Dec ded Yesterday to Remain in the Corvention for the Present at Last.

By Telegraph to the Morning Star. CHICAGO, July 8-The New York delegation held a conference this morning to consider the situation in the light of yesterday's developments and agree on a plan of action. The decision reached was to remain in the convention for the present and abide by the will of the majority, so fir as to-day's proceedings were concerned at least. Tammany will support the nominee. There was almost a full attendance. What the delegation will do to-morrow or the next day, if the convention lasts that long, is another question. The candidate ques-

tion was not considered. In view of the fact that the platform had not yet been adopted, and in the absence of Senator Hill, definite action as to remaining in the convention when candidates were being voted for was deferred until this evening. It is said to be the sense of those present. however, that New York should leave the hall and take no further part in the convention after the free silver platform is

Ex-Secretary Whitney addressed the meeting and said that while he did not ask the gentlemen present to adopt his ideas, he believed the best course to pursue was to act as delegates until the platform was adopted. He advised against any theatrical exhibition and said it would be best for the interests of the gold men to remain in their seats in the convention hall, but take no part in the proceedings. The question, he said had been carefully considered by promi nent gold members of the party and they all agreed that this was the best course to adopt. He had talked with Senator Hill on this question, he said. and the Senator had expressed himself in favor of it.

AT CHICAGO. Permanent Organization Perfected After Long Discussion of the Report of the Commtitee on Oredentials-Senator White, of California, Elected Permanent Chairman-Recess Taken Until This Morning-The

Resolutions. By Telegraph to the Morning Star. CHICAGO. July 8:-At 10.45 a. m. none of the New York delegates had made their appearance and it was understood that the reas on for this delay on their part was that they were then in caucus on the momentous question whether or not they should attend any more ses-

sions of the convention. At a few minutes before 11 o'clock the temporary chairman called the convention to order and announced that its proceedings would be opened with prayer by the Rev. Thomas Edward Green, rector of Grace Church (Episcopal), Grand Rapids, I wa. At this time the seats of the New York delegates were

still unoccupied The prayer called for a special "blessing on this convention, gathered from all over our fair land," and asked that the minds of the delegates should be "dominated for good, for humanity and for God," and what they did might "tell in the years to come for the advarcement and lifting up of our human kin."

The temporary chairman announced that the first business in order was the report of committees, as no business could be done, except by unanimous consent, until the committees reported. CREDENTIALS COMMITTEE CALLED.

The motion was adopted, but a stray band in the gallery beyond the reach of the chairman's bell, not hearing the signals, kept playing "Dixie" for nearly ten minutes before it could be stopped and the Governor given a

Mr. Henry, of Mississippi, moved that the Hon. Mr. Bryan, of Nebraska, be invited to the stand. This was received with every demonstration of approval, but the chair announced that Mr. Bryan was not in the hall.

Gov. Altgeld, of Illinois, was then called for, and rising in the body of the hall, indicated a desire to give way to Senator Hill. The chair stated that Governor Hill was engaged with the committee on Resolutions and was not

Gov. David Overmeyer, of Kansas, took the stand and declared that yesterday the seat of empire was transferred from the Atlantic States to the Mississippi valley. The band once more filled up the in terlude to kill time. Gov. Altgeld was again called into requisition as a stop gap.

A PARTIAL REPORT. At 1 p. m. the chair announced a partial report of the Committee on Credentials, recommending that each of the Territories and the District of Columbia be granted six votes. Second, after careful comparison of the credentials as returned by the National Committee, they found all of them correct except those from the States of Nebraska and Michigan. In regard to Nebraska, they were pleased to report that the delgates headed by Hon. W. J. Bryan should be admitted to seats. In regard to Michi-

gan, they asked further time. The motion to adopt the report was carried by a viva voce vote, a demand for a roll call which was at first made by Governor Russell being withdrawn on the statement of the chairman of the Credentials Committee that the report

was unanimous. At 1.10 the gold delegation from Nebraska retired to a march tune by the band and their silver successors took their place. The Bryan men, as they marched in, headed by silver-tipped spears and a banner bearing Mr. Bryan's name in silver letters, was applauded. Renewed calls for Tillman were met with the reply that he was in attendance

at the meeting of the Committee on Credentials. The convention took a recess until 5 p. m. and reassembled at 5.15, with a full attendance of delegates and with danced a break-down in the aisle at the crowded galleries. Senator Daniel of rear of the delegates' section, several Virgicia was in the chair as temporary

CREDENTIALS COMMITTEE'S COMPLETE REPORT

At 5.50 p. m. the Committee on Credentials presented its complete report, admitting to seats the contesting delegates from the Fourth and Ninth Congressional districts of Michigan and recognizing the right to their seats of all the other delegates from Michigan. The effect is to transform the delegation to a silver delegation by fifteen to thirteen, and as the unit rule prevails it gives Michigan a solid silver vote of twentyeight in the convention and creates a

two-thirds silver majority there. A MINORITY REPORT was presented in lavor of allowing the delegation to remain as it was on the New York, - was at once begun.

Mr. Brennan, of Wisconsin, advocated the adoption of the minority report, and said he feared the effect of the adoption of the majority report upon the country. He entered into details of the facts involved in the contest, and said the report in this case, if adopted, would establish the fact that a majority in the first flush of success might go into a sovereign State and upset the action of a legal convention. He charged that the contest originated only three or four weeks ago, when certain facts became apparent as to the majority in this convention. He had since become acquainted with that majority, and he appealed with confidence to their sense i justice and fairness.

Gov. McLaurin, of Mississippi, a mem-ber of the Committee on Credentials. gave a history of the election of delegates in Michigan, asserting that there was a clear majority of Democratic voters in that State in favor of silver; so that there was no issue here to throttle the will, or to stiffe the purpose of that majority of Democrats. He spoke of the orders issued from Washington to Federal office-holders in Michigan to carry that State at all bazards for gold. and he said that it was a question for the convention to decide whether the men who represented the majority of the Democracy of that Sale were to be

driven out by the convention. The audience manifested impatience at the length of Mr. McLaurin's explanation and broke into constant cries for a speech from Hill, but notice was given that if these interruptions were persisted in, the galleries would be cleared. The notice was of little avail, for hardly had Gov. McLaurin taken up the thread of his story, when the shouts for Hill

broke out airesh. * Then the sergeant-at-arms made the solemn proclamation, 'Gentlemen: the chair has requested the sergeant-at-arms to instruct the assistant sergeant-atarms and the police department to remove from the galleries any one who disturbs the meeting, and he will carry out the order." [Ironical applause and

Gov. McLaurin referring to the war of 1813, a delegate raised the point of order that events of such ancient history were not germane to this discussion, to which Gov. McLaurin replied, "Put fire on a terrapin's back if you want to see it move," and brought his remarks to a

[Cheers] The convention" he added, "has no right to sit as a committee on credentials on a State convention. It may answer its purpose now, but it would be making a precedent which will return to dimn you some day." Cheers. The only safe Democratic doctrine is to s'and by preced ints and to seat the delegates who hold the only credentials that have been issued from those districts.'

Ex-Lieut, Gov. Sheehan, a member of contested election cases and argued in | diate adjournment, and for the second the majority of the committee favored unseating all four of the delegates-atlarge. But wiser counsels prevailed and the delegates at-large were retained. But the district delegates had been unseated, and what was the purpose? to make the delegation 15 and 18, and thus open the, way to the overthrow of the time honored doctrine of the two thirds

The discussion was closed by speeches by Mr. Weadock, of Michigan, and Mr. O'Donnell, of Colorado, Little or no attention, however, was paid to these speeches, as the crowd in the gaileries was quite turbulent and cou'd not be kept in order. The convention itself, as well as the spectators in the galleries, were in a hurry to come to a vote, and Mr. O'Donnell assisted that view by moving the previous question on the report. The previous question was seconded.

VOTE ON THE MINORITY REPORT. The vote was then taken on the minority substitute of the Credentials Committee, which retains the sitting (gold) members from the Fourth and Ninth Michigan districts in their seats. When New York's seventy-two votes were announced as in favor of the minority report, a tumultuous wave of cheering broke over the assembly. The first efforts of the chairman to repress the manifestation by the use of his gavel was met by a counter demonstration on the part of the gold delegates, who, rising and turning their backs to the chairman and their faces to the immense crowds in the galleries, waved hats and handkerchiefs and stood on their chairs and gesticulated. The galleries, evidently strongly anti silver in sentiment were not s'ow to respond and unearthly sounds from 15,000 throats filled the vast space of the great hall. The Tammany yell was plainly heard in every temporary lull. The band tried in vain to compete with the babel of noise. Every rap of the chairman's gavel only seemed to start it again as it began to quiet down. Shouts for Hill, yodel calls and shrill whistles added to the confusion. Then the silver men began to hiss and stamp their feet and this made matters infinitely worse. Senator Daniel's powerless voice, much worn with its service

vesterday, called the next State "North Carolina." "North Carolina declines to vote till she can be heard," replied the chairman of the delegation. State Chairman Hinckley, ex-Mayor Hugh Grant and other prominent New Yorkers, vainly tried to stop the demonstration. It went on uninterrupted for fifteen minutes and was barely silenced. when the roll-call was resumed. When Pennsylvania was reached and Chairman Harrity, mounting on a chair, said "Pennsylvania casts her 64 votes ave," an attempt was made to renew the demonstration, but it died away in a few

seconds, spectators and delegates being almost tired out. MINORITY REPORT REJECTED. The vote resulted in the rejection of the minority report—yeas 868, nays 558; absent 4. "The noes have it," said the chairman, "and the amendment is lost." It was now the silver men's turn, and they yelled and waved hats and handkerchiels and displayed Bland pictures and made the night hidecus for nearly as long as the god men, the galleries

impartially assisting. During the jubilation by the silver men, two stout Kentucky delegates others "patting time." as the Southern phrase is, amid the wildest laughter. The chairman put the question on the mijority report of the Committee on Credentials and declared it adopted.

PERMANENT ORGANIZATION. The report of the Committee on Permanent Organization was then presented by Mr. Finley, of Ohio, naming Senator White, of California, as permanent president of the convention, and Toos. . Cogan, of Ohio, as permanent secre-

Mr. Clark, of Montana, rising in the body of the ball, produced a silver gavel from the mines of Montana, which he tendered to the presiding officer in the name of the delegation from that State. The chairman remarked that in the absence of objection he would feel compeiled to accept this handsome token from the Montana delegation. No objection being heard, the silver gavel was passed up to the chairman.

The following is the platform as finally agreed upon by the Committee on Resolutions to be submitted to the convention, when the report is called for:

We, the Democrats of the United States, in National Convention as sembled, do reaffirm our allegiance t these great essential principles of justice and liberty upon which our institutions are founded, and which the Democratic party has advocated from Jefferson's time to our own, freedom of speech, freedom of the press, freedom of conscience, the preservation of personal rights, the equality of all citizens before the law, and the observance of constituaithful years the Democratic party has resisted centralization of governmental power and steadfastly maintained the integrity of the dual scheme of government estab- | we hold that the officials appointed lished by the founders of this Republic | to administer the government of any of republics. confining the General Government to Constitution of the United States. "Recognizing that the money ques tion is paramount to all others at this time, we invite attention to the fact that the Federal Constitution names silver and gold together as the money metals and that the general land and timber of the United States, and that the first laws of the United States be extended coirage law passed by Congress under the Constitution made the silver dollar the monetary unit and admitted gold to free comage at a ratio based upon the liberty and independence.

silver dollar unit. "We declare that the Act of 1873 demonetizing silver without the knowledge or approval of the American people, has resulted in the appreciation of gold and a corresponding fall in the prices of commodities produced by the people; a heavy increase in the burden of taxation and of all debts, public and private; the enrichment of the money ending class at home and abroad; the sanctioned by the examples of the great prostration of industry and impoverish- est and wisest of those who founded and ment of the people.

"We are unalterably opposed to a monometallism which has locked fast the prosperity of an industrial people in the paralysis of hard times. Gold monometallism is a British policy and its adoption has brought other nations into financial servitude to London. It is not only un-American but anti-American, and it can be fastened on the United States only by the stifling of that spirit and love of liberty which proclaimed our political independence in 1776 and won it in the war of the Revolution.

"We demand the free and unlimited coinage of both gold and silver at the present legal ratio of 16 to 1, without waiting for the aid or consent of any other nation. We demand that the standard silver dollar shall be a full legal tender, equally with gold, for all debts, public and private, and we favor such legislation as will prevent for the legislation for the relief of the people future the demonetization of any kind and the restoration of the country's of legal tender money by private con- prosperity."

"We are opposed to the policy and practice of surrendering to the holders of the obligations of the United States on Resolutions is made to the conthe option reserved by law to the Gov- vention to-morrow, a minority report ernment of redeeming such obligations in either silver coin or gold coin. "We are opposed to the issuing of in-

terest-bearing bonds of the United States in time of peace and condemn the trafficking with banking syndicates which, in exchange for bonds and at an enormous profit to themselves, supply the Federal Treasury with gold to maintain he policy of gold monometallism. "Congress alone has the power to coin

debts, public and private.
"We hold that the tariff duties should be levied for purposes of revenue, such duties to be so adjusted as to operate equally throughout the country and not scriminate between class and section. and that taxation should be limited by the needs of the Government, honestly and uniformly administered. We denounce as disturbing to business the Republican threat to restore the McKinley law, which has twice been condemned by the people in national elections and which, enacted under the false plea of protection to home industries. has proved a prolific breeder of

trusts and monopolies, enriched the

tew at the expense of the many, restricted trade and deprived the producers of the great American staples of access to their natural markets Until the money question is settled, we are opposed to any agitation for further changes in our tariff laws except such as are necessary to meet the deficit in revenue caused by the adverse decision of the Supreme Court on the income tax. But for this decision by the Supreme Court, there would be no deficit in the revenue under the law passed by a Democratic Congress in strict purguance of the uniform decisions of that court for nearly one hundred years. that court having in that decision sustained constitutional or jections to its enactment, which had previously been oversuled by the ablest judges who have ever sat on that bench. We declare that it is the duty of Congress to use all the constitutional power which remains after that decision or what may come from its reversal by the court, as it may hereafter be constituted, so that the burden of taxation may be equally and impartially laid, to the end that wealth may bear its due proportion of the expenses of the Government.

We hold that the most efficient way of protecting American labor is to prevent the importation of foreign pauper labor to compete with it in the home market and that the value of the home market to our American farmers and artisans is greatly reduced by a vicious monetary system which depresses the prices of their products below the cost of production, and thus deprives them of the means of purchasing the products of our home manufacturers.

"The absorption of wealth by the few, the consolidation of our leading railroad systems, and the formation of trusts and people require a stricter control by the Federal Government of those arteries of commerce. "We demand the enlargement of the

powers of the Inter-State Commerce Commission and such restrictions and guarantees in the control of railroads as will protect the people from robbery and oppression. "We denounce the profligate waste of the money wrung from the people by oppressive taxation and the lavish ap-

propriations of recent Republican Con-

gresses, which have kept taxes high while the labor that pays them is unemployed and the products of the people's toil are depressed in price till they no longer repay the cost of production. 'We demand a return to that simplicity and economy which befits a Damocratic Government and a reduction in the number of useless officers.

When any waterway of the Republic is of sufficient importance to demand aid of the Government such aid should be extended upon a definite plan of continuous work until permanent improvement is secured.

'Confiding in the justice of our cause and the necessity of its success at the polls, we submit the foregoing declaration of principles and purposes to the considerate judgment of the American people. We invite the support of all citizens who approve them, and who desire to have them made effective through

New York Sun's Review of the Cotton Market. By Telegraph to the Morning Star. NEW YORK, July 8.-The Sun says:

Cotton declined one to three points, recovered the loss and closed dull, with prices unchanged to one point higher, after sales of 78 400 bales. To-day's features: Cotton prices today were it fl tenced mainly by weather

reports. The weekly Government weather report was favorable and depressed Liverpool, while this market also declined. But the daily report showed excessive rains in the Atlantic States, the precipitation ranging from 2 to 21/2 inches, and prices here quickly rallied. Liverpool recovered most of the

THE ANNUAL MEETING OF THE STOCKholdes of Navassa Guano Company of Wilmington will be held at their office in this city on Tuesday, July 7th, at 12 o'clock M. WM, L. DEROSSET,

Gladness Comes With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts— rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs. promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by

all reputable druggists. If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If, afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
