According to the Mayor of Davenort, Iowa, prohibition has cost that State since it began in 1882 \$33,-000,000 and hasn't prohibited either. He says the wealth of Iowa has in ten years increased only 2 per cent., while other Western States have increased from 10 to 40. The low showing of his State he attributes to prohibitive legislation.

ATLANTIC COAST LINE. Five Dollars to Atlanta and Return. The Atlantic Coast Line is making special arrangements for the movement of the Naval Reserves and their friends to Atlanta and return. They expect to run an extra train from Wilmington about 11 o'clock p. m. the night of the 17th, arriving at Atlanta 12 noon the 18th. This train will carry through coaches and sleeping cars, thus enabling passengers to make the journey without change of cars and on a very quick schedule. Returning, this train will leave Atlanta Thursday morning and arrive at Wilmington about 10 p.m. Thurstions for the passengers. This is a very attractive schedule for parties desiring to visit the Exposition and when it is understood that the arrangement is in the hands of the Atlantic Coast Line, it is a guarantee

that everything will be A1. The rate for parties desiring to use this train will be five dollars per capita, said tickets being good to return on the special train referred to or on any regular train within ten days from date of sale. As the Exposition grounds are open until eleven o'clock each night and the illuminations, fire works and electrical fountain are special features of the Exposition, parties who are forced to leave Atlanta on the evening trains lose practically one day of the Exposition. This arrangement makes the A. C. L. the quickest

Great for Fayetteville.

The gratifying announcements made in a recent issue of the STAR that a new cotton factory was to be erected at Fayetteville is fully confirmed. Mr. L. W. Holt is the leading spirit in the movement. He has contracted for the brick, paid for the land-about seventy acres, on Massey's Hill-and gone vigorously to work. The plant will be for plaid mill, will cost, approximately, \$300,000, and will give employment, it is said, to over 700 operatives.

Think of the value of such an enterprise to the town of Fayetteville, and say why there should not be two or three similar enterprises in Wilmington. Remember, the Fayetteville mill is to be operated by steam, not water, power.

U. S. DISTRICT COURT.

The Record of Cases Tried Yesterday-Con. viction and Sentence of John Britt and Joseph Stone.

The Court met yesterday morning at 9.80 o'clock and resumed the trial of Jno. Britt and Joseph Stone, of Robeson county, charged with forcibly taking from the possession of Deputy Collector Gibson two barrels and two kegs containing illicit whiskey that had been seized by the deputy collector. It was shown on the trial that in March, 1894, a wagon loaded with contraband whiskey was captured in the vicinity of Maxton. The whiskey was taken to Lumberton and locked up for safe keeping in the guard house of that town. About two weeks after the seizure the guard house was broken open at night and the whiskey spirited away. John Britt, Joseph Stone and Jim Robinson were charged with the crime and were arrested. Britt gave bond and soon after left the State and is now said to be in Florida. Robinson became a witness

against the other defendants. The case was given to the jury about one o'clock a. m., and in twenty minutes they returned a verdict finding both defendants guilty as charged in the bill of indictment. The Court gave a sealed sentence as to defendant Britt and sentenced defendant Stone to pay a fine of \$300 and be imprisoned twelve months in the jail of Robeson county.

Col. N. A. McLean, of Lumberton, appeared as counsel for Stone, and District Attorney Aycock for the Government was assisted by Mr. E. K. Proctor, of Lumberton.

In the afternoon the court disposed of the following cases; Henry Covington, charged with retailing liquor without license. Verdict

W. J. Barfield, illicit distilling. Verdict, guilty. Anna De Berry, retailing liquor without license. Not guilty. Josiah Bryant, retailing without li

cense. Continued. E. J. Jones, retailing without license. Not guilty. Eliza Lowrey, retailing without li

cense. Not guilty. Lewis Brock, retailing without license.

When a case against Lawrence Scott was taken up for trial, three of the witnesses-Elisha Cumming, Steve Strickland and Zeb Strickland-failed to answer when their names were called. The Court ordered a capias issued and they were arrested by the U. S. Marshal and put in jail until farther orders. Alfred Thompson, charged with re-

tailing without license, was found not guilty.

Address at the Y. M. C. A. The N. C. Presbyterian this week published the portrait and a two-column sketch of Rev. Dr. Eugene Daniel, pastor of the First Presbyterian Church of Raleigh. It says "the year or two in which he has been in our Synod has not given opportunity for him to become universally known, but the Synod already attests its appreciation of his merits by calling him to the Moderatorship. Albemarle Presbytery regards him as one of her wisest and most influential

Presbyterians." Dr. Daniel was born in Alabama, and came to Raleigh in 1892. He is very popular as a speaker in the capital city and has built up his church until they have been compelled to erect a larger

Dr. Daniel will visit Wilmington next Sunday on the invitation of the Young Men's Christian Association and deliver a special address to men at the Y. M. C. A. building in the afternoon. There will doubtless be a large audience of men to greet him.

Griffin-Gordon. Mr. Chas, E. Gordon, a dry goods merchant in business at the corner of Front and Market streets for the past few years, and who has hosts of friends in Wilmington, was united in marriage yesterday to Miss Nora Griffin, the second daughter of Mr. Michael Griffin, of this city. The wedding took place at 9 o'clock at the bride's father's residence, 408 Walnut street, before a few invited friends, Rev. Father Dennen, of St. Thomas' Church, officiating. A reception was held after the ceremony. The newly wedded couple will reside with Mr. Griffin.

A Warning. The Mayor yesterday notified the Chief of Police to have his officers arrest any one sending in an alarm of fire where one had already been sent, as one alarm is all that is necessary, unless ordered by the Chief of the Fire Department or officer in charge. The fire alarm is often run down hy unauthorized persons sending in one alarm after another, causing unnecessary excitement and trouble. There is a severe penalty for sending in unnecessary alarms, and its enforcement will probably stop the

nuisance. The Weather,

Observer Graham, in his synopsis yesterday, says: "The cold wave that appeared in the Northwest yesterday has been broken up somewhat, but another is moving down from the extreme be able to accept, but only a few of Calvin Bell, charged with carrying a Northwest, the temperature in North Dakota this morning being considerably below zero. There is no very good chance of its clearing in this vicinity, permanently, during the remainder of this week."

COTTON CROP 1894 1995. Estimates from Reports to Latham, Alex-

ander & Co. Having received many letters of inquiry, concerning the probable total cotton crop of the United States for this year, we sent out on the 26th of October 3,500 letters to selected and reliable correspondents-banks, bankers, cotton commission merchants, brokers, proprietors of public gins, railroad officials and planters, covering every cotton growing county in the South, seeking information, believing that the average of thereplies would likely prove more correct than the estimate of any individual, re

mote from the cotton fields, In response to our letters we have re ceived 2,632 replies up to this date which we tabulate as follows: Estimated total crop as compared with crop of 9 901,000 last year.

The average of letters from States named below gives estimate in bales from each of the percentage of decrease, as follows:

295 letters makes 244 " " Weight of bales this season is estimat-

ed to be 10 to 12 pounds lighter than last In addition to the injury the crop had previously suffered, the excessive heat during the latter part of August and month of September caused the plant to mature prematurely, to shed its fruit,

dry up and lose the top crop. By reason of the long continued dry weather picking is farther advanced than ever before known—in some sections already entirely over-and the crop has been marketed with unusua rapidity.

Few correspondents report any disposition on the part of planters to hold back their cotton. In our letter from which the foregoing crop estimate by counties was requested, as a matter of some interest, we also asked an estimate or guess as to the total crop of the United States,

and submit the following: Estimates of total crop of United States now Prevailing in the Southern States. The average of letters from the States named below give estimates from each

of the total crop in bales as follows: 273 from Alabama makes total Georgia
Louisiana
Mississippi
North Carolina
South Carolina
Tennessee, &c.,
Texas, &c., 6,510,000 6,750,090 6,690,000 6,790,000 5,820,000 6,680,000 makes total crop

We respectfully submit the foregoing estimates, which have been faithfully compiled from the letters received, and return our sincere thanks to the many correspondents who so promptly and satisfactorily responded to our request for information.

THE PEANUT CROP.

The Crop Short Both in Quantity and Quality. The Jacksonville (Fla.) Citizen says:

"Peanuts will be a very short crop this year, according to the reports from all over the South collected by a central handling house in Cincinnati. The great heat and long drought during the late Summer and early Fall seriously impaired both the quantity and quality of the crop. The Virginia crop will most likely be but half the size of last year's, and in quality will be much below the average. The Tennessee crop will be short, but the quality of the nuts is better than in Virginia. But in the face of this depressing news concerning great American staple, it is reassuring o know that successful experiments in raising peanuts have been made in many parts of the country hitherto considered inhospitable. Washington and Oregon farmers have raised good crops this year, and a Biddeford, Me., farmer tells this week of having just harvested a

good though small crop.' The Boys Can's Come. Charlotte Observer: "The Wilmington folks always were just the eleverest going-whole-souled, whole-hearted people. Yesterday the Wilmington foot ball team sent an invitation through Mr. Chase Adams to the Charlotte foot ball team to 'come play with us' on Thanksgiving day, offering to pay all expenses, railroad fare, hotel bill, etc. and sorry the Charlotte boys are not to them could get off, so 'regrets' are sent through the Observer.

The Murderer at Large-Hymeneal Events -The Governors' Shoemaker-New Hanover's Tax Valuation-Colored People's Ratification Meeting-The Alliance-Reduced Bates to Atlants-Travel on the S. A. L.-An Editor's Joke. [Star Correspondence.]

Sheriff Smith came in from Richmond county this morning and was a caller at the Executive office. He has requested the Governor to offer a reward for the capture of D. W. Justice, white, for the murder of Madison Quake, colored. Justice, it seems, shot Quake down in cold blood Saturday night. There is great indignation in the county at Justice's action.

RALEIGH, November 7.

Invitations are out for the marriage of W. A. Blair, President of the Peoples' Bank of Winston, to Miss Mary Eleanor Fries, daughter of Mr. and Mrs J. W. Fries, on the 20th inst.

Mr. Henry J. Mooney, who is known as the "Governors' shoemaker," is in the city. Mr. Mooney lives at Brockton, Mass., which place he left on the 80th of last July to visit the capital of every State in the Union to make a pair of shoes for every Governor in the United States. He has visited so far eleven States. He has covered the feet of all the Governors of those States and is here to cover Gov. Carr's. He next goes to the capital of South Carolina. There has been an increase in the tax valuation of New Hanover county of \$422,234. This is one of the few counties that has made an advancement in valuation, The reduction in Wake is over

\$500,000. Mr. J. R. B. Carraway, teller of the National Bank of Newbern, and Miss Kouise Elgee, of this city, were united in marriage last night at Christ church. The bridal couple are taking a trip in Northern cities.

The colored people turned out largely last night to the ratification meeting of the State conference held here several months ago. There were several addresses. Thoroughbred and registered horses

are going at a mere song at Capt. Williamson's horse sale. The Executive Committee of the Alliance was in session all day yesterday. Adjournment was taken without action. The Seaboard announces that the remarkably low rate of \$5 for the round trip to Atlanta will be in effect on the 13th. This is the lowest rate yet and it will no doubt induce many persons to take advantage of it.

time for the best

Notice, New Drug Store. TN CONNECTION WITH MY DOWN TOWN Drug Store, I have opened a branch store, corner o Fourth and Rladen streets, which will be known as

BUNTING'S BROOKLYN PHARMACY.

Residents (both white and colored) of Brooklyn will find it greatly to their advantage to patronize our Brooklyn Pharmacy, as everything will be first-class throughout and Moderate Prices will prevail. The Brooklyn Pharmacy will be conducted on a Strictly Cash basis. My undivided personal attention will be given to my down town store.

PRESCRIPTION BOOKS. The Prescription Books of Geo. L. Harmon are now in my possession, and those wishing any of such crescriptions duplicated can have them filled at either Bunting's Pharmacy, Y. M. C. A. Building, or BUNTING'S BROOKLYN PHARMACY.
