THE CAMPAIGN. RALEIGH NEWS BUDGET. ANOTHER REPUBLICAN SCHEME

PROGRESS OF THE CAMPAIGN IN NORTH CAROLINA.

News From All Over the State, As Shown by Special Reports to the Star.

Mr. Wm. H. Bernard, of the State Democratic Committee, is now making a poll of the State by counties, in a general way, with a view to ascertaining what the real political situation is, and the information received will be printed in the STAR. On the 18th instant he mailed circulars to leading Democrats in every county, including all the Chairmen of County . Committees, and a synopsis of the replies will be printed from day to day. Special attention is called to the fact that the circular closed with these words: "But make your estimates conservative."

WASHINGTON COUNTY. The Democratic vote in this county will be larger than two years ago, but the Republican vote will also be larger. The Populist vote will fall off from 1899, based on Exum's vote. The county will probably give Watson a small plurality, under 100. The Democrats lost the county by a small majority in 1894. Bryan will get from 800 to 500 majority. The negro vote will go solid for Russell without a break, There have been a number of illegal registrations in this county, but chiefly by convicts and those under age. There is but one place where we see any evidence of colonization. We estimate 100 illegally registered negro votes. No bolting gold-bugs in this county, with the possible exception of two men. There are a number of men in this county who have always voted the Democratic State and county tickets but Republican national ticket. They will do the same thing this year. I know of only eight Democrats who will vote for McKinley in this entire county, and that on the tariff question. I have been an active participant in every campaign since 1884, and there has never been such a solid array of negroes as we have to contend with this year. They say they prefer Russell to McKinley. You are at liberty to say that in this county the negroes are massed solidly for Russell negro domination. They are for

CUMBERLAND COUNTY. Cumberland county gavs a Rep.-Pop. majority of 160 in 1894. The following is the situation now as given by the best posted men in the county: "We have fusion between the Democrats and the regular, straightforward, honest Pop 1lists-as unanimously expressed in their Convention. Some of the defeated candidates for office before that Convention have battled and have fused with the Neill Waddell (negro) Republicans. The outlook for carrying the county is much better than in 1894. We feel reasonably confident of electing our full county ticket. There has been considerable illegal registration-chiefly from convicts and youths. The Palmer vote in county will not exceed 20. Bryan will carry county by from 800 to 500. State and county will be close-chances all favoring our side. The white vote exceeds the colored 700 to 800. The result will be decided by the variable white Populist vote. There is no question as to the use of money by the Republican leaders in this county. It has been admitted." Another correspondent, who has been all over the county, writes: "A month ago I saw no chance to carry the county. Now I think our chances much better and hope that we are going to carry the county by a safe majority. My information from careful inquiry leads me to believe that the Populists will generally vote the Bryan electoral ticket, without regard to what they will do in State and county matters. If they do I think our county will give Bryan 500 majority. Between Watson and Russell the vote will be close, though I hope that Watson will carry it by a plurality." LENOIR COUNTY.

Democratic prospects better and improving. We will gain 200 votes over 1894. Not over a dozen gold Democrats in the county. Very little illegal registration. This county went against us by 47 majority in 1894. Here is another report from a gentleman who is thoroughly familiar with the situation in every township in the county: "Our county is in better shape for Democracy than in 1894. From careful estimates the Democratic county ticket will be elected by a small majority. I think Bryan will get 850 majority; Cyrus Watson, for Governor, 800 to 400 plurality; Fred Woodard, for Congress, 800 to 400 plurality. Temple (Dem) will be elected to the House by a small majority; the vote for State Senators will be close in this county, perhaps a small Democratic majority. A considerable number of Populists have returned to the Democratic party. Russell will get the negro vote practically solid-never saw the negroes arrayed so solidly against the whites before. Perhaps a dozen Populists will vote for Russell. The registration of Kinston township shows 189 white majority, a considerable white gain over 1894, when this township gave 87 Rep. Pop. majority; now will give 75 Democratic majority at least. The registration in other townships, as far as heard from, shows Democratic gains. There may be as many as a dozen bolting goldbug Democrats in sertion; but no advertisement, however the county, but I think the number less. The Democrats of Lenoir are making a great fight against negro domination.

RANDOLPH COUNTY. Bryan will carry this county. Vote between Watson and Russell will be close. Strowd (Rep.-Pop.) ;will have a small majority for Congress over Pou (Dem.) Not over a dozen gold-bugs in the county. Think we will elect Legislative and county ticket. This is a first-rate report, as Randolph gave a Fusion majority of 715 in 1894.

- The Drommers' Bryan and Sewall Club. [Special Star Correspondence.] RALEIGH, N. C., Oct. 23.

The unexpected has happened again. This morning George Rogers, the Republican registrar in the Second Ward. who claimed to have lost the registration book and was subsequently arrested and bound over to court, turned up in Clerk of the Court Young's office with the mystical book. Rogers declined to make a statement further than that he would make a satisfactory explanation to the grand jury. The prospect of prcking rock on the roads for several months frightened Rogers and nipped another Republican scheme in

the bud. At Cary, a village seven miles from Raleigh, burglars entered the general merchandise store of F. R. Gray & Bro. and blew open the safe. Explosives were used. The safe was badly shattered. Two hundred and fifty dollars in money was taken. The work was that of professionals.

Chairman Hal Ayer has stolidly re-fused to estimate the strength of his party for more than three months. Today Mr. Ayer, upon being pushed, put the strength of the Populist vote at 70 000. This is according to a poll recently taken by Mr. Ayer, and which Mr. Ayer stated, is as good as anybody's. He puts that estimate at a minimum. Republicans and Populists are always ahead of everything with their polis and they generally claim everything in sight. Mr. Ayer argues that his party has lost nothing since it cast 47,000 votes in '92 with the exception of Buck Kitchin and Spier Whitaker.

One of the features of the Fair has seen the organization of a large Bryan and Sewall Club composed entirely of ravelling men who were gathered here. Cy. Watson will probably make speech the day prior to the election at a big rally in Winston.

A Matter of Vital Importance to the Democratic Party.

It is of the utmost importance that ntelligent and wide awake Democrats shall watch the counting of the ballots on the night of the 3d of November. We give an extract from the law:

"That when the election shall be finished, the registrars and judges of election, in the presence of such candidates, or their duly authorized repreresentatives, as may choose to attend, shall open the boxes and count the ballots, reading aloud the names of the persons who shall appear on each ticket * * * * and the said counting of votes shall be continued without adjournment until completed and the result thereof declared."

It will be seen that, under the law, candidates, if they prefer to do so, may choose their own representatives to watch the count, and in this way the most intelligent and capable Democrats in every county can see that every ballot is honestly

This matter is so important that we hope every Democratic newspaper and every Democratic speaker will call attention to it.

A RACE RIOT.

THE NOTORIOUS SATTERFIELD CITES NEGROES TO RIOT AT ROXBORO.

Several Hundred People Engaged in the Fight-Mary Badly Wounded-A Democrat Makes a Concillatory Speech.

A special to the Charlotte Observer from Roxboro, October 22d, says: There was a big riot in Person county to-day. The county candidates spoke at Winstead. After conservative speeches made by R. B. Boone, of Darham, and Col. Jno. S Cunningham, of Person, S. P. Satterfield, Republican candidate for the House, made an in-

cendiary speech to the negroes and caused them to attack a white man and as he was defending himself from riot ensued between several hundred whites and the negroes. The entire difficulty was brought on by the inamed minds of the negroes, resulting from the speech of said Satterfield There were a number badly wounded and blood flowed freely. A number of white men were strack by rocks thrown by negroes and seriously hurt. Some one fired a pi roes al

The white at expecting any difficulty, but I am informed this evening that the arrangement was made in Roxboro last night to bring about the difficulty by the negroes.

From what I can learn, a great many negroes were badly injured. Col. Cunningham made a speech to pacify the their best judgment get the better of their anger, resulting from this un-called for attack, and lay aside their passion and prejudice. His advice was followed by the white men and they quietly went to work to get the names of the negroes who brought about the

This has solidified the white people here and will result in our good. Roxboro is wild to-night, and nothing but abuse is heard for Satterfield.

Further trouble is feared. The Observer makes the following editorial comment on the above :

"The riot at a political meeting in Person county yesterday appears to have been one of those incidents which have occurred too frequently in the South since the war, but which have, happily, been of rare occurrence in recent years A vicious white man inflames a lot of ignorant but inflammable negroes, incites them to violence, and then pulls his own head out and leaves the negroes to suffer. The white man in the present case is the notorious Satterfield who was a clerk in the last Legislature and was indicted for tampering with the bills. His record as a clerk so commended him to his fellow Republicans of Person that they have nominated him

"Such an event as this ought to cause the people of North Carolina to think very soberly of their duty in view of the election soon to take place. With such a man as Russell Governor and Satterfields legislating for us, we would have a state of affairs of which the occurrence of vesterday was a suggestion —a state of affairs from which the peo-ple would be glad to escape before they would be able to."

Henry Smith, colored, was yesterday sent to jail from Justice McGowan's Court upon failure to give bail in the sum of \$50 to answer at the Criminal Court to a charge of assault and battery with a deadly weapon.

Edward Highsmith, colored, charged with assault with a deadly weapon upon police officer Sutton and resisting the officer when the latter attempted to arrest him, was tried before 'Squire Martin Newman and at the conclusion of the examination was held under two bonds in the sum of \$25 each for his appearance at the next term of the Criminal Court.
