DISTRESSING ACCIDENT.

Mr. Henry W. Werzal's Fatal Fall from a Scaffold in Mersry. Katz & Polvogt's Dry Goods Brere.

A very sad accident occurred yesterday at the dry goods establishment of Messrs. Katz & Polvogt, on Front street, which resulted in the death of Mr. Henry W. Wenzel, a painter, who was at work in the store painting the skylights on the inside. A STAR reporter, who was standing near the corner of Front and Princess streets, saw a crowd of ladies run out of Messrs. Katz & Polvogt's store with their hands up to their faces as if to avoid seeing a frightful accident or sight. He, with a large crowd who saw the strange occurrence, hastened to the place and found the lady clerks were being sent home and the doors locked behind them. 'Upon inquiry it was learned that Mr. Wenzel, who had been employed by Mr. Thos. A. Leslie to paint the skylight, assisting City cleared yesterday for Liverpool, a fellow-workman, Mr. Archie Marine, had fallen with the scaffold, on which he was sitting, a distance of fifty teet, to the ground floor and was killed instantly. He struck a counter and the cashier's chair, which is in the center of the building, breaking his neck, both legs and his right arm. Miss Mamie Runge, the cashier, jumped from her chair just in time to save her life. The scaffold that Wenzel was sitting on must have

> worked loose, as it fell with him. Doctors Bullock, Storm and Russell were summoned, but were of no avail, as life was extinct when they arrived. The employes moved the body to the back part of the store and after the crowd dispersed, it was placed on a litter and carried to Messrs. Yopp's undertaker shop, where it was dressed and placed in a coffin and in the afternoon sent to his late residence on South Eighth street, between Church and Castle.

The sad news of Mr. Wenzel's death was communicated to his wife, who when it was conveyed to her was ago. The couple were in poor circumstances, and knowing this some kindly disposed citizens started out with a subscription list to raise money for the burial expenses, which was responded to by merchants.

Telegrams were sent to the unfortunate man's mother in Germany and relatives in New Orleans. He was a German by birth, and had been a resident of this city four years, having worked the Armour Packing Company and Palmetto Brewing Company as driver of wagons, but for the past year had been painting. He leaves a wife but no children, and was thought well of by those who he associated with. He was thirty-six years of age. The funeral will take place to-day from the residence on Eighth street,

No blame can be attached to Messrs Katz & Polvogt for the accident, as they had repeatedly questioned the safety of the scaffolding and warned the men to make it more substantial, all of which was unheeded.

RALEIGH, N. C., Nov. 1. The health report of the city for the past month will appear to-day. It shows that the healthfulness of the city is betfer than it has been for months. Only three bales of cotton were on the market yesterday. There were very few bales to-day.

Early Hughes, a son of one of the most prominent citizens of Raleigh, was fined \$20 and costs by Mayor Russ this morning for participating in the disgraceful disorder at the Church of the Good Shepherd on the night of the Woollcott-Young wedding.

Several gentlemen went to Reidsville to-day to attend the races. Quite a number of applicants will stand the Civil Service examination in this city on the ninth for positions in the Revenue Department.

The ground is in good condition for Major Winder's condition is better. Maj. Guthrie, talking with a reporter, said that he earned all his honors after the war was over. "The title of 'Major was given me here by the Democrats some years ago," remarked the gentleman. It is a peculiar fact that a nickname, when once given a man, almost always sticks to him. Republicans and Populists only know their prospective Governor as Maj. Guthrie, though the rank was given him by their political opponents in derision.

Mr. Guthrie was asked whether Judge Shenck had gone over to the Populists, he having been seen in questionable company. The Major replied that he did not know, but he said that the gates would stand wide open for all penitents until May 1st, and then they would be closed. "They can't jump over after that time," remarked the gentleman,

with a Gubernatorial smile. Speaking of silver-everybody does ithe said the white metal had a firm advocate in Judge Shenck. He said he could not state where the judge was politically, but he had make the statement that he would never support a gold-bug. Speaking of the late silver conention, Mgj. Guthrie said that at the meeting of the committees in the Mayor's office the night before the convention, ex-Senator Jones made the most pronounced silver speech of all those who spoke.
