OUTLINES.
Two ladies were murdered at Bayou
Goula, La., by two negroes, who were
detained in an attempt to rob their
gold. — The steamship Bermuda is
said to be preparing for another fruit-
ful expedition on a large scale. —
Another claimant for one of the mil-
lions left by the late Senator James G.
Fair has appeared in the person of Mrs.
Margaret Craven, of San Francisco.

Two sections of a freight train col-
lided near Pittsburg, Pa., on the Pen-
nsylvania Railroad, both engines and
several cars were thrown from the track.
— At Lexington, S. C., one young
man shoots and fatally wounds another
for talking to his sister after being for-
bidden to do so. — The Cuban in-
surgents were victorious in a big fight
near Cabanas, in Pinar del Rio province;
the Spanish loss was heavy; in comment-
ing upon the display of the Cuban flag
at the Republican National Convention,
Madrid papers assert that the Cuban
question is not in Cuba but in the
United States and urge the Government
to prepare at once for all contingencies.

— A scheme has been put on foot to
test the popular feeling in France to-
wards the restoration of the Monarchy;
the Queen of England to day enters
upon the sixtieth year of her reign; ad-
vice from Cape Town are to the effect
that the whole of Mashonaland is in in-
surrection; a log and desultory warfare
is certain. — N. Y. markets: Money on

Boss Platt has some advantage of
Mr. Morton. Platt had all the fun
and Morton footed the bill.

Some time ago it was a fight for
"sound," "honest," "good" money.
Now it is a fight for gold. That's
about the size of it, and this simpli-
fies the phraseology.

Hon. Mr. Foster, of Ohio, says
Hon. Mr. Hanna, of Ohio, doesn't
take kindly to being called a Boss.
But he gets in his work and manipu-
lates the boys, all the same.

As Hanna got the candidate and
Platt the platform at St. Louis hon-
ors are easy and they can both
"smile," and there is nothing to pre-
vent them from taking a joint
"smile."

A Chicago jury hasn't been able to
decide whether it is the right thing
to do for a father to give his child an
airing on a bicycle or turn it over to
the nurse and baby carriage and take
the chances of being run over by the
street cars or a beer wagon.

One of our gold contemporaries
sympathizes with Senator Teller as
one "in a truly pitiable position." —
Not much. Senator Teller now feels
like one relieved of a great burden.
Since he has thrown it off, he proba-
bly feels that life is worth living.

A couple days ago the New York
Advertiser arose to remark that "the
Hon. Thomas B. Reed does not give
up the fight." He does not. Thomas
is like the average orthodox Repub-
lican. He gives up nothing, but gets
all he can and holds on to it.

The London papers are applauding
the gold standard platform adopted
at St. Louis, or rather the gold
plank. Some time ago when the
Britishers were commending the
Democratic tariff the McKinley tariff
organs pointed to this as proof con-
clusive that the Englishmen thought
they had the better of us. Are they
not rejoicing over the gold plank for
the same reason, and if not, why not?

The gold by play at St. Louis
does not stop the gold exports. The
reserve is now down to about \$103,-
000,000. According to the pro-
gramme drafted at St. Louis we
must continue this business indefi-
nitely of shelling out gold, and
filling up by borrowing more when
the pile gets low.

The general sentiment of the news-
paper correspondents at St. Louis
was that the programme was too
much of a cut and dried affair to
stimulate much enthusiasm, and
even the little that was manifested
in the closing proceedings had a kind
of a put-up ring in it.

— No, it will not be Teller. Sen-
ator Teller is an able man and an honest

OPERA HOUSE.

Week's Engagement of Miss Annie
Abbott to Begin To-morrow Night.

Miss Annie Abbott, the woman of
mystery, commences a week's engage-
ment at the Opera House to-morrow
night. In speaking of this little lady's
performance, the Charlotte Observer of
June 9th, says:

Annie Abbott, the little "Woman of
Mystery," from Georgia, charmed, elec-
trified, mystified a dozen or more
Charlotte men, making them weak or
strong, according to her will. Charlotte
people are mostly familiar with the his-
tory of this little woman. For years
she has been giving exhibitions of her
power or skill, whichever it may be,
before our only dignitaries of this
country but before the crowned heads of
Europe.

Dr. Faison and Messrs. Dixon, Orr,
Davis and Harris, in another text, were
unable to lift her from the floor. Her
hands did not come in contact
with her skin it was easy enough to
lift her, but the minute her hands touched
her flesh she was as immovable as the
rock Gibraltar.

The efforts of the men and their weak-
ness in her hands furnished material for
peals of laughter. The audience was
convulsed all the time that it was not
wondering how she did it.

JULIAN S. CARR.

ALMOST ASSURED HE WILL RECEIVE
THE NOMINATION FOR GOVERNOR.

On the First Ballot at the Democratic State
Convention—Talk of Two Conventions—
Democrats Advancing Nomination of
Senator Teller at Chicago—Other Ra-
leigh News.

[Star Correspondence.]
RALEIGH, N. C., June 20.

There are a large number of people—
Democrats—advocating the nomination
of Senator Teller at Chicago. There are
equally as many Democrats who say
that they will support McKinley if the
Democrats go out of the party to secure
a man for the nomination. There is no
doubt but that Teller has gained in
strength in this State since his action
Wednesday in leaving the Republican
party.

State Treasurer Worth has changed
tactics during the past week and is won-
derfully talkative for a man who has so
long rested on silence. Mr. Worth said
to-day that if Teller was nominated by
the Democrats at Chicago the party
would do the wisest thing has ever
done by supporting McKinley. Republi-
cans, Democrats, Union Suffragists
and all would support Teller, and fur-
thermore that he would be elected.

Mr. Worth says with Teller the
candidate of all the silver forces he sees
no reason why the silver forces in this
State should not get together.

The first water grown water-
melon was brought here to-day.
A negro named Latta, who has a uni-
versity and an orphanage located in one
of Raleigh's suburbs recently organ-
ized a youth's band and they are now
at Norfolk giving exhibitions. The boys
write here that they are not fed and are
made to beg their bread. Relatives of
the children have reported the matter to
Mayor Russ.

The Directors of the Deaf, Dumb
and Blind Institution decided yesterday
that Prof. Place, the newly elected prin-
cipal of the school should assume his
duties immediately, and accordingly he
took charge this morning. Relatives of
the children have reported the matter to
Mayor Russ.

It is given out by Western Republi-
cans that some of the North Carolina
Republicans of this State will affiliate
with the silver party when it is
organized. They claim that the North
Carolinians did not want to make an
open bolt in this convention.

It is said that the Southern will put on
a specially low rate to Morehead next
week. This cheap rate to Morehead will
also charge this week.
