SPOTS AND FUTURES. Puture: Nervous and Excited-Reports of Frost and Advance in Liverpool-The

Sun's Review. By Telegraph to the Moraing Star. NEW YORK. Sept. 80 .- Trading in cotton to-day started with a bound up ward, under marked speculative excitement and activity, largely through New Orleans and Liverpool reports, with the former markets up fully twenty-six points. It was said that New Orleans had sent reports to Liverpool that heavy frosts had occurred in Texas and Alabama, reporting the temperatures of 46 and 48 degrees. While these were afterwards contradicted they had forced up the prices at Liverpool six to seven points. New York opened eleven to twenty points, at noon was at fourteen to seventeen points and at 2 p. m. fully eighteen to twenty-six six, points rise with a nervous feeling and sales of 272 -

The Sun says: Cotton rose twentyfour to twen: y five points, then reacted slightly and closed steady at a net advance of twenty-two to twenty-four points, with sales of 389,700 bales. Liverpool rose 1 32d. on the spot, with sales of 12,000 bales: futures there advanced seven points and closed very steady. In Manchester yarns were strong, cloths quiet. Spot cotton here advanced &c. with sales of 410 for spinning. Charleston and Mobile advanced 1-16c, Savannad St. Louis 1/3c and New Orleans and Augusta 3 16c. Savannah sold 1,200 bales, Memphis 800, Augusta 744 and New Orleans 300. New Orleans advanced sixteen to eighteen points. Receipts to-morrow estimated at 7000 to 9,-000, against 6,810 last week, 21,940 last year, and 13,134 in 1893 when the crop was 7,500,000 bales. The port receipts were 53,576, against 31,239 last week, and 46,472 last year.

To day's features: Frost in Texas Alabama, Mississippi, Arkansas, and Oklahoma set Liverpool wild, and New York caught the fever from Liverpool, and was even stronger than the British market, though Liverpool astonished everybody. The advance in New York, New Orleans, and Liverpool came like a flash of lightning from a clear sky, dazzling bulls and bears alike. The receipts at the ports were liberal, especially at New Orleans, as it was the last day of the month, and six hours are added to the New Orleans business day on such occasions. There was enormous buying, buying, as may be seen from the fact that the total business to-day reached nearly 400,000 bales. New York, New England, the West, the South, and Eu rope bought freely, and though there was heavy realizing on the advance, the remarkable thing was that the closing prices were very near the best of the day. Mr. Lane is reported as estimating 9,900,000 last year.

Wheat Closed Higher-Corn and Oa's Lower-Lard Higher-Ribs Unchanged. By Telegraph to the Morning Star.

CHICAGO, Sept. 80 .- The talk of manipulating the market is still heard and the theory obtains new adherents every day. nished sufficient motive for a declining tendency on the part of oats, the close being with a loss of 1/4c from Saturday. Cash oats were 16 %c per bushel lower. Provisions-Between the weakness of grain and the firmness of hogs it was difficult for the product to decide. CUBAN INDEPENDENCE

ROUSING MEETING HELD IN THE CITY OF CHICAGO.

Many Prominent Men Present-Resolutions Express Sympathy With the Insurgents and Call Upon the United States to Recognize Them as Beligerents.

By Telegraph to the Morning Star. CHICAGO, Sept. 80.-Surrounded by patriotic mottoes, with the American lag as a background, the Declaration of Independence as a text book and the spirit of Liberty as an inspiration, 4,000 persons yelled themselves hoarse tonight in the cause of Cuban independence. There could scarcely have been more enthusiasm had the meeting been held in Cuba, itself. Central Music hall was not big enough to hold all the sympathizers and there was an overflow meeting in the auditorium of the Young Men's Christian Association building. At both meetings the same resolutions Were adopted and speeches were made by men prominent in civic affairs, all of whom uncompromisingly favored the freedom of the little island in the thraldom of Spain. The resolutions express sympathy for the revolutionists; calls upon the United States to recognize them as belligerents, and asks other countries to join in making this demand. They begin with the best known paragraph in the Declaration of Independenc and end with a determination to continue the work begun, at times by two assemblages. Some of the mottoes on the walls were:

"I know not what source others may ake, but as for me, give me liberty, or give me death."-Patrick Henry. When a long train of abuses and usurpations evinces a design to reduce the people under absolute despotism, i is their right, it is their duty, to throw off such government."-Declaration of

"The moral progress of a people can scarcely begin till they are independent." -Martineau. "There is, however, a limit at which

orbearance ceases to be a virtue."-Edmund Burke. "The history of the present struggle s a history of repeated injustice and usurpations, all having in direct object the establishment of an absolute tyranny over this people."-Declaration of Inde-

pendence. "Where liberty dwells, there is my country."-Milton. "The God who gave us life, gave us liberty at the same time."—Thomas

efferson Messages of sympathy were read from benator Cullom, Gov. Altgeld, of Illinois; Russell A. Alger, Mayor Pingree, Detroit; Senator Call, of Florida; Mayor Bostwick, of Kacksonville, Fla. Mayor Caldwell, of Cincinnati; Mayor Salmonson, of Tampa, Fla., and others Nearly every prominent club and organization in the city was represented on the list of vice presidents, which included also the best known busines and

A reference made by Dr. Gunsaulus to the inactivity of the adninistration met with cheers and uproarious applause, and the temper of the audience was evident before ten sentences had been completed. Dr. Gunsaulus was followed by Thomas B.

Judge Wm. J. Hins spoke next. "I am here to-night," he began, "neither as a Spaniard nor as a Cuban, but as an American, and to voice the sentiment of every American who wishes success Cuba in this struggle to be free. For ten years she has made this struggle without an expression of sympathy. EX-SENATOR MAHONE

Stricken With Paralysis-His Condition

By Telegraph to the Morning Star. WASHINGTON, September 80 .- Ex-Senator Mahone had a stroke of paralysis this morning. He has been stopping at Chamberlain's Hotel, and this morning his son, Butler Mahone, calling at his father's room, found the General still in bed and apparently very drowsy. Not suspecting anything wrong Butler left the room, and calling again later found his father still in the same condition. He became alarmed, and a physician was summoned. After examination the doctor pronounced it a case of paralysis. The right arm is useless and the tongue is paralyzed, so that speech

s impossible. Dr. Phillips S. Wales, one of the at-tending physicians on Gen. Mahone, late this afternoon, stated that the General's condition was critical, owing to the severity of the attack and his advanced age. The paralysis has spread to the right leg. Dr. Wales said that vomiting and effusion in the head, which have set in, were bad signs and it would not be surprising if Gen. Mahone died before morning. Still, there was a chance of an improvement in his condition. Mrs. Mahone: who is at her home n Virginia, has been telegrrphed for.

Viceroy Liu Degraded by Imperial Decree -The American Commission Will Continue Investigation of the Ontrages Upon Missionaries

By Telegraph to the Morning Star WASHINGTON, Sept. 80.—The State Department was advised this morning by Minister Denby, that Viceroy Liu had been degraded by an Imperial decree is:ued to-day. The abstract of the decree cabled by Mr. Denby shows that the responsibility for the Cheng-Tu riots in the Province of Sze Chuen, rests with the officials; that Viceroy Liu was exceedingly careless and took no notice of the riots and made no attempt to stop the outrages, he is ordered to be deprived of his office and never again to be employed.

The American commission will proceed, notwithstanding the action, to conduct its investigation of the riots. The Secretary of the Navy was advised that Lieut. Commander Jno. P. Merrell. of the Baltimore, had been substituted for Lieut. Commander Barber, as a member of the commission, the latter being ill. The other members of the commission are Consuls Sheridan P. Read and Fleming Cheshire. Liu, the Viceroy; appears to have

been an official whose constant aim was to stir up strife with the missionaries and seek the good will of the natives. whose deep rooted anti-foreign sentiments caused these periodical outbreaks in the province over which he ruled. He has been connected with previous outrages and was compelled to pay the French an indemnity amounting to \$600,000 from his private purse, for crimes committed against French Catholics last winter. He narrowly escaped being deposed at that time, and was only etained because he was popular with some of the leading officials at Pekin, and because his services were needed in matters pertaining to the revenues of the

It is said that the whole government if the province of Sze Chuen is impregnated with the anti-foreign feeling, so vigorously exemplified in the official acts of Liu. The degradation of this vicerov is but

one step in the direction of complying with the demands of the powers interested in compelling indemnity for the missionary outrages.
It is believed that Liu's successor will be Lu, a Viceroy of one of the northern

provinces, a man said to be honest and

just, and rather inclined to friendliness toward foreigners. Additional demands are understood to have been made by the British and American Ministers, and, if they are complied with, a long step in the direction of reform in the province of Sze Chuen will have been taken. These Ministers have, it is understood, made a demand that all examinations for promotion and appointment to office' shall This is intended as a blow to the officeholding class, from which emanates all the alleged information circulated among the natives for the purpose of inciting them to the commission of cut-

The dispatch received at the Foreign Office says that the Chinese Official Gazette has published an Imperial edict announcing that the Viceroy of Sze Chuen has been stripped of his rank for failing o protect the missionaries, and will never again be allowed to hold office, so that his case will serve as a warning for all future time to officials who may be disposed to do wrong. It also denounces the subordinate officials who failed to take proper action for the protection of the missionaries.

Yes, we want \$10,000, but we don't want to borrow t. We don't want to beg it and we don't want to steal it. We just wan: to make it in a couple of years We don't want to counterfeit Uncle Sam's money either, we just want to earn it lesi imately Our gilt. edge security is in selling the best quality of goods at reasonable margin of profit. If we don't make a easonable profit we've got to starve or steal. The one lands us in the penitentiary and the other carries us to our grave. We are not anxious to take up our abode at either place yet awhile.

We don't and we won't run a cheap John drug shop and sacrifice quality for price. Quality ranks first and price follows.
