The Weather.
U. S. DEPT. OF AGRICULTURE,
WEATHER BUREAU,
WILMINGTON, N. C., Aug. 12.
Meteorological data for yesterday:
Temperature: 8 a. m., 78°; 8 p. m., 80°;
maximum, 94°; minimum, 74°; mean, 84°;
Rainfall for the day, .00; rainfall for
the month to date, .19.

Scattered rain falls over this section yesterday. Showers were also reported along the Gulf coast and over Mississippi and Arkansas. Excessive heat and generally fair weather prevailed over the cotton belt during the 24 hours.

FORECAST FOR TO-DAY.
For North Carolina, fair in northern portion, local showers in southern portion, variable winds.
The weather will continue generally fair and warm in the Atlantic coast States Wednesday, but the indications are that the warm wave will be broken Thursday and Friday. Local thunder storms are likely to occur in the Ohio valley, lower Lake region, and the Central Mississippi valley, followed by cooler, fair weather, and winds shifting to northerly.

OUTLINES.
The U. S. Treasury situation does not show the improvement that was looked for. — Murray Hill Bank, one of the oldest State banks in New York city has closed its doors. — Gov. Stone, of Missouri, says his speech of notification to-night will be very brief and formal. — Ex-President Harrison will take the stump in behalf of "sound money." — The Democratic National Committee held a meeting in New York yesterday, at which Chairman Jones was authorized to appoint the necessary committees for carrying on the campaign.

Fifteen or twenty persons lost their lives in a burning building in New York city. — Cleveland, Ohio, was visited by a violent wind storm, which did considerable damage. — The Security Bank of Duluth, Minn., has suspended payment. — Spain is charged by the Red Cross Society with butchering surgeons and wounded Cubans. — Hos. Wm. J. Bryan, on his journey from the West to New York, is greeted by enthusiastic crowds at every stopping place. — Cuban insurgents wrecked a passenger train and destroyed a sugar estate. — At Chicago, 1,000 dead animals are lying in the streets from the effects of the heat; at Montreal, Canada, the heat was intense and but little business done up to noon yesterday. — 46 cases of prostration and 25 deaths were reported; twelve deaths and fifty cases are reported in Philadelphia, and at Baltimore ten fatalities were reported up to midnight. — New York markets: Money on call was easier at 3/8 per cent; last loan at 3, and closing offered at 3 per cent; cotton quoted dull; middling gulf 85 1/2c; middling uplands 81-1/2c; Southern fair 80; good to steady; common to fair extra 80; good to choice 82 1/2c; wheat—spot dull and easier; corn—spot dull and easier; No. 2, 29 1/2c; at elevator and 30 1/2c; soft; spirits turpentine quiet and steady at 24 1/2c; resin quiet and steady, at 24 1/2c; turpentine at 160.

Mrs. Bryan is an expert swimmer, and the indications are that her husband will prove a capital runner.
"Take up the real issue of greater prosperity," exclaims a Northern gold paper. That is precisely what we silver men have been doing.

Since Hon. Bourke Cockran has announced himself for McKinley the Republican organs will quit referring to him as a wind mill, blatherer, etc.
The Republican Convention of Michigan showed its consistency and devotion to honest money by nominating Mayor Pingree, of Detroit, a free silver man, for Governor.

In the cities which Mr. Bryan passes through on his way to New York, the streets are solid with people to greet him. This indicates that candidate Bryan is pretty solid with the people.

The American liner St. Louis has broken the record westward across the ocean. Her last trip from Southampton to New York was made in 6 days, 2 hours and 24 minutes. Her average speed was a fraction over 20 knots an hour.

IMPORTANT ANNOUNCEMENT.

Attention is called to the following REDUCED RATES of Subscription to THE MORNING STAR:

TO MAIL SUBSCRIBERS.
Twelve Months.....\$5.00
Six ".....2.50
Three ".....1.25
Two ".....1.00
One "......50

TO CITY SUBSCRIBERS.
The STAR will be delivered by carrier at any point in the city at 12 cents per week, or 45 cents per month.

The National Republican Protective Association is employing colored spouters to organize gold clubs among the colored voters of the South. One of them has been assigned to a three weeks' job in North Carolina, after which he will go to South Carolina, to corral the innocents in the gold clubs. This is to prevent them from voting for Bryan and Sewall, which it is feared many of them will do if they can't be headed off.

There is a chance for Arthur Smith, of Kansas, and in fact all the other Smiths, to vote this year. Twenty years ago Arthur swore he would never vote for another President until a man west of the Mississippi river was nominated. Mr. Smith has felt somewhat lonesome in Presidential years, but this year he will have lots of company and will pop it in for Bryan.

Mr. Armour didn't expect to do a very extensive business with his Mexican dollar bill lesson, as he imported only \$12,000. By the way, if he kept on importing there would be a chance to make some money by trading with him, and laying up the "change" for if free silver carries those Mexican dollars will be worth considerably more than 50 cents.

A French engineer claims to have invented a method of supporting ships on hollow rollers, by which a speed of sixty miles an hour may be attained. Instead of going through the water they glide over it. His success with a small model has encouraged him to build a large boat.

The Knoxville Tribune, gold standard, but now supporting the Democratic ticket, utters the following rock-bottom declaration: "The Democratic party should never be sacrificed to the interests of any one man or to the selfish schemes of any set of men."

Defeat has its compensations sometimes. If Gov. Morton had been nominated for the Presidency he would have to spend much of his time conferring with Boss Platt and wouldn't have as much time to interview his calves as he has now.

Manager Hanna made some discoveries while in the East. One of these was "that the free silver sentiment is stronger in the East than most people think." That's what he told his Republican friends after he got back to Cleveland.

Some of the gold organs in the East have discovered that the free silver sentiment is "on the wane." It is a little too early to kill it yet. By the way, those rousing receptions to candidate Bryan don't indicate much of a wane.

Gatlin, Jr., Tarboro; A. H. McNeill, Carthage; H. L. Cook, Fayetteville, were among the arrivals in the city yesterday.

—Hon. John G. Shaw, Maj. W. F. Campbell, Mr. Duncan Shaw, M. S. W. Tillinghast, Mr. Geo. A. Burns, Capt. J. B. Smith, Messrs. B. R. Taylor, E. Gorham, H. L. Cook and H. L. McDuffie, all delegates from Cumberland county to the Democratic Convention of the Third Congressional district, were in the city last night, on their way to Jacksonville.

—The presence of a large number of Republicans here who spend most of their time jollyng the Populists, is very noticeable.

Senator Butler's proposition to Charman Manly gave the Populists five electors and the Democrats six; it provided for a division of the Congressional districts, each party to take four and fight it out for the mastery in a second. The Populists were to have the first, fourth, seventh and eighth districts, and the Democrats the third, fifth, sixth and ninth. The party was not to name the Governor.

The other State officers were to be equally divided. This proposition was submitted several days ago and had the endorsement of the Populist Central Committee. Chairman Manly's reply, agreeing to give the Democrats six electors and the Populists five, was received by Senator Butler this afternoon. It was in writing, as was the Populists' proposition. Nothing was said of State and Congressional fusion. The Populists announce that they will answer Mr. Manly's reply in the morning, after a meeting of their executive committee.

A prominent Populist declares that fusion with the Democrats is at an end, since they have failed to consider their proposition for complete fusion.

[By United Press to the Star.]
RALEIGH, N. C., August 11.—Mr. Clement Manly, chairman of the Democratic State Committee, this afternoon made a proposition on behalf of the Democratic party to Chairman Butler, of the Populist Committee, for a division of the electoral ticket, the Democrats to take six and the Populists five. Up to 10 o'clock no answer had been made. It is believed that Chairman Butler and his committee will not recommend the proposition to their convention Thursday unless it also covers a fusion with the Congressional ticket with like equal division. Many prominent Republicans are here watching the proceedings with great interest.

Postal Telegraph.
Mr. W. B. Scattergood, the clever and efficient manager of the Postal Telegraph Company in this city since its opening here in 1890, the STAR regrets to learn will leave Friday for Atlanta, Ga., to take charge of the Postal Telegraph office there. Mr. Scattergood has made a host of friends in this city who are sorry to see him leave and whose best wishes will follow him to his new field. Mr. Scattergood will be succeeded here by Mr. R. P. Miles, of Richmond, Va., who is well-known in telegraphic circles.

POLITICS AT RALEIGH.

DEMOCRATIC EXECUTIVE COMMITTEE AGAIN IN SESSION.

Butler's Proposition for Fusion With Democrats Regarded as Instance—Playing a Game of Bluff—Republican Leaders Holding It to be Near the Populists When the People's Party Convention Meets.

[Special Star Correspondence.]
RALEIGH, Aug. 11, 1896.

The Democratic Executive Committee went into a secret meeting again this morning, though with a decreased attendance, as many of the members returned to their homes early this morning.

Butler's proposition to fuse with Democrats on Congressional and State matters was the political sensation yesterday. Indeed few people believe Butler is sincere. They rather think that he is playing his bluff game in order to draw the Democrats out. It is a noticeable fact that Butler is giving nothing out himself. It is not believed that Butler could induce the Populist State Convention at its meeting here on the 13th to fuse with the Democrats on Congressional and State matters. To be sure it is currently stated that he would have a difficult job in inducing the convention to accept the Democratic committee proposition for complete fusion.

Butler's statement that he could not recommend the plain proposition for electoral fusion seems to be a knocker out. If that be the case fusion is at an end. No one can tell, for Butler is too great a bluffer. Of course there are some Democrats who favor Butler's last proposition for complete fusion. There is no telling what this week will bring forth.

Judge Russell arrived this morning. A. S. Pease, of Chicago, and W. A. Guthrie, leading Populists, came in this morning. Dick Kitchen came last evening, as did Congressman Pearson. It is noticeable that the Republicans are rolling in early so as to meet the Populists in their labor this week. It is said that a Populist can't do anything now, unless he has several Republicans around him.

In Martin county, the Populists have offered to select a non-partisan Board of County Commissioners, each party to have equal representation. This is said to be the Populist idea, where the latter have a majority.

E. J. Johnson says the Republicans of this district are going to decide whether it is done to-day or in convention.

There was a good rain in the eastern part of the State yesterday.

Gov. Carr returned to-day from Eastern Rock.

[Special Star Telegram.]
A large number of Populists have arrived here to attend the Populist State Convention. Those from Vance and a few from other counties are swearing against fusion. They say that he is trying to deliver the Populist party over to the Democrats. Rowland, of Vance county, says that Butler is a traitor. Brown, who was found guilty of forging the assignment act, says the Populists will never submit to fusion with Democrats.

Some one asked Dick Kitchen whether the Populists were going to fuse with Democrats or Republicans.

"Don't talk to me about fusing with Republicans," said Dick.

S. F. Pease, of Granville, has a strong feeling against fusion.

The presence of a large number of Republicans here who spend most of their time jollyng the Populists, is very noticeable.

Senator Butler's proposition to Charman Manly gave the Populists five electors and the Democrats six; it provided for a division of the Congressional districts, each party to take four and fight it out for the mastery in a second. The Populists were to have the first, fourth, seventh and eighth districts, and the Democrats the third, fifth, sixth and ninth. The party was not to name the Governor.

The other State officers were to be equally divided. This proposition was submitted several days ago and had the endorsement of the Populist Central Committee. Chairman Manly's reply, agreeing to give the Democrats six electors and the Populists five, was received by Senator Butler this afternoon. It was in writing, as was the Populists' proposition. Nothing was said of State and Congressional fusion. The Populists announce that they will answer Mr. Manly's reply in the morning, after a meeting of their executive committee.

A prominent Populist declares that fusion with the Democrats is at an end, since they have failed to consider their proposition for complete fusion.

One Gem's Word.
Henceforth advertisements to go in our "Business Locals" department will be charged one cent per word for each insertion; but no advertisement, however short, will be taken for less than 30 cents. This is a reduction from former rates and it is also a convenience to advertisers, who can calculate the exact cost of their advertisements, which must be paid for always in advance.

DO YOU TAKE IT?

Are you a subscriber to THE MORNING STAR? If not, why not? Do you want a first class daily paper at \$5.00 per year, or \$1.25 for three months? If so, subscribe to THE MORNING STAR.

Do you want a paper that is opposed to the single gold standard, that favors the free coinage of silver on an exact equality with gold, and that does not hesitate to speak its sentiments openly and fearlessly? If so, subscribe to THE MORNING STAR.

Do you want a paper that prints the latest telegraphic news, the best local news, reliable market reports, excellent short stories, and the choicest miscellaneous matter? If so, subscribe to THE MORNING STAR.

Do not forget that THE MORNING STAR is the cheapest daily of its class in North Carolina. Its price is \$5.00, while the published price of others ranges from \$7.00 to \$8.00.

If you will invest \$1.25 in a trial subscription of three months you will have ample opportunity to form a fair judgment of the merits of THE MORNING STAR.

CROPS IN NORTH CAROLINA.
Considerable Drops to Cotton—Corn Also Tended—All Crops Need Rain—Conditions Becoming Better.

The weekly crop bulletin issued by the North Carolina Experiment Station says:

The past week has been on the whole the most unfavorable of the entire season. The conditions of extreme heat and drought which began over two weeks ago, continue unabated. While the mean temperature has been only from 4 to 6 degrees above the normal range, the maximum again reached over 100 degrees. Showers occurred at half dozen points on the 2d and 3d, but were altogether insufficient in amount; the deficiency for the State for this week is nearly 1.50. Bright sunshine prevailed. The effect of these conditions on crops has been bad in all districts, except at some points in the southeast portion and in the mountainous sections. Cotton continues to deteriorate, very many correspondents report that bolls are being shedding badly; at places the plants are withering, no top crop seems to be forming; the crop is opening too rapidly. Although it is a very overcast day, the damage to cotton, all evidences show that it has been considerable. Still if good rains occur this week there will be some recovery. Corn has also been injured, and late crops will be a failure without rain soon. Much of the fodder of the old crop has been pulled, and much is drying on the stalk before it can be stripped. Curing tobacco is now progressing everywhere. Much firing is reported, and farmers are pulling lower leaves, which are curing bright, but this and light. Although peas, sweet potatoes and peanuts are good, they need rain badly. Sowing turpentine seed has been stopped. The conditions are becoming serious, and there has been an unfavorable decline from the fine crop prospects of two weeks ago.

BY RIVER AND RAIL.

One Reason
Why we are doing a big prescription business is because we are "fixed" for it. We have our interests so fixed for it and yours too—and you are fleeing it out. We have told you before that we wanted you to visit and see for yourself how well fixed we are for filling prescriptions—you did so and went away pleased. If we can't fill your prescription exactly as your physician directs we will hand it back to you. We will not substitute, we give you honest drugs at honest prices. We hope to be still better fixed as time rolls on. We don't stand still. T. S.

JAS. D. NUTT,
