By Telegraph to the Morning Star. INDIANAPOLIS, August 27.—It can now be positively stated that Senator Caffery, of Louisiana, will be the permanent chairman of the coming National Democratic Convention.

FOUR SPEECHES DELIVERED AT ERIE, PENNSYLVANIA.

To Large and Enthusiastic Audiences—The Talk of Money to All and the Importance of the Financial Question—Returned to Buffalo to Remain the Best of the Week.

By Telegraph to the Morning Star. ERIE, Pa., August 27.—William J. Bryan spoke again in Erie this morning, and shortly after left for Buffalo, where his headquarters will be for the rest of the week.

The hard work of yesterday did not show to any great extent on the candidate when he appeared on the Reed House balcony forenoon and addressed a large crowd gathered there. His voice was somewhat hoarse, but otherwise he appeared to be in good condition.

In the course of his brief speech at Patrick's Auditorium, Mr. Bryan said: "We have got to take action. It is either bimetalism or a gold standard, and its future is in the hands of fate. There is no other issue but money. It comes to the question of bimetalism or a gold standard. They may be settled at any time, but the question of money must be settled now."

FIGHTING AT ZANZIBAR.

The Sultan's Palace Bombarded by British Warships.

By Cable to the Morning Star. LONDON, August 27.—The Foreign Office has received dispatches from Zanzibar stating that the usurping Sultan Said Khalid having refused to surrender this morning in accordance with the terms of the British Consul's ultimatum, the palace was bombarded by the warships in the harbor and after the bombardment was captured by the British sailors and marines who had been landed by the war vessels.

Men and boys ran after Mr. and Mrs. Bryan, holding up the name of the young Nebraska, and the cheering continued along the streets as the central figure of the hour and those accompanying him passed through the Genesee House. A large crowd was gathered in and around the Genesee, and progress for the local Democratic guests was again barred for a moment by the crowd.

Still later dispatches say that at noon the palace and the custom house were a blazing mass of fire and the British continued on the outskirts of the city, where a force of British marines with 400 loyal Zanzibar bars held the main road. The British sailors and marines are bringing in the prisoners and collecting the dead for burial.

During the bombardment of the palace the steamer Glasgow, which was owned by the late Sultan, and carried a number of guns, was fired upon by the British warships and immediately sunk.

Dispatches from Zanzibar say that the bombardment of the palace lasted fifty minutes. The British warships fired a number of shells into the palace and the British warships fired a number of shells into the palace.

WASHINGTON, August 27.—The Department of State received the following cablegram this morning from Durban, Natal, South Africa: "Khalid Bin Barghash refusing to surrender, palace bombarded by English fleet at 9 o'clock this morning and totally destroyed. Many killed. He fled to the German consulate. Afterward Hammond proclaimed Sultan. All Americans safe."

By Telegraph to the Morning Star. VIRGINIA GOLDBUGS.

The State Convention Adopted a Platform, Elected Delegates to the Indianapolis Convention and Appointed a State Committee.

RICHMOND, August 27.—The "sound money" Democrats appear to be thoroughly satisfied with their State convention held in this city today. The attendance was about what the leaders anticipated and enthusiasm was manifested in many ways.

When Mr. Bryan called the convention to order there were, perhaps, 250 persons in the seats assigned to the delegates and a number of fifty in the galleries at the afternoon session.

The convention was unable to complete its labors without a night session. A platform denouncing the administration of Governor Cameron and declaring for sound money, a set of electors were named, delegates to the Indianapolis Convention chosen and a list of resolutions adopted.

At the night session and at the conclusion of the regular business of the convention ex-Governor Cameron spoke for the first time, but his speech was not heard.

SOUTH CAROLINA PRIMARIES.

Evans Has to Enter a Second Race and His Defeat Is Decried by Democrats.

By Telegraph to the Morning Star. COLUMBIA, August 27.—Of all the moves that have ever been made in a political checker-board the most striking move has been witnessed in South Carolina to-night. Up to within the last hour, the first after midnight, the official returns contained in the specials to the State, was one small count missing, could not show who would be the winner in the Senatorial primary.

The missing link was gathered and the result is that Evans has to enter a second race in what the conservative vote, quiescent in this instance, will come out, and his defeat by Judge Earle is deemed certain. A local vote of over 18,000, one of the largest ever polled in the State, has been accounted for in the present returns.

Evans gets 88,891; Earle 90,888 and Duncan 8,889. The combined vote of Duncan and Earle is 99,777, more than Evans. The vote in the second primary will be heavier. Duncan's vote is almost certain to go to Earle, along with the rest of the silent vote. Evans seems to be very busy.

McSweeney is an easy winner for Lieutenant Governor. Mayfield aims: double Robinson for Superintendent of Education. Richard for Attorney General by several thousands. Eljer is overwhelmingly elected for Governor.

GOLD IMPORTS. Nearly Ten Million Dollars on the Way From Europe.

By Telegraph to the Morning Star. WASHINGTON, August 27.—The Treasury gold reserve at the close of business to-day had declined to \$101,839,179. The day's withdrawals at New York were \$99,700. The mail advices from San Francisco, which are a week late, show withdrawals there for last Wednesday of \$400,000, and this figure has been the average withdrawals there for some time. The Treasury was advised to-day that \$5,000,000 in gold had been engaged in Europe for export to the United States. The former engagements of gold swell the aggregate now on the way to \$9,500,000.

By Telegraph to the Morning Star. DRY GOODS MARKET. The General Tone Firm—No Falling Off in Demand for Cotton Goods.

By Telegraph to the Morning Star. NEW YORK, August 27.—The attendance of buyers in the dry goods market to-day had hardly compared favorably with previous days. The market was a primary market at all events and the spot business has ruled somewhat quieter. There has been no falling off in the demand for cotton merchandise, either staples or printed lines, but the aggregate sales suffer little in comparison with recent experiences. The general tone of the market is firm. The cotton goods departments are disclosing new features of moment, a quietness being in progress in its various branches.

By Telegraph to the Morning Star. AN ABLE ARGUMENT. The Thief Did Not Believe in Equal Division When Revolvers Came In.

He had both hands in the air and was looking into the barrel of a revolver, but he retained his presence of mind. "I presume," he said, "that you believe in an equal distribution of property."

"That's not," replied the highwayman as he began to go through the victim's pockets. "I supposed so. That's usually the way with men of your class, but you argue from false premises. You try to justify your actions."

"Oh, but I'm not going to give you a lecture on your evil ways. In fact, I may say that I am willing to accept your theory of life temporarily."

"Well, shall out, then." "Certainly, certainly, anything I have. But as I understand that you insist upon operating upon that theory?"

The highwayman nodded, and the victim deposited a bunch of keys, an old silver watch and two nickels on the fence beside which he was standing. "That's all I have," he said.

The highwayman gave an exclamation of disgust and pushed all the articles off on to the sidewalk. "I ain't robbin' paupers," he said.

"Of course not," replied the victim cheerily, "but this isn't robbery, you know. It's the theory of equal division of property. You get half of that stuff, and I'll just take one of those handsome revolvers that you have. That's fair and right in line with your theory."

But the highwayman declined, and he did it very roughly too. "And yet," said the victim as he put the silver watch back in his pocket, "he was the one who upheld the theory. It only shows that those idealists don't live up to their teachings when it comes down to the stern realities of life."
