire department \$800 and feeding horse; Assistant chief of fire department \$100; Superintendent of health \$500; Superintendent of streets \$500 per year and feeding horse; Mayor's Secretary and Clerk Police Board, \$85 per month; Janitors, \$35 per month; Health Officers, \$35 per month; Clerk Front Street Market, \$500 per annum; Clerk Fourth Street Market, \$500 per annum; Police Sergeants, \$24.50 per month; Privates, \$40 per month; Cattle Weigher, \$30 per month; Superintendent of City Hall, \$15 per month; Hose Repairer Fire Department, \$100 per annum.

Very respectfully, Your obedient servant, W. H. CHADBOURN, Chairman.

Mr. Chadbourne, addressing the Board, said: GENTLEMEN:—Before we adjourn I wish to say a few words to you and to the Mayor and members of the Board of Aldermen present.

The task we have undertaken in endeavoring to select the proper officials to serve the city has been laborious in the extreme and has given us much anxiety.

For the first time, I believe, in the history of Wilmington as a city we have a non-partisan city government; the Police Board of one political faith and the Board of Aldermen of another, and in selecting the officers and men we have as much as possible discarded any reference to politics.

All parties are fully represented, and the main idea has been to appoint only such as were competent for the position and would reflect credit on us, and work harmoniously with the Board of Aldermen.

In the matter of reduction of salaries, we have tried to balance the interests of the tax-payer with the pay of the employe, and although we feel that all ought to have more, we trust they will accept the reduction cheerfully, and by their conduct merit an advance when the times improve.

Now, Mr. Mayor, we hope you will accept these officers and men in the same spirit we present them to you, and we trust they will serve you and the city with fervency and zeal.

Mayor Fishblate replied as follows: I am exceedingly glad to find that the Police Commission has acted in a non-partisan manner. This is appreciated by the Board of Aldermen, and will be by the community generally. I am free to state if you had shown any inclination to be partisan, I, as a Democrat, would have been partisan myself; which would have caused endless trouble between the two boards. As you have appointed a majority of Democrats, you have shown that you are not hostile to the best interests of the city. I am in favor of the next Legislature appointing a Civil Service Police Commission, so that an officer who has done his duty faithfully shall be retained, and not be subject to the political changes in the Board of Aldermen and be dismissed unless there are charges to warrant the same.

As regards to salaries and wages, I think they are rather low, and we can't expect good work for small pay; will speak more about this matter at the joint meeting of our two Boards, hoping our relations will be pleasant during the term. The Board of Aldermen and myself thank you for the invitation to be present with you to-day.

Upon motion of Dr. S. P. Wright the meeting adjourned.

St. Andrew's Church. The interest has increased and there have been several confessions at the meetings being held daily at St. Andrew's Presbyterian Church. Several have united with the church and will be publicly received to-morrow morning. The services will be continued daily at 8.30 and 8 o'clock every evening next week. The city ministers have assisted the pastors every afternoon and he has preached this morning at 9 o'clock and Sabbath morning at 10.15 o'clock.

The Charities Majority. The Democratic primary held in Charlotte Thursday to nominate a candidate for Mayor was one of the most exciting and closely-contested ever witnessed in that city. The candidates were Dr. R. J. Brevard (present incumbent) and Mr. J. H. Weddington. The total vote cast was 1,738, of which Weddington received 885 and Brevard 858. Four years ago the same candidates were in the field, when Brevard defeated Weddington by 221 majority.

It was resolved that the salary of the Chief of Police be \$1,000 per annum; City Attorney \$800 per annum; Commissioner of the Sinking Fund by \$200 per annum.

It was resolved that Mr. E. H. Freeman be elected Secretary of the Police Board to perform all the duties required of him by the Board, and also to act as Secretary to the Mayor, with compensation at the rate of \$55.00 per month.

It was resolved not to appoint any deputy tax collector, it being deemed unnecessary.

It was resolved that a committee of one be appointed whose special duty it shall be to have charge of the Health Officers and the Chairman appointed Dr. Silas F. Wright.

It was unanimously resolved that the officers and employes appointed by this Board shall remain in office and employment subject to the pleasure of this Board.

The Chairman was instructed to prepare stringent rules and regulations for the government of the police and street force, and he was empowered to summarily dismiss or suspend any member of either force for violating such rules, reporting his action to the Board at the next meeting.

It was resolved that the officers and employes by this Board elected, shall assume the duties of their respective positions on the first day of April, 1895, except the Clerk and Treasurer and Tax Collector, who shall take charge of his office on the tenth day of April, 1895.

Mr. Foster then offered the following resolution, which was unanimously adopted: Resolved, That ten badges be issued to individual members of the Wilmington Naval Reserves with police authority, to be shown and used only in the absence of policemen. The badges may be called in at any time by the chairman of this Board, W. H. Chadbourne. For and in consideration of services, the city of Wilmington shall pay fifty dollars per annum, payable quarterly, for each badge issued, to be paid to the Captain of the Naval Reserves, the same to be used in their discretion as a fund for the Wilmington Division of the Naval Reserves.

It was resolved to send the following communication to the Board of Aldermen and ask their concurrence. To His Honor the Mayor and Board of Aldermen, City.

GENTLEMEN:—As concurrent action of the Board of Aldermen and Board of Police is necessary to establish the rate of compensation to be paid nearly all the employes of the City Government, we beg to submit the following
