WILMINGTON, N. C.

WEDNESDAY MORNING, SEP. 25, 1895

SPOTS AND FUTURES

New York Bun's Review of the Cotton Market.

By Telegraph to the Morning Star.

NEW YORK, Sept. 24 .- The Sun says: Cotton advanced two to three points, lost this and declined five to six points, recovered this and advanced eight to ten points and closed steady at a net rise of seven to nine points, with sales of 355 000 bales. New Orleans was at one time easier, but later on advanced several points. New York rose 1-16c. and so did New Orleans and St. Louis, while there was a rise of 1/2c. at Savannah, Charleston, Augusta, Mobile, Norfolk and Boston. Liverpool advanced 1-15d, with sales of 12,000 bales. Futures rose 5-64d., though 3 64d. of this was afterward lost. The receipts at New Orleans to-morrow are estimated at 3,500 to 4,000 bales, against 3,724 last Wednesday and 9,801 last year. One New York operator sold about 20,000 bales to day. The majority of crop reports say picking will be well over by October 1st. Private cables say that Liverpool went off on failure of Manchester to respond to the advance. Galveston reported favorable weather, and said that no damage had been done by the cold wave. Liverpool shorts were covering on bad crop reports. A Fall River dispatch said: Mills here and at Providence have enough orders for print cloths to prevent accumulation of stocks for some weeks. Spinners expected to buy shortly. Port receipts 26,295 bales, against 16,015 a week ago and 28.946 a year ago; thus far this week 79,287 bales, against 44,203 for the same time last year.

To day's features: The bear position was bombarded by heavy bull artillery and the shorts told like red-hot shot. Liverpool was active and higher. Neill Brothers estimated the crop at only 7,000,000 to 7,250 000 bales. Manchester was firmer; the spot markets were more active at rising prices; the exports showed an increase; much of the weak long interest has totally been eliminated and the cotton seemed to be in stronger hands. Even very heavy realizing produced comparatively little impression, and that only of the moment. The market showed elasticity and undeniable scrength and easily rose on brisk buying tor New York, Southern and European account. Liverpool bought 2,000 bales on the liquidation of straddles. The receipts at the ports were more liberal, but the increase was believed to be due to the prevailing high prices and to the fact that the hot weather of late has significant were subsequently read to caused a premature opening of bolls. the Convention from a large number of and also boss Croker, who is in New

which some of the rebels were killed.

## CROP COND TIONS. Excessive Heat and No Rain Causing Dam-

age to Cotton and Other Crops. By Telegraph to the Morning Star

WASHINGTON, Sept. 24 .- The weekly weather crop bulletin of the Department

of Agriculture embraces summaries from the various States weather services :

Virginia-Hot, dry weather, making the crop condition critical; pastures

burning up; no Fall plowing or seeding done; fodder mostly saved, but some of it poor from firing; tobacco cutting and curing progressing and the crop generaly in fair condition. Many farmers are

eeding and watering stock. North Carolina-A very abnormal unlavorable week with intense heat, glarng sunshine and unbroken drought; cotton opening prematurely; late blossoms and small bolls shedding; turnips, potatoes and peanut suffering from the drought, and Fall plowing and harvesting under way.

South Carolina-Excessive heat and no rain, favored cotton picking, but young bolls are opening prematurely,

There will be a rush of cotton for a time, but the bulls contend that the crop is short beyond question, and that sooner or later this will be patent to the most skeptical. Europe is beginning to give more credence to unfavorable crop advices, as the increased spot business goes to show. The speculation to-day was the heaviest of any day for some weeks, and the last prices were about the best of the season.

## **GRAIN AND PROVISIONS.**

Wheat Strong and Higher-A Moderate Advance in Corn-Lord Lower-Short **Ribs** Higher

By Telegraph to the Morning Star. CHICAGO, Sept. 24 .- Wheat was unmistakeable strong to-day and for what reason it was rather difficult to see. The market was palpably short and as offerings became scarce after the opening it was reasonable to expect an upturn when covering was attempted. Upon the announcement of Bradstreet's report prices eased off, but subsequently another rally occurred and the close was quite strong. December wheat opened from 581/2 to 58%c. sold between 58%@58%c and 50c, closing at 59% e-114@1%c, higher than yesterday. Cash wheat was firm and 1 cent higher than yesterday.

Corn made a moderate gain to-day, but the strength of wheat was entitled to the credit for it. Receipts of corn hold up well. Reports from the interior are to the effect that farmers have a larger amount of old corn on hand than the trade has arranged for, and that it is now being marketed to make room for the new crop, which is ready to be housed. May corn opened at 28%c, sold between that and 29 1/c, closing at the outside-%@%c higher than yesterday. Cash corn was unchanged.

No feature appeared in oats. Prices varied only according to the action of wheat and corn. The trade in this grain has fallen into a rut, no business having been transacted for some time. May oats closed 1/2c higher than yesterday. Cash oats were steady and 1/c lower.

Provisions-There was nothing in provisions of any particular interest. Liquidation in October continued and the packers were selling off long stuff, being influenced by the hog market. The closing prices were 71/3c higher than yesterday for October pork, 21/c lower for October lard and 5c higher for October ribs

ATROCIOUS MURDER.

The Master of the Schooner John A. Dixon Killed By the Mate. By Telegraph to the Morning Star.

WASHINGTON, September 24.-Details of the murder on the Potomac river, briefly reported this morning, as received here made the affair one of singular atrocity. The schooner on which the erime was committed was the John A. D. xon, under the command of Capt. John F. Revelle, of Baltimore The vessel left Norfolk several days ago with a cargo of lumber, consigned to Frank Libbey & Co., of this city. While the schooner was underway a quarrel arose between the Captain and the colored mate, during which the Captain drew his gun on him. This angered the negro, and, as the Captain was coming out of the hatch, he dealt him several blows on the head with a marlin spike. The Captain did not die for some time

after the latal blows were struck, One of the colored men went to the dying man and did everything in his Horrible Death of a Painter in Savannah.

placss in Massachusetts, Connecticut, York, that Sheehan speak to each other. Pennsylvania, and Wisconsin, and some of the Southern States. Some pledged funds, without limit, or any earnest effort to free Ireland; others urged the convention to ask for nothing less than independence, and accept nothing less. Others asked for bitter pill, and that the State Democcomplete separation, no matter by what

means accomplished. A lengthy dis-patch from the Emmett Guards, of Philadelphia, ended, "the new movement must end only in the complete autonomy of Ireland." About seven hundred delegates, representing nearly every State and Territory, were in at-

tendance at the afternoon session, There was no local "packing," Chicago and Illinois not having more than twenty-five of the total. The delegates

will re-assemble to-morrow morning. WASHINGTON NEWS.

Gold Withdrawn-Condition of the Reserve-Ex-Consul Waller-The Consular

Service. By Telegraph to the Morning Star.

WASHINGTON, D. C., September 24 .--Gold continues to be withdrawn at New York for export to Canada, a further shipment of \$225,000 being withdrawn to-day. This makes a total of \$475,000 of gold taken for Canada during the

past four days. The gold reserve to-day at the close

f business is \$95,185,833. Secretary Olney this morning received a cable from Ambassador Eustis announcing the arrival at Paris yester-

day of the family of ex-Consul Waller. The dispatch says Mrs. Waller has decided not to visit her husband. It is impossible to engage passage before October 2, but Mrs. Eustis says she will sail on that day for America on the

teamship Amsterdam. In accordance with the terms of the proclamation of the president pubished yesterday, placing the consular defendant under the modified civil service, Secretary Olney to-day designated the board whose duty it shall be to conduct the necessary examinations. These members will be the third assistant secretary of State, the solicitor of the epartment, and the chief of the consuar bureau, or the persons for the time being discharging the duties of those offices. The regulations prescribed by Secretary Olney provide for the exami-

nations to be held at the State Department and the questions and answers in writing, except where specifically designated, when a stenographer will report the proceedings.

The case of John Sowers, the Virginian who is alleged to have been expelled from Cuba, has not been officially called
