One Mr. Harrison, whose greatest distinction is that he was once private secretary to Jefferson Davis, and is now employed to make "gold speeches" in this State, said in his speech at Winston that very few free silver men are honest. That may be his opinion, but it isn't original. He probably got it from reading one of Tom Dixon's sermons. But Tom's sanity is under suspicion.

Bishop Worthington, of Omaha, says the trouble with this country is that education has been carried too far among the farmers. Well, the farmers have been studying and learning a good deal in late years, and they have been learning a good deal that the aforesaid Bishop Worthington didn't want them to learn, and the "campaign of education" still progresses.

These letters are all signed by the writers with their full names. PROGRESS OF THE CAMPAIGN IN NORTH CAROLINA.

News From All Over the State, As Shown by Special Reports to the Star.

Mr. Wm. H. Bernard, of the State Democratic Committee, is now making a poll of the State by countles, in a general way, with a view to ascertaining what the real political situation is, and the information received will be printed in the STAR. On the 18th instant he mailed circulars to leading Democrats in every county, including all the Chairmen of County Committees, and a synopsis of the replies will be printed from day to day. Special attention is called to the fact that the circular closed with these words: "But make your estimates conservative."

ONSLOW COUNTY. Greatly improved outlook over 1894. which will result in material Democratic gains. I don't know of a McKinley Democrat or a Palmer Democrat in the idential tickets. Vote of county will be about as follows: Bryan electoral ticket, 1,500; McKinley, 400; Watson, for Governor, 800; Gathrie, 400; Russell, 850. This is given as a conservative estimate. CALDWELL COUNTR.

Democratic outlook decidedly better than in 1894. Very little illegal regittration. There are possibly a dozen gold. bug Democrats. Bryan will have 400 majority; Cy. Watson 285 plurality; Doughton (Dem), for Congress, 275 majority. The Democratic majority in 1894 was only 83.

FRANKLIN AND VANCE. A leading Democrat who has been canvassing in Franklin and Vance counties says: "I believe that more carnest, determined work was never done than is being put in this week by the Democrats, and the skies are brighter. National Tickets. Mr. B. R. Lacy spoke to the Demo crats of New Hanover last night from the stand on Market street, to the largest crowd of laboring men, mechanics, engineers and farmers which has attended a political speaking here in years. He began by giving a description of himself; how he began life in North Carolina, the State in which he was born, by working in the railroad shops in Raleigh as a water-carrier and working in different departments, until after four years of toil he was placed on an engine and became one of the port from Haywood county. elicited great applause. He raked Hanna, the money king, and showed that McKinley was owned by him, showing the pressure brought to bear by the latter being indebted to him to the extent of \$118,000, and where Hanna had hired foreign labor and put honest men out in the strike on the northern lakes and in the coal mines. His winding up was that all men should stick together in the coming election and vote the straight Democratic ticket without scratching, and his appeal to white men was touching. He asked every white man to do his duty, whether he held a petty office under Republican rule or not, and not to forsake principle, and on the 8rd of November we would elect Bryan, Watson

and our county ticket. He was applauded throughout, and created much enthusiasm. After the speaking a frantic rush was made for the platform, and a general handsbaking took place; especially prominent were the boys he had worked with as an apprentice, mechanic and engineer.

MAJ. GUTHRIE MAKES A STATEMENT IN REGARD TO HAL AYER'S CARD.

RALEIGH NEWS BUDGET.

Eccouraging Reports Received at Democratic Headquarters-Senator Butler on His Way to Raleigh - Populists Abusing Chairman Ayer-They Are Not Going to be Led Into Mark Hanna's Camp. [Special Star Correspondence.]

RALEIGH, N. C., Oct. 29. At Republican headquarters the folowing sign appears over the door; "Positively no admittance to any one." It requires patience and a long wait for the faithful to gain admittance. No one seems to know what is going on inside the headquarters.

Otho Wilson does not concede his ambition to become a United States Senator. Every day one can bear him say that he will get as many votes as any other Populist for the Senatorship now held by Senator Pritchard.

Russell is here. He looks supremely happy. The fact that Leak with his 500 followers in Wake, and other strong Republicans in the other counties will not vote for the Republican nominee does not seem to agitate him. The Republicans do not take into consideration the fact that Russell will be scratched. Granting that the contest will be close, as the more conservative Republicans say, this element of discord would ruin Russell's chances.

The abuse of Chairman Ayer by many

Populists in the State is something terrific. The Populist bosses have manipulated the voters to such an extent they think they can sell them like so many cattle. But the people have opened their eyes and, as Maj. Guthrie aptly said, they are not going to be led into Mark Hanna's camp. The Populists were dazed by the address of Guthrie. From intelligence received here, the Kitchin. They say that there is not a handful of machine Populists in the entire district since Guthrie spoke out so boldly. The Republicans here are greatly agitated. They are in constant consul-

tation with Otho Wilson. The Progressive Farmer, in its special edition, says that Maj. Guthrie has taken an untenable position.

[Special Star Telegram.] Major Gathrie is here to-day. He will not answer Ayer's card, but has made the following statement: "I leave it to Populist voters to say who has bettered them. I have praced law thirty years and sp my life in the trial of cases in court, and from my observation and experience among men, if the men who are now trying to convince the people that I have betrayed the People's party had had my experience as a lawyer, they would not want this issue presented to the people with the evidence before them. In other words, a lawyer knows a liar when he sees him on the witness stand, and most of the jurors who try cases can ordinarily find out the truth upon the evidence presented to them. I would rather be cursed by the pie counter brigand in my own party before election than to have the people curse me the balance of my life after the election. I am a Populist, with both feet on the platform."

Secretary Thompson, of the Democratic Executive Committee, said tonight: "Mai, Guthrie's address has changed many votes, and the reports we have received indicate that the Populists throughout the State are standing up to him. We will make gains in every township in the State. The number of reports we received to-day is surprisingly large and they are exceedingly encouraging. We will carry the State." Chairman Ayer was asked if Bryan would carry the State. His reply was:

I am making no statements now." Chairman Ayer sends out a farewell circular, with customary denunciation of Democrats; advises Populists to look out for riots instigated by Democrats on election day; enumerates numerous schemes which he says Democrats will attempt to practice.

Senator Butler is said to be on his way o North Carolina. It is stated that he quietly left Washington to-day for Raeigh. Chairman Ayer will make no statement about the matter. Russell referred to the Governor's mansion to-day as "that durned old thing." He says he will turn cows out

REPUBLICAN RASCALITY. McKinleyites Sending Out Fraudulent Electoral Tipkets-Every Democrat Urged to Bead His Ticket Carefully-An Alleged Deal to Give the Electoral

Vote to McKinley. [Special Star Telegram.] RALEIGH, Oct. 29 .- Chairman Manly eceived the following this afternoon, dated Washington, D. C .:

"Information just received that a man has just returned from your State, after having left \$25,000 to consummate a deal which he claims will give the electoral vote to McKinley. Investigate and be on your guard.

"[Signed] CHAS. J. FAULKNER.

"Chairman Congressional Committee." Information has been also received at Democratic headquarters that it is prob able the McKinleyites are sending out fraudulent electoral tickets. The character of the fraud has not yet been discovered. It may be that they have too many names on the ticket; that electors are put in the wrong district, or some other such fraud.

Chairman Manly says with the new election law it behooves every man connected with the election to study it carefully and know what he is doing, voting to read his tickets carefully. LATER.

Republicans are sending out Populist tickets with only the five Populist electors. And are sending out Democratic tickets with only the five Democratic electors. This is done to incite the scratching of electors by Democrats and Populists.
