Governor Altgeld, of Illinois, has just pardoned a man who was sentenced to the penitentiary for killing his mother-in-law. Governor Altgeld had a mother-in-law once himself.

A rumor comes from Washington that Secretary Carlisle is out of politics, and will at the end of his term of office locate in New York city, where he has an offer of \$25,000 a year with a leading law firm.

Senator Palmer regards the suggestion of the possible nomination of Gen. Schofield for the Presidency as "a beautiful dream," while Gen. Schofield says he hasn't laid awake nights thinking about it, or words to that effect. It isn't, however, one of Senator Ingalls' iridescent dreams.

The Empress of Austria doesn't like flowers, and it makes her as mad as a hornet to decorate her apartments with them, which unsuspecting people sometimes do when she travels. But the flowers grow as beautiful and smell as fragrant as if she showered her imperial smiles upon them.

Hon. Michael D. Harter, ex-M. C., of Ohio, thinks we can plug up the hole in the revenue made by knocking the income tax out, by increasing the tax on tobacco, beer, whiskey, tea and coffee. He proposes to make these articles pay about \$90,000,000 more tax, which would wipe out the deficiency and leave a surplus of about \$40,000,000.

A cable dispatch from Berlin quotes Herr Bismarck as saying that he favors bimetalism, and took position against it when Chancellor because he surrendered his judgment to the opinions of experts in finances, the very thing that some of our American statesmen are now doing. The bimetallic sentiment is taking a strong hold in Germany. With Germany, France, Italy, and the United States pulling together how long could England hold out?

There is a law in Nebraska imposing a fine of \$500 for each offence on every railroad whose trains go over a crossing without whistling, \$50 of the fine to go to the informer. As wheat was selling low and business on the farm somewhat dull, farmer Miller concluded he might make wages by playing detective on the engineers, and he set himself to watch for the whistles that didn't come at his crossing. He made a note of 1,578 trains that scooted over that crossing between May 4 and August 3, 1894, has reported accordingly, and now wants his share of the loot, \$78,500, which he may get if he can beat the railroads in some law suits.

If it be true that Formosa has declared her independence and established a Republican form of government, the probabilities are that Russia has a finger in the pie. As a Republic Formosa and Hawaii would be about on a par, barring the fact that Formosa is short on "Sons of Missionaries."

Twenty-five years ago James J. Hill, who is now President of the Northern Pacific railway, was working hard to earn a salary of \$40 a month as a freight clerk on the docks at St. Paul. But he had stick, grit and talent, and these lifted him.

The strike in the bituminous coal mine region of Pennsylvania ended last week by the miners going back to work at the old wages, which is about the way the average strike ends.

A German chemist has invented a fluid which when poured on water burns with a bright flame, but doesn't burn the water, so there is no danger of setting the oceans on fire.

YACHT RACE

Between the Vixen and the Vitess—The Vixen Won the Race. One of the most exciting races ever sailed on the river at Wilmington took place yesterday afternoon at 8 o'clock. The start was made from the foot of Market street. The contesting boats were the Vixen, owned by Mr. E. S. Latimer, and the Vitess, Mr. H. A. Gouverneur's yacht.

A large amount of "boodle" had been staked, and therefore several were interested as to which would be victorious. The race was over an eight-mile course, from a buoy at the foot of Market street to the red buoy near the "drum tree" and back, twice. The Vixen won by 4 minutes and 27 seconds. The actual sailing time was one hour and fifty minutes. The breeze was only ordinary and neither of the boats did their best.

The crews were as follows: Vixen, sailed by Capt. E. S. Latimer; J. B. Brinkley, mainsail; R. M. Capps, gib; seaman, Ed McKay, Harry P. Bowdon, U. M. Robinson, Ed G. Polley, J. C. Wise and W. L. Burkheimer. Vitess, J. B. Shelding, captain; M. H. Gouverneur and W. B. Savage, main sheet; Don McRae, gib; seaman, Joe H. McRee, Robt. Davis, F. L. Graham, Oscar Kennedy, W. W. Merrill and Robt. Shepard.

The race was enjoyed by all who saw it, and it is hoped they will sail over the same course again soon.

Colored Schools.

The Peabody school had its closing exercises last Tuesday morning. The main hall in the school building was crowded to overflowing with the parents and friends of the children. The stage was prettily decorated with flowers and potted plants. The exercises consisted of songs, instrumental music, recitations and charades. The performance of the children was of a highly favorable character, and reflected much credit on both teachers and pupils. The School Committee, Jas. F. Post, Jr., chairman, W. H. Sprunt and Jas. H. Sampson, were present and were pleased with the entertainment. The committee have taken a great deal of interest in this school and took occasion to compliment the efficient superintendent of city schools, Prof. M. C. S. Noble, and the principal, Jas. B. Dudley, on the past year's work. We doubt if there is a better conducted public school amongst the colored people in the State, and our local school authorities claim more than this, for they think naturally that it is the best.

The Williston school exercises took place on Monday.

A Bicycle Club.

About fifty of the bicyclists met last night to organize a bicycle club, with the expectation of getting every person who rides a wheel into it, to look after the interests of riders. Mr. Thomas F. Bagley was made temporary chairman and Mr. Samuel J. Springer secretary. A committee was appointed to confer with the shell road officials to secure a standard of summer routes.

The following committee was appointed to draw up by-laws and a constitution for the new club: P. Heinsberger, T. H. Wright and Geo. Hewlett. The meeting adjourned after routine business was finished.

DECORATION DAY.

David Jacobs, chief marshal, has appointed his assistants for the Decoration day parade this afternoon, as follows: Chief of staff—Captain Valentine Howe. Assistant Marshals—Alex Mallett, R. F. Holmes, George Peamon, John H. Weber, Archie Colvin, John Carroll, J. G. Barnett, George Dry, Thomas Sivera, Jr., E. M. Green, Andrew J. Allen, John Quince, Monroe Byrd.

The marshals are requested to meet at the Cape Fear engine house at two o'clock sharp. All other organizations will report to the chief marshal at the City Hall at three o'clock. The procession will move at 3:30 o'clock sharp. By order of the chief marshal, David Jacobs.

A Correction.

As there was a typographical error of some importance in the 5th resolution of the free coinage meeting, as printed in the STAR, it is reproduced in corrected form as follows: 5th. As free and independent citizens of these United States, we here enter our protest against the dignity of the high office of the Chief Magistrate being lowered, by using it as a patronage machine, to further the cause of the Rothschild and Wall street bankers.

The Charlotte Grocers.

Charlotte News: "Capt. H. C. Irwin, the pilot for the Wilmington excursion, has already received over 100 applications for tickets, and he has hardly begun his arrangements. He will have six coaches, a baggage and a dining car, and will run his excursion about June 25th."

THE PUBLIC SCHOOLS.

Closing Exercises at Union School—Enrollment by the Pupils—An Elaborate Programme—The Performances, Etc. Again last night the people of Wilmington turned out to pay respect to and show their interest in public school work, the occasion being the closing exercises of Union School. An elaborate programme had been arranged. The hall was crowded from door to door and not even standing room was left, and besides several hundred people could not even get in hearing distance. Among the audience were those who have worked so faithfully and arduously in public school management, among them Capt. H. A. Bagg and Mr. B. G. Worth, of the County Board of Education; Capt. E. W. Manning, County Superintendent of Public Instruction; Messrs. Jas. F. Post, Jr. and W. H. Sprunt, Committee of School District No. 1, and Mr. W. H. Chadbourne, of District No. 2.

Professors introduced the exercises by a short address, closing by saying that on account of good lessons, conduct, and having gone as far as possible in the schools here, the following young ladies had been presented with graduating diplomas: Miss Olivia Sutton, of Hemingway school, and Misses Augusta Wiggins, Katie Sholar, Gerta Bontz, Emma Cook, and Bessie Fillyaw.

The entertainment opened with "Hoop Drill" by the Primary class, participated in by several little tots as follows: Hoop Drill—Lucy Poisson, Blanche Parsley, Bessie Watters, Ray Solomon, Annie Holmes, Margaret Harris, Katie Fleet, Isabel Williams, Fannie Murchison, Jennie Murchison, Jane Ireddell, Lois Toomer, Mary Bell, Jennie Jackson, Atias Hiebes, Maria Moffitt, Mary Black, Nannie Hollida, Beulah Anderson, Claudia Hewlett, Nettie Ketchum, Nannie Doyle, Lillian Williams, Mary Hoge.

Second was the club swinging exercises which showed skillful training and was applauded throughout. The following were the swimmers: Club Swinging—Norrum Shepherd, Lena Solyman, Sallie Jackson, Bessie Henkin, Gertrude Watters, Addie Davis, Lizzie Robinson, Bessie Fillyaw. The third part was the Boat Drill, which was much enjoyed by all present and was acted in a nice manner, while the entire group with their picnic baskets sang sweet songs as the different manoeuvres were gone through, representing a regular boat party, by the following scholars: Louis Hewlett, George Moore, Roy LeGwin, Isabel Belden, Sadie Williams, Ethel Hopkins, Viola Bear, Sallie Oldham, Katie LeGwin, Sider Rhein-stein, Edna Toomer, Bessie Russ, Fannie Doyle, Ida Poigort, Norwood Orrell, Mabel Lutetson, Lida Holmes, Zach Bell, Nora Brittain, Lizzie Kirkham, Gracie Craig, Carrie Sale Hardwick, Carl Fick, Bertie Stejles.

The next on the programme was "Chronothelatron," an opera, which was filled with fun laughable, and one of the best pieces ever delivered at a school entertainment in Wilmington. The following were the characters, who all deserve much praise and credit for superb acting: "Genius," Gerda Bonitz; "Inventress," Davy Duffy; "Sarah," Henrietta Shepard; "Pharaoh's Daughter," Hattie Penny; "Cornelia," Lulu Sneedon; "Cleopatra," Mary Plummer; "Queen Elizabeth," Katie Sholar; "Mother Bickerdick," Sallie McRee; "St. Cecelia," Ethel Barnes; "Hypatia," Grace White; "Agness," Ida Gaslin; "Pocahontas," Bevy Wilder; "Joan de Arc," Emma Cook; "Sappho," Lillian Fulford; "Mrs. Washington," Bessie Taylor.

Too much cannot be said of the faultless acting of Miss Davy Duffy, who won the admiration of all present as "Inventress." Miss Sallie McRee as "Mother Bickerdick," proved herself a comedienne of rare qualities, and with Miss Hattie Penny as "Pharaoh's Daughter," kept the audience in a continual uproar. Miss Gerta Bonitz as "Genius," Miss Mary Plummer as "Cleopatra," and Miss Henrietta Shepard as "Sarah," deserve special mention for their clever impersonations.

The teachers—Misses Nellie Cook, Webb, Bagby, Alderman, Eliza Meares and Belle Anderson who arranged the affair should feel proud of the manner in which it was carried out without an error or blunder.

Mr. H. A. Bagg, upon invitation, mounted the rostrum and after a few complimentary remarks about the school work in this county, presented Miss Henrietta Shepard with a beautiful gold ring from the School Board for her efficient services as pianist during the session.

The clever and gentlemanly ushers were Willie Hill, Frank Bagby, Hardy LeGwin, Lester Branch, Ernest Glenn, Harry McGirt, Edward Nelson, James Jackson.

A Small Fire.

Fire broke out yesterday morning about 10 o'clock in the truck house of Wilmington Hook and Ladder Company No. 1. The fire was between the ceiling and weather-boarding. It was soon extinguished and the damage will not exceed \$50. It is thought that the fire was of incendiary origin. The truck house is insured for \$700 with Mr. Walker Taylor's agency.

Cotton Region Bulletin.

Remarkably heavy rainfall is reported in Texas for the 24 hours ended at 6 p. m. yesterday. At Brenham, 4.10 inches was recorded; at Hearne, 5.30; Houston, 2.80; Huntsville, 3.00; Longview, 1.90; Orange, 1.50; Tyler, 1.60. The average for the 21 stations was 1.80 inches. Heavy rains occurred also in Louisiana and Arkansas. Very little rain elsewhere in the cotton region.

Steamship Competition.

Removed That the Plant System Will Go to Sea. A rumor was current in railroad circles yesterday, says the News and Courier, that before another year has passed the Plant system would be operating a regular line of steamers between either Charleston or Savannah and New York. How much foundation there is for such a belief cannot be said. Several railroad men who were spoken to on the subject admitted that they had heard such a report, but some of them had any positive information confirming or denying it.

There can be no question of the fact that the general belief prevails that President Plant has some such enterprise under consideration, and there are several very good arguments to support such an opinion. The rumor has it that President Plant means to set up an energetic competition to the Ocean Steamship Company, of Savannah, and the Clyde Line, of this place and Jacksonville, by means of a through route to New York, which will be part water and part rail.

Rainfall for the day, .00; rainfall for the month up to date, 4.37 inches. FORECAST FOR TO-DAY. For North Carolina, fair, warmer in eastern, cooler in western portion, southerly winds. For South Carolina, fair, cooler in the interior and southerly winds.

STATE BANKS OF ISSUE.

A Leading Paper Thinks It the Only Measure that Will Secure Permanent Relief. The Columbia State agrees with the STAR in the opinion that the free banking principle is the real measure of relief from the present financial troubles. But the STAR does not agree with the State in the opinion that the extremists on either side can keep the State bank issue out of the campaign. The State says:

"Alta bankers who attended the 'Sound Money' convention at Memphis, claim that the whole thing was run by politicians, and that a proposition offered by them to repeal the ten per cent. tax was unceremoniously suppressed. It is hardly probable that between the extremists on either side this free banking principle will be able to appear in the campaign, but its advocates, nevertheless, should endeavor to push it on all occasions, as it is the only measure that will secure permanent relief from financial perplexities."

SALEM FEMALE COLLEGE.

Tribe to the Late Senator Zebulon B. Vance—A Memorial Window Placed in the College Chapel Presented with Appropriate Ceremonies. [Special Star Telegram.] WINSTON, May 29.—To-day marked an event that will be memorable in the history of Winston-Salem. In connection with the ninety-third commencement exercises of Salem Female College for girls in the South, the first permanent tribute erected in the State in honor of North Carolina's most beloved son, the late Zebulon B. Vance, was formally presented to the trustees of that institution with appropriate and imposing ceremonies. It was a large and artistic memorial window, which was purchased and placed in the college chapel by the 1894 graduating class. The window was presented by Hon. J. G. Baxton, of Winston, who made a strong and touching address. His portrayal of the dead Senator's life was grand and beautiful. He said that Senator Vance, when asked to give the secret for his great hold on the people of his native State, replied, "I have never deceived them." Bishop Bondthaler, of the Moravian Church, accepted the window, for the trustees, in a splendid and appropriate address. Mrs. Vance together with a large number of friends and admirers of the beloved Senator witnessed the interesting and impressive ceremonies. To-morrow is Commencement day proper of the old Moravian school. The oration will be delivered by Mr. James W. Beck, a law partner of the well-known politician, William S. Harris, Esq., of Philadelphia. He arrived to-day. Diplomas will be presented to fifty-three graduates, the largest class in the history of the school. The grand musical concert came off to-night.

WILMINGTON STREET RAILWAY.

Report Furnished the New York Commercial and Financial Chronicle. The quarterly supplement of the New York Commercial and Financial Chronicle, issued May 30th, is devoted exclusively to reports of the street railways of the United States. The following from the report of the Wilmington Street Railway Co. embraces all features of interest: Wilmington Street Railway—A trolley and steam road. Chartered Feb. 10, 1887. Franchise runs till 1897 and gives exclusive rights to operate street railways in the city.

Note—The following is furnished the Supplement as of Jan. 1, 1895: "Of the original issue of \$50,000 first mortgage bonds, dated 1893, and payable 1923, only \$35,000 have been sold, the remaining \$15,000 having been used as collateral to secure a loan which has now been reduced to \$100,000. This existing trust deed or mortgage is now to be satisfied and discharged by a new trust deed, for mortgage dated Jan. 15, 1895, in favor of the State Trust Company, of New York, trustee, securing a new issue of first mortgage 6 per cent coupon gold bonds in the amount of \$150,000, principal payable April 1, 1899. The former issue of bonds is about to be retired and canceled, and for such bonds are to be given the new issue of \$150,000 first mortgage bonds, together with \$40,000 of first preferred and \$80,000 of second preferred cumulative stock."

Owens 4 miles of trolley road, 1 1/2 miles of steam road and 3/4 mile of siding in the city of Wilmington; total track February 13, 1895, 5 1/2 miles. Rails 45 and 60 lb. T and girder.

Fiscal year ends April 30, but for the year ending December 31 results were as follows, the road operated being passenger line 3.64 and freight line 1 1/2 miles:

Table with 2 columns: 1894, 1895. Rows: Gross earnings, Net earnings, Passenger line, Mileage.
