SPOIS AND FUTURES The New York Sun's Review of the Situa

tion in Cotton. By Telegraph to the Morning Star. NEW YORK, August 18 .- The Sun sijs: Cotton declined ten points, then rallied slightly and closed steady at a decline for the day of eight to ten points. Liverpool advanced four and a half to five points, but reacted and closed feverish at a net advance of one and a half to two points, with spot sales of 12,000 bales at firm and unchanged prices. Five baies of new cotton arrived at La Grange. New Orleans advanced two to three points, but lost this and declined seven to eight points. Port receipts 288 bales against 207 this day last week and 243 last year. Spot cotton here was steady and unchanged with sales of 242 bales for spinning. Houston received 155 bales against 42 this day last week and 752 last year. Southern spot markets were generally quiet but firm. Liverpool closed feverish. Some cotton goods advanced a quarter of a cent to-day. The aggregate amount of dividends declared for the quarter just ended by the Fall River mills was \$532,875. These dis-

bursements are made on an entire capital investment of \$21,008,000, the average return being 2.54 per cent.
To-day's leatures: The decline to-day was not at all surprising, in view of the rapid and very marked advance within the last ten days. The heavy realizing was not at all surprising, and the decline was not great under the circumstances. Liverpool behaved handsomely in the main and there was considerable buying, both for Liverpool and Continental account, while the old bull clique in New Orleans, it is stated, was again buying, and there was also considerable covering of shorts by local operators. Rain fell in Texas, but it was mostly in the north and northwest, where it is not wanted, and heavy rains fell in Alabama and Louisiana, where they seem likely to do more injury than good. The im-mediate cause of the decline to-day was a dispatch from New Orleans stating, apparently with authority, that the weekly Government report to-morrow (Wednesday) will be more favorable than the last monthly report (August 10th), with the exception of some parts of Texas, where rain is undoubtedly needed; that is to say, in the southern and southwestern portions. Europe, New York and the South sold to realize profits and stop-orders were caught on the way down. Some of the crop news from Georgia and Alabama was favorable, but on the other hand bad reports are being received from erpool continues active; spot que are still rising in this country, and the cotton trade is in a very promising condition, many makes having advanced considerably within the last two weeks on increasing demand.

GRAIN AND PROVISIONS.

September Wheat, Corn and Oats Higher -Sep ember Lard and Ribs Lower. By Telegraph to the Morning Star.

CHICAGO, August 13 .- A recovery of a portion of yesterday's loss in wheat values was made to-day, not because the trade had been converted to a bullish view of the situation, but rather through persistent covering of previous sales by shorts. At the start and during a part of the first half hour it looked as though there would be a repetition of the declining movement, but gradual firmness came into the market, and as no decided attempt was made to force prices lower they appreciated steadily. September wheat opened from 65 1/2 to 65 1/2c, advanced to 67c, and closed at 66%@ 66%c-1@1%c higher than yesterday. Cash wheat in the sample crowd was firm and 1c per bushel higher.

Corn displayed a recuperative tendency to day. September corn opened at 861/c, sold between 86 and 36 kc, closing at 88-11/c higher than yesterday. Cash corn was steady, prices averaging about

Oats-The course of prices in oats was identical with that of other grains, whilst the range was not as great. September oats closed %c higher than yesterday. Cash oats were 14c per bushel lower, but closed somewhat better. Provisions-A generally lower market

for provisions was noted. Hogs were again in a weak and demoralized condition and product took inspiration from that source. About the middle of the session, under some buying to cover shorts, there were slight upturns, but before the close, prices were off again. A fair business was transacted. The close was 121/2c. lower than yesterday for September pork. 5c. lower for September lard and 121/c. lower for September ribs.

WASHINGTON, Aug. 13.-A telegram from the City of Mexico, to the effect that Minister Ransom would not be regarded as persona grata to the Government of that country, upon his return, if he had been correctly reported in a recently published interview, was brought to the Minister's attention at his home in Weldon to-day by Captain Barnes, one of his intimate friends here. The minister was quoted in the interview as reflecting upon Mexico in the matter of extending facilities to fugitives from justice in the United States to become citizens of that republic and thus defeat efforts for their extradition. The following telegram was received this afternoon:

By Cable to the Morning Star. WASHINGTON, August 18 .- The State Department is awaiting fuller particulars of the assault on the American School at Tarsus, Syria. Minister Terrell has informed the State Department that he has sent Thomas R. Gibson, U. S. Consul at Beirut, to Tarsus, to make inquiry into the incident, and Minister Terrell's disparenes on the subject show that this action was taken several days before news of the assault was cabled to this country. Even before the news was generally known in Constantinople the Minister had made complaint to the Porte and dispatched Mr. Gibson on his mission. In view of the action of the Minister in not making a report on the matter until he had been telegraphed by the State Department, it s believed here that the incident was not

f a serious character. LONDON, Aug. 13.—It was intended to place the U. S. cruiser Marblehead in the dock at Tilbury to-day, but in obedi-ence to orders from the Navy Department received by Admiral Kirkland, to dispatch a vessel to protect Americans at Tarsus, Asia Minor, the scene of the recent troubies at the American School, he instructed Commander O'Neil, of the Marblehead, to sail from Gravesend on Thursday for Mersina, the port of Tarsus. The Marblehead will stop at Al-

giers for coal about August 22nd and will proceed thence direct for Mersina, where she will arrive about August 29th. LONDON, August 13. - The Pall Mall Gazette this afternoon publishes a dispatch from Shanghai, stating that the Commission appointed to inquire into the massacre of Christians will leave Foo Chow this afternoon for Ku-Chang. MURDEROUS ASSAULT.

By an Unknown Negro Upon a Crowd Bost Hands.

By Telegraph to the Morning Star. ST. LOUIS, August 13.-Just as the steamer City of St. Louis landed, at 7 o'clock this morning, an unknown negro thirsting for revenge, rushed into a crowd of boat hand and passengers while they were leaving the boat. Whipping out a revolver he made a murderous assault upon Davis, captain of the boat's roustabouts. He fired five shots in rapid succession, four of which took effect in as many different men. None of the passengers were injured. The would-be murderer turned and ran up the levee, brandishing his revolver as he ran, and succeeded in escaping from the crowd in pursuit. Those who were wounded are: .

FREE COINAGE DEMOCRATS

INGTON, D. C., TO-DAY, Almost Every State Will Be Represented-It is the Outcome of the Memphis Con vantion-A New National Committee Will Be Formed so as to Secure Control of the

Next National Convention By Telegraph to the Morning Star. WASHINGTON August 13 .- Representatives from almost every State will be present at the Free Coinage Conference to be held in this city to morrow. This conference is the outcome of the Memphis Convention, at which time Democratic representatives from all to a general conference in Washington. These delegates come as representatives dent of success and will admit of no compromise.

The following delegates had arrived Senators Harris, of Tennessee, Jones, of Arkansas and Turple, of Indiana, who issued the call for the Convention; Hon. N. N. Cox, Tennessee; Hon. James A. Lockhart, Wadesboro, N. C.; W. M. Rubey, Macon, Ga.; Hon, Robert Neill, Batesville, Ark.; W. Hill, W. C. Hum-phrey and Geo. W. Allen, St. Louis; H. W. Wilson, Birmingham, Al-abama; Joseph Hodgson; Mobile, Ala; Senator John W. Daniel and Peter J. Otey, Lynchburg, Va. Also the following from Illinois: F. H. Hineckson, Springfield; John A. Barnes and R. M. Rose, Louisville; M. F. Dunlap, G. E. Doying and Owen R. Thompson, Jacksonville; Gdorge R. Locrone, Effiing-ham; George E. Brennan, Joliet; Wil-liam E. Wilson, Decatur, and J. W.

Yantes and M. McNeely, Shelbyville. It is probable that Senator Harris will preside over the meeting, and Casey Young, of Memphis, who is chairman of the executive committee, will have much to say in the proceedings, The object of the conference is to form an organization within the Democratic party favorable to free silver and every effort will be made to secure harmony in the ranks. Senator Harris is authority for the statement that a new National Committee will be formed, composed of Democrats of prominence, one drawn from each State, the object being to secure control

Mr. Hinichson has the honor of having called the first Free Silver Conwell as Illinois is taking more kindly every day to the free silver movement. West turn to Wm. R. Morrison as the one available candidate who represents sterling Democracy as opposed to the gold bug mugwumpery of the White House. While Mr. Morrison has thus far remained non-committal on the silver question, yet we are assured by him that he has the interests of his party at heart. His party will point to him in unmistakable terms the necessity for free silver and urge upon him his leadership. As the silver movement originated in the West, so also must the party leader come from the West.

"It should be understood that this is a Democratic movement, entirely within the lines of the party. Every possible effort will be made to prevent factional differences. This Conference will adopt resolutions that I believe will be adopted in a majority of the Democratic conventions of the various States, so that, when the next National Democratic Convention is held, the delegates will vote almost unanimously in favor of free

Senator Daniel was one of the late arrivals to-night. He said he was aware what the personnel of the conference would be, but he expected about 2,000 delegates to be present. Such a number, he thought, would work with more consonance than a larger number and the work on hand would be expedited sooner. He saw no reason why the meeting should last longer than one day. He had not come here to offer resolutions, and did not know the nature of the ones that would be introduced by the leaders of the movement. It was his opinion, however, that good would come of the affair, and that the country at large would applaud the action of the

Convention.

FREE SILVER ADVOCATES. Ben Tillman, of South Carolins, and Mation Butler, of North Carolins, Address the Meeting at Concord, N. C.

By Telegraph to the Morning Star. CHARLOTTE, N. C., Aug. 13 .- Senators Ben Tillman, of South Carolina, and Marion Butler, of North Carolina, spoke to 8,000 people at Concord, N. C., to-day. They both made strong free silver speeches of about two hours' duration each. While not flatly coming out in favor of a new party, there was a strong squint that way in the speeches of both. They both advocated the getting together of silver men of all shades of opinion to nominate a President in 1896.

Senator Butler was asked after the speaking concerning the meeting of Senators Harris, Turpie and Jones, of Arkansas, in Washington to-morrow for a silver conference, and said : "I understand that the men who are engineering the silver conference in Washingit nominates a goldbug for President. If this is true, then they and effective agents of the goldbugs, for they can get silver men to vote the goldbug ticket that all the goldbug men in the country cannot-persuade to

TREASURY GOLD RESERVE.

Secretary Carlisle Says People Need Not Worry About It-The Bond Syndicate Intend to Protest It.

By Telegraph to the Morning Star. New York, August 18,-A Duluth, Minn., special says: "You may tell the people that they need not worry about the gold reserve," said Secretary of the Treasury Carlisle yesterday. It was only when he was told about the prospective heavy gold shipments and the anxiety in some quarters about their effect upon the gold reserve that he consented to speak, even briefly, on public affairs. P. Morgan & Co. had deposited \$1,346,000 in gold coin in exchange for United States notes. A previous telegram to the Department contained the information that \$900,000 gold coin had been withdrawn from the sub-Treasury for export to-morrow. With the deposit of gold to-day by the syndicate their deposit since gold exports have been resumed on a large scale, reached a total of \$3,346,000. It s'estimated here that with exchange at the high figure quoted, 490% to 490%, a net profit of \$3.000 on each \$1,000,000 gold exported is made by the shippers. Treasury officials are much gratified at the action of the syndicate, as it is construed to mean that they will not permit the gold reserve to fall below \$100,-000,000. At the close of business to-day the reserve stood at \$101.933,715.

WINSTON'S RIOT.

No Indication That It Will be Resumed-Militia and Special Policemen Still on Duty. By Telegraph to the Morning Star

WINSTON, N. C., August 13 .- Everything is quiet here to-night. There is no indication that Sunday night's riot will be resumed. However, the militia and one hundred special policemen are still on duty. The situation is such that there is no

telling what will happen. A Gatling gun with four men to man it arrived at midnight. Very few negroes were on the streets last night.

The verdict is just as a majority of the white people expected. Counsel for the defence will make a motion on Thursday morning for a new trial, but there is no hope for it being granted. Murder in the second degree in this State means a sentence to the penitentiary of from five to thirty years. Tuttle will get not less than twenty. The trial of Bud Cunningham for the

murder of his sweetheart opened to-day and is progressing rapidly. A jury was secured with little trouble and nearly all of the evidence in the case was taken

Arbuckle Bros., the well-known coffee importers, withdrew \$750,000 in gold today for shipment to Europe. The withdrawal, it is stated, was made only after a meeting of the members of the bond syndicate this afternoon. As the story runs, the syndicate, after a close investigation, discovered that all the members were not adhering to their original contract in regard to gold ship-ment:—that two well known firms, instead of appearing in the matter themselves, used the house which recently did the bulk of shipping of the yellow metal. It has been said for some little time that Crossman & Bro, were not forwarding gold in such large quantities to meet payments on the firm's account, but that its bills were sold against the gold for the profits accruing directly from such operations. Arbuckle Bros, are recognized as competitors of Crossman & Bro., and shared in the bond syndicate profits, whereas Crossman & Bro. were not in that deal. While the syndicate members would speak only in whispers, it is evident that they have discovered treachery in their camp and have taken the initiatory step to punish the offenders. When the inside facts are known they are liable to cause considerable commotion in financial circles Having made enormous profits through their participation in the syndicate opertions, it was not believed for a moment that any of the foreign exchange houses

Good thing and we know it. To keep it good we must push it. Why have we succeeded in establishing a reputation among our patrons for selling goods cheap, of which we are pretty proud? Because we have steadily adhered to the four principles necessary to success—Reliability, Fairness, Good Goods and Small Profits is the cornerstone on which we stand to-day. We will move our stock of goods to the Bear Bros' store on Front street, opposite the Orton House, where we will have more room—three floors, covering 15,000 square feet—with an electric elevator. Our store will be a model of neatness in every department. Our goods shall be the attraction then as now. We know good values when we

see them, and it is our aim to please all

that see fit to call on us for bargains. Our stock of dress goods have had some splendid values added lately. A half-wool, double-fold serge, 36 inches wide at 15 per yard. A fine cassimere 44-inches wide, beautiful goods at 40c, worth 50 and 60c. A big of dress goods at 191/2 and 15c. Cassimeres in all colors, in fancy's, at 15c cotton, double fold, at 8c, worth 121/2c We have a large line of white lawns a from 4 to 18c per yard; Crepon at 61/4c; Muslin at 8c; White and Checked readymade Aprons at 10, 15 and 20c each; 1, 000 yards Table Oil Cloth at 10c per yard; Fine line of Table Linen from 20 to 25c per yard.

We are on Front street opposite the Market House. Braddy & Gaylord, Prop. of Wilmington's big Racket Store. aug 11 28 tf
