The theme is one which, of course, permits of unlimited interest, and the way in which Mr. Wendling handled the subject attracted the undivided attention of his hearers from the time he began until he finished. At certain periods during the lecture, his thoughts were sublime and the perorations the grandest we have ever heard fall from an orator's lips. To say that those present heartily enjoyed the talk is not half sufficient; every one must have been elevated beyond his own realization as he listened to this gifted man's mental picture, exquisite delineation, interpretation and remarkable diagnosis of the character and perfection of the only really and fully perfect man ever on

RALBIGH, N. C., Oct. 2.

The tobacco crop in the western part of the State was damaged nearly 50 per cent, by the recent frosts. In this section nearly all the crop had been gathered, and the loss is comparatively nothing. Sales will pick up next week, beyond a doubt. Mr. Ed. Kestler, treasurer of Cabar-

rus county and editor of the Vestibule, has issued a call for every young reformer to meet here October 25 and organize a State Reform Club. The club s to be an adjunct to the Populist party.

Marshal Carroll has a letter from his

representative at Wilmington, asking or instructions in regard to the vessel Commodore. Mr. Carroll put the whole matter before the Attorney General upon his arrival here, and has been expecting to hear from him ever since. Failing to get instructions from Washington Mr. Carroll wrote to District Attorney Aycock to-day asking for his advice. Mr. Carroll says he is expecting something to turn up in the matter every hour. He thinks the Commodore

will be released. The latest acquisition to the ranks of Populism is Lander M. Secrest, of Union county. In his gentle farewell, Mr. Secrest asks the question, can reform be expected through the Democratic party. He makes reply himself in the following rhetorical style which is calculated to take one's breath: "No, not till icebergs are strung along on the equator like corks on a gill net, and the blue birds will build their nests on the North Pole at Christmas time and the Arctic seas will turn to ice cream and the tro-

which is valued at \$30,000, was divided among nearest kin. There were only thirty-two deaths in the city last month. Two of this number were from fever. Before Judge Coble in Chambers there was argued the other day a suit brought

ov the Commercial & Farmers Bank and T. R. Purnell on a writ of mandamus to compel the State Treasurer to pay cerain warrants issued by the Auditor to old Hoola Boom Campbell and Mr. Purnell, the attorney. on the part played by drummers in ou commercial life, says:

are now counted by the hundred thousand and are found everywhere in the vanguard of progress. They are famous everywhere for their ingenuity and their liveliness. They are men of ideas and enterprise and one seldom finds such company as the drummers. It is stated that the travelling expenses of the drummers of this country amount to more than \$300,000,000 a year; while their total salaries and commissions aggrestore to formulate plans and select the gate \$450,000,000. The drummers cost at least \$750,000,000. This is an immense sum, but is small in comparison with the millions the drummers mak Jno. M. Wright, T. F. Bagley, P. Hiens- for others. TO THE CITIZENS OF WILMINGTON. Appeal By the Pastor of the Fif h Stree

Methodist Church. Concerning the fact of, and the means by which the Fifth Street Methodist Church was brought into its present calamitous condition of the past few years, I need say nothing. These are well known to every one of you. Since the beginning of this year the indebtedness of the church has been reduced not less than \$2,000. With the exception of the members of the church very few persons in Wilmington have been called upon to give, or have given, us aid in the work of this year. Within the next few weeks, to meet the demands that are pressing upon us, we must secure, in andition to amounts already pledged, several hundred dollars. To do this, in the name of and for the church, I appeal earnestly to the citizens of Wilmington, irrespective of their de-

liefs, to aid us. We appeal to the citizens of Wilmington because, (1) every good building, church or otherwise, adds something to the general reputation and enhances somewhat the material interests of the community; because, (2) every church working towards the accomplishment of its purpose adds something to the sum total of the influences that make for the moral and religious improvement of the community; and (3) to contribute toward our relief will encourage a burdened and distressed people who love their church and who earnestly desire to see it brought from beneath the pall of gloom that has overshadowed it so that they may with more of heart go forward in the directly religious work committed

In person, I shall visit the various places of business to solicit and receive contributions, and knowing that business men do not like that their time or that of their employes shall be needlessly consumed, I make this appeal through the papers, so that I may not take more of your time than simply to introduce myself and to let you know the object of my coming. If there are those whom I may likely not see, who are disposed to aid us in our struggle and will so notify me, or forward their contribution to me shall be grateful to them,

I hope that this appeal will receive favorable consideration on your part, and I assure you in advance that any contribution, large or small, which you may make will be appreciated by the congregation and pastor of Fifth Street Very respectfully, W. L. CUNNINGGIM. Wilmington, N. C., Oct. 2, 1895.
