The annual summer gold drain will soon begin and the indications are that it will be larger than usual. Engagements for passage on one of the principal lines running from New York are 50 per cent. greater than they were at this time last year.

About the meanest thing that Mrs. Lease has accused ex-Governor Lewelling, of Kansas, of, is selling bad butter to the State Lunatic Asylum. The man who would palm off bad butter on a poor lunatic ought to be rolled in it and spread out in the sun to bake.

Maryland courts do not take kindly to the hypnotic plea in murder cases. A fellow charged with the murder of a little girl tried it the other day, and the jury found him guilty, and that the right thing to do was to let the sheriff try his hand at hypnotyzing him in the usual way.

As an indication of the confidence that the nations of the earth have in each other, the standing armies of the world, in peace times, number about 3,700,000 men, which are kept take advantage of opportunities to do

Mr. Henry M. Flagler, the millonaire, enjoys the recreation of building fine hotels so much that in addition to the three daisies he already has at St. Augustine, Fla., he is going to build another, large enough to accommodate two hundred guests, at Palm Beach, Fla. It will be built this Summer and be finished for business by next Winter.

Rosa Whiteface, a pretty Indian | the month up to date .26 inches. girl, 17 years old, in Kansas, objects to being sold by her father to an old fellow of 70 who already has a large stock of wives on hand, for fifteen ponies. We don't wonder. At the present prices of horses out West any self-respecting Indian girl should object to being valued so low as to be traded off for fitteen ponies.

John Faragher, a Chicago man, has no more faith in cats now than he had in banks when he quit depositing in them because he lost a pile of money in one that bursted. When he went to his improvised bank the other day he found that the rats had burglarized it and chewed up about a thousand dollars worth of bills to stuff their beds

Oakdale Cemetery. Oakdale Cemetery is now a place of beauty, everything having been arranged for Memorial day. The flowers, trees and evergreens have taken on their Summer attire and from one end to the other this "city of the dead" is beautiful. A crowd of visitors from Baltimore and New York who have been in the city for a few days, pronounced it the handsomest cemetery in the South. Mr. Timothy Donlan, the clever superintendent who has prepared and beautified it for every tenth of May since 1865, (for thirty years) says it is prettier now than it has ever been in his recollection. He

thoroughly understands his business and knows what he is talking about. In a few days lot owners and their friends will be permitted to ride bicycles in the enclosure very slowly. If this is taken advantage of and fast riding occurs, a stop will be put to it at once.

Funeral of the Late D. J. Gilbert. The funeral of the late D. J. Gilbert took place yesterday at 4 o'clock p, m. from the First Baptist Church. Rev. J. B. Harrell of Southside Baptist Church conducted the services, assisted by Rev. A. D. McClure and Rev. W. L. Cunninggim. A large concourse of relatives and friends followed the remains to Oakdale Cemetery. The grave was entirely covered with beautiful floral decorations. The pall bearers were Messrs. Walker Meares, DuBrutz Cutlar, . C. Stevenson, Col. J. G. Burr and Col. Roger Moore.

It Was a Mistake. It is greatly to be regretted that "the present financial condition" of Robeson county "would not permit" the Commissioners to make an appropriation of \$100 to each of the two fine military companies-the Maxton Guards and the Lumber Bridge Light Infantry-that are an honor to that county. Petitions largely signed by the best men in the county, recommending the appropriations, were presented; but it was "no go." What's the matter with the finances of Robeson county, any way? HOKE SECREST'S NARROW ESCAPE FROM LYNCHING.

Judge Bryan Authorized to Hold Special Term of Court in Craven County-The New Board of Aldermen Elect City Officers-The Assignment Law Case to Come Before the Supreme Court Monday. [Star Correspondence]

RALEIGH, N. C., May 8. Hoke Secrest, the noted criminal, sentenced to the penitentiary for twenty

years, was brought here this morning under heavy guard. Secrest may thank a kind fate that he is a live man to-day. It is by nearly a miracle that he was not lynched last night. He was brought from Rutherford county by the Seaboard Air Line. He came through Monroe, the town where he had lived and where he married his wife. The train which he was to take for Raleigh was late three hours. Citizens of the place soon learned that Secrest was in the town and flocked to the depot to get a glimpse of him. The people became worked up over the presence of the wife and child murderer in the town. A lynching party was organized in a bar-room near by. The sheriff was informed of this fact and a close guard kept on the car in which Secrest was confined. The delayed train happened to come along about this time and prevented what seemed imminent-

lynching. The Governor this morning issued the commission for the Western Crimina Judgeship to H. G. Ewart. The case of Elias Carr and the Wyatt case involving the validity of the assign-

ment act will come before the Supreme Court next Monday.
Invitations to the different military organizations of the State and other Southern States were sent out this morning.

SAVANNAH TRUCK! MOVING

Large Shipments Every Day- Green Peas

In the Lead. Truck shipmeuts from Savannah, says the News, are looking up and improving every day. The Southern Express Company is turning over about 4,000 packages a day to the Sayannah, Florida, and Western railroad for shipment to the northern and eastern markets. The truck is brought in from points around in this section, along the line of all the railroads running into Savan-

The Savannah truckers are doing well or themselves, considering the disadvantages they have had, and are now shipping from 500 to 1000 crates every day. The largest of these shipments out of Savannah is green peas, while there are a few potatoes and beans and some little lettuce. The products seem to be more plentiful this year than they were last, but everything is later in the market, and no one section has any particular advantage over another, any more than in ordinary years.

The race between Mr. E. S. Latimer's yacht Vixen and Mr. Minor H. Gouverner's new yacht Vitesse, which has created so much talk for the past few days, began yesterday at 8 o'clock. The distance to be sailed was eight miles, from Market street dock around the dram tree and back twice. The race was to be sailed in less than two hours and thirty minutes, or "no race." The boats left Market street dock at three 'o'clock and sailed with the tide to the dram tree, but after turning to return the tide being very strong, they could make no headway and after being out one hour and forty-five minutes, were towed back by the tug Killiam. The race will be tried over again in a few days when the wind is favorable.

The crew of the Vitesse were: Master, A. B. Skelding; jib, Ancrum Lord. main-sheet, Oscar Grant; seamen, M. H. Gouverner, Jos. H. McRee, W. B. Savage, Don McRae, Richard Bradley, J. H. a Reaction Announcement has been made by the United States Leather Company, (says the New York Journal of Commerce) capital \$120,000,000, of an advance in sole leather to 33 cents per pound. There had been other advances, starting with the price at 20 cents per pound. The advance within the last week was

40 per cent. Orders for the increased prices are attributed by the company to the scarcity of hides, but it does not appear that hides have yet been advanced. Whatever the cause, agents in the West and South who are drumming for the fall trade have had instructions to push up prices. Their reports show that dealers will not pay the advance demand.

It is not supposed that the advance will hold. European markets threaten to break it if nothing else will do so In this country the outcry by dealers has led manufacturers to curtail orders. Some of them have threatened to shut down until the price shall be restored to

abnormal level. It is estimated that advances already made would increase the price of \$3 hoes to \$4.25, and of \$4 shoes to \$5.75, nigher grades following the same pro portion. Dealers seem to agree that he advance is an attempt to make a corner which cannot be successfully worked. Believing it doomed to failure hey threaten to let stocks run down rather than risk being caught in the collapse.

A CURE FOR BRIGHT'S DISEASE. Pwenty-Five Doctors Meet at Sandersville to Investigate It.

SANDERSVILLE, Ga., April 25 .- Twenty-five physicians assembled in Sandersville to-day to investigate tests made by Drs. Rawlings and Cheatham for the relief of Bright's disease. These tests show a decrease in the quantity of albumen in the urine of every patient, many being entirely free of albumen. Patients under treatment were present, all testifying that they had been greatly improved in general health, and some that they were entirely recovered. The physicians expressed confidence in the newly discovered remedy, and patients of prominence are in ecstacies over their relief from this hitherto incurable dis-
