The filibustering steamer Commodore, which has been in custody of U. S. officials at Charleston, S. C., has been released under boad and will go to Pailadelphia. - The slaughter of noncombatants by Spanish troops in Cuba still continues; the Bayamo guerillas have deserted and joined the insurgents; many unimportant skirmishes are reported as having taken place. - The cruiser Raleigh is on her way to Charleston and New Orleans for the purpose of taking the South Carolina and Louisiana naval militia out to sea for instructions. - John Hay, of San Francisco. Cal., was shot and fatally wounded by Mrs. R. H. McDougall, who immediately afterwards committed suicide by shooting herself through the breast. ---Considerable difficulty is experienced in securing quarters for the colored delegates to the National Republican Convention at St. Louis. - A letter received from Miss Clara Barton, President of the American National Red Cross Society, now in Armenia, shows a very encouraging state of affairs in that country; Miss Barion reports that much good has been accomplished, but there are many months of hard work yet before the members of the society before they can begin to think of returning to their homes. - In a battle between the Egyptians and Dervishes, 800 of the latter were killed and 450 taken prisoners. - Eleven persons were killed and forty wounded at Barcelona, Spain, by the explosion of a bomb thrown into the street while a religious procession was passing. - The Texas Democratie primaries went almost solidly for the free coinage of silver. - Baltimore (Maryland) county Democrats en-

Senator Aldrich says there will be a straddle at St. Louis, because the Republican politicians are afraid of the word "gold." Mighty right he is. They would like to say it, but they are afraid.

Tom Reed's friends wish it to be distinctly understood that he will not ride behind McKinley. He is built too full in front to cut a good figure riding straddle behind, and on a straddie platform too.

REPUBLICANS WILLING TO CONCEDE ALMOST EVERYTHING

To Secure Populist Support, But Will Hardly Consent to Yield the Governorship-Bilver Swept the Raleigh Primaries. [Special Star Correspondence.]

RALEIGH, N. C., June 7. The news comes that strenuous efforts are being made by Judge Russell and his friends to enlist the sympathy of the Populists. Russell realizes that he will be unable to cut much ice in the coming campaign with a divided party back of him, and it is said that he is willing to swallow all the platforms framed since the declaration of independence in order to secure Populist support. Now, it is stated that there is a very strong sentiment among Republicans to take down their electoral ticket and yield to the Populists. This idea Williston, O., is in the city, a guest at has been earnestly advocated by Logue Harris for some time. It has obtained to a certain degree with numbers of Populists. In fact, it is said that the Republicans are ready to make any reasonable concession in order to secure Populist support. The Republicans will hardly consent to yield the Governorship to the Populists. It is well known that Judge Russell has counted upon fusion all the while and his leaders here have stated that the Republican candidate could not win in a

three-cornered fight. Whether the Republicans are willing to hold back their electoral ticket remains with Senator Pritchard to say. Silver swept the city primaries Saturday night. The most extreme silverism controlled the primaries. Well known Democrats, acknowledged to be friends of silver, were turned out for being absent. Two tickets were broken in this

Resolutions Adopted by Democrats of Pollockaville-Delegates Appointed to County Convention. POLLOCKSVILLE, N. C., June 5.

An enthusiastic meeting of the Democrats of Pollocksville township, held to-day, was called to order by Mr. Samuel Hudson in a well-timed and patriotic speech. Mr. H. A. White was called to the chair. On motion, the following committee on resolutions was appointed: John Pearce, J. J Hines, J. A. Chase, M. M. Harriett, R. W. Haywood and J. B. Banks. The following resolution was adopted:

Resolved. Hudson, Dr. E. Ward, A J. Banks, Geo. K. Harriett, G. W. White. E L. Haughton. On motion. H. A. White, W. D. Burns and J. Pearse, were added to the

The Fifth Ward Hook and Ladder Company have lost their horse, "Bob."

It died Sunday from lock-jaw caused by a nail in one of its feet. Two other horses belonging to the Fire Department are lame from the same cause, but likely to recover. Besides these a number of horses at livery and private stables have been lamed by nails in their feet. It is said that in the rubbish with which some of the streets have been repaired recently there was a quantity of iron scraps and other debris from blacksmith shops and that this is probably the cause of the trouble.

The electric lights in buildings on North Front and Princess streets went out last night about half-past ten o'clock. The Postal telegraph office and the Telephone Exchange were in utter darkness for some time-until oil lamps could be procured and lighted. The clerical force in the Bank of Wilmington after waiting vainly for "more light," shut up shop and went honie. At the electric light works the cause of the trouble could not be explained; a workman was sent out to search for the cause

In commenting upon its replies, the Times will say: "The replies from the correspondents of the Times show but ttle of a spirit of compromise among the silver men of the west and south. They apparently care more for Populist support than for the support of eastern gold Democrats. The general sentiment among them is favorable to some man who has shown by his past record that he is for free silver. Therefore, Campbell, Stevenson, Matthews and Morrison have very little following, and sentiment

is centering upon the extremists. 'Governor Boies of Iowa seems to be the favorite silver candidate. People often speak disparagingly of the usual dry goods advertisement; they think it is all humbug and fake. The idea is wrong. All advertising and all dry goods stores are not alike. Most of you know that the end of the season is not far away. It means more to us than to you. We have taken a sort of preliminary census of the Store's stocks; here and there we find a few dozen of our pieces of goods that are the tag ends of large lots gone before. We would rather see these goods out of the way at a small oss than stowed away. If you know a bargain when you see it the lots won't go around.
